Kuss Filtration, Inc. Bargained Plan

Notes to Financial Statements November 30, 2015 and 2014

Note 1 - Plan Description

The following description of Kuss Filtration, Inc. Bargained Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General - The Plan was established on December 1, 2011 and is a defined contribution plan that covers all eligible employees of Kuss Filtration, Inc. (the "Company") upon the first day of employment who are covered by a collective bargaining agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions - The Plan provides for employee salary 401(k) contributions up to a maximum of the annual compensation subject to maximum tax-deferred limitations established by the Internal Revenue Code. Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan.

The Plan provides for employer matching contributions of 50 percent of the first 3 percent of the participant's elective deferral. The Plan also provides for employer discretionary contributions, provided that the total of all employer contributions does not exceed limitations imposed by the Internal Revenue Code. Employees are eligible for discretionary contributions if they are employed on the last day of the plan year and have completed 1,000 or more hours of service during the plan year. Discretionary contributions paid during 2015 totaled approximately \$94,000.

Participant Accounts - Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and plan earnings and charged with an allocation of administrative expenses. Allocations are based on the participant's compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Vesting - Participants are immediately 100 percent vested in employee salary and rollover contributions and any income or loss thereon. Vesting in the Company's matching and discretionary contribution portions of their accounts, plus actual earnings thereon, is based on years of service. Participants become fully vested in employer contributions after three years of service.

Benefit Payments - Distributions are payable upon the retirement, death, disability, or termination of employment in the form of a lump-sum payment, periodic installments, or an annuity amount equal to the vested balance of a participant's account.

Forfeitures - If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. Forfeitures are used to reduce future company contributions and pay plan administrative expenses.

Kuss Filtration, Inc. Bargained Plan

Notes to Financial Statements November 30, 2015 and 2014

Note 1 - Plan Description (Continued)

Participant Notes Receivable - Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance. The notes receivable are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates, as determined periodically by the plan administrator. Principal and interest are paid ratably through monthly payroll deductions.

Hardship Withdrawals - Participants may request that all or a portion of their accounts be distributed in the case of severe financial hardship, as defined in the plan document. The Company must approve any such hardship withdrawals.

Party-in-interest Transactions - Certain plan assets are in investments funds held by Ascensus Trust Company, a trustee and custodian of the Plan's assets, and therefore, these transactions qualify as party-in-interest transactions as defined under ERISA guidelines.

During 2013, the Company inadvertently made a duplicate contribution to the Plan. The Company subsequently withdrew the additional contribution, which is considered a nonexempt transaction under ERISA. The Company corrected this transaction in 2015 by restoring the withdrawal plus applicable lost earnings.

Termination - While it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan document and ERISA. Upon termination of the Plan, participants become 100 percent vested in their account balances.

Note 2 - Summary of Significant Accounting Policies

Modified Cash Basis - The accompanying financial statements have been prepared on a modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America (GAAP). On a modified cash basis of accounting, revenue is recognized when cash is received and expenses are recognized when paid. On a GAAP basis of accounting, revenue is recognized as earned and expenses are recognized when the obligation is incurred. Investments are recognized at fair value, which is consistent with a GAAP basis of accounting.

Investment Valuation - The Plan's investments are stated at fair value.

The common collective trust fund is valued at net asset value per share or its equivalent of the fund, which is based on the fair value of the fund's underlying assets. There are no redemption restrictions or unfunded commitments on this investment. Mutual funds are valued based on quoted market prices. See Note 5 for additional information.

Kuss Filtration, Inc. Bargained Plan

Notes to Financial Statements November 30, 2015 and 2014

Note 2 - Summary of Significant Accounting Policies (Continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Participant Notes Receivable - Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible.

Benefit Payments - Benefits are recorded when paid.

Administrative Expenses - Certain administrative costs of the Plan are paid by the Company.

Use of Estimates - The preparation of financial statements in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Subsequent Events - The financial statements and related disclosures include evaluation of events up through and including August 17, 2016, which is the date the financial statements were available to be issued.

Change in Presentation - The presentation of the stable value common collective trust fund for 2014 has been changed to be consistent with the 2015 presentation. The fund is presented using net asset value (NAV) per unit as a practical expedient for the fair value of the investment without presentation of contract value or the difference between fair value and contract value. This change in presentation resulted from a recent clarification from the Financial Accounting Standards Board and had no effect on total net assets available for benefits or the change in net assets available for benefits.

Kuss Filtration, Inc. Bargained Plan

Notes to Financial Statements November 30, 2015 and 2014

Note 2 - Summary of Significant Accounting Policies (Continued)

New Accounting Pronouncements - During 2015, the Plan adopted Accounting Standards Update (ASU) Nos. 2015-07, *Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or its Equivalent)*, and 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965)* - I. Fully Benefit-Responsive Investment Contracts, II. Plan Investment Disclosures, and III. Measurement Date Practical Expedient. ASU No. 2015-07 amended ASC 820, *Fair Value Measurements*, and removed the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share as a practical expedient. Part II of ASU No. 2015-12 was applicable to the Plan and modified the investment disclosures under ASC 820 and 962. These standards were adopted retrospectively and had no impact on the Plan's net assets or changes in net assets.

Note 3 - Unaudited Information

Ascensus Trust Company (the "Trustee") holds the Plan's investments and participant notes receivable and executes all related transactions. The investment and participant notes receivable balances and related income and losses included in the accompanying financial statements and supplemental schedule of assets held at end of year are based solely on information provided by the Trustee.

Note 4 - Tax Status

The Plan is a prototype plan. The prototype plan has received a favorable opinion letter from the Internal Revenue Service (IRS) indicating that the Plan, as designed, is qualified for federal income tax-exempt status. The Plan has not individually sought its own determination letter.

Note 5 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the inputs and valuation techniques used to measure fair value.

The following tables present information about the Plan's assets measured at fair value on a recurring basis at November 30, 2015 and 2014.

Level 1 - Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2 - Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Kuss Filtration, Inc. Bargained Plan

Notes to Financial Statements November 30, 2015 and 2014

Note 5 - Fair Value Measurements (Continued)

Level 3 - Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

In instances whereby inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

Assets Measured at Fair Value on a Recurring Basis at November 30, 2015

	Investments (at Fair Value)	Level I
Mutual funds	\$ 2,049,803	<u>\$ 2,049,803</u>
Investments measured at NAV - Common collective trust fund	<u>20,594</u>	
Total investments at fair value	<u>\$ 2,070,397</u>	

Assets Measured at Fair Value on a Recurring Basis at November 30, 2014

	Investments (at Fair Value)	Level I
Mutual funds	\$ 1,946,480	<u>\$ 1,946,480</u>
Investments measured at NAV - Common collective trust fund	<u>17,355</u>	
Total investments at fair value	<u>\$ 1,963,835</u>	

The Plan's policy is to recognize transfers between levels of the fair value hierarchy as of the actual date of the event of change in circumstances that caused the transfer. There were no transfers between levels of the fair value hierarchy during 2015.

Note 7 - Delinquent Contributions

During 2015, the Company withheld certain employee contributions, but did not remit the contributions to the Plan within the Department of Labor's required time frame. The Company corrected the delinquent contributions in 2016 by remitting the 2015 contributions with applicable lost earnings.

Note 8 - Plan Transfer

During 2015, certain union employees transferred to nonunion positions; accordingly, the participants' account balances were transferred from this Plan into another defined contribution plan sponsored by the Company.
