Michaels Stores, Inc. Employees 401(k) Plan

Notes to Financial Statements

December 31, 2015

1. Description of the Plan

The Michaels Stores, Inc. Employees 401(k) Plan (the "Plan") became effective on February 1, 1987, for eligible employees of Michaels Stores, Inc. ("the Employer" or "the Company") and its subsidiaries. The Plan is a defined contribution plan designed to comply with the Employee Retirement Income Security Act of 1974, as amended ("ERISA"), and is intended to satisfy the qualification requirements of the Internal Revenue Code of 1986, as amended ("IRC").

The following is a brief description of the Plan. Participants should refer to the Plan document for complete information regarding the Plan.

Participation

Prior to January 1, 2016, an eligible employee could become a participant as soon as administratively feasible after (i) attainment of the age of 21 and (ii) completion of a six-month eligibility period in which such person is credited with at least 500 hours of service. Effective January 1, 2016, full-time employees are eligible to participate in the Plan after (i) attainment of the age of 21 and (ii) completion of a three-month eligibility period. Also effective January 1, 2016, part-time employees are eligible to participate in the Plan after (i) attainment of the age of 21 and (ii) completion of a one-year eligibility period in which such person is credited with at least 1,000 hours. The initial eligibility period begins with the month in which an eligible employee is hired. Subsequent eligibility periods begin on the first day of the month.

Contributions

Each participant may elect to have his or her compensation reduced, up to a maximum of 80% of the participant's considered compensation, as defined by the Plan, through pretax payroll deductions, and have the Employer contribute these amounts ("Salary Reduction Contributions") for each pay period to the Plan. A participant's Salary Reduction Contributions to the Plan and other such plans may not exceed an amount determined under the IRC each calendar year ($18,000 in 2015). Each participant may also elect to make voluntary, after-tax contributions up to a maximum of 10% of the participant's considered compensation ("Participant Contributions"). Participants in the Plan who have attained the age of 50 are able to make catch-up deferral contributions, subject to statutory limitations.

In addition, the Employer is required to make a contribution ("Employer Matching Contributions") to the account of each participant in an amount equal to 50% of the participant's

1. Description of the Plan (continued)

Salary Reduction Contributions that do not exceed 6% of the participant's considered compensation in such pay period. Employer Matching Contributions are deposited as soon as administratively feasible after the Employer Matching Contributions for the applicable pay period have been determined. All contributions are invested based on the participants' investment elections. Participants may elect to invest their entire Plan account balance in one of, or in any combination of, a variety of investment options, which have been selected by the Plan's Investment Committee.

The Plan intends to meet the requirements of Section 404(c) of ERISA and regulations issued by the U.S. Department of Labor (29 CFR Sec. 2550.404(c)-1). To the extent that a participant chooses how to invest Plan assets under an ERISA Section 404(c) plan, the fiduciaries are not liable for any losses that result from those investment decisions.

Administration of the Plan

The Plan is administered by the Administration Committee, currently consisting of four individuals, all of which are employees of the Employer, appointed by the Employer's Board of Directors. The members of the Administration Committee serve at the discretion of the Board of Directors without compensation for their services.

All expenses incidental to the administration of the Plan are charged to the participants' accounts unless the Employer elects to pay for such expenses. The Employer elected to pay accounting and legal expenses of the Plan in 2015.

Participant Accounts

A separate account is maintained in the Plan for each participant. The account balances for participants are adjusted periodically as follows:

(a) All contributions are allocated to participants' accounts with each Company payroll.

(b) Participants' withdrawal requests are processed weekly.

(c) Income and gains and losses from investments are allocated to the participants' accounts daily. Allocations are based on participant account balances.

(d) Transfers are processed on a daily basis.

1. Description of the Plan (continued)

Custodian of Investments

Charles Schwab Trust Company ("Schwab") is the trustee and custodian of the Plan.

Vesting

Participants become vested in Employer Matching Contributions (including investment gains and losses thereon) at the rate of 33% each year over three years. Participants are fully vested in Employer Matching Contributions upon completing three years of service. Salary Reduction Contributions and Participant Contributions are 100% vested and nonforfeitable at all times, as are contributions rolled over to the Plan from another plan ("Rollover Contributions"). The Company may use forfeitures from non-vested participants to reduce future Employer Matching Contributions. Unallocated forfeited balances as of December 31, 2015 and 2014 were $170,592 and $102,041, respectively. Forfeited non-vested accounts used to reduce Employer Matching Contributions during Plan year 2015 totaled $4,643.

Withdrawals

Upon termination of employment with the Company, participants are entitled to, and may withdraw from the Plan, 100% of their Salary Reduction Contributions, Participant Contributions, and Rollover Contributions, as well as their vested portion of Employer Matching Contributions. Participants may request distribution of their account at any time after their employment termination date. Participants with vested account balances greater than $5,000 as of their termination date may elect to maintain their balance in the Plan until such time the participant requests a distribution. Vested account balances less than $1,000 will be distributed as soon as administratively feasible to the Participant in a single lump-sum distribution. Participants with account balances of $1,000 up to $5,000 at the time of their termination must elect to receive payment directly or roll over their funds into an individual retirement plan ("IRA") or other qualified plan. Absent an affirmative election made by the participant, the Plan administrator must roll over the cash directly into an IRA designated by the Administration Committee.

In addition, there are rules that require minimum distributions to be made from the Plan. Generally, these minimum distributions must begin by April 1 of the calendar year following the later of the year in which the employee retires or the year in which the employee reaches the age of 70½.

In-service withdrawal provisions of the Plan allow for early withdrawal of Participant Contributions and Rollover Contributions at any time and for any reason. Such withdrawals may be subject to ordinary income taxes and early distribution penalty taxes.

1. Description of the Plan (continued)

Participants who are employees and over the age of 59½ may withdraw amounts from their fully vested accounts, either by equal installments or a lump-sum distribution.

Hardship withdrawals of Salary Reduction Contributions may be made under certain limited circumstances while the participant is employed by the Company.

Participant Loans

Notes receivable from participants represent participant loans. Active participants in the Plan may obtain loans from their vested account balances, subject to certain requirements, without incurring income taxes or penalties. Participant loans are repaid, with interest, on an after-tax basis through payroll deductions. Loan repayment periods are determined by the participant and may extend up to five years in all cases except that a loan used to purchase a participant's principal residence may extend up to 10 years. Loan repayments (including interest) are deposited to each participant's account and invested according to the participant's investment elections in effect at the time of repayment.

Termination of the Plan

While the Company has not expressed any intent to discontinue the Plan, the Company may terminate the Plan at any time. In the event the Plan is terminated, the Plan accounts of all active participants would become fully vested.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting. Distributions to participants are recorded when paid. Subsequent events have been evaluated by management through September 8, 2016, the date the financial statements were available to be issued.

Investment Valuation and Income Recognition

Investments are valued at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 3 for further discussion of fair value measurements.

2. Summary of Significant Accounting Policies (continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015 or 2014. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the excess contributions to the applicable participants prior to March 15, 2016.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles ("GAAP") requires the Employer to make estimates that affect the amounts reported in the financial statements, accompanying notes, and supplemental schedule. Actual results could differ from those estimates.

Accounting Pronouncements Recently Adopted

In July 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient* ("ASU 2015-12"). Part I of ASU 2015-12 eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II of ASU 2015-12 eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investment by general type. It also simplifies

2. Summary of Significant Accounting Policies (continued)

the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risk. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. ASU 2015-12 is effective for fiscal years beginning after December 15, 2015 with early adoption permitted. Parts I and II are to be applied retrospectively. The Plan elected to early adopt this new guidance and these financial statements and disclosures reflect the changes. Retrospective application of Part I did not affect net assets available for benefits. The Morley Schwab Stable Value Fund ("Morley Stable Value Fund") is no longer identified as a fully benefit-responsive investment contract based on clarified guidance. The fair value of the Morley Stable Value Fund of $29,509,265 has been adjusted to $29,236,459 and the adjustment from fair value to contract value for the fully benefit-responsive investments of $272,806 has been removed from the statement of net assets available for benefits as of December 31, 2014. The Morley Stable Value Fund is recorded in common/collective trust funds at fair value in the statements of net assets available for benefits. Part III of ASU 2015-12 is not applicable to the Plan.

In May 2015, the FASB issued ASU 2015-07, *Disclosures for Investments in Certain Entities that Calculate Net Asset Value Per Share (or its Equivalent),* ("ASU 2015-07"). ASU 2015-07 removes the requirement to categorize within the fair value hierarchy investments for which fair values are estimated using the net asset value practical expedient provided by Accounting Standards Codification 820, *Fair Value Measurement* ("ASC 820"). Disclosures about investments in certain entities that calculate net asset value per share are limited under ASU 2015-07 to those investments for which the entity has elected to estimate the fair value using the net asset value practical expedient. ASU 2015-07 is effective for public business entities for fiscal years beginning after December 15, 2015, with retrospective application to all periods presented. Early application is permitted. Management has elected to adopt ASU 2015-07 early.

3. Fair Value Measurements

ASC 820 establishes a three-level valuation hierarchy for fair value measurements. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities ("Level 1 measurements") and the lowest priority to unobservable inputs ("Level 3 measurements"). The fair value hierarchy prescribed by ASC 820 is as follows:

Level 1 – Quoted prices for *identical* instruments in active markets

Level 2 – Quoted prices for *similar* instruments in active markets; quoted prices for identical or similar instruments in markets that are not active; and model-derived valuations whose significant inputs are observable

3. Fair Value Measurements (continued)

Level 3 – Instruments with significant *unobservable* inputs

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Descriptions of the valuation methodologies used for assets measured at fair value are as follows:

- Investments in registered investment companies are valued based on published prices of shares held by the Plan on the last business day of the Plan year.

- The investments in the commingled trust and the common/collective trusts are valued at net asset value ("NAV") as determined by the issuer. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value.

The table below sets forth by level, within the fair value hierarchy, the Plan's assets at fair values as of December 31, 2015:

	Level 1	Level 2	Level 3	Total
Investments:				
Registered investment companies	$ 86,761,490	$ -	$ -	$ 86,761,490
Investments measured at net asset value[4]:				
Stable value comon/collective trust fund[1]				29,775,643
Managed retirement common/collective trust funds[2]				24,773,390
Commingled trust fund[3]				20,969,511
Total investments				$ 162,280,034

3. Fair Value Measurements (continued)

The table below sets forth by level, within the fair value hierarchy, the Plan's assets at fair values as of December 31, 2014:

	Level 1	Level 2	Level 3	Total
Investments:				
Registered investment companies	$ 90,323,049	$ -	$ -	$ 90,323,049
Investments measured at net asset value				
Stable value comon/collective trust fund[(1)]				29,236,459
Managed retirement common/collective trust funds[(2)]				20,632,564
Commingled trust fund[(3)]				21,172,270
Total investments				$ 161,364,342

(1) This category includes a common/collective trust that is designed to provide a stable rate of return with preservation of principal and liquidity as primary objectives. This fund is primarily invested in fully benefit-responsive contracts and is valued at the net asset value of units of the collective trust. Participant-directed redemptions must be completed within 30 days from the date of request; however, the Plan is required to provide a one-year redemption notice to liquidate its units in the fund.

(2) This category includes common/collective trusts that seek to provide total return for investors based on the selected year of retirement, and it is designed to provide a single investment fund that automatically adjusts over time to meet the changing risk and return objectives of investors saving for retirement. Participant-directed redemptions must be completed within 10 days from the date of request; however, the Plan is required to provide 30 days' notice for complete withdrawal from the funds.

(3) This category includes a commingled trust that uses an investment approach that attempts to match, before expenses, the performance of the S&P 500 over the long term. There are currently no redemption restrictions on this investment.

(4) Certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been categorized in the fair value tables. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits.

4. Party-In-Interest Transactions

Certain Plan investments in registered investment companies and common/collective trusts are managed by Schwab. Schwab is the trustee as defined by the Plan, and, therefore, these transactions qualify as party-in-interest transactions. All of these transactions are exempt from the prohibited transaction rules. Michaels Stores, Inc., the Plan Sponsor, paid certain administrative fees on behalf of the Plan for the year ended December 31, 2015.

5. Investments

All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held and notes receivable from participants at December 31, 2015 and 2014, and net depreciation in fair value of investments, dividend and interest income, other income and interest income on notes receivable from participants for the year ended December 31, 2015, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Schwab.

The Plan has investments in various securities. Investment securities are exposed to various risks such as interest rate, market volatility and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' accounts and the amounts reported in the statements of net assets available for benefits.

6. Income Tax Status

The Plan has received a determination letter from the Internal Revenue Service (IRS) dated May 25, 2011, stating that the Plan is qualified under Section 401(a) of the IRC and therefore, the related trust is exempt from taxation. Subsequent to this determination by the IRS, the Plan was amended and restated. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualified status. The Administration Committee has indicated that it will take the necessary steps, if any, to bring the Plan's operations into compliance with the IRC.

GAAP requires Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Reconciliation to Form 5500

Excess contributions payable is recorded as a liability in the financial statements for the year the original contributions were made whereas the Form 5500 reflects the excess contributions payable in the year the refunds are distributed back to the participants.

7. Reconciliation to Form 5500 (continued)

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31:

	2015	2014
Net assets available for benefits per the financial statements	**$ 167,367,452**	$ 167,791,107
Add: Adjustment from contract value to fair value for fully benefit-responsive contracts[(1)]	**-**	272,806
Add: Excess contributions payable	**183,680**	76,627
Net assets available for benefits per Form 5500	**$ 167,551,132**	$ 168,140,540

The following is a reconciliation of the net increase per the financial statements to the Form 5500 for the year ended December 31, 2015:

Net decrease per the financial statements	$ (423,655)
Add: Adjustment from contract value to fair value for fully benefit-responsive contracts[(1)]	(272,806)
Add: Change in excess contributions payable	107,053
Net decrease per Form 5500	$ (589,408)

(1) As discussed in Note 2, the Plan adopted new guidance from July 2015 in the current year. As a result, the Plan no longer identified the Morley Stable Value Fund as a fully benefit-responsive investment contract. The financial statements and the Form 5500 both present the Morley Stable Value Fund at fair value measured using the net asset value practical expedient as of December 31, 2015. The Form 5500 measured fair value in a different manner as of December 31, 2014.

8. Subsequent Event

On February 2, 2016, the Company acquired Lamrite West, Inc. and certain of its affiliates and subsidiaries ("Lamrite"), which operates an international wholesale business and arts and crafts retail stores. Related to the acquisition of Lamrite, the Company merged the Lamrite West, Inc. Employee Profit Sharing Plan and Trust Agreement Plan (the "Lamrite Plan") with the Plan on August 1, 2016. As a result of this merger the Plan's net assets increased approximately $38 million. The maximum elective deferral for the 2016 Plan year is 7% of compensation for highly compensated employees of Lamrite as a result of this merger. The non-Safe Harbor matching contributions transferred to the Plan from the Lamrite Plan for former employees of Lamrite who were terminated from employment with Lamrite prior to August 1, 2016 will vest at a rate of 20% each year over five years beginning after the second year of service. Participants with a

balance in the prior non-Safe Harbor non-elective contribution account transferred to the Plan from the Lamrite Plan on August 1, 2016 will be 100% vested in that account. No other significant changes to the Plan provisions are expected.
