(dba Modern Business Associates XIII); Modern Payroll Services IV, Inc. (dba Modern Business Associates XIV); MBA Payroll Services, Inc. (dba Modern Business Associates XV); MBA Payroll Services II, Inc. (dba Modern Business Associates XVI); MBA Payroll Services III, Inc. (dba Modern Business Associates XVII); MBA Payroll Services IV, Inc. (dba Modern Business Associates XVIII) and MBA HRO, Inc. (dba MBA HRO) are related affiliates of the Sponsor and adopted the Plan as co-sponsors. These entities, along with MBA, are collectively referred to herein as the Sponsor. The Sponsor is a professional employer organization that provides its clients with assistance in payroll, benefits, and workers' compensation administration, as well as human resources support. The Sponsor and its clients are collectively referred to herein as the Employer. Participants and adopting clients should refer to the Plan document for a more complete description of the Plan's provisions.

(a) General

Effective June 1, 1997, MBA established a 401(k) plan for its employees. MBA's clients may also adopt the Plan by signing an adoption agreement. The terms of the Plan document apply uniformly to all clients who adopt; however, some variation is allowed. On July 26, 2012, certain Plan assets of the Sponsor and various adopting clients were transferred to John Hancock Life Insurance Company (U.S.A.) (John Hancock). Concurrent with this transfer of assets to John Hancock, the Plan adopted The Pension Studio Volume Submitter Profit Sharing/401(k) Plan. During 2013 and 2014 all remaining assets were transferred to John Hancock. As of December 31, 2014 and 2015, all Plan assets are held by John Hancock.

The Plan is a multiple-employer, defined contribution plan covering all full-time employees of the Employer who have one year of service and are 21 years of age or older. An adopting client may elect to waive or change the service eligibility requirement for individuals who are performing services for the adopting client as of the date the Plan is adopted. However, individuals hired after the adoption date are subject to the standard eligibility requirements, unless otherwise elected. An adopting client's employees receive service credit for service with the adopting client prior to the commencement of the co-employment relationship with MBA. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

MBA RETIREMENT SAVINGS PLAN

Notes to Financial Statements - Continued

(1) Description of the Plan - Continued

(b) Contributions

Each year, participants may contribute a portion of pretax annual compensation, as defined in the Plan, subject to Internal Revenue Code limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing rollovers from other qualified plans. Effective June 11, 2011, the plan was amended to allow rollover contributions from after-tax Roth 401(k) contributions. Effective January 1, 2013, Roth 401(k) deferrals into the plan are allowed.

An adopting client may elect to make matching, safe harbor, profit sharing or qualified non-elective contributions.

(c) Participant Accounts

Participants direct the investment of their contributions into various investment options offered by the Plan. The Employer may make matching, profit sharing, safe harbor and qualified non-elective contributions. An employee must be an eligible participant as documented in the Employer's adoption agreement to receive an allocation of any profit sharing contribution.

Each participant's account is credited with the participant's salary deferral contributions, an allocation of any Employer contributions and Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

(d) Vesting

Participants are immediately vested in salary deferral contributions, employer's qualified non-elective and safe harbor contributions, rollovers to the Plan, and any earnings thereon. Vesting in the matching and profit sharing contribution portion of their accounts plus actual earnings thereon is based on years of service.

(e) Forfeited Accounts

Any non-vested amounts in a terminated participant's account are forfeited by that participant. Forfeited amounts may be used to reduce future employer contributions or administrative expenses. At December 31, 2015 and 2014, there were approximately \$43,000 and \$44,000, respectively of unapplied forfeitures. During 2015, employer contributions were offset by approximately \$7,000 from forfeited, non-vested accounts.

(f) Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participants' accounts and bear interest at a rate commensurate with local prevailing rates. The interest rate on all loans was 4.25% at December 31, 2015. Principal and interest are paid ratably through payroll deductions. Effective March 1, 2014, participants may have two loans outstanding at any time.

(g) Benefit Payments

The Plan provides for the payment of vested benefits to participants upon retirement, death, disability, hardship, termination of employment, or upon reaching the age of 59½ years. Benefits are recorded when paid. In the event of termination, a participant shall be entitled to benefits equal to a lump sum amount equal to the value of the participant's vested interest in his or her account, to maintain their account with the Plan or a combination of both. If the value of a terminated participant's vested benefit does not exceed \$1,000, the entire amount shall be paid to the participant in a single lump sum.

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

(b) Investment Valuation and Income Recognition

Investments in pooled separate accounts are valued at fair value based on quoted market prices. Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net (depreciation)/appreciation in fair value of investments includes both realized gains and losses on investments sold during the year and unrealized gains and losses on investments held at the end of the year.

(c) Risks and Uncertainties

The Plan invests in a combination of investment securities which are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(d) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

(e) Administrative Expenses

All reasonable expenses related to Plan administration are allocated to participants in direct relation to their participant-directed investments. Plan expenses include all reasonable costs, charges and expenses incurred in connection with the administration of the Plan.

(f) Recent Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-07, *Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*. The ASU removes the requirement to categorize within the fair value hierarchy investments for which fair values are estimated using the net asset value per share as a practical expedient provided by FASB Accounting Standards Codification Topic 820, *Fair Value Measurements and Disclosures* (ASC 820). Disclosures about investments in certain entities that calculate net asset value per share are limited under this ASU to investments for which the entity has elected to estimate the fair value using the net asset value practical expedient. The guidance requires retrospective application and is effective for public business entities for fiscal years, and interim periods within those years, beginning after December 15, 2015. For all other entities, the guidance is effective for fiscal years, and interim periods within those years, beginning after December 15, 2016. The Plan's management is currently evaluating the impact of ASU 2015-07 and does not expect the adoption of this ASU to have a material impact on the Plan's financial statements.

(f) Recent Accounting Pronouncements - Continued

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Part I of the ASU eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II of this ASU eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. It also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics, and risk. Further the disclosure of information about fair value measurements shall be provided by general type of the investments of the plan. Part III of this ASU allows a plan with a fiscal year end that does not coincide with the end of a calendar month to measure its investments and investment-related accounts using the month end closest to its fiscal year end. The guidance is effective for fiscal years beginning after December 15, 2015 and early adoption is permitted. The guidance on fully benefit-responsive investment contracts and plan investment disclosures must be applied retrospectively. The guidance on measurement date practical expedient must be applied prospectively. Plan management has elected to early adopt ASU 2015-12 Part II. The statements of net assets available for benefits and changes in net assets available for benefits of the Plan were not affected by the adoption of the new guidance. Parts I & III are not applicable to this Plan.

(3) Information Certified by Plan's Custodian (Unaudited)

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations and Disclosures under ERISA. Accordingly, John Hancock, the custodian, has certified that the following information included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investment at fair value and notes receivable from participants as of December 31, 2015 and 2014, as shown in the statements of net assets available for benefits;
- Net depreciation in fair value of pooled separate accounts and related investment activity and interest income on notes receivable from participants for the year ended December 31, 2015, included in the statement of changes in net assets available for benefits;
- The Schedule of Assets (Held at End of Year) as of December 31, 2015.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

(4) Excess Contributions Payable

Excess contributions payable represent amounts due to certain active participants to return to them excess deferral and employer matching contributions as required to satisfy the relevant nondiscrimination provisions of the Plan.

(5) Plan Transfers

During 2015, seven of the Sponsor's clients adopted the Plan and five clients decided to leave the Plan. Amounts transferred in and out of the Plan from, and to, outside plans during 2015 totaled \$2,932,319 and \$2,690,929, respectively.

(6) Party-in-Interest Transactions

Plan investments are shares of pooled separate accounts managed by John Hancock. John Hancock is a custodian as defined, and therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for certain investment advisor services are included in net depreciation in fair value of pooled separate accounts, as they are paid through revenue sharing, rather than a direct payment. During 2015, the Plan paid approximately \$92,000 to the Plan Sponsor for trustee fees, approximately \$59,000 to a Plan investment advisor, and approximately \$33,000 to The Pension Studio for third-party administrative fees. These transactions qualify as party-in-interest transactions, as defined in Section 3(14) of ERISA. They are, however, expressly exempted from the prohibited transaction rule. The Company pays other fees related to the Plan's operations.

(7) Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their account balances.

(8) Tax Status

Effective July 26, 2012, the Plan adopted a volume submitter plan, which received an opinion letter dated March 31, 2008, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter; however the plan administrator and Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

MBA RETIREMENT SAVINGS PLAN

(8) Tax Status - Continued

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed tax positions taken by the Plan, and has concluded that as of December 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(9) Fair Value Measurements

FASB *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- a) Quoted prices for similar assets or liabilities in active markets;
- b) Quoted prices for identical or similar assets or liabilities in inactive markets;
- c) Inputs other than quoted prices that are observable for the asset or liability;
- d) Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

(9) Fair Value Measurements - Continued

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2015 and 2014.

Pooled Separate Accounts

Pooled separate accounts are valued at quoted market prices in exchange and active markets, which represent the net asset values of shares held by the Plan at year end and are classified as Level 1 investments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014:

Investments at Fair Value as of December 31, 2015			
Quoted Prices in Active Markets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Assets Measured at Fair Value at 12/31/2015
Pooled separate accounts	\$ 16,083,173	-	16,083,173
Investments at Fair Value as of December 31, 2014			
Quoted Prices in Active Markets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Assets Measured at Fair Value at 12/31/2015
Pooled separate accounts	\$ 15,637,278	-	15,637,278

(10) Subsequent Events

Plan management has evaluated events and transactions for potential recognition or disclosure through August 31, 2016, the date the financial statements were available to be issued.
