# Independent Auditor's Report

To the Plan Administrator
Agri-King, Inc. Employee Stock Ownership Plan
Fulton, Illinois

We have audited the accompanying statements of net assets available for benefits of Agri-King, Inc. Employee Stock Ownership Plan as of November 30, 2015 and 2014 and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to financial statements.

## Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

## Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

**Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Agri-King, Inc. Employee Stock Ownership Plan as of November 30, 2015 and 2014, and the changes in net assets available for benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America.

**Report on Supplemental Information**

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of assets held for investment purposes, together referred to as "supplemental information," are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

## Note 1 – Valuation of Investments

The common stock of Agri-King, Inc. is valued at fair value, as determined by an independent appraisal. The fair value of the stock as of November 30, 2015 and 2014 was $20.70 and $16.33 per share, respectively. Because of the inherent uncertainty of valuation, the appraised value may differ significantly from the value that would have been used had a ready market for the securities existed, and the differences could be material. The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefit.

## Note 2 – Plan Description

The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan provisions.

### General:

The Agri-King, Inc. Employee Stock Ownership Plan was established November 30, 1975. All nonunion employees of Agri-King, Inc. (Company) who are 20 ½ years of age and have completed 1,000 hours of service during the plan year are eligible to participate. The plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

### Funding policy:

The Plan provides for discretionary Company contributions as determined by the Company's Board of Directors. These contributions are limited to 15% of the compensation paid or accrued to the participants during the plan year, except that if for any plan year an amount less than the maximum 15% of compensation is contributed, the difference may be carried forward and, in any succeeding plan year, and amount up to the cumulative difference may be contributed, limited to a total contribution not exceeding 25% of participants' compensation. Only participants who have completed a year of service during the Plan year and who are actively employed on the last day of the Plan year are eligible to receive an allocation of the Company's contribution. The total of the Company's contributions to the Plan and the Company and participant's contributions to other plans sponsored by the Company for any individual participant cannot exceed the lesser of 25% of the participant's compensation or $53,000. Participants are not allowed to make contributions to the Plan.

### Participant accounts:

Each participant's account is credited with an allocation of (a) the Company's contribution; (b) Plan earnings; and (c) forfeitures of terminated participants' non-vested accounts. Allocations are based on participants' earnings or account balances as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account

## Note 2 – Plan Description – Continued

### Vesting:

In the event of death, disability or retirement, the participant, or their beneficiary, becomes 100% vested in the account. If a participant terminated employment for any reason other than death, disability or retirement, the participant is entitled to the vested value of the account. Participants become 20% vested after two years of service with the vesting percentage increasing 20% each subsequent year until fully vested after six years of service.

### Payment of Benefits:

On termination of service, a participant will receive a lump-sum payment in the form of Company stock and cash in an amount equal to the vested value of his or her account. When Company stock is distributed to a participant or beneficiary, the recipient will be granted a "put option" which allows them to put this stock back to the Company. The available option period is 60 days following the date of distribution.

## Note 3 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the participants will become 100% vested in their accounts and the trust will continue in effect until all assets are distributed to participants in accordance with the provisions of the Plan.

## Note 4 – Tax Status

The Internal Revenue Service has ruled, in a determination letter dated February 28, 2012, that the Plan qualifies under Section 401(a) of the Internal Revenue Code and is, therefore, not subject to tax under present income tax laws. The Plan has been amended since applying for this determination letter. The plan administrator believes that the Plan, as amended, still qualifies under the applicable sections of the Internal Revenue Code.

## Note 5 – Administrative Expenses

The Plan's sponsor paid for substantially all of the administrative costs of the incurred by the Plan during the year.

## Note 6 – Date of Management's Review

Subsequent events were evaluated through September 1, 2016, which is the date the financial statements were available to be issued.

## Note 7 – Fair Value Measurements of Investments

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefit.

| | | Fair Value Measurements Using: | |
|---|---|---|---|
| | Fair Value | Quoted Prices in Active Markets for Identical Assets (Level 1) | Significant Unobservable Inputs (Level 3) |
| **November 30, 2015** | | | |
| Sponsor Company Stock | $ 14,496,272 | $ - | $ 14,496,272 |
| **November 30, 2014** | | | |
| Sponsor Company Stock | $ 11,469,098 | $ - | $ 11,469,098 |

The fair value measurements accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 inputs were available to the Plan, and Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

Level 3 Fair Value Measurements

The fair value of the sponsor company common stock is determined by annual independent appraisals. The appraisal was based on a combination of discounted cash flow and merger and acquisition methods consistent with prior years. The appraiser took into account historical and projected cash flow and net earnings, weighted average cost of capital, past sales, and applicable discounts and premiums.

The plan determines the fair value measurement policies and procedures in consultation with the Company's Board of Directors. Those policies and procedures are reassessed at least annually to determine if the current valuation techniques are still appropriate. At the time, the unobservable inputs used in the fair value measurement are evaluated and adjusted, as necessary, based on current market conditions and other third-party information.

The following table provides further details of the Level 3 fair value measurements.

| | Company Common Stock |
