URBAN AIRSHIP INC. 401(K) PROFIT SHARING PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015 AND 2014

1. Description of Plan

The following description of the Urban Airship Inc. 401(k) Profit Sharing Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

a. General

The Plan is a defined contribution savings and profit sharing plan established January 1, 2011 by Urban Airship Inc. (the "Company") under the provisions of Section 401(a) of the Internal Revenue Code ("IRC"), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of the Company. The Plan is administered by the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

b. Eligibility

Employees of the Company are eligible to participate in the Plan upon employment (except employees covered by a collective bargaining agreement, nonresident aliens, and temporary employees). There are no age or service requirements to participate in the Plan.

c. Participant Contributions

Participants may contribute up to 100% of their eligible compensation, limited by requirements of the IRC. Upon reaching the age of 50, eligible employees may make additional catch-up contributions as allowed by the IRC. Participants may also roll over amounts representing distributions from other qualified defined benefit or defined contribution plans into the Plan, excluding rollovers of after-tax employee contributions.

d. Employer Contributions

The Company may make a discretionary matching employer contribution to be determined on a pay period basis. The Company may also make discretionary nonelective contributions in an amount determined by management each year. Discretionary matching or nonelective employer contributions were not made during 2015 and 2014.

e. Participant Accounts

Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions, the Company's contributions, and an allocation of the Plan's earnings and expenses. Participants can direct their account into a variety of investments offered by Fidelity Management Trust Company. The benefit to which a participant is currently entitled is the benefit that can be provided from the participant's vested account.

f. Vesting

Participants are fully vested at all times in the portion of their accounts attributable to their own contributions and the earnings thereon. Participants are immediately vested 100% in all discretionary matching employer contributions. Participants vest in the portion of their accounts attributable to Company non-elective employer contributions at a rate of 25% for each year of

service. A participant is fully vested after four years of credited service or in the event a participant becomes disabled or dies.

g. Payment of Benefits

Upon reaching retirement age, a participant may be paid a distribution of all or any portion of their vested account. Upon termination of service or death, a participant or beneficiary may be paid a lump-sum amount equal to the participant's vested account balance. For balances less than $1,000, the vested balance of the participant's account can be distributed to the participant at the discretion of the Plan administrator in a lump sum. For balances over $1,000 but less than $5,000, the Plan administrator can elect to distribute the balance to an Individual Retirement Account on behalf of the participant.

h. Hardship Withdrawals

Upon certain conditions, participants, while still employed by the Company, are permitted to withdraw, in a single sum, a portion of their vested account balance as a result of an immediate and heavy financial need, subject to a minimum withdrawal of $500. These conditions include unreimbursed medical expenses, the purchase of the participant's principal residence, the payment of post-secondary education tuition, the payment of burial or funeral costs of immediate family members, the payment of natural disaster clean-up on the participant's principal residence or to prevent eviction or foreclosure from the participant's principal residence. A participant's right to make deferrals to the Plan will be suspended for six months after the receipt of a hardship withdrawal.

i. Notes Receivable from Participants

Participants may borrow the lesser of $50,000 or 50% of their vested account balance, subject to certain other restrictions. Loans are secured by the vested account balance of the participant. Loans are repayable through payroll deductions over periods ranging up to five years, unless the loan is used to acquire a principal residence, in which case the loan term may be for a period of ten years. The interest rate on participant loans is the prevailing rate for similar types of loans, and is fixed at the inception of the loan. The interest rate on outstanding loans at December 31, 2015 was 4.25% and mature through 2025.

j. Forfeitures

The forfeited accounts of non-vested terminated participants may be used to pay administrative expenses of the Plan or to reduce future Company contributions. For the years ended December 31, 2015 and 2014 there were no forfeitures utilized to reduce employer matching contributions or pay administrative expenses. Forfeitures available to reduce future contributions or to pay administrative expenses were $0 at December 31, 2015 and 2014.

2. Summary of Significant Accounting Policies

a. Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

b. Use of Estimates

The preparation of the financial statements in conformity with GAAP requires management of the Plan to make estimates and assumptions that affect the reported amounts of assets and liabilities

and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

c. Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Net appreciation (depreciation) in fair value of investments consists of the net change in unrealized gains or losses during the year and the realized gain or loss on investments sold during the year.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date.

d. Notes Receivable From Participants

Notes receivable from participants are recorded at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants may be treated as a distribution based on the terms of the Plan document.

e. Payment of Benefits

Benefits are recorded when paid.

f. Expenses

Administrative costs, including trustee, recordkeeping, legal and accounting fees, are paid by the Company. Direct expenses totaling approximately $3,200 and $3,300 were paid by the Plan during 2015 and 2014, respectively, representing loan and other administrative fees incurred and allocated to specific participants. Certain expenses are included in the transaction prices of investments bought and sold and cannot be separately quantified.

g. Subsequent Events

The Plan has evaluated subsequent events with respect to the Plan through August 30, 2016, the date the financial statements were available for issuance.

h. New Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board ("FASB") adopted Accounting Standards Update ("ASU") 2015-07, *Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or its Equivalent).* This standard eliminates the requirement to categorize investments in the fair value hierarchy if their fair value is measured at the net asset value ("NAV") per share (or its equivalent) using the practical expedient in FASB's fair value measurement guidance. The amendment also removes the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the NAV per share practical expedient. ASU 2015-07 is effective for fiscal years beginning after December 15, 2015 and should be applied retrospectively. Management does not expect this ASU to have a material impact on the financial statements.

In July 2015, the FASB adopted ASU 2015-12, *(Part 1) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, and (Part III) Measurement Date Practical Expedient.* Upon adoption of the standard, plans are no longer required to:

- Measure fully benefit-responsive investment contracts ("FBRICs") at fair value;

- Disaggregate investments by nature, risks and characteristics;
- Disclose individual investments that represent five percent or more of net assets available for benefits; or
- Disclose net appreciation or depreciation for investments by general type.

The Plan adopted this standard retrospectively effective December 31, 2015 and accordingly, the prior year disclosures were adjusted. As a result of the adoption of this standard, the Plan modified its investment disclosures as described above.

3. Investments

Plan investment assets are held by Fidelity Management Trust Company. Participants can direct their accounts among various mutual funds and a common collective trust.

The Morley Stable Value Fund (the "Stable Value Fund") is a common collective trust investing primarily in asset-backed securities, corporate bonds, mortgage-backed securities, mutual funds, commingled pools and money market instruments.

The fair value of the Stable Value Fund is based on the NAV of the underlying investments. A wrapper contract (or wrap or synthetic wrap) is an agreement by another party, such as a bank or insurer that agrees to make payments to the fund in certain circumstances. Wrap contracts are designed to allow a stable value fund to maintain a constant NAV and to protect the fund from market fluctuations, except in extreme circumstances. Certain events could cause the Stable Value Fund not to transact at contract value including administration amendments or changes, merger or consolidation of investors, group terminations or layoffs, implementation of an early retirement program, termination or partial termination of the Stable Value Fund, failure to meet certain tax qualifications, participant communication that is designed to influence participants not to invest in the Stable Value Fund, transfers to competing options without meeting the equity wash provisions of the Stable Value Fund, and plan sponsor withdrawals without the appropriate notice to the Stable Value Fund and/or issuer. Earnings from the investment in the common collective trust are included in dividends and interest income on the accompanying statements of changes in net assets available for benefits.

4. Fair Value Measurements

FASB Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, establishes a framework for fair value measurement, which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for investment assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Mutual funds: Valued at fair value based on quoted market prices at year end.

Common collective trust: The Plan's interest in the common collective trust is valued at fair value based on the NAV of the underlying investments.

The following table sets forth by level within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2015:

	Investment Assets at Fair Value			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 3,447,001	$ -	$ -	$ 3,447,001
Common collective trust	-	425,680	-	425,680
Total investments	$ 3,447,001	$ 425,680	$ -	$ 3,872,681

The following table sets forth by level within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2014:

	Investment Assets at Fair Value			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 2,551,269	$ -	$ -	$ 2,551,269
Common collective trust	-	393,405	-	393,405
Total investments	$ 2,551,269	$ 393,405	$ -	$ 2,944,674

The following table provides information regarding redemption of investments where the NAV has been used to measure fair value at December 31, 2015 and 2014:

	Fair Value		Redemption Frequency	Redemption Notice Period
	2015	**2014**		
Common collective trust	$ 425,680	$ 393,405	Daily	1 – 2 days

There were no unfunded commitments at December 31, 2015 and 2014.

5. Risks and Uncertainties

The Plan assets are invested in a variety of investments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, foreign currency and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits, and therefore participant account balances.

6. Information Certified by the Trustee

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The following information included in the financial statements and supplemental schedule was provided and certified by the trustee, Fidelity Management Trust Company, as of December 31, 2015 and 2014 and for the years then ended as complete and accurate.

- Investments, at fair value
- Notes receivable from participants
- Investment income (loss)
- Interest on participant notes receivable
- Schedule of assets (held at end of year)

7. Party-in-interest Transactions

Certain Plan investment funds are managed by Fidelity Investments, an affiliate of Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee as defined by the Plan and, therefore, these investments and investment transactions qualify as party-in-interest transactions.

Additionally, the Plan sponsor, Urban Airship Inc., is a party-in-interest to the Plan. The transactions between the Plan and the Plan sponsor included funding of contributions to the Plan and payment of certain administrative expenses of the Plan, which are exempt transactions.

8. Tax Status

Effective February 17, 2015, the Plan was restated utilizing a Fidelity Volume Submitter Plan Document. Fidelity received an advisory letter from the Internal Revenue Service (“IRS”) on March 31, 2014 in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. Prior to the restatement, the Plan utilized an earlier version of a Fidelity Volume Submitter Plan Document. The Plan has been amended since receiving the advisory letter, however, management of the Plan believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan is qualified and the related trust is tax exempt as of and for the years ended December 31, 2015 and 2014.

Assuming it meets certain initial and ongoing requirements, the Plan is generally exempt from federal and state income taxes. However, generally accepted accounting principles GAAP

requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Plan Termination

Although it has not expressed any intention to do so, the Company may terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

10. Reconciliation of Financial Statements to the Form 5500

The following is a reconciliation of net assets available for benefits as reported on the Plan's financial statements to amounts reported on the Form 5500 at December 31:
