REPORT OF INDEPENDENT AUDITORS

To the Plan Administrator
Directapps, Inc. 401(k) Profit Sharing Plan & Trust

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Directapps, Inc. 401(k) Profit Sharing Plan & Trust (the Plan), which comprise the statement of net assets available for benefits as of December 31, 2015 and 2014, and the related statement of changes in net assets available for benefits for the year ended December 31, 2015, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by John Hancock Life Insurance Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2015 and 2014, and for the year ended December 31, 2015, that the information provided to the plan administrator by the trustee is complete and accurate.

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Directapps, Inc. 401(k) Profit Sharing Plan & Trust (the Plan) provides only general information. Participants should refer to the Plan Agreement, as amended, for a more complete description of Plan provisions.

General – The Plan is a 401(k) salary deferral and profit sharing plan covering substantially all employees of Directapps, Inc., and is subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Directapps, Inc. (the Company) is the Plan's sponsor and serves as plan administrator.

Eligibility – Employees of the Company are eligible to participate in the Plan upon reaching age 21 and after completing six months of service. Participants must complete at least 1,000 hours of service during the Plan year, and be employed as of the last day of the Plan year, to be eligible to receive any employer paid profit sharing or employer match contributions.

Contributions

Participant contributions – Each year, participants may contribute between 1-100% of pretax annual compensation, as defined in the Plan. Participants may also elect to make Roth contributions utilizing after-tax contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Employer match and profit sharing contributions – The Company may elect to make discretionary matching and profit sharing contributions to the Plan. In years where the Plan sponsor makes safe harbor contributions, they will not make employer matching contributions. Profit sharing contributions are allocated to participants in the same proportion as a participant's compensation bears to the total of all participants' compensation. There was no profit sharing contribution for the year ending December 31, 2015.

Employer safe harbor – The Company also makes safe harbor contributions equal to 100% of the participant's contribution up to 3%, plus 50% of the next 2% of contribution. All employer contributions for the year ended December 31, 2015 were safe harbor contributions.

Contributions are subject to regulatory limitations.

Participant accounts – Each participant's account is credited with the participant's contributions, Company matching and safe harbor contributions as well as allocations of the Company's profit sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of their contributions into various investment options offered by the Plan.

NOTE 1 – DESCRIPTION OF PLAN (CONTINUED)

Vesting – Participants are vested immediately in their contributions and safe harbor employer contributions plus actual earnings thereon. Vesting in the Company's employer match and profit sharing contribution portion of their accounts is based on years of continuous service based on the following schedule:

Years of service	Vesting Percentage
Less than 1	0%
1 but less than 2	25%
2 but less than 3	50%
3 but less than 4	75%
4 or more	100%

Notes receivable from participants – Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are issued by the Plan and secured by the balance in the participant's account. All loans must be repaid within a period of five years, unless the loan is used to purchase a principal residence, in which case, the loan must be repaid within a reasonable period of time not to exceed thirty years. Under the terms of the Plan Agreement, plan loans will bear a reasonable rate of interest determined by the plan administrator. Principal and interest is paid ratably through weekly and biweekly payroll deductions. As December 31, 2015, the rate of interest on outstanding loans was 4.25% with various maturities through December 2031.

Payment of benefits – On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or installments over a period selected by the participant payable on an annual, quarterly or monthly basis. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. For participants with vested balances below $1,000, the Plan will automatically distribute the amount to the participant. For participants with balances between $1,001 and $5,000, the Plan automatically rolls over balances into an eligible plan if the participant does not make an election as soon as administratively feasible.

Forfeitures – Forfeitures are the non-vested portion of a participant's account that is lost upon termination of employment. Forfeitures are retained in the Plan and must be used in the subsequent year. They will first be used to pay Plan administrative expenses, with any remaining amount used to reduce future Company contributions. As of December 31, 2015 and 2014, there were no forfeitures.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting – The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America, using the accrual method of accounting.

Use of estimates – The preparation of financial statements in conformity with generally accepted accounting principles requires the use of estimates and assumptions that may affect certain amounts and disclosures. Accordingly, actual results could differ from those estimates.

Change in Accounting Principles

ASU 2015-07 – In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*.

The amendment removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient (NAV practical expedient). ASU 2015-07 has been adopted for the December 31, 2015 plan year end, however, the retrospective approach requires that an investment for which fair value is measured using a NAV practical expedient be removed from the fair value hierarchy in all periods presented in the financial statements. Accordingly, the fair value hierarchy disclosures previously included in the footnotes are no longer required.

ASU 2015-12 – In July 2015, the FASB issued Accounting Standards Update (ASU) 2015-12, *Plan Accounting: Defined Contribution Pension Plans (Topic 962) II. Plan Investment Disclosures*. The amendments remove the requirement to:

- disclose individual investments held which exceed 5% of net assets available for benefits.
- disclose net appreciation in fair value of investments by type of investment held.
- disclose investment strategy for investments for which fair value is measured using the NAV practical expedient, if they are Form 5500 Direct Filing Entities.

ASU 2015-12 has been adopted for the December 31, 2015 plan year end; however, the retrospective approach requires that the above items, applicable to the prior year, be presented in accordance with ASU 2015-12 as well.

Investment valuation – The investments are stated at fair value. The Plan's trustee, John Hancock Life Insurance Company, certifies the fair market value of all investments. If available, quoted market prices are used to value investments.

Fair value is the price that would be received to sell an asset or paid to transfer a liability (the "exit price") in an orderly transaction between market participants at the measurement date.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Income recognition – Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net depreciation in fair value of investments consists of both the realized gains and losses and unrealized appreciation and depreciation of those investments.

Notes receivable from participants – Notes receivable from participants are measured at amortized cost, which represents unpaid principal balance plus accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions upon the occurrence of a distributable event, based on the terms of the Plan Agreement.

Payment of benefits – Benefits are recorded when paid.

Expenses – Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment management, distribution and loan transaction fees are paid by the Plan participants.

Subsequent events – Subsequent events are events or transactions that occur after the statement of net assets available for benefits date but before the financial statements are available to be issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statement of net assets available for benefits, including the estimates inherent in the process of preparing the financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statement of net assets available for benefits but arose after the statement of net assets available for benefits date and before the financial statements are available to be issued.

The Plan has evaluated subsequent events through August 8, 2016, which is the date the financial statements were available to be issued.

NOTE 3 – INVESTMENTS

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Pooled separate accounts – Units held in pooled separate accounts (PSAs) are valued using the net asset value (NAV) of the PSA as reported by the account managers. The NAV is based on the fair value of the underlying assets owned by the PSA, minus its liabilities, and then divided by the number of units outstanding.

NOTE 3 – FAIR VALUE MEASUREMENTS (CONTINUED)

The Plan invests in the following PSAs:

DFA U.S. Targeted Value Fund – The fund seeks to capture long-term capital appreciation by attempting to capture the returns and diversification benefits of a broad cross-section of U.S. small value companies.

EuroPacific Growth Fund – The fund's investment professionals seek to provide, in aggregate, a well-diversified and moderately aggressive portfolio. The fund invests in securities of growing companies based primarily in Europe and the Pacific Basin. Holdings may range from small firms to large corporations.

Fidelity Advisor Total Bond Fund – The fund sees to achieve a high level of current income by investing approximately 80% of assets in debt securities and repurchase agreements for those securities. They use the Barclays U.S. Universal Bond Index as a guide in allocating assets across the investment-grade, high yield, and emerging market asset classes.

Fidelity Contra Fund – The fund seeks to achieve capital appreciation. The underlying fund invests in companies whose value is not fully recognized by the public.

Fundamental Investors Fund – The fund seeks long-term growth of capital and income. The underlying fund seeks undervalued and overlooked opportunities with the potential for long-term growth. Companies under consideration for the portfolio often have strong balance sheets, high-quality products, and leading market share.

iShares MCSI EAFE Value ETF – The fund seeks investment results that correspond generally to the price and yield performance, before fees and expenses, to the MSCI EAFE Value Fund.

John Hancock Lifestyle Aggressive - Active Strategies – The fund seeks to achieve long-term growth of capital by investing 100% of the portfolio assets in underlying portfolios that invest primarily in equity securities.

John Hancock Lifestyle Balanced - Active Strategies – The fund seeks to achieve a balance between a high level of current income and growth of capital, with a greater emphasis on growth of capital, by investing approximately 40% of the portfolio's assets in underlying portfolios that invest primarily in fixed-income securities and approximately 60% of its assets in underlying portfolios that invest primarily in equity securities.

John Hancock Lifestyle Conservative - Active Strategies – The fund seeks to achieve a high level of current income with some consideration given to growth of capital by investing approximately 80% of the portfolio's assets in underlying portfolios that invest primarily in fixed-income securities and 20% of its assets in underlying portfolios that invest primarily in equity securities.

NOTE 3 – FAIR VALUE MEASUREMENTS (CONTINUED)

John Hancock Lifestyle Growth - Active Strategies – The fund seeks long-term growth of capital by investing approximately 80% of the portfolio's assets in underlying portfolios that invest primarily in equity securities and approximately 20% of its assets in portfolios that invest primarily in fixed-income securities. Current income is also a consideration.

John Hancock Lifestyle Moderate - Active Strategies – The fund seeks to achieve a balance between a high level of current income and growth of capital, with a greater emphasis on income by investing approximately 60% of the portfolio's assets in underlying portfolios that invest primarily in fixed-income securities and 40% of its assets in portfolios that invest primarily in equity securities.

John Hancock Stable Value Fund – The fund seeks to preserve capital and provide stability of principal while earning current income that exceeds money market rates over the long term. The fund is invested primarily in benefit responsive contracts issued by state regulated insurance companies and banks.

Mid Cap Index Fund – The fund seeks to achieve the approximate aggregate total return of a mid-cap U.S. domestic equity market index.

Mid Cap Stock Fund – The fund seeks to provide long-term growth of capital. The portfolio manager considers securities with market capitalizations, at the time of investment, within the collective market capitalization range of companies represented in either the Russell Mid Cap Index or the S&P Mid Cap 400 Index.

Mid Value Fund – The fund seeks long-term capital appreciation. The manager seeks to identify companies whose stock prices do not appear to reflect their underlying values.

New World Fund – The fund sees long-term capital appreciation. The manager constructs a broadly diversified portfolio with significant exposure to developing markets by investing in securities of issuers based in qualified developing countries, as well as in equity securities of issuers based in the developed world with significant assets or revenues attributable to developing countries.

Real Estate Securities Fund – The fund seeks a combination of long-term capital appreciation and satisfactory current income. Both top-down and bottom-up research is used, looking for real estate securities it believes will provide superior returns to the portfolio, and attempts to focus on companies with the potential for stock price appreciation and a record of paying dividends.

Small Cap Index Fund – The fund seeks to achieve the approximate aggregate total return of a small-cap U.S. domestic equity market index. The managers try to match the performance of the Russell 2000 Index.

Small Cap Value Fund – The fund focuses on high-quality companies with a proven track record of above-average profitability and that sell at a discount relative to the overall small-cap market.

NOTE 3 – FAIR VALUE MEASUREMENTS (CONTINUED)

SMALLCAP World Fund – The fund seeks to achieve long-term growth of capital. The portfolio's investment professionals are focused on identifying small market capitalization companies worldwide that display strong underlying business fundamentals.

Strategic Income Opportunities Fund – The fund seeks to maximize total return consisting of current income and capital appreciation. The managers allocate assets across different bond sectors and fixed-income securities.

T. Rowe Price Overseas Stock Fund – The fund seeks long-term growth of capital through investments in common stocks of non-U.S. Companies. The fund expects to invest substantially all of its assets outside the U.S. and to diversify broadly among developed and, to a lesser extent, emerging countries throughout the world.

U.S. Government Securities Fund – The fund seeks to provide a high level of current income and preservation of capital. The portfolio managers focus on securities that are guaranteed or sponsored by the U.S. government, including debt securities and mortgage-backed securities issued by federal agencies.

Vanguard Explorer Fund – The fund seeks long-term capital appreciation. The underlying fund invests in a diversified group of small-company stocks with prospects for above-average growth.

Washington Mutual Investors Fund – The fund seeks to produce income and provide the opportunity for capital appreciation. The Fund's portfolio counselors consider companies that currently pay dividends, have the potential to pay future dividends, and companies that offer the potential for long-term capital appreciation.

All of the investments in the Plan calculate net asset value per share. There are no unfunded commitments, redemption frequency restrictions, redemption notice periods, or any restrictions on redeeming as of the measurement date.

The valuation methods used by the Plan may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4 – TAX STATUS

The Plan document is a volume submitter defined contribution plan that received a favorable opinion letter from the Internal Revenue Service on March 31, 2008, which stated that the Plan, as then designed, was in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

NOTE 4 – TAX STATUS (CONTINUED)

In accordance with guidance on accounting for uncertainty in income taxes, the plan administrator has evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 5 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. It is reasonably possible, given the level of risk associated with investment securities that changes in the values of the investments in the near term could materially affect a participant's account balance and the amounts reported in the financial statements.

NOTE 6 – INFORMATION CERTIFIED BY THE TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, John Hancock Life Insurance Company, the trustee of the Plan, has certified to the completeness and accuracy of:

- Investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2015 and 2014.
- Net depreciation in fair value of investments and dividends reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2015.
- Investments reflected on the schedule of assets (held at end of year), except for participant loans.

NOTE 7 – PARTY-IN-INTEREST TRANSACTIONS

Plan investments include shares of pooled separate accounts managed by John Hancock Asset Management Company. John Hancock Life Insurance Company is the trustee of the Plan and an affiliate of John Hancock Asset Management Company and, therefore, transactions with these entities qualify as exempt party-in-interest transactions.

NOTE 8 – PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right to terminate the Plan and discontinue its contributions at any time. If the Plan is terminated, amounts allocated to a participant's account become fully vested.
