AMERICAN ENGINEERING & DEVELOPMENT CORPORATION
401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1 – Description of Plan

The following description of the American Engineering & Development Corporation 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was established effective May 1, 1987. The Plan is a defined contribution 401(k) savings and profit sharing plan covering all full-time employees of American Engineering & Development Corporation (the "Employer" or the "Company") who have one year of service and are age twenty-one or older. An employee becomes a participant on the entry date immediately following the date the employee completes the age and service requirements. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants in the Plan may contribute an amount not to exceed 25% of their pretax annual compensation within the limits prescribed by the Internal Revenue Service (the IRS). Participants may also contribute amounts representing distributions from other qualified defined-benefit or contribution plans. For the years ended December 31, 2015 and 2014, individual participants' contributions were limited to $18,000 and $17,500, respectively. On an annual basis and for the years ended December 31, 2015 and 2014, participants who are age 50 and older may also contribute an additional $6,000 and $5,500, respectively. Matching contributions of $228,007 and $124,138 were made for the years ended December 31, 2015 and 2014, respectively.

Participant accounts

Each participant's account is credited with the participant's contribution and an allocation of (a) the Employer's contributions and (b) Plan earnings, and is charged with his or her withdrawals and an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or duration of services, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs the investment of his or her account to any of the investment options available under the Plan.

Forfeitures

Forfeited balances of terminated participants' nonvested accounts can be used to reduce Employer contributions, to pay for administrative expenses, and/or allocated to remaining eligible Plan participants. Total forfeitures utilized to reduce Employer contributions for the years ended December 31, 2015 and 2014 were $2,270 and $1,156, respectively. During the years ended December 31, 2015 and 2014, $4,551 and $5,144, respectively, was used to pay for administrative expenses.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contributions portion on their account plus earning or losses thereon is based on years of continuous service. A participant is 100% vested after six years of credited service. A participant is entitled to 100 percent of his or her account balance upon death or disability.

Note 1 – Description of Plan, Continued

Payment of benefits

Benefits are recorded when paid. On termination, a participant's account balance is distributed if the vested value of the participant's account is $1,000 or less. If the balance exceeds $1,000, the participant may leave the balance in the Plan or request payment. On termination of service, the Plan provides that the form of payment shall be either a lump sum cash payment or direct rollover to another qualified plan. The Plan also allows hardship withdrawals in certain circumstances.

Participant notes receivable

Plan participants may borrow from their accounts a minimum of $1,000 and up to the lesser of 50% of the value of the participant's vested interest in their account or $50,000. Loan originations and repayments are treated as transfers between investment funds and the participant's loan fund. Loan terms may not exceed five years, except in the case of loans for the purchase of a primary residence which may have terms of up to 15 years. The loans are secured by the balance in a participant's account and bear interest at the prevailing interest rate, as determined by the Plan Administrator. Interest rates are calculated as prime rate plus 1% at the time of loan origination. Principal and interest are collected ratably through payroll deductions.

Plan administration

The Company is the Plan sponsor and the administrator of the Plan, and as such, controls and manages the operations of the Plan. The Plan's assets are maintained by SunTrust Retirement Services (the Plan Custodian). The Company's contributions are held and managed by the Plan Custodian who invests cash received, interest, and dividend income, and makes distributions to participants (subject to the direction of the participants).

Note 2 – Summary of Significant Accounting Policies

The following are the significant accounting policies followed by the Plan:

Basis of accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Investment valuation and income recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

In accordance with the policy of stating investments at fair value, unrealized appreciation or depreciation for the year is reflected in the statements of changes in net assets available for plan benefits.

Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis.

Note 2 – Summary of Significant Accounting Policies, Continued

Management estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts of assets and changes in net assets and disclosure of contingent assets and liabilities. Actual results could differ from those estimates and such differences could be material.

Risks and uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the high level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near-term would materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits and the statements of changes in net assets available for plan benefits.

Concentration of credit risk

The Plan Custodian maintains the Plan's investments with high credit-quality institutions and attempts to limit the credit exposure of any particular investment. Management retains a third party investment advisory group to review investment performance and risk.

Payment of benefits to withdrawing participants

The Plan records benefit payments to withdrawing participants when paid.

Fully benefit-responsive investments

While Plan investments are presented at fair value in the statements of net assets available for plan benefits, contract value is the relevant measurement attribute for that portion of the Plan's net assets available for benefits. Contract value represents contributions made to a contact, plus earnings, less participant withdrawals, and administrative expenses. Participants in fully benefit-responsive contracts may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The Plan holds an indirect interest in such contracts through its investment in a stable value fund.

New accounting pronouncements

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-07, *Fair Value Measurement* (Topic 820): *Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent).* The ASU removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share as a practical expedient and amends certain disclosure requirements for such investments. The ASU is effective for fiscal years beginning after December 15, 2016, and must be applied retrospectively to all periods presented in the financial statements for the fiscal year of adoption. Early adoption is permitted. The Plan has adopted the provisions of ASU 2015-07.

Note 2 – Summary of Significant Accounting Policies, Continued

New accounting pronouncements, continued

In July 2015, the FASB issued ASU 2015-12, a three-part standard that provides guidance on certain aspects of the accounting by employee benefit plans. The ASU requires an employee benefit plan to use contract value as the only measurement amount for fully benefit-responsive investment contracts, and simplifies and increases the effectiveness of plan investment disclosure requirements for employee benefit plans. The guidance is effective for fiscal years beginning after December 15, 2015, and must be applied retrospectively to all periods presented in the financial statements for the fiscal year of adoption, with early adoption permitted. The Plan has adopted the provisions of ASU 2015-12.

Note 3 – Investment Information Prepared and Certified by the Plan Custodian

The following investment information was obtained from data prepared and certified to as complete and accurate by the Plan Custodian as of December 31, 2015 and 2014:

	2015	2014
Investments:		
Registered investment companies	$ 6,068,048	$ 4,840,570
Common collective trusts	1,146,041	1,954,296
Total investments	$ 7,214,089	$ 6,794,866

Note 4 – Fair Value Measurements and Disclosures

FASB ASC 820, *Fair Value Measurement*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Registered investment companies are mutual funds registered under the Investment Company Act of 1940. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds are deemed to be actively traded and are therefore considered Level 1 investments within the fair value hierarchy.

The common collective trust (CCT) is measured at the net asset value (NAV) of units of the collective trust. Net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it were determined to be probable that the trust would sell its underlying investments for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily at NAV. The CCT is measured at net asset value and has not been classified in the fair value hierarchy in accordance with FASB ASC 820.

Note 4 – Fair Value Measurements and Disclosures, Continued

Common collective trusts at December 31, 2015 and 2014 consist of the following:

	2015	2014
Columbia Trust Stable Income I-35	$ 1,146,041	$ 1,173,603
SunTrust Retirement 500 Index Account	-	780,693
Total common collective trusts	$ 1,146,041	$ 1,954,296

The Columbia Trust Stable Income Fund is composed primarily of fully benefit-responsive investment contracts and reports its NAV at contract value.

Note 5 – Refunds Payable for Excess Participant Contributions

In 2015, the Plan received contributions from participants in excess of Plan and IRS limitations. Such amounts were refunded to participants in the subsequent year.

Note 6 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 7 – Party-In-Interest Transactions

Parties-in-interest are defined under the Department of Labor Regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer and certain others. The Plan's investments include a registered investment company managed by Ridgeworth Investments, an affiliate of the Plan Custodian; therefore, related transactions qualify as party-in-interest.

Note 8 – Tax Status

The Company has established, and intends to maintain, the Plan as a qualified plan under Section 401 of the Internal Revenue Code (the Code) which provides for exemptions from federal income taxation. The Plan obtained its latest determination letter on March 31, 2008, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Code. The Plan has been amended since receiving the determination letter, however, the Company believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code.

Note 9 – Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for plan benefits as shown on Form 5500 at December 31, 2015 with the amount shown in the financial statements:

Net assets available for plan benefits – Form 5500	$ 7,409,915

Refundable excess contributions	(6,337)
