Independent Auditor's Report

To the Plan Administrative Committee of the
River Valley Bancorp Employee Stock Ownership Plan
Madison, Indiana

Report on the Financial Statements

We have audited the accompanying financial statements of the **River Valley Bancorp Employee Stock Ownership Plan** (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2014 (ongoing), the statement of net assets available for benefits as of December 31, 2015 (in liquidation) and the related statement of changes in net assets in liquidation available for benefits for the year ended December 31, 2015, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to in the first paragraph present fairly, in all material respects, the financial status of the **River Valley Bancorp Employee Stock Ownership Plan** as of December 31, 2014, its net assets available for benefits as of December 31, 2015 in liquidation, and the changes in its net assets in liquidation available for benefits for the year ended December 31, 2015, in accordance with accounting principles generally accepted in the United States of America applied on the bases described in the Basis of Accounting paragraph.

Basis of Accounting

As described in Note 9 to the financial statements, on December 8, 2015 the governing body of the **River Valley Bancorp Employee Stock Ownership Plan** approved a resolution to terminate the Plan effective as of the closing date of the plan sponsor's merger with German American Bancorp, Inc., and management determined liquidation is imminent. As a result, the Plan has changed its basis of accounting from the going concern basis used in presenting the 2014 financial statements to the liquidation basis used in presenting the 2015 financial statements. Our opinion is not modified with respect to that matter.

Report on Supplemental Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2015, is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements taken as a whole.

RIVER VALLEY BANCORP EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015 AND 2014

(1) DESCRIPTION OF PLAN

The following description of the **River Valley Bancorp Employee Stock Ownership Plan** (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document and Summary Plan Description for a more complete description of the Plan's provisions.

General

River Valley Bancorp, Inc. (the "Company") established the Plan effective as of January 1, 1996 for the benefit of the employees of the Company and its subsidiary, River Valley Financial Bank (the "Bank"). The Plan operates, in relevant part, as a leveraged employee stock ownership plan ("ESOP"), and is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986, as amended ("IRC") and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Bank serves as trustee of the Plan and three board-appointed employees of the Bank administer the Plan.

The Plan purchased 190,440 shares of Company common stock for \$10 per share using the proceeds of a loan from the Company, and held the common stock in a trust established under the Plan. The loan was to be repaid by fully deductible Company contributions to the trust fund. As the Plan made each payment of principal and interest, an appropriate percentage of stock was allocated to eligible employees' accounts in accordance with applicable regulations under the IRC.

The loan was collateralized by the unallocated shares of Company common stock. The Company, as lender, had no rights against the common shares once they were allocated under the ESOP. Accordingly, the financial statements of the Plan as of December 31, 2015 and 2014 and for the years then ended, present separately the assets and liabilities and changes therein pertaining to: (a) the accounts of employees with vested rights in allocated common stock (allocated) and (b) common stock not yet allocated to employees (unallocated).

The loan was fully paid off on December 31, 2005. As of December 31, 2015 and 2014, the Plan had allocated all shares to the accounts of eligible employees' accounts in accordance with applicable regulations under the IRC.

Eligibility

Employees of the Bank are generally eligible to participate in the Plan after six months of service. Participants who are not employed on the last working day of a plan year are generally not eligible for an allocation of employer contributions for such year.

Employer Contributions

The Bank may make discretionary contributions to the Plan each year, as determined and approved by the Board of Directors of the Company.

(1 - continued)

Payment of Benefits

No distributions from the Plan will be made until a participant retires, dies (in which case, payment shall be made to his or her beneficiary or, if none, his or her legal representatives), or otherwise terminates employment with the Company. Distributions are made in the form of Company common stock and the cash portion of the participant's vested account balance.

Voting Rights

Each participant is entitled to exercise voting rights attributable to the common shares allocated to his or her account and is notified by the trustee prior to the time that such rights are to be exercised. The trustee is permitted to vote any allocated share for which instructions have not been given by a participant in proportion to the voting directions received by the trustee with respect to the allocated shares. The trustee is required, however, to vote any unallocated common shares on behalf of the collective best interest of the plan participants and beneficiaries.

Plan Termination

The Company reserves the right to terminate the Plan at any time, subject to Plan provisions. Upon such termination of the Plan, the interest of each participant in the trust fund will be distributed to such participant or his or her beneficiary at the time prescribed by the Plan terms and the IRC. Upon termination of the Plan, the administrator shall direct the trustee to pay all liabilities and expenses of the trust fund and to sell shares of financed common stock held in the loan suspense account to the extent it determines such sale to be necessary in order to repay the loan. See Note 9 for further discussion of the termination of the plan in 2016.

Participant Accounts

The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited as of the last day of each plan year with an allocation of shares of Company common stock released by the trustee from the unallocated account, shares acquired with Company discretionary contributions, and forfeiture of terminated participants' non-vested accounts. Only those participants who are eligible employees of the Bank as of the last day of the plan year receive an allocation. Allocations are based on a participant's eligible compensation, relative to the total compensation of all eligible participants. Plan earnings are allocated to each participant's account based on the ratio of the participant's beginning of the year account balance to all participants' beginning of the year account balances.

Vesting

If a participant's employment with the Bank ends for any reason other than retirement, permanent disability or death, he or she will vest in the balances in his or her account based on total years of service with the Company. Participants vest 100% after three years of credited service or at age 65, whichever is attained first.

Put Option

Under federal income tax regulations, the employer stock that is held by the Plan and its participants that is not readily tradable on an established market, or is subject to trading limitations, includes a put option. The put option is a right to demand that the Company buy any shares of common stock distributed to participants for which there is no market. The put price is representative of the fair market value of the stock. The Company can pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

Diversification

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company common stock into investments that are more diversified. Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25% of the number of shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50%. Participants who elect to diversify receive a cash distribution.

Forfeitures

Employer contributions and Plan forfeitures are allocated to each participant's account based upon the relation of the participant's eligible compensation to total eligible participant compensation for the plan year. Forfeitures of terminated non-vested account balances allocated to remaining participants at December 31, 2015 and 2014 totaled \$5,460 and \$4,576, respectively.

(2) **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

(2 - continued)

Investment Valuation and Income Recognition

The shares of Company common stock are valued at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for further discussion of fair value measurements. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Purchases and sales of securities are recorded on a trade-date basis. Realized gains and losses from security transactions are reported on the average cost method. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid. At December 31, 2015 and 2014, there were no allocated amounts to participants who had elected to withdraw from the Plan, but had not yet been paid.

Administrative Expenses

Some administrative expenses are paid by the Company or Bank and some are paid by the Plan. Those that were paid by the Plan are reflected in the accompanying financial statements. Employees of the Bank perform certain administrative functions on behalf of the Plan. Neither the Bank nor its employees receive compensation from the Plan.

Subsequent Events

Management has evaluated whether any subsequent events that require recognition or disclosure in the accompanying financial statements and related notes thereto have taken place through July 25, 2016, the date these financial statements were available to be issued. See Note 9 for discussion of the Plan's termination in 2016.

(3) FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) Topic 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC Topic 820 are described as follows:

- Level 1: Inputs to the valuation methodology are quoted prices, unadjusted, for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observed for the asset or liability; or inputs that are derived principally from or can be corroborated by observable market data by correlation or other means.
- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement. Level 3 assets and liabilities include financial instruments whose value is determined using discounted cash flow methodologies, as well as instruments for which the determination of fair value requires significant management judgment or estimation.

The following table presents the balances of the Plan's investments within the fair value hierarchy measured at fair value as of December 31, 2015 and 2014:

	Level 1	Level 2	Level 3	Total
December 31, 2015:				
Company common stock	\$ 6,056,462	\$ -	\$ -	\$ 6,056,462
December 31, 2014:				
Company common stock	\$ 3,406,485	\$ -	\$ -	\$ 3,406,485

Fair value is based upon quoted market prices, where available (Level 1). If quoted market prices are not available, fair value is obtained from third parties that primarily use, as inputs, observable market-based parameters or a matrix pricing model (Level 2). Level 3 inputs are only used when Level 1 or Level 2 inputs are not available.

Company common stock is valued at the closing price reported in the active market in which the stock is traded.

(3 - continued)

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Gains and losses included in changes in net assets available for benefits for the year ended December 31, 2015, are reported in net appreciation in fair value of investments.

The Plan's policy is to recognize transfers between Levels 1 and 2 and into and out of level 3 as of the date of the event or change in circumstances that caused the transfer. For the years ended December 31, 2015 and 2014, there were no transfers between Levels 1 and Level 2 and no transfers into or out of Level 3.

(4) ADMINISTRATION OF PLAN ASSETS

The Plan's assets, which consist principally of Company common stock, are held by the trustee of the Plan.

Company contributions are held and managed by the trustee, which invests cash received, interest, and dividend income and makes distributions to participants. The trustee also administers the payment of interest and principal on the loan, which is reimbursed to the trustee through contributions as determined by the Company.

(5) INVESTMENTS

The Plan's investments in Company common stock at December 31, 2015 and 2014 are presented in the following table:

	<u>2015</u>		<u>2014</u>	
	<u>Allocated</u>	<u>Unallocated</u>	<u>Allocated</u>	<u>Unallocated</u>

(6) TAX STATUS

The Internal Revenue Service (“IRS”) has determined and informed the Company by a letter dated October 23, 2013, that the Plan is qualified and the trust established under the Plan is tax-exempt under the appropriate sections of the IRC.

The Plan has implemented the accounting guidance for uncertainty in income taxes under the provisions of FASB ASC Topic 740, *Income Taxes*. Under that guidance, tax positions are recognized in the financial statements when it is more-likely-than-not the position will be sustained upon examination by the taxing authorities. As of December 31, 2015, the Plan has no uncertain tax positions that qualify for either recognition or disclosure in the financial statements. The Plan is not currently being examined and the Plan's management believes its tax-exempt status would be upheld under examination. Plan management believes the Plan is no longer subject to income tax examination for years prior to 2012.

(7) RISKS AND UNCERTAINTIES

The Plan invests primarily in Company common stock, which is exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with the investment in Company common stock, it is at least reasonably possible that changes in the values of the Company common stock will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(8) RELATED PARTY TRANSACTIONS

The Plan invests in shares of Company common stock and the Bank is the plan sponsor and trustee as defined by the Plan. These qualify as related party and party-in-interest transactions that are exempt from the prohibited transaction rules of ERISA.

(9) PLAN TERMINATION

On December 8, 2015, the Board of Directors of the Company approved a resolution to terminate the Plan effective as of the date immediately preceding the closing date of the Company's merger with German American Bancorp, Inc. (“German American”). The merger with German American closed on March 1, 2016 and the Plan was effectively terminated as of February 29, 2016. The Plan received a favorable determination letter from the IRS on June 24, 2016 indicating that the Company's intention to terminate the Plan would not affect the Plan's tax exempt status.

As a result of the decision to terminate the Plan, management determined that liquidation was imminent as of December 31, 2015. Final distributions will be determined based on all participants being 100% vested, and are expected to be made during 2016. As a result, the Plan has changed its basis of accounting from the going concern basis used in presenting the 2014 financial statement to the liquidation basis used in presenting the 2015 financial statements.
