NOTE 1 - Description of the Plan

The following description of the Country Life, LLC 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions. The Plan covers employees of KI NutriCare, Inc., whose subsidiaries include Country Life, LLC and Allergy Research Group, LLC (collectively, the "Company" or the "Plan Administrator").

General

The Plan was adopted on February 1, 1998 and is a defined contribution plan under Section 401(k) of the Internal Revenue Code ("IRC") covering all employees of the Company upon entry date who are age 21 or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. The Plan Administrator is responsible for oversight of the Plan. The Retirement Plan Committee (the "Committee") determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan Administrator.

Contributions

Each year, participants may contribute up to 92% of their annual compensation, as defined in the Plan, or the applicable dollar amount up to the annual IRC dollar limit of $18,000. Participants may also transfer to their accounts amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investments of their contributions into various investment options offered by the Plan. Under the Plan, the Company may elect to make a matching contribution of an employee's elective deferral. The Company made contributions to the Plan of $113,167 for the year ended December 31, 2015.

A participant age 50 or older, who has reached the annual IRC limit or the Plan's maximum contribution for the year, can make an additional salary deferral catch-up contribution. The additional amount for 2015 was $6,000.

Participant Accounts

Each participant's account is credited with the participant's contribution, rollover contributions and an allocation of the Company's contributions, if any, for that individual, and an allocation of the Plan's earnings. Investment income by fund is allocated to individual accounts based on the proportion each account bears to the total of all account balances with the fund which earned the income. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants are immediately vested in their contributions and rollover accounts plus actual earnings thereon. Vesting in the Company's matching portion of their accounts plus actual earnings thereon is 20% per year. A participant is 100% vested after five years of credited service.

Investment Options

Fidelity Management Trust Company (the "Custodian" and "Trustee" of the Plan), is responsible for maintaining Plan assets and disbursing funds in accordance with the provisions of the Plan. Recordkeeping is also performed by the Trustee.

Participants may direct their accounts to be invested in one or more funds permitted by the Plan.

NOTE 1 - Description of the Plan (cont.)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance minus a participant's highest loan amount during the prior 12 months. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant loans. Loan terms range from one to five years for regular loans and the Plan Administrator can extend a loan term beyond five years for loans used to purchase a primary residence. The loans are secured by the balance in the participant's account and bear interest at rates that range from 3.25% to 5.25%, which are commensurate with prevailing rates as determined by the Plan Administrator. The annual interest rate on the loans is based on the prime rate with principal and interest paid ratably through payroll deductions.

Deemed Distributions

The Plan treats participant loans that are in default due to a missed payment and outstanding loan balances when a terminated participant takes a distribution, as deemed distributions. A loan to an active participant is considered in default on the last business day of the calendar quarter following the calendar quarter in which the loan repayment was due. In accordance with Internal Revenue Service ("IRS") regulations, a participant who repays a loan after a deemed distribution will receive tax basis credits for repayment of a loan pursuant to IRS rules.

Payment of Benefits

Upon termination of service due to death, disability, retirement, or other reasons, a participant may elect to receive, based on the account balance, as defined by the Plan, a lump-sum amount equal to the value of the participant's vested interest in his or her account. In addition, the Plan allows for hardship distributions if certain criteria are met.

Forfeited Accounts

Forfeitures of terminated participants' nonvested accounts, as defined by the Plan, are retained by the Trustee and are used to pay any administrative expenses and any remaining amounts are used to reduce Company contributions. Forfeitures totaled $1,278 during 2015 which, including the prior year balance available to reduce future Company contributions of $16,592, transfers of $1,044 and earnings of $208, amounted to $19,122. Out of this amount, $17,712 was used to reduce Company contributions to the Plan in 2015. Forfeitures thereon available to reduce future Company contributions totaled $1,410 as of December 31, 2015.

Reclassifications

For comparability, certain 2014 amounts have been reclassified to conform with classifications adopted in 2015.

NOTE 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Committee determines the Plan's valuation policies utilizing information provided by the Trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2015 and 2014.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Principally all Plan expenses are paid by the Company, except with respect to investment charges, which are allocated directly to participants.

NOTE 2 - Summary of Significant Accounting Policies (cont.)

Recent Accounting Standards

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2015-07, *"Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)"*. ASU 2015-07 removes the requirement to include investments in the fair value hierarchy for which fair value is measured using the net asset value practical expedient in Accounting Standards Codification 820. ASU 2015-07 requires retrospective application and is effective for fiscal years beginning after December 15, 2015 (non-public for fiscal years beginning after December 15, 2016) with early adoption permitted. The Plan has elected to early adopt the provisions of this new standard. Accordingly, the standard was retrospectively applied.

In July 2015, the FASB issued ASU No. 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), *"Defined Contribution Pension Plans (Topic 962) and Health and Welfare Benefit Plans (Topic 965) - Part I. Fully Benefit-Responsive Investment Contracts; Part II. Plan Investment Disclosures, and Part III. Measurement Date Practical Expedient"*. Part I requires fully-benefit responsive investment contracts to be measured, presented, and disclosed only at contract value. Part II requires that investments that are measured using fair value (both participant-directed and nonparticipant-directed investments) be grouped only by general type, eliminating the need to disaggregate the investments by nature, characteristics, and risks. Part II also eliminates the disclosure of individual investments that represent 5% or more of net assets available for benefits and the disclosure of net appreciation or depreciation for investments by general type, requiring only presentation of net appreciation or depreciation in investments in the aggregate. Additionally, if an investment is measured using the net asset value per share as a practical expedient and that investment is a fund that files a U.S. Department of Labor Form 5500, as a direct filing entity, disclosure of that investment's strategy is no longer required. Part III of the update permits plans to measure investments and investment-related accounts (e.g., a liability for a pending trade with a broker) as of a month-end date that is closest to the Plan's fiscal year-end, when the fiscal period does not coincide with month-end. The amendments within Part I and Part II require retrospective application, while amendments within Part III should be applied prospectively. Management has elected to early adopt the provisions of Part II and Part III of this new standard. Part I is not applicable for the Plan.

Subsequent Events

The Plan has evaluated subsequent events through September 9, 2016, the date the financial statements were available to be issued, for inclusion or disclosure in the financial statements.

NOTE 3 - Certified Financial Information

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2015 and 2014. Accordingly, the Trustee of the Plan, has certified to the completeness and accuracy of all assets reported in the accompanying statements of net assets available for benefits as of December 31, 2015 and 2014, and the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2015, and the related activity reported in the statement of changes in net assets available for benefits for the year ended December 31, 2015.

NOTE 4 - Fair Value Measurements

The authoritative provisions of fair value measurements establishes a framework for measuring fair value for the Plan's financial assets and liabilities that are re-measured and reported at fair value at each reporting period, and non-financial assets and liabilities that are re-measured and reported at fair value at least annually.

The following table presents information about the Plan's assets that are measured at fair value on a recurring basis as of December 31, 2015 and 2014, and indicates the fair value hierarchy of the valuation techniques the Plan utilized to determine such fair value:

Level 1 Inputs to the valuation methodology are unadjusted quoted market prices for identical assets in active markets that the Plan has the ability to access.

Level 2 Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from and corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014:

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trust funds are valued at the NAV of units of a bank collective trust. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

NOTE 4 - Fair Value Measurements (cont.)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014:

	Assets at Fair Value as of December 31, 2015			
	Total	Quoted Prices in Active Markets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Investments Measured, at fair value subject to fair value leveling:				
Mutual funds	$ 7,164,767	$ 7,164,767	$ -	$ -
Investments Measured, at net asset value (a)	1,512,721	-	-	-
Investments, at fair value	$ 8,677,488	$ 7,164,767	$ -	$ -

	Assets at Fair Value as of December 31, 2014			
	Total	Quoted Prices in Active Markets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Investments Measured, at fair value subject to fair value leveling:				
Mutual funds	$ 6,397,788	$ 6,397,788	$ -	$ -
Investments Measured, at net asset value (a)	1,425,477	-	-	-
Investments, at fair value	$ 7,823,265	$ 6,397,788	$ -	$ -

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

NOTE 4 - Fair Value Measurements (cont.)

Investments Measured Using NAV per Share Practical Expedient

The following table summarizes investments for which fair value is measured using NAV per share practical expedient as of December 31, 2015 and 2014, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	December 31, 2015			
	Fair Value	Unfunded Commitment	Redemption Frequency (if currently eligible)	Redemption Notice Period
Collective Trust Fund Wells Fargo Stable Value Fund	$ 1,512,721	N/A	Daily	None

	December 31, 2014			
	Fair Value	Unfunded Commitment	Redemption Frequency (if currently eligible)	Redemption Notice Period
Collective Trust Fund Wells Fargo Stable Value Fund	$ 1,425,477	N/A	Daily	None

NOTE 5 - Administration of Plan Assets

The Plan's assets are administered under a contract with the Trustee, who invests funds received from contributions, investment sales, interest, and dividend income and makes distribution payments to participants.

NOTE 6 - Parties in Interest

Certain Plan investments are shares of registered investment company funds managed by the Trustee as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services are with the Trustee and are party-in-interest transactions. These fees are netted against investment income.

The Plan's investments consist of mutual funds managed by the Trustee, who is the Custodian as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. Purchases and sales of these funds are open market transactions at fair market value. Such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA and applicable exemptions promulgated thereunder.

NOTE 7 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

NOTE 8 - Tax Status

The prototype Plan sponsor obtained its latest opinion letter on March 31, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has since been amended. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with applicable requirements of the IRC. Therefore, the Plan Administrator believes that the Plan was qualified and the related trust was tax-exempt at the financial statement date.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by the taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to tax examinations for years prior to 2012.

NOTE 9 - Risks and Uncertainties

The Plan invests in various investments. Investments are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
