NOTE 1. PLAN DESCRIPTION

The following description of the Parks Mechanical 401(k) Retirement Savings Plan (the "Plan") provides only general information. Participants and other interested parties should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees, as defined by the Plan, who have been employed by Parks Mechanical (the "Company" and the "Plan Sponsor") for at least three months and are at least 18 years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Each year, participants may make pretax contributions of up to 100 percent of annual compensation, as defined by the Plan and subject to Internal Revenue Code ("IRC") limitations. Participants may also contribute amounts representing distributions from other eligible retirement plans, as defined in the Plan. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan provides for Company safe harbor matching contributions equal to 100 percent of participant contributions up to three percent of compensation plus 50 percent of participant contributions between three to five percent of compensation. For the year ended December 31, 2015, the Company made safe harbor matching contributions of $188,244. The Plan also provides for discretionary Company matching contributions and qualified non-elective contributions, none of which were made by the Company for the year ended December 31, 2015.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's qualified non-elective contribution, if any, and Plan earnings, and charged with any withdrawals or distributions requested by the participant, investment losses, and allocation of administrative expenses, if applicable. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are fully vested in the value of their respective salary deferral contributions, Company safe harbor matching contributions and qualified non-elective contributions. Vesting in the Company discretionary matching contribution portion of their accounts is based on years of service. Participants are vested in non-safe-harbor Company matching contributions over a five-year period, as defined in the Plan.

NOTE 1. PLAN DESCRIPTION (Continued)

Forfeitures

Forfeitures of Company discretionary matching contributions are used to pay Plan administrative expenses or to reduce Company matching contributions. During the year ended December 31, 2015, forfeitures of $3,167 were used to pay for certain Plan administrative expenses. As of December 31, 2015, forfeitures of $1,190 are available for future use.

Payment of Benefits

On termination of service for any reason, a participant or their beneficiaries, as applicable, may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or installment payments, in accordance with the Plan.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America, primarily from data provided by Great-West Life & Annuity Insurance Company (the "Custodian" and "Great-West").

Recent Accounting Pronouncements

In May 2015, the FASB issued Accounting Standards Update No. 2015-07 ("ASU 2015-07"), *Fair Value Measurement: Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share*. ASU 2015-07 removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using net asset value per share as a practical expedient. ASU 2015-07 is effective for plan years beginning after December 15, 2016. Plan management does not expect this pronouncement to have a material impact on the Plan's financial statements.

In July 2015, the FASB issued Accounting Standards Update No. 2015-12 ("ASU 2015-12"), *Plan Accounting: Defined Benefit Pension Plans, Topic 960; Defined Contribution Plans, Topic 962; and Health and Welfare Benefit Plans, Topic 965: Part (I) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient*. ASU 2015-12 simplifies employee benefit plan reporting with respect to fully benefit-responsive investment contracts, plan investment disclosures, and provides for a measurement date practical expedient. The amendments are effective for all plan years beginning after December 15, 2015. Earlier application of any or all of the three parts is permitted. Part (I) and Part (II) are to be retrospectively applied and Part (III) is not applicable to the Plan. Plan management has elected early adoption and it has been fully implemented as of December 31, 2015 and 2014.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Administrative Expenses

Administrative expenses incidental to the administration of the Plan, including fees of the Custodian and independent public accountants may be paid by the Plan. Administrative expenses not paid by the Company are paid by the Plan.

Most investment options have fees which reduce the overall return on assets. The net depreciation of investments is inclusive of these fees.

According to the Plan Expense Agreement between the Company and Great-West, Great- West is required to make a monthly contribution of $225 ($2,700 annually) to the Plan Expense Account ("PEA"). The funds in the PEA may be used to pay Plan administrative expenses during the year and any remaining balance at the end of the year may be allocated to participants as earnings or contributions. The interest income on investments is inclusive of these contributions. During the year ended December 31, 2015, Great-West contributed $2,700 to the PEA, all of which was used to pay Plan administrative expenses. As of December 31, 2015, there was no available balance in the PEA.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Investments are valued daily. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Concentration of Risk

The Plan's investments have exposure to risk to the extent that the investments are subject to market and interest rate fluctuations that may materially affect the value of the investment balances.

Through participant direction, approximately 23 percent of the Plan's net assets are invested in the Great-West Aggressive Profile Fund.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Benefits Payable to Participants

Benefits are recorded when paid.

Fair Value

The Plan accounts for its financial instruments using a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value measurement hierarchy is based on three levels of inputs, of which the first two are considered observable and the last unobservable. The three levels of the fair value hierarchy are the following:

- Level 1 – Inputs to the valuation methodology that are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 – Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in markets that are inactive; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.
- Level 3 – Inputs to the valuation that are unobservable and significant to the fair value measurement.

A financial instrument's categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Pooled Separate Accounts – Valued at the net asset value ("NAV") of units of a pooled separate account ("PSA") maintained by an insurance company held by the Plan at year-end. The NAV, as provided by the insurance company, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the PSA less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. The PSA NAV is not a publicly-quoted price in an active market, therefore, the PSA are classified as Level 2 within the valuation hierarchy.

The primary investment objective of the PSA is to allow participants to achieve the same rate of return as the underlying mutual funds, less fees charged by the insurance company. The PSA do not have any unfunded commitments relating to their investments or any significant restrictions on redemptions. Participant-directed redemptions can be made on any business day and do not have a redemption notice period.

All of the Plan's investments measured at fair value are Level 2 and the following table sets forth the Plan's investments at fair value as of December 31:

	2015	2014
PSA	$ 3,623,120	$ 3,424,323
Total investments at fair value	$ 3,623,120	$ 3,424,323

NOTE 3. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan entered into a traditional investment contract with Great-West that meets the fully benefit-responsive investment contract criteria. Great-West maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Great West is contractually obligated to repay the principal and specified interest rate that is guaranteed to the Plan.

Since the Guaranteed Portfolio Fund is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the fund. Contract value, as reported to the Plan by Great-West, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for the credit risk of Great-West or otherwise. The crediting interest rate is based on a formula agreed upon with Great-West. Such interest rates are reset quarterly as of the beginning of each month.

Certain events limit the ability of the Plan to transact at contract value with Great-West. Such events include, but are not limited to the following: (1) premature termination of the contracts by the Plan, (2) Company layoffs, (3) bankruptcy of the Plan Sponsor, (4) Plan termination, (5) mergers, or (6) early retirement incentives. The plan administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are not probable of occurring.

NOTE 4. PLAN TERMINATION

The Company has the right under the Plan to amend the Plan, to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their Company contributions.

NOTE 5. FEDERAL INCOME TAX STATUS

The Company adopted a volume submitter plan, which is the subject of a favorable tax opinion letter from the IRS dated March 31, 2014. The Company routinely self-reviews the administration of the Plan and self-corrects any compliance issues in accordance with the Employee Plans Compliance Resolution System. The Company believes that the Plan currently is being operated in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is tax-exempt. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6. FINANCIAL DATA CERTIFIED BY THE CUSTODIAN

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information was certified by the Custodian and was not subjected to any auditing procedures performed by the independent public accountants:

a. Participant-directed investments and notes receivable from participants as shown in the accompanying statements of net assets available for benefits as of December 31, 2015 and 2014.

b. Net depreciation of investments and interest income on investments and notes receivable from participants as shown in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2015.

c. Investments, fully-benefit responsive investment contract, and participant loans as of December 31, 2015 as listed in the accompanying Schedule of Assets (Held at End of Year).

NOTE 7. PARTY-IN-INTEREST TRANSACTIONS

Investments are held and managed by Great-West. Transactions with Great-West and its affiliates qualify as party-in-interest transactions for which exemptions exist. During 2015, Great-West and its affiliates received management and contract administration fees of $1,068 that were paid by participants through the Plan and received indirect compensation based on a formula. Additionally, the third party administrator received direct and indirect compensation of $5,867 and $2,088, respectively, and the Plan's broker received indirect compensation of $12,523.

NOTE 8. NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 reduced by the highest outstanding loan balance during the previous 12 months, or 50 percent of their vested account balance. The loan interest rate is set at one percent above the prime rate, as defined in the Plan. Principal and interest are paid ratably through payroll deductions. The loans are stated at the unpaid principal amount, secured by the balance in the participant's account and bear interest at 4.25 percent. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

NOTE 9. SUBSEQUENT EVENTS

The Company has evaluated subsequent events through August 12, 2016, which is the date that the financial statements were available to be issued, and determined that there were no subsequent events or transactions that required recognition or disclosure in the financial statements.
