NOTE A--DESCRIPTION OF PLAN

The following brief description of the Hennessy & Roach 401(K) Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is sponsored by Hennessy & Roach P.C. (the "Company") for employees that meet specific eligibility requirements. The Plan, designated as a defined contribution plan, was originally established on January 1, 1998 and was most recently amended and restated effective April 1, 2015. The Plan provides for contributions to be made under salary deferral agreements pursuant to Section 401(k) of the Internal Revenue Code (the "Code"). Eligible employees of the Company may participate on the first day of the month following their completion of three months of service as defined in the Plan. The Plan is subject to the provisions of the Employee Retirement Security Act of 1974 ("ERISA"). The Plan Administrator and Plan Trustees are responsible for oversight of the Plan, determine the appropriateness of investment offerings, and monitor investment performance.

Contributions

Eligible participants may elect to contribute pre-tax annual compensation and/or Roth deferred compensation to the Plan by means of a salary deferral agreement of not less than one percent or more than the maximum percentage permitted by law. Contributions are subject to limitations as provided in the Code and as described in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans in accordance with Plan provisions. Salary deferral contributions are funded proximate to the withholding date. Participants direct the investment of their contributions into various investment options offered by the Plan.

Unless a newly eligible employee affirmatively elects otherwise, their eligible compensation will be reduced by 3%. For each payroll period in which they are an active participant, the Company will make a pre-tax deferral contribution in such amount on the participant's behalf, which is subject to an annual increase in accordance with Plan provisions.

The Company may make discretionary matching contributions in accordance with Plan provisions. Profit sharing amounts may be contributed at the option of the Company's board of directors to be invested as directed by the participants. Additional amounts may be contributed at the option of the Company's board of directors under qualified non-elective contributions and qualified matching provisions of the Plan. Company contributions are funded annually after the close of the Plan year and within statutory time frames. All contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution, if any, and allocations of (a) the Company's discretionary contributions, if any (b) Plan earnings (c) forfeitures of terminated participants' nonvested accounts, and (d) charged with an allocation of administrative expenses paid by the Plan and Plan losses. Allocations are based on participant earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE A--DESCRIPTION OF PLAN-continued

Investment Options

Upon enrollment in the Plan, participants may direct employee contributions in one or more of the investment options offered by the Plan. The current investment choices are more fully described in the Plan's literature. Participants may change their investment options at any time in accordance with Plan provisions. During any period in which there is no participant direction on file with the Custodian as to the investment of a participant's account, 100% of that participant's account will be invested in the investment fund designated from time to time by the Plan Trustees as the default investment. The Plan currently offers various mutual funds and a money market fund as investment options for participants.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's discretionary contribution portion of their accounts plus earnings thereon is based on years of credited service. A participant is 100% vested after five years of credited service as defined in the Plan. Participants who attain normal retirement age of 65, or who terminate employment due to death or disability are 100 percent vested in their account balances.

Payment of Benefits

Upon termination of employment due to death, disability, retirement or Plan termination, a participant is entitled to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum amount in accordance with Plan provisions. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum and distribution in accordance with Plan provisions.

All distributions will be made as soon as administratively feasible. Mandatory distributions greater than $1,000 but less than $5,000 may be paid in a direct rollover to an individual retirement plan designated by the Plan Administrator. These distributions will be made if a participant does not elect to have such distribution paid directly to an eligible retirement plan specified by the participant in a direct rollover or does not elect to receive the distribution directly. If a participant has a vested account balance greater than $5,000, they are not required to take a payout from the Plan until required distribution rules apply.

Participants may elect to receive in-service and hardship withdrawals prior to termination of employment from their deferral contribution account, or an amount equal to the value of the participant's vested interest in his or her employer profit sharing contribution account.

Certain participants who have attained age 59 1/2 may also receive in-service withdrawals for all vested account balances, subject to Plan provisions.

NOTE A--DESCRIPTION OF PLAN-continued

Forfeited Accounts

At December 31, 2015 and 2014, forfeited non-vested accounts totaled $24,135 and $22,917, respectively. These accounts will first be used to pay administrative expenses under the Plan, as directed by the employer. Any remaining amounts will be used to reduce future employer contributions. No amounts were used during the year ended December 31, 2015 to pay administrative expenses or reduce Company contributions.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance reduced by the highest outstanding loan balance in their account during the prior 12 month period. The loans are secured by the participant's vested account balance. The loans bear a reasonable rate of interest (4.25% to 7.0% at December 31, 2015 and 2014), as determined by the Plan Administrator commensurate with prevailing rates for loan made under similar circumstances. Loans are for a period not to exceed five years unless for the purchase of the participant's principal residence, in which case the term must be within a reasonable time determined at the time the loan is made. Principal and interest shall be repaid ratably at least quarterly by participants.

Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE B--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan's Administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements and during the reporting period. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Administrator and Trustees determine the Plan's valuation policies utilizing information provided by investment advisers and the Custodian. See Note C for discussion of fair value measurements.

NOTE B--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES-continued

Investment Valuation and Income Recognition-continued

Net appreciation/depreciation of investments included in the accompanying Statement of Changes in Net Assets Available for Benefits includes realized gains or losses from the sale of investments and unrealized appreciation or depreciation in the fair value of investments at year-end.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on an accrual basis.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015 and 2014. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation/depreciation of fair value of investments.

Accounting Pronouncement

In July 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965): Part (I) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient*. This three-part standard simplifies employee benefit plan reporting with respect to fully benefit-responsive investment contracts and plan investment disclosures, and provides for a measurement-date practical expedient, for plans with a fiscal year end that does not coincide with a month end. Parts I and II are effective for fiscal years beginning after December 15, 2015, to be applied retrospectively, with early application permitted. Part III is effective for fiscal years beginning after December 31, 2015, to be applied prospectively, with early application permitted.

Plan management has elected early adoption of Part II. Accordingly, the amendment was retrospectively applied resulting in no longer disclosing individual investments greater than 5% of net assets, disclosing the net appreciation (depreciation) in investments only in aggregate, not by investment type, and no longer disclosing investments in the ASC 820 hierarchy table by the nature, characteristics, and risk of the investment, but only by general type of investment. Part I and Part III are not applicable to this Plan.

NOTE B--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES-continued

Accounting Pronouncement-continued

The statements of net assets available for benefits and statement of changes in net assets available for benefits are unaffected by adoption of the new standard.

Subsequent Events

Subsequent events were evaluated by management through September 7, 2016, which is the date the financial statements were available to be issued.

NOTE C--FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

NOTE C--FAIR VALUE MEASUREMENTS-continued

Following is a description of the valuation methodologies used for Plan assets measured at fair value on a recurring basis. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Registered Investment Companies: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value as of December 31, 2015 and 2014.

	Quoted prices in active markets for identical assets Level 1	Signficant other observable inputs Level 2	Significant unobservable inputs Level 3	Total

NOTE D--INFORMATION CERTIFIED BY CUSTODIAN (UNAUDITED)

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedules, including investments and notes receivable from participants held at December 31, 2015 and 2014, and net appreciation/depreciation in fair value, interest, and dividends for the year ended December 31, 2015, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by the Custodian as of December 31, 2015 and 2014. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to such information certified by the Custodian as of December 31, 2015 and 2014 and for the year ended December 31, 2015.

Except for comparing such information as certified by the Custodian to information included in the Plan's financial statements and supplemental schedules, the Plan's independent auditors did not perform any auditing procedures on the certified information.

During the year ended December 31, 2015, the Plan's investments (including gains and losses on investments bought, sold and held during the year), had a net depreciation in value of $506,450, overall which was all attributed to mutual funds. During the year ended December 31, 2015, the Plan's investments earned dividends and interest of $490,172, which is all attributed to mutual funds.

NOTE E--TAX STATUS

On March 31, 2014, the Internal Revenue Service stated that the prototype plan document, subsequently adopted by the Plan, as then designed, qualified under section 401(k) of the Internal Revenue Code (the "IRC"). Although the Plan has been amended and restated since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2012.

NOTE F--RISKS AND UNCERTAINTIES

The Plan's assets are invested directly and indirectly in various investment securities which are purchased or managed by the Custodian. The investments are exposed to various risks such as interest rate, market, and credit risks. The Plan's assets are subject to the changes in value of these underlying investments, including the potential for bankruptcy of one or more of the companies in which they are invested.

Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The participants who have borrowed from the Plan are all employees of the Company in the Chicago area, and their ability to repay the notes could be affected by the economic conditions in the industry in general, the economic conditions in the Chicago metropolitan area or the economic condition of the Company itself.

NOTE G--RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Ascensus Trust Company, the Custodian; and therefore, qualify as party-in-interest transactions. Ascensus, Inc. also performs administrative and recordkeeping services for the Plan. Fees incurred by the Plan for the investment management services are included in net appreciation/depreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. During the year ended December 31, 2015, the Plan made a direct payment to the record keeper of $1,440 that was not covered by revenue sharing. Fees paid by the Company to Ascensus, Inc. and other service providers are not material to the financial statements.

Certain employees of the Company provide administrative services for the Plan and are not reimbursed for their services. Certain other administrative expenses are paid by the Company on behalf of the Plan. These amounts are not material to the financial statements.

NOTE H--PLAN AMENDMENT AND RESTATEMENT

Effective April 1, 2015, the Plan was restated as part of a prototype plan restatement cycle in order to comply with applicable laws.
