FRED HAAS INTERESTS 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2015 and 2014

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Fred Haas Interests 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is established for the benefit of the employees of Fred Haas Motors, Ltd., Fred Haas Interests, Fisher Haas Infiniti, Inc., Fred Haas Country, L.P., Clear Lake Infiniti, L.P., and Fred Haas Nissan, L.P. (collectively, the "Companies"). The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan covers all employees who have completed 90 days of service and have attained the age of 21. Entry dates into the Plan are the first day of each month following the satisfaction of eligibility requirements. The Plan is participant directed and participants may change their investment options at any time.

Contributions

Participants may elect to make salary deferral contributions to the Plan up to 75% of their annual eligible compensation, but not more than the limit established by the Internal Revenue Service (IRS). A participant may designate all or a portion of their salary deferral contributions as Roth elective contributions. Roth elective contributions are made after-tax. Participants age 50 or over in the plan year may also make catch-up contributions into the Plan. Participants may change their contribution rates on the first day of each month or elect to stop contributing at any time.

The Plan allows for participants in a former employer's qualified plan to contribute direct rollovers to this Plan prior to meeting the Plan's eligibility requirements.

The Companies may, at their discretion, contribute for each participant a matching contribution equal to a percentage of each participant's elective contribution. The Companies made matching contributions equal to 10% of each participant's contribution up to 4% of each participant's eligible compensation on a pay period basis.

The Companies may also make an additional discretionary contribution, which shall be allocated to each eligible employee in proportion to his or her eligible compensation as a percentage of the eligible compensation of all eligible employees. No such contributions were made during 2015.

Participant Accounts

Each participant's account is credited with the participant's contributions and the Companies' contributions, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

Vesting

For vesting purposes, a participant must be credited with at least 1,000 hours during the plan year to qualify as one year of service and count toward vesting. Participants are at all times fully vested in their participant and rollover contribution accounts and the appreciation or depreciation thereon. Vesting in the Companies' contributions portion of their accounts plus earnings thereon is based on years of continuous service. Participants vest 20% per year after two years of service and are 100% vested after six years of service. A participant shall be immediately vested upon death, retirement, or termination of employment due to permanent disability. Normal retirement age under the Plan is 65.

Forfeited Accounts

Forfeitures of nonvested contributions shall be used to first pay Plan administrative expenses and then to reduce the Companies' contributions. The forfeitures balance was $1,110 and $1,045 at December 31, 2015 and 2014, respectively. Forfeitures in the amount of $6,658 were used to pay Plan administrative expenses during 2015. Forfeitures in the amount of $327 were used to reduce the Companies' contributions during 2015.

Payment of Benefits

Participants may elect to withdraw any part of their vested account balance upon retirement, termination of employment, death or disability, or attainment of age 59½. Normal retirement age is 65. Hardship withdrawals of vested balances due to immediate and heavy financial need are also permitted, subject to the terms of the Plan document.

Distributions from the Plan are made in lump-sum payments or in alternative structures as allowed by the Plan. All vested benefits in the Plan that are less than $5,000 may be distributed in a single lump-sum payment without consent from the terminated participant.

Plan Termination

Although it has not expressed any intent to do so, the Companies have the right to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would receive benefits based on their account balances accumulated to the date of termination of the Plan.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accounting records of the Plan and the financial statements have been prepared on the accrual basis of accounting.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value except for fully benefit-responsive investment contracts which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements. The plan administrator is responsible for determining the Plan's valuation policies utilizing information provided by the trustee, insurance company, and investment advisors. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in fair value of investments includes gains and losses on investments bought and sold, as well as held during the year.

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Companies and are excluded from these financial statements. Fees related to record keeping and advisory services are allocated to participants' accounts and are included in administrative expenses. Other investment-related expenses are included in net depreciation in fair value of investments.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Recent Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-07, *Disclosures for Investments in Certain Entities that Calculate Net Asset Value Per Share (or its Equivalent)*. ASU 2015-07 removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. The new guidance will be applied retrospectively and is effective for fiscal years beginning after December 15, 2016, with early adoption permitted. Plan management is currently evaluating the impact that the new guidance will have on the Plan's financial statements.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Recent Accounting Pronouncements (Continued)

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient* (ASU 2015-12). Part I eliminates the requirement to measure the fair value of fully benefit-responsive contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive contracts. Part II eliminates the requirements to disclose individual investments that represent five percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics, and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III is not applicable to the Plan. ASU 2015-12 is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. The new guidance is applied retrospectively. The Plan's management has elected to early-adopt Parts I and II and the adoption is reflected retrospectively in these financial statements.

NOTE 3 - FAIR VALUE MEASUREMENTS

The FASB Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures,* clarifies the definition of fair value for financial reporting, establishes a framework for measuring fair value, and requires additional disclosure about the use of fair value measurements in an effort to make the measurement of fair value more consistent and comparable.

Various inputs are used in determining the fair value of the Plan's investments. Valuation techniques used to measure fair value must maximize the use of observable inputs and minimize the use of unobservable inputs. In addition, ASC 820 establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The three levels of the fair value hierarchy, including the types of Plan investments that fall under each category and the valuation methodologies used to measure fair value, are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Mutual Funds: Valued at net asset value (NAV) of shares held by the Plan at year-end. NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market.

Level 2 - Inputs to the valuation methodology are other than quoted market prices in active markets that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities; quoted prices that are in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

NOTE 3 - FAIR VALUE MEASUREMENTS (CONTINUED)

Collective Investment Trust Funds: Valued at net asset value (NAV) of shares held by the fund at year-end. NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is determined by a financial institution. The Plan has no unfunded commitments or contractual obligations to further invest in these funds and there are no restrictions on redemption of these funds.

Level 3 - Inputs to the valuation methodology are unobservable inputs (i.e., projections, estimates, interpretations, etc.) that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The inputs and methodologies used for valuing securities are not an indication of the risk associated with investing in those securities. There have been no changes in the methodologies used at December 31, 2015 or 2014.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2015 and 2014:

	December 31, 2015			
Description	Level 1	Level 2	Level 3	Total
Collective Investment Trust Funds		$115,637		$ 115,637
Mutual Funds	$9,330,185			9,330,185
Total investments at fair value	$9,330,185	$115,637		$9,445,822

	December 31, 2014			
Description	Level 1	Level 2	Level 3	Total
Mutual Funds	$9,079,834			$9,079,834
Total investments at fair value	$9,079,834			$9,079,834

NOTE 4 - INFORMATION CERTIFIED BY THE TRUSTEE AND INSURANCE COMPANY

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Delaware Charter Guarantee and Trust Company dba Principal Trust Company, the trustee of the Plan, and Principal Life Insurance Company, an insurance company, have certified to the completeness and accuracy of all investments reflected in the accompanying statements of net assets available for benefits as of December 31, 2015 and 2014, the schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2015, and the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2015.

NOTE 5 - CONTRACT WITH INSURANCE COMPANY

The Plan holds a traditional investment contract, the Principal Fixed Income Guaranteed Option. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. There were no unfunded commitments related to any of these investments.

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than the minimum guaranteed rate. The crediting rate is reviewed on a semi-annual basis for resetting. The contract cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuers' ability to meet their financial obligations. The issuers' ability to meet their contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuers. Examples of such events including 1) The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code (IRC) or the failure of the trust to be tax-exempt under Section 501(a) of the IRC; 2) Premature termination of the contract; 3) Plan termination or merger; 4) Changes to the Plan's prohibition on competing investment options; and 5) Bankruptcy of the plan sponsor or other plan sponsor events (e.g., divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

NOTE 6 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2015 and 2014:

	2015	2014
Net assets available for benefits per the financial statements	$11,100,705	$10,227,125
Add: Nondiscriminatory refunds payable	83,818	55,018
Net assets available for benefits per the Form 5500	$11,184,523	$10,282,143

The following is a reconciliation of the change in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2015:

Change in net assets available for benefits per the financial statements	$ 873,580
Add: Nondiscriminatory refunds at December 31, 2015	83,818
Less: Nondiscriminatory refunds at December 31, 2014	(55,018)
Change in net assets available for benefits per the Form 5500	$ 902,380

NOTE 7 - PARTY-IN-INTEREST TRANSACTIONS

The Plan provides for investments in mutual funds, collective investment trust funds, and a contract account managed by entities affiliated with Delaware Charter Guarantee and Trust Company dba Principal Trust Company (Principal). Principal is the trustee of the Plan and, therefore, qualifies as a party in interest. These transactions are covered by an exemption from the prohibited transaction provisions.

NOTE 8 - NONDISCRIMINATORY REFUNDS

At December 31, 2015 and 2014, liabilities of $83,818 and $55,018 respectively, are recorded for amounts refundable by the Plan to highly compensated participants for contributions made in excess of amounts allowed by the IRS.

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan provides for various investments. In general, such investments are exposed to various risks such as significant world events, interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 10 - INCOME TAX STATUS

The Plan has adopted a non-standardized prototype plan, which obtained its latest opinion letter dated March 31, 2014, in which the IRS stated that the prototype document satisfies the applicable provisions of the IRC. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, contributions to the Plan and earnings from its assets are not currently taxable to the Plan or its participants.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015 and 2014, there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 11 - SUBSEQUENT EVENTS

In January 2016, Fisher Haas Infiniti, Inc. and Clear Lake Infiniti, L.P. were sold and participants at those locations were no longer active participants in the Plan. The Plan treated the transaction as a Plan termination so that participants would be able to have their accounts distributed or transferred into another retirement account.

The Plan has evaluated subsequent events through September 6, 2016, the date the financial statements were available to be issued.
