Independent Auditor's Report

To the Trustees of
Moody.Nolan, Ltd., Inc. Salary Savings Plan
Columbus, Ohio

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Moody.Nolan, Ltd., Inc. Salary Savings Plan (the Plan), which comprise the statements of net assets available for benefits - modified cash basis as of December 31, 2015 and 2014, and the related statements of changes in net assets available for benefits - modified cash basis for the years ended December 31, 2015 and 2014, and the related notes to financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting as described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Great-West Life & Annuity Insurance Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of December 31, 2015 and 2014, and for the years ended December 31, 2015 and 2014, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to that matter.

Other Matter - Supplemental Schedule

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Notes to Financial Statements

1. Description of Plan

The following brief description of the Moody.Nolan, Ltd., Inc. Salary Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General

In 1984, Moody.Nolan, Inc. (the Company and Plan Sponsor) established a defined contribution profit sharing plan for employee retirement. The Plan covers substantially all employees who have attained twenty-one years of age. An employee may participate in the Plan as of the first day of the quarter following the date on which the employee completes the eligibility requirements. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). During 2015, the Plan was amended and restated under a volume submitter restatement.

Contributions

Each eligible employee may defer a portion of his or her salary as defined by the Plan not to exceed the limits imposed by the Internal Revenue Service. The Company makes matching contributions at 50% of employee deferrals up to 4% of eligible wages.

The Company may choose to make additional contributions based on the Company's profits which will be allocated to the profit sharing account of each participant in the same proportion that each participant's compensation for the Plan bears to the total compensation of all such participants. All contributions are self-directed by the participants among the available investment options. During the plan years ended December 31, 2015 and 2014, the Company did not make any profit sharing contributions.

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's contribution, (b) plan earnings, which are invested in the available funds as directed by the participant, and (c) administrative expenses. Allocations are based on participant earnings or account balances as defined by the Plan.

Vesting

Participant and Company contributions are fully vested immediately.

Financial Hardship Withdrawals

Financial hardship withdrawals of a participant's deferral contributions are permitted in certain circumstances of immediate and heavy financial need.

Payment of Benefits

A participant is entitled to 100% of his or her account balance upon normal retirement (age 65, previously 59 ½ prior to restatement), death, disability or termination. Benefits are recorded when paid.

Notes Receivable from Participants

Participants can borrow against the vested portion of their account balance up to the lesser of 50% of the fair market value of such account balance or \$50,000. Interest is charged on such loans at market rates in effect at the time of the loan disbursement. Loans are repayable through payroll deductions over one to five years, unless the loan was used to acquire a principal residence. At December 31, 2015 and 2014, management has determined there are no notes receivable from participants that are deemed uncollectible.

Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue contributions at any time and terminate the Plan subject to the provisions set forth in ERISA. In the event of plan termination, the accrued benefits in each participant's account are distributable by the trustees as soon as reasonably possible.

Income Tax Status

The volume submitter plan under which the Plan was amended and restated to comply with received its latest determination letter in March 2014 in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the tax authorities. The plan administrator and the trustees have analyzed the tax positions taken by the Plan, and have concluded that as of December 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements and supplemental schedule of the Plan have been prepared in conformity with the modified cash basis of accounting which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Certain additions to net assets and related assets are recognized when received rather than when earned and certain deductions are recognized when paid rather than when incurred. Investments are recorded at fair market value.

Recent Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-07, which removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value (NAV) per share practical expedient. Instead, the amounts measured using the NAV per share (or its equivalent) must be provided to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits – Modified Cash Basis. Additionally, ASU 2015-07 removes the requirement to make certain disclosures (FASB Accounting Standards Codification (ASC) 820-10-50-6A) for all investments that are eligible to be measured at fair value using the NAV per share practical expedient. Rather, those disclosures are limited to investments for which the entity has elected to measure the fair value using that practical expedient. ASU 2015-07 is effective for nonpublic business entities for Plan years beginning after December 15, 2016, with retrospective application to all periods presented. Early adoption is permitted. The Plan Sponsor is still considering how this ASU will affect the Plan.

In July 2015, the FASB issued ASU 2015-12 which updated guidance on investment valuation and presentation. This three-part update simplifies current benefit plan accounting and requires (i) fully benefit-responsive investment contracts to be measured, presented, and disclosed only at contract value and accordingly removes the requirement to reconcile their contract value to fair value; (ii) benefit plans to disaggregate their investments measured using fair value by general type, either on the face of the financial statements or in the notes to the financial statements; (iii) the net appreciation or depreciation in investments for the period to be presented in the aggregate rather than by general type, and removes certain disclosure requirements relevant to individual investments that represent five percent or more of net assets available for benefits. Further, the amendments in this update eliminate the requirement to disclose the investment strategy for certain investments that are measured using NAV per share. These amendments are effective retrospectively for Plan years beginning after December 15, 2015 and early adoption is permitted. This update also provides a practical expedient to permit employee benefit plans to measure investments and investment-related accounts as of the month-end that is closest to the Plan's year-end, when the Plan period does not coincide with a month-end, while requiring certain additional disclosures. This portion of the update is effective prospectively for Plan years beginning after December 15, 2015 and early adoption is permitted. The Plan has early adopted this ASU.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements. Mutual funds are valued at the NAV of shares held by the Plan at year-end. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when received. Dividends are recorded when paid.

In accordance with ASC 962-325, "*Fully Benefit – Responsive Investment Contracts*", the Key Guaranteed Portfolio Fund holds deposit interests in Great-West Life & Annuity Insurance Company ("Great West") which is a guaranteed interest account. ASC 962-325 requires that investment contracts held by a defined-contribution plan be reported at fair market value. However, contract value is the relevant measurement attribute for that portion of the net assets

Moody.Nolan, Ltd., Inc.
Salary Savings Plan

Notes to Financial Statements

available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The fully benefit-responsive investment contract is stated at contract value which approximates fair value.

Notes Receivable from Participants

Notes receivable from participants are recorded when loans are initiated, and reductions in the balance occur when repayment or distribution is made. Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest, less any allowance for uncollectible accounts. Delinquent loans are reclassified as distributions based upon the terms of the Plan document.

Use of Estimates

The preparation of financial statements (modified cash basis) requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Risks and Uncertainties

The Plan provides for various investment options. The underlying investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits - modified cash basis and participants' individual account balances.

Administrative Expenses

The Plan paid administrative expenses of \$46,238 and \$43,350 for the years ended December 31, 2015 and 2014, respectively. Certain professional fees for the administration and audit of the Plan are paid by the Company on behalf of the Plan.

Subsequent Events

The Company has evaluated events and transactions that occurred between January 1, 2016 and September 7, 2016 which is the date that the financial statements were available to be issued for possible recognition or disclosure in the financial statements.

3. Summary of Financial Data Certified by the Custodian

In accordance with 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, Great-West Life & Annuity Insurance Company has certified as complete and accurate the following information at December 31, 2015 and 2014 including the comparable information in the accompanying supplemental schedule:

Moody.Nolan, Ltd., Inc.
Salary Savings Plan

Notes to Financial Statements

<i>December 31,</i>	2015	2014
Investments, at fair value	\$ 11,524,948	\$ 11,865,354

<i>For the year ended December 31,</i>	2015	2014
Net (depreciation) appreciation in the fair value of investments	\$ (13,164)	\$ 890,884
Interest earned on guaranteed interest accounts	6,706	5,576
Investment (loss) income, net	\$ (6,458)	\$ 896,460

As directed by the plan administrator, no auditing procedures have been performed on the above certified information except to compare such information to the information included in the accompanying financial statements and supplemental schedule.

4. Investment in Fully Benefit-Responsive Contract

The Plan contains a benefit-responsive investment contract with Great West (Key Guaranteed Portfolio Fund). Great West maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as reported to the Plan by Great West. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. At December 31, 2015 and 2014 fair value approximates the contract value of the Plan's investment.

The contract has no stated maturity date. At December 31, 2015 and 2014 there were no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value, which approximates fair value, of the investment contract was \$621,626 and \$448,753, as of December 31, 2015 and 2014, respectively. The crediting interest rate is based on a formula agreed upon with the issuer. The minimum rate during both 2015 and 2014 was 1.20%. Such interest rates are reviewed on a monthly basis for resetting.

The repayment of principal and interest credited to participants holding the investments is a financial obligation of Great West. However, if an event should ever occur such that realization of full contract value for a particular investment contract is no longer probable, for example, a significant decline in the creditworthiness of Great West, the Key Guaranteed Portfolio Fund investment choice will no longer be considered fully benefit-responsive. The occurrence of an event that limits the ability of the investment to transact at contract value with Great West and participants holding the investment, is not probable.

Average yields for:		
Based on actual earnings	1.20%	1.25%
Based on interest rate credited to participants	1.20%	1.25%

5. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology includes:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurements.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies at December 31, 2015 and 2014.

Mutual funds: Valued at net asset value of shares held by the Plan at year-end.

Guaranteed interest account, fully benefit-responsive contract: Valued at contract value utilizing the market approach which approximates fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Quantitative information about significant unobservable inputs used in Level 3 fair value measurements

The following table represents the Plan's Level 3 financial instruments as of December 31, 2015 and 2014, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs.

Instrument	December 31, 2015 Fair Value	Principal Valuation Technique	Unobservable Inputs	Range of Significant Input Values
Guaranteed Interest account	\$ 621,626	Discounted cash flow	Crediting interest rate	0.29% - 0.30%

Instrument	December 31, 2014 Fair Value	Principal Valuation Technique	Unobservable Inputs	Range of Significant Input Values
Guaranteed interest account	\$ 448,753	Discounted cash flow	Crediting interest rate	0.30% - 0.33%

6. Party-in-interest Transactions

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer and certain others. Plan investments are managed by Great West, the Plan's custodian. Therefore, these investments and all transactions with Great West qualify as party-in-interest transactions.

7. Corrective Distributions

For the years ended December 31, 2015 and 2014, the Plan failed to pass the Actual Deferral Percentage (ADP) Test. Corrective distributions in the amount of \$15,197 and \$36,761 for the years ended December 31, 2015 and 2014, respectively, were made to the respective participants within 2 ½ months subsequent to the respective Plan year-ends.

During 2015, it was determined that funds were contributed into the Plan from ineligible salaries in the amount of \$1,037. Corrective distributions totaling \$1,055, which include earnings on such ineligible deferrals, were made to the respective participants during 2015.
