Ms. Paulette M. Gagliardo and Management
CFC, Inc. Employees' Profit Sharing
and 401(k) Plan & Trust

We have audited the financial statements of CFC, Inc. Employees' Profit Sharing and 401(k) Plan & Trust (the "Plan") as of and for the year ended December 31, 2015 and have issued our report thereon dated August 23, 2016. Professional standards require that we provide you with the following information related to our audit, which is divided into the following sections:

Section I - Internal Control Related Matters Identified in an Audit

Section II - Required Communications with Those Charged with Governance

Section I includes any deficiencies we observed in the Plan's accounting principles or internal control that we believe are significant. Current auditing standards require us to formally communicate annually matters we note about the Plan's accounting policies and internal control.

Section II includes information that current auditing standards require independent auditors to communicate to those individuals charged with governance. We will report this information annually to the management of CFC, Inc. Employees' Profit Sharing and 401(k) Plan & Trust.

We would like to take this opportunity to thank the Plan's staff for the cooperation and courtesy extended to us during our audit. Their assistance and professionalism are invaluable.

This report is intended solely for the use of Ms. Paulette M. Gagliardo and management of CFC, Inc. Employees' Profit Sharing and 401(k) Plan & Trust and is not intended to be and should not be used by anyone other than these specified parties.

We welcome any questions you may have regarding the following communications and we would be willing to discuss any of these or other questions that you might have at your convenience.

Very truly yours,

Plante & Moran, PLLC

Section I - Internal Control Related Matters Identified in an Audit

In planning and performing our limited scope audit of the financial statements of CFC, Inc. Employees' Profit Sharing and 401(k) Plan & Trust (the "Plan") as of and for the year ended December 31, 2015, we considered the Plan's internal control over financial reporting (internal control) other than those controls over investments and related investment activity. Our limited scope audit was performed in accordance with auditing standards generally accepted in the United States of America except, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, we did not perform any auditing procedures with respect to certified information except for comparing such information to the related information included in the financial statements. We considered internal control as a basis for designing our procedures to enable us to express an opinion as to whether the form and content of the information included in the financial statements, other than that derived from the certified information, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be significant deficiencies or material weaknesses and therefore, material weaknesses or significant deficiencies may exist that were not identified.

However, as discussed below, we identified a certain deficiency in internal control that we consider to be a significant deficiency.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis.

A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the Plan's financial statements will not be prevented, or detected and corrected, on a timely basis.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the following deficiency in the Plan's internal control to be a significant deficiency:

Vesting

We noted several instances in which participants vested balance upon distribution calculated in accordance with the plan document differed from the vested balance calculated by the third-party recordkeeper, Voya Retirement Insurance and Annuity Company (Voya). As a result of this deficiency, participants may receive benefit payments in excess or below their vested balances. The plan sponsor currently relies on Voya to perform vesting calculations. However, Voya's SOC-1 report on internal controls did not test vesting, and thus, is unable to determine if the controls over calculating vested amounts upon distribution were working effectively. We recommend that management establish procedures for review of the vesting calculations prior to authorizing distributions for participants.

Section I - Internal Control Related Matters Identified in an Audit (Continued)

The following item was identified during our audit and is provided for your consideration:

Employee Compensation

We recommend that the plan sponsor consider the following improvements to enhance its documentation and controls related to documentation of employee compensation:

- Management should maintain an approved master data file of employee compensation rates (outside of the payroll system)

- All employee salary and hourly rates should be approved by the president or appropriate level of management and should be in writing in all cases and maintained in employee personnel files

- The plan sponsor should formalize a process for authorizing and approving pay changes for all employees

Section II - Required Communications with Those Charged with Governance

Our Responsibility Under U.S. Generally Accepted Auditing Standards

As stated in our engagement letter dated June 14, 2016, we conducted our audit in accordance with professional standards, except that, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA and as instructed by you, we did not perform any auditing procedures with respect to certified information except for comparing such information to the related information included in the financial statements. Because of the significance of the information that we did not audit, we did not express an opinion on the financial statements taken as a whole. The form and content of the information included in the financial statements, other than that derived from the certified information, were audited by us in accordance with auditing standards generally accepted in the United States of America and were subjected to tests of your accounting records and other procedures as we considered necessary to enable us to express an opinion as to whether they are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Our audit of the financial statements does not relieve you or management of your responsibilities. As part of our audit, we considered the applicable internal control of CFC, Inc. Employees' Profit Sharing and 401(k) Plan & Trust. Such considerations were solely for the purpose of determining our audit procedures and not to provide any assurance concerning such internal control.

We are responsible for communicating significant matters related to the audit that are, in our professional judgment, relevant to your responsibilities in overseeing the financial reporting process. However, we are not required to design procedures specifically to identify such matters.

Planned Scope and Timing of the Audit

We performed the audit according to the planned scope and timing previously communicated to you in our meeting about planning matters on June 15, 2016.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. In accordance with the terms of our engagement letter, we will advise management about the appropriateness of accounting policies and their application. The significant accounting policies used by CFC, Inc. Employees' Profit Sharing and 401(k) Plan & Trust are described in Note 2 to the financial statements.

As described in Note 2, the Plan adopted the provisions of Accounting Standards Update (ASU) Nos. 2015-12 and 2015-07. The standards modified the presentation of certain investments and modified investment disclosures and had no impact on the net assets or changes in net assets of the Plan. Accordingly, the accounting change has been retrospectively applied.

We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus.

There are no significant transactions that have been recognized in the financial statements in a different period than when the transaction occurred.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimate affecting the financial statements was the Plan's valuation of investments.

Management has informed us that in determining the appropriateness of the estimate of investment values, they have recorded the fair values based on market values provided by the investment custodian, plus any applicable valuation adjustments. We performed no specific procedures related to the valuation of the investments due to the limited scope nature of the engagement.

The disclosures in the financial statements are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Disagreements with Management

For the purpose of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. We did not detect any misstatements as a result of audit procedures.

Significant Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards and plans and strategies that may affect the risks of material misstatement with management each year prior to our retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition of our retention.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated August 23, 2016.

Other Information in Documents Containing Audited Financial Statements

Our responsibility for other information in documents containing the Plan's financial statements and report does not extend beyond the financial statements. We do not have an obligation to determine whether or not such other information is properly stated. However, we read the Plan's 5500 filing and nothing came to our attention that caused us to believe that such information, or its manner of presentation, is materially inconsistent with the information or manner of its presentation appearing in the financial statements.

Independent Auditor's Report

To the Plan Administrator
CFC, Inc. Employees' Profit Sharing
and 401(k) Plan & Trust

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of CFC, Inc. Employees' Profit Sharing and 401(k) Plan & Trust (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2015 and 2014 and the related statement of changes in net assets available for benefits for the year ended December 31, 2015, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Voya Retirement Insurance and Annuity Company (the "Custodian"), except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the Custodian holds the Plan's investment assets and executes related transactions. The plan administrator has obtained a certification from the Custodian as of December 31, 2015 and 2014 and for the year ended December 31, 2015 that the information provided to the plan administrator by the Custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets held at end of year as of December 31, 2015 is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1 - Plan Description

The following description of CFC, Inc. Employees' Profit Sharing and 401(k) Plan & Trust (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering all nonunion employees of CFC, Inc. (the "Company" or the "employer") who have completed one year of service, as defined by the Plan, and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

An employee may enroll in the Plan on the first day of the month following or coinciding with his or her date of eligibility. The Plan does not allow participation by employees who are covered by a collective bargaining agreement with the Company.

Effective January 1, 2015, the Plan was amended and restated.

Contributions - The Plan provides for employee salary 401(k) contributions up to a maximum of 92 percent of the annual compensation subject to maximum tax deferred limitations established by the Internal Revenue Code. Participants who have attained age 50 may make catch-up contributions in addition to their regular deferral contributions. Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan.

The employer makes a safe harbor contribution to all eligible employees equal to 3 percent of the participant's compensation. Total safe harbor contributions were $220,931 for the year ended December 31, 2015.

The employer makes discretionary matching contributions equal to 100 percent of each participant's contribution, not to exceed 2 percent of the employee's compensation. Total discretionary matching contributions were $130,262 for the year ended December 31, 2015.

The employer may also make discretionary profit-sharing contributions. To receive profit-sharing contributions, participants must have completed 1,000 hours of service during the plan year and be employed on the last day of the plan year. There were no discretionary profit-sharing contributions for 2015.

Participant Accounts - Each participant's account is credited with the participant contribution and allocations of the Company's contributions and plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant's compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Note 1 - Plan Description (Continued)

Vesting - Participants are immediately 100 percent vested in employee salary, rollover, and employer safe harbor contributions and any income or loss thereon. Participants become fully vested in their employer matching and profit-sharing contributions, plus actual earnings thereon, as follows: 20 percent after two years of service and an additional 20 percent per year thereafter until they become fully vested after six years of service.

Participant Notes Receivable - Participants may borrow from their vested accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their account balances. Generally, loan terms are a maximum of five years, but residential loans may be longer. Principal and interest are paid ratably through regular payroll deductions. Notes receivable are collateralized by the participant's account balance and bear interest at market rates.

Payment of Benefits - Distributions are payable upon the retirement, death, disability, or termination of employment in the form of a lump-sum payment, installments over a period not to exceed the life expectancy of the participant, or an annuity. Participants are also eligible for in-service benefit payments upon reaching the normal retirement age of 59 1/2.

Hardship Withdrawals - Participants may request that all or a portion of their accounts be distributed in the case of severe financial hardship, as defined in the plan document. The Company must approve any such hardship withdrawals.

Forfeitures - If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. Forfeitures are used to reduce future company contributions. At December 31, 2015 and 2014, forfeited account balances totaled $25,288 and $10,332, respectively. During 2015, there were no forfeitures used to reduce employer contributions.

Party-in-interest Transactions - Certain plan assets are in investment funds managed by Voya Retirement Insurance and Annuity Company (Voya) or its affiliates. Voya is the custodian of the Plan and therefore, these transactions qualify as party-in-interest transactions as defined under ERISA guidelines.

Termination - While it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan document and ERISA. Upon termination of the Plan, participants become 100 percent vested in their account balances.

Note 2 - Summary of Significant Accounting Policies

Investment Valuation and Income Recognition - Investments held by the Plan are stated at fair value except as noted below. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for further discussion of fair value measurements.

The fully benefit-responsive unallocated contract is valued at contract value. Contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date.

Participant Notes Receivable - Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible.

Payment of Benefits - Benefits are recorded when paid.

Administrative Expenses - Various administrative costs are paid by the Company.

Risks and Uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Subsequent Events - The financial statements and related disclosures include evaluation of events up through and including August 23, 2016, which is the date the financial statements were available to be issued.

Note 2 - Summary of Significant Accounting Policies (Continued)

New Accounting Pronouncements - During 2015, the Plan adopted Accounting Standards Update (ASU) Nos. 2015-07, *Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or Its Equivalent),* and 2015-12*, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965) - I. Fully Benefit-Responsive Investment Contracts, II. Plan Investment Disclosures, and III. Measurement Date Practical Expedient.* ASU No. 2015-07 amended ASC 820, *Fair Value Measurements*, and removed the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share as a practical expedient. Parts I and II of ASU No. 2015-12 were applicable to the Plan. Part I requires the fully benefit-responsive investment contract be recorded contract value without presentation of fair value or the difference between fair value and contract value and reduces the related disclosures. Part II modified the investment disclosures under ASC 820 and 962. These standards were adopted retrospectively and had no impact on the Plan's net assets or changes in net assets.

Note 3 - Unaudited Information

Voya (the "Custodian") holds the Plan's investments and executes all investment transactions. The investment balances and related investment income and losses included in the accompanying financial statements and supplemental schedule of assets held at end of year are based solely on information provided by the Custodian.

Note 4 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the inputs and valuation techniques used to measure fair value.

The following tables present information about the Plan's assets measured at fair value on a recurring basis at December 31, 2015 and 2014.

Level 1 - Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2 - Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Note 4 - Fair Value Measurements (Continued)

Level 3 - Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

In instances whereby inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

The following valuation methodologies have been used to value the Plan's investments:

Pooled Separate Account - The pooled separate accounts are valued at net asset value per share or its equivalent of the funds, which are based on the fair value of the funds' underlying assets. There are no redemption restrictions or unfunded commitments on these investments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

(1) This class represents investments in actively managed pooled separate accounts that invest primarily in equity securities, which may include common stocks, options, and futures.

(2) This class represents investments in actively managed pooled separate accounts that invest in a variety of fixed-income investments, which may include corporate bonds, both U.S. and non-U.S. municipal securities, interest rate swaps, options, and futures.

(3) This class represents investments in actively managed pooled separate accounts with investments in both equity and debt securities. The investments may include common stock, corporate bonds, U.S. and non-U.S. municipal securities, interest rate swaps, options, and futures.

The Plan's policy is to recognize transfers between levels of the fair value hierarchy as of the actual date of the event of change in circumstances that caused the transfer.

Note 5 - Investment Contracts

The Plan has a benefit-responsive investment contract with Voya. Voya maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Interest is credited on contract balances using a single "portfolio rate" approach. Under this methodology, a single interest rate is applied to all contributions made to the product regardless of the timing of those contributions. Interest crediting rates are reviewed on a semiannual basis for resetting. When establishing interest credit rates for this product, Voya considers many factors, including current economic and market conditions, the general interest rate environment and both the expected and actual experience of a reference portfolio within the issuer's general account. The minimum crediting rate under the contract rate is 3.00 percent

Note 5 - Investment Contracts (Continued)

Generally there are no events that could limit the ability of the Plan to transact at contract value paid within 90 days or in rare circumstances, contract value paid over time. There are no events that allow the issuer to terminate the contract and which require the plan sponsor to settle an amount different than contract value paid either within 90 days or over time.

As described in Note 2, because the contract is fully benefit responsive, contract value is the relevant measurement attribute for that portion of the net assets attributable to the investment contract. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value.

Note 6 - Tax Status

The Plan is a prototype plan. The prototype plan has received a favorable opinion letter from the Internal Revenue Service (IRS) indicating that the Plan, as designed, is qualified for federal income tax-exempt status. The Plan has not individually sought its own determination letter.
