Note 1. Description of the Plan

The following description of the Peninsula Packaging, LLC 401(k) Profit Sharing Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

General: The Plan is a defined contribution plan established for the benefit of the employees of Peninsula Packaging, LLC. The Plan and the Trust of which it is a part are intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code ("IRC") and similar state tax laws. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Description of Plan: The Peninsula Packaging, LLC 401(k) Profit Sharing Plan and Trust became effective May 1, 2004. The Plan sponsor is Packaging Holdings, Inc. and the appointed trustee of the Plan is Reliance Trust Company. The Plan is intended to assist the participants in accumulating savings for retirement, for the payment of disability benefits, or for the payment of death benefits for their dependents and beneficiaries.

Eligibility: An employee of Packaging Holdings, Inc. (the "Company") becomes eligible to participate in the Plan after completing three months of employment with the Company and attainment of age 21. Eligible employees may elect to participate in the Plan on either the first day of the Plan year, January 1, or the first day of each month thereafter, following their first date of eligibility. There were 577 participants in the Plan at December 31, 2015.

Contributions: The Board of Directors maintains discretionary authority over the amount of the Company's contributions to the Plan. For the year ended December 31, 2015, the Company's Board of Directors authorized a 50% matching contribution to a maximum of 4% of compensation, which was funded at time of the employee deferral. The Company is under no obligation to contribute to the Plan in any given year. Participants contribute to the Plan through salary deferrals up to an annual maximum as defined by law or as a rollover contribution from a previous employer's qualified plan. There were no rollover contributions during the year ended December 31, 2015.

Payment of Benefits: In the event of death, the participant's interest in the Plan is payable to the beneficiary in a lump sum. Upon retirement, the participant's interest is payable in a single sum or can be deferred until April 1 following the year the participant reaches the age of 70½. Certain benefits qualify as eligible rollovers that may be directly rolled over to another qualified plan or an individual retirement account. A participant also has the right, in certain cases, to receive his or her benefit in period payments not extending beyond the life expectancy of the participant.

Note 1. Description of the Plan (Continued)

Payment of Benefits (Continued): If a participant is terminated for any reason other than death, retirement, or disability, distribution will be made in a single sum as soon as practical after the termination date. However, if the account balance exceeds $1,000, the participant can elect to defer the payment until April 1 of the calendar year following the calendar year during which the participant attained age 70½, although no further contributions will be permitted.

Forfeitures: At December 31, 2015, there were no forfeited nonvested amounts. Forfeitures are used to reduce employer contributions or to pay Plan expenses.

Participant Accounts: Each participant's account is credited with the participant's contribution and the Company's matching contribution. Plan earnings are allocated based on participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants' Investment Options: Upon enrollment in the Plan, a participant may direct employee contributions and the related matching contributions by the Company into one or more investment funds (currently twenty-two funds managed by Merrill Lynch). Participants may change their investment options at any time through a manual form, the internet, or by telephone.

Vesting: Participant elective contributions plus actual earnings are immediately 100% vested with the related matching contributions by the Company vesting on a four-year, graded schedule as follows:

Years of Service	Amount
1 year	25%
2 years	50%
3 years	75%
4 years	100%

In the event of the death or disability of a participant who is employed by the Company, his or her account shall become 100% vested. A participant who is employed by the Company shall become 100% vested upon attaining his or her normal retirement age of 65.

Note 1. Description of the Plan (Continued)

Notes Receivable from Participants: Participants may borrow from their fund accounts a minimum of $500 up to a maximum of $50,000 or 50% of their vested balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the loan fund. Loan terms range from one to five years, or up to thirty years for the purchase of a primary residence. The loans must be adequately secured, bear interest at a fixed rate determined by the Plan Administrator, and are paid ratably through payroll deductions.

Administrative Expenses: Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. The Company may pay the cost of the annual audit and various indirect administrative expenses. These are considered exempt party-in-interest transactions. Investment and advisory fees are paid directly by the Plan to the third party administrator who is also a party-in-interest. In addition, self-directed brokerage accounts may be charged quarterly or annually investment advisory fees which are deducted directly from the accounts.

Fees paid by the Plan, either directly or indirectly, were as follows for the year ended December 31, 2015:

	Amount	
Administrator fees	$	7,775
Investment advisor fees		43,448
	$	51,223

Note 2. Summary of Significant Accounting Policies

Basis of Accounting: The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment Valuation: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend rate. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year. Investment income is reported net of investment advisor fees.

Payment of Benefits: Benefits are recorded when paid.

Note 2. Summary of Significant Accounting Policies (Continued)

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Notes Receivable from Participants: Notes receivable from participants are carried at their unpaid principal balance plus all accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon terms of the Plan document. There were no participant loans in arrears at December 31, 2015.

Note 3. Information Prepared and Certified by Trustee

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Reliance Trust Company, the "Trustee", except for comparing such information certified by the Trustee to information included in the Plan's financial statements and supplemental schedule.

The following table presents the fair value of the participant-directed investments in the Plan that was certified by Reliance Trust Company. Single investments representing more than 5% of the Plan's net assets at December 31, 2015 are separately identified:

	Amount
Investments that represent 5% or more:	
Blackrock Global Allocation A Fund	$ 1,663,700
Merrill Lynch Ready Assets Prime Money	973,734
American 2025 Target Date Fund	525,861
American 2015 Target Date Fund	471,956
Blackrock US Government Bond A	453,729
American 2035 Target Date Fund	451,864
Columbia Dividend Income Fund	392,575
All other investments combined	1,718,137
	$ 6,651,556

The Trustee also certified to the completeness and accuracy of $393,701 of investment losses, (including gains and losses on investments bought and sold, as well as any held during the year) and dividends and interest of $395,977 related to the aforementioned investments for the year ended December 31, 2015.

Note 4. Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 or Level 3 inputs were available to the Plan.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end. Investments in money market funds are determined to be cash equivalents and therefore, are not included in the fair value measurement disclosure.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015:

	Assets at Fair Value as of December 31, 2015			
	Level 1	Level 2	Level 3	Total
Mutual funds:				
Domestic equities	$ 1,665,459	$ -	$ -	$ 1,665,459
International mixed allocation funds	1,663,700	-	-	1,663,700
Domestic mixed allocation funds	1,458,606	-	-	1,458,606
Domestic fixed income	453,729	-	-	453,729
International equities	436,328	-	-	436,328
Total assets at fair value	$ 5,677,822	$ -	$ -	$ 5,677,822

Note 5. Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 6. Income Tax Status and Position

The Plan received its last determination letter on November 26, 2001, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving its determination letter; however, the Plan Administrator believes the Plan is designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2012.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Participants become 100% vested in the Company's contribution in the event of termination.

Note 8. Related Party Transactions

As discussed in Note 1, certain administrative expenses are paid for by the Plan sponsor. Investment advisory fees and administrator fees are paid directly by the Plan to the third party administrator and the investment advisor. These party-in-interest transactions are exempt from the prohibited transactions rules of ERISA.

Note 9. Subsequent Events

The date to which events occurring after December 31, 2015, the date of the most recent statement of net assets available for benefits, have been evaluated for possible adjustment to the financial statements or disclosure is August 31, 2016, which is the date on which the financial statements were available to be issued. There were no subsequent events required to be disclosed.
