INDEPENDENT AUDITOR'S REPORT

To the Participants and Investment Committee of the Oldcastle 401(k) Plan
Atlanta, Georgia

Report on the Financial Statements

We have audited the accompanying financial statements of the Oldcastle 401(k) Plan, which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, and the related statement of changes in net assets available for benefits for the year ended December 31, 2015, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Oldcastle 401(k) Plan as of December 31, 2015 and 2014, and the changes in net assets available for benefits for the year ended December 31, 2015 in accordance with accounting principles generally accepted in the United States of America.

(Continued)

Other Matter

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The information included in the 2015 supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

OLDCASTLE 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2015 and 2014

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Oldcastle 401(k) Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a multiple – employer defined contribution Plan covering employees of Oldcastle Inc. and certain subsidiaries (collectively referred to as the “Company”) who are 18 years old or older and who have completed 90 days of eligibility service. Eligibility for Company contributions requires one year or 1,000 hours of service along with the age requirements. However, certain participating employers of the Plan have different eligibility requirements as detailed in the Plan documents. Oldcastle Inc. is the US subsidiary of CRH PLC. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions: Each year, participants may contribute up to 75% of pretax annual compensation, as defined in the Plan and subject to certain limitations. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution Plans.

Participants hired on or after January 1, 2012 are automatically enrolled at a 2% of eligible compensation contribution rate when hired and can change or discontinue that percentage.

The Company generally matches 100% up to 4% of the base compensation that a participant contributes to the Plan. Additional profit sharing amounts may be contributed at the option of the Company's Board of Directors. Certain participating employers of the Plan have different employer matching, non-elective contribution and profit sharing contribution formulas. Contributions are subject to certain limitations. Plan participants direct the investment of their contributions and the employer matching, non- elective and profit sharing contributions into the various investment options offered by the Plan.

Plan Mergers and Divestitures: During 2015, there were transfers from two defined contribution plans of acquired companies which included the addition of assets to the Plan This included; Composite Materials on June 2, 2015 and Anchor Companies on December 30, 2015. The Company also divested three companies which resulted in transfers out of assets from the Plan. This included Glen Gery, Inc. on March 16, 2015, Merchants Metals on April 1, 2015 and Surfaces Company on August 17, 2015 to other qualified plans sponsored by those companies.

Participant Accounts: Each participant's account is credited with the participant's own contributions and an allocation of (a) the Company's matching contributions, (b) Plan earnings, and (c) the Company's employer profit sharing contributions, if any, and is charged with his or her withdrawals and an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Retirement, Death, and Disability: A participant is entitled to 100% of his or her account balance upon retirement, death, or disability.

Vesting: Participants are immediately vested in their contributions and the matching contributions plus actual earnings thereon. Vesting in the profit sharing contributions, plus earnings thereon, is generally based on a five-year graded schedule at 20% per year, though some participating employers have other vesting schedules for the profit sharing accounts, as detailed in the Plan documents. For non-elective contributions, certain participating employers of the Plan have different vesting schedules as detailed in the Plan documents.

OLDCASTLE 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2015 and 2014

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Payment of Benefits: On termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account in monthly, quarterly, or annual installments. For termination of service for other reasons such as in-service and hardship withdrawals, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Notes Receivable from Participants: Participants may borrow from their pretax and rollover accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their pretax and rollover account balance, whichever is less. The loans are secured by the balance in the participant's account. The interest rate charged to the participant on a loan is updated quarterly and effective on the first business day of the next calendar quarter. The rate is based on the Reuters prime rate with specific deltas. The delta rate is one percent added to, or subtracted from, the prime rate. Principal and interest are paid through payroll deductions.

Forfeitures: Participant forfeitures of Company profit sharing contributions are used to offset Plan expenses or future Company profit sharing contributions. For the Plan year ended December 31, 2015, \$950,000 of forfeited profit sharing contributions were used to offset the funding of the profit sharing contribution for the prior Plan year reflected in the financial statements.

As of December 31, 2015 and 2014, the forfeiture account balance was \$671,684 and \$507,094, respectively.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared under the accrual basis of accounting.

Adoption of New Accounting Standards: In July 2015, the Financial Accounting Standards Board (FASB) amended existing guidance related to the measurement, reporting and disclosure of fully benefit-responsive investment contracts (FBRICs), and in May and July 2015 the FASB amended various other disclosure requirements applicable to investments held by defined contribution pension plans. The new guidance requires FBRICs to be measured, presented and disclosed only at contract value, and it clarifies that a plan's investments in stable value funds are not FBRICs and should be measured and presented only at fair value. The new guidance also eliminates or simplifies various disclosure requirements applicable to plan investments. Adoption of the new guidance resulted in removal of investments for which fair value is measured at net asset value (or its equivalent) from the fair value hierarchy, the reporting of investments within the fair value hierarchy by general type rather than by classes of investments, and other changes in investment disclosure requirements. The Plan elected early adoption of these standards, each of which requires retrospective application to all periods presented. The adoption of these standards had no material effect on the Plan's net assets available for benefits or changes therein.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value as further described in Note 4. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

OLDCASTLE 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2015 and 2014

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Notes Receivable from Participants: Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances.

Payment of Benefits: Benefits are recorded when paid.

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results may differ from these estimates.

Risks and Uncertainties: The Plan holds various investments. These investments are exposed to various risks such as interest rate, market, liquidity, and credit risks. Due to the level of risk associated with certain investments and the sensitivity of certain fair value estimates to changes in valuation assumptions, it is at least reasonably possible that changes in the fair values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Administrative and Investment Management Expenses: Loan origination fees associated with notes receivable from participants and the Plan's record keeping and trustee fees are paid by the Plan and are reflected in the financial statements as administrative expenses of the Plan. Investment management fees are charged to the Plan as a reduction of investment return and included in the investment income (loss) reported by the Plan. All other expenses of the Plan are paid by the Company.

Fair Value of Employer and Participant Contribution Receivable: The carrying amount of the contribution receivable approximates fair value due to its short term maturity.

Reclassifications: Certain amounts from the prior year financial statements have been reclassified for comparative purposes to conform to the presentation in the current year financial statements.

NOTE 3 - RIGHTS UPON PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer profit sharing contributions and earnings thereon.

NOTE 4 - FAIR VALUE MEASUREMENTS

Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs

(Continued)

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

(Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 price such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

Transfers between hierarchy measurement levels are recognized by the Plan as of the beginning of the reporting period.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan.

Mutual Funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

Company Common Stock: The fair value of CRH public limited company common stock is determined by obtaining quoted prices from a nationally recognized exchange (Level 1 input).

Self-Directed Brokerage Accounts: The fair value of investments held in the brokerage accounts (which consist primarily of equities funds) are determined by obtaining quoted prices on nationally recognized securities exchanged (Level 1 inputs).

Collective Trusts: The fair values of participation units held in collective trusts are based on the net asset values reported by the fund managers as of the financial statement dates and recent transaction prices. Each collective trust held provides for daily redemptions by the Plan at reported net asset values per share, with no advance notification requirement. The underlying investments for the funds differ based on the investment strategy for each fund.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 5 - PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. The Plan holds investments in shares of mutual funds managed by Fidelity Investments, an affiliate of the Plan trustee, shares of collective trust funds issued by Pyramis Global Advisors Trust Company, an affiliate of Fidelity Investments an affiliate of the Plan trustee, and a stable value fund issued by Fidelity Management Trust Company, the Plan trustee. These transactions qualify as party-in-interest transactions.

Actual fees paid by the Plan for recordkeeping services to an affiliate of the trustee also qualify as party-in-interest transactions. Such costs are included in administrative expenses in the accompanying financial statements. Investment management fees are paid by the Plan to investment managers, which are parties in interest, and that these expenses are reflected in the financial statements as a reduction of the return on the Plan's investments.

The Plan held notes receivable from participants, and therefore, these transactions also qualify as party-in-interest. As of December 31, 2015 and 2014, the Plan held 1,044,405 and 1,049,741 shares of common stock of CRH plc valued at \$30,130,897 and \$25,216,925, respectively. The Plan also received dividends of \$703,990 during 2015 on this common stock. As Oldcastle Materials, Inc. is a division of CRH plc, this investment and transactions therein are considered a party-in-interest.

NOTE 6 - TAX STATUS

By letter dated January 27, 2015, the Internal Revenue Service (IRS) has determined that the Plan was designed in accordance with the applicable regulations of the Internal Revenue Code. Plan management believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, management believes that the Plan was qualified and the related trust was tax exempt as of the financial statement date.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015 and 2014, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2012.
