Independent Auditors' Report

To the Plan Administrator of
MPC Plating, Inc. Profit Sharing Plan
Cleveland, Ohio

Report on the Financial Statements

We have audited the accompanying financial statements of MPC Plating, Inc. Profit Sharing Plan (the Plan), which comprise the statement of net assets available for benefits as of December 31, 2015 and 2014, the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2015 and 2014, and the changes in net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Other Matter

As discussed in the notes to the financial statements, the Plan Administrator decided to terminate the Plan effective April 29, 2016. In accordance with accounting principles generally accepted in the United States of America, the Plan's financial statements have been prepared using the liquidation basis of accounting.

Report on Supplementary Information

Our audits were performed for the purpose of forming an opinion on the financial statements taken as a whole. The supplemental schedule of assets (held at end of year) is presented for the purpose of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

PROFIT SHARING PLAN

Notes to Financial Statements

December 31, 2015 and 2014

Plan Description

The following description of the MPC Plating, Inc. (the Company) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions. The Plan is a continuation of the MPC Plating, Inc. 401(k) Plan.

General

The Plan is a profit sharing plan covering substantially all employees of the Company. Participants must be age 21 or older and have one year of service and be employed on the last day of the Plan year. The Plan is subject to the provisions of Employee Retirement Income Security Act of 1974 (ERISA). The Plan may reimburse the Company for the administrative expenses of the Plan.

Contributions

The Company may make a discretionary profit sharing contribution. Contributions are allocated to participants based upon the participant's compensation as a percentage of the total compensation of a participants group.

Participant Accounts

Each participant's account is credited with the Company's contribution and plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Vesting in the Company's profit sharing contribution plus actual earnings thereon is based on years of continuous service and is subject to the following vesting percentage provisions:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 3	0%
3 or more	100%

Investment Options

A Participant may direct all non-employer stock contributions into any of the investment options as allowed by the Plan.

Payment of Benefits

Upon termination of service due to death, disability, retirement or other reasons, distributions of the balances in a participant's profit sharing account will be paid in a lump sum or an annuity.

Plan Description (continued)

Forfeited Accounts

Amounts forfeited by participants who have been terminated prior to becoming fully vested are used to reduce the contributions of the employer. At December 31, 2015 and 2014, forfeited non-vested accounts totaled \$4,114 and \$514, respectively.

Summary of Significant Accounting Principles

Basis of Accounting

The financial statements of the Plan are prepared on the liquidation basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, as determined by quoted market prices. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Net appreciation in fair value of investments is reflected in the statements of changes in net assets available for benefits and includes realized gains and losses on investments bought and sold and the change in appreciation from one period to the next.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits

Benefits are recorded when paid.

Recent Accounting Pronouncements

In July, 2015, the FASB released ASU 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960) Defined Contribution Pension Plans (Topic 962) Health and Welfare Benefit Plans (Topic 965). This amendment removes the requirement to report fully-benefit responsive investment contracts at fair value with an adjustment to contract value. Under the amendment, fully-benefit responsive investment contracts are measured, presented, and disclosed only at contract value.

Notes to Financial Statements

December 31, 2015 and 2014

Summary of Significant Accounting Principles (continued)

This amendment is effective for fiscal years beginning after December 15, 2015. Early application is permitted. The Plan does not expect this amendment to have a material impact on the financial statements.

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-07, Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value Per Share (or Its Equivalent). The amendments in this update remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. However, sufficient information must be provided to permit reconciliation of the fair value of asset categorized within the fair value hierarchy to the amounts presented in the statements of net assets available for benefits. The amendments also remove the requirement to make certain disclosures for all investment's that are eligible to be measured at fair value per share practical expedient. The amendments in this update are effective for public business entities for fiscal years beginning after December 15, 2015. For all other entities, the amendments in this updated are effective for fiscal years beginning after December 15, 2016. Early adoption is permitted. Upon adoption, the amendments must be applied retrospectively to all periods presented.

Subsequent Events

On April 29, 2016, MPC Plastics Inc. and MPC Plating Inc. were sold to multiple groups of investors. The Plan has started liquidating its assets in 2016 and there will be a new 401(k) Plan as MPC Plastics Inc. will merge with and into MPC Plating Inc. The Plan has evaluated subsequent events through September 1, 2016, the date the financial statements were available to be issued.

Fair Value Measurements

ASC 820, Fair Value Measurements and Disclosures establishes a framework for measuring fair value which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

MPC PLATING, INC.
PROFIT SHARING PLAN

Notes to Financial Statements

December 31, 2015 and 2014

Fair Value Measurements (continued)

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014:

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014:

	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 1,198,860	\$ -	\$ -	\$ 1,198,860
Total Investments	<u>\$ 1,198,860</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 1,198,860</u>

There were no significant transfers between level 1 and level 2 investments during the year ended December 31, 2015 and 2014.

Plan Termination

Under the Plan, the Company has the right to discontinue its contributions at any time and to terminate the Plan. In the event of Plan termination, participants would become 100% vested in their accounts. Upon termination of the Plan, the Trustee will pay all liabilities and expenses of the Plan.

The Company intends to roll over Plan assets into a new 401(k) plan after the merger of MPC Plastics Inc. and MPC Plating Inc. Distribution of the entire balance in each participant's accounts in the Plan will be made in a lump sum payment. Effective 4/29/2016, the Company decided to terminate the Plan.

Tax Status

The prototype plan the Company has adopted has obtained an opinion letter dated March 31, 2014, in which the IRS stated the restated prototype plan document was in compliance with applicable requirements of the Internal Revenue Code (IRC). The Plan administrator timely adopted the restated prototype plan. The Plan has been amended since receiving the determination letter to comply with technical requirements of the IRC. The Plan administrator believes that the Plan is being liquidated in compliance with the applicable requirements of the IRC.

MPC PLATING, INC.
PROFIT SHARING PLAN

Notes to Financial Statements

December 31, 2015 and 2014

Tax Status (continued)

GAAP requires plan management to evaluate tax positions taken by the plan and recognizes a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable authorities. Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income examination for years prior to 2012.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect participants' account balances and the amounts reported in the accompanying 2015 statement of net assets available for benefits.

Recent market conditions have resulted in an unusually high degree of volatility and increased risks and short-term liquidity associated with certain investments held by the Plan, which could impact the value of investments after the date of these financial statements.
