Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

ATTACHMENT TO 2014 SCHEDULE SB
PLAN: STRIPPIT, INC. PENSION PLAN FOR SALARIED EMPLOYEES
EIN/PN: 13-3372065 / 002

Schedule SB, Line 22 – Description of Weighted Average Retirement Age

The assumed retirement age is 63.

Schedule SB, Part V – Statement of Actuarial Assumptions / Methods

Actuarial Cost Methods:

Traditional Unit Credit

The actuarial cost method used in the valuation was the traditional unit credit cost method.

The normal cost is the sum of all the individual normal costs for each participant. For active participants, the individual normal cost is the present value of the benefit earned during the year being valued. The normal cost is zero for active participants whose credited service equals or exceeds the plan maximum, and for non-active participants.

The actuarial accrued liability is the sum of the individual accrued liabilities for all participants. The individual accrued liability for an active participant is the present value of the accrued benefit as of the valuation date. For non-active participants, the individual accrued liability is the present value at the current age of future benefits. The unfunded liability is the actuarial accrued liability less the valuation assets.

The total annual cost of the plan is the normal cost plus an amount to amortize the shortfall amount.

Projected Unit Credit

The actuarial cost method used in the development of the maximum contribution and the at-risk liabilities, if applicable, was projected unit credit cost method.

Under this method, the normal cost is the sum of the individual normal costs for all participants. For an active participant, the individual normal cost is the present value at the current age of the projected benefit at the assumed retirement age, based on the actuarial assumptions, divided by the participant's expected years of credited service at that age. For a non-active participant, the normal cost is zero.

The actuarial accrued liability is the sum of the individual accrued liabilities for all plan participants. For an active participant, the individual accrued liability is the product of the normal cost and the total years of credited service at the current age. For non-active participants, the individual accrued liability is the present value at the current age of future benefits. The unfunded actuarial accrued liability equals the actuarial accrued liability less the valuation assets.

Asset Valuation Method:

The actuarial value of the assets is determined by using the average value of the fair market value of the plan's assets at the valuation date over a 24 month period adjusted for contributions, distributions, expected earnings, and includes contributions receivable discounted to the end of the plan year. The asset value determined under this method is adjusted to be no greater than 110% and no less than 90% of the fair market value of assets.

Participants included in valuation:

All employees who are eligible to participate as of the valuation date, plus retirees, beneficiaries and terminated participants entitled to current or future benefits.

Schedule SB, Part V – Statement of Actuarial Assumptions / Methods (Continued)

Discount Rates:	The HATFA segment rates published for 2014 (4.99%/6.32%/6.99%). Additionally, the Plan's effective rate, based upon the HATFA segment rates is 6.47%for 2014.
Expected Rate of Return on Plan Assets:	The expected return assumption is the applicable 3rd segment rate as detailed in Notice 2009-22 (6.99% for 2014).
Mortality:	Optional combined annuitant and non-annuitant RP2000 mortality tables, projected 7 years for annuitants and 15 years for non-annuitants beyond the valuation year for PPA funding.
Retirement:	63
Turnover:	None
Disability:	None
Percent married:	80%; wives are assumed to be 3 years younger than their husbands.
Frequency of Optional Forms of Payment:	100% of participants are assumed to elect the life annuity with 5 years certain option upon retirement
Expenses:	$36,210, based on prior year administrative expenses

Schedule SB, Part V – Statement of Plan Provisions

History

The plan became effective on December 21, 1998. On August 25, 1998, Strippit, Inc. was sold by IDEX Corporation to LVD Akron Inc. At that time, the accrued benefits of participants in the IDEX plan were frozen and employees ceased active participation in the IDEX plan. Assets and liabilities were transferred to the Strippit, Inc. Pension Plan for Salaried Employees effective August 25, 1998.

Eligibility

Each employee who was a participant in the IDEX plan on August 25, 1998 is a participant in the Strippit, Inc. Pension Plan for Salaried Employees. No other employees are eligible to participate.

Vesting Credit

All participants are 100% vested; vesting credit is used to determine eligibility for early retirement benefits. Vesting credit is equal to the years of service determined as of August 25, 1998 under the IDEX plan, plus the participant's elapsed time period of service earned after August 25, 1998.

Normal Retirement

Eligibility
Age 65.

Amount of Benefit
Frozen accrued benefit.

Early Retirement

Eligibility
55 and 10 years of vesting service.

Amount of Benefit
For a participant whose age plus service is at least 75 and whose vesting service is at least 20 years, the accrued benefit is reduced by 0.25% for each of the first 60 months and by 0.4167% for each of the next 60 months that the benefit commences prior to age 65. For all other participants, the accrued benefit is reduced by 0.5% for each of the first 60 months and by 0.4% for each of the next 60 months that the benefit commences prior to age 65.

Schedule SB, Part V – Statement of Plan Provisions (Continued)

Death Benefit

Eligibility

All active participants are 100% vested and eligible for pre-retirement death benefits.

Amount of Benefit

One-half of the benefit that would have been paid if the participant had retired the day before he died under the joint and survivor option. Benefits are paid immediately or at the participant's early retirement age, if later. If a participant has 5 years of vesting service and their age plus vesting service is at least 50, the spouse's benefit is 50% of the accrued benefit payable immediately. A 2% per year reduction applies for each year the spouse is more than 5 years younger than the participant.

Vesting

Eligibility

All active participants are 100% vested and eligible for termination benefits.

Amount of Benefit

Accrued benefit payable at normal retirement date or at early retirement. If paid at early
retirement, the benefit is reduced in the same manner as for early retirement.

Normal Form of Payment

If married, benefits are paid in the form of a 50% joint and survivor annuity. If not married, benefits are payable for the life of the participant with 5 years guaranteed.

Optional Forms of Payment

In lieu of the Normal Form of Payment, participants may elect one of the following optional forms of payment: life annuity; life annuity with 60 or 120 monthly payments guaranteed; 50%, 55%, or 100% joint and survivor; lump sum payment.

Schedule SB, Part V – Statement of Plan Provisions (Continued)

Assumptions for Optional Forms of Payment

Optional forms of payment are calculated by multiplying the monthly pension benefit payable under Normal Retirement or Early Retirement by a percentage based upon the following formulas:

Life Annuity: 102%, increased by .1% for each 12 months by which commencement is past the Participant's attainment of age 65 or decreased by .1% for each 12 months by which commencement is prior to the Participant's attainment of age 65;

Life Annuity with 120 monthly payments guaranteed: 95%, increased by .3% for each 12 months by which commencement is past the Participant's attainment of age 65 or decreased by .3% for each 12 months by which commencement is prior to the Participant's attainment of age 65.

50% Joint and Survivor Annuity: 91%, increased by .2% for each 12 months by which commencement is preceded by the Participant's attainment of age 65 or decreased by .2% for each 12 months by which commencement is past the Participant's attainment of age 65, and then increased by .4% for each 12 months the Spouse's age exceeds the Participant's age or decreased by .4% for each 12 months the Participant's age exceeds the Spouse's age;

55% Joint and Survivor Annuity: 90%, increased by .5% for each 12 months the Spouse's age exceeds the Participant's age by more than 5 years or decreased by .5% for each 12 months the Participant's age exceeds the Spouse's age by more than 5 years

75% Joint and Survivor Annuity: 84%, increased by .5% for each 12 months by which commencement is preceded by the Participant's attainment of age 65 or decreased by .5% for each 12 months by which commencement is past the Participant's attainment of age 65, and then increased by .6% for each 12 months the Spouse's age exceeds the Participant's age or decreased by .6% for each 12 months the Participant's age exceeds the Spouse's age;

100% Joint and Survivor Annuity: 81%, increased by .5% for each 12 months by which commencement is preceded by the Participant's attainment of age 65 or decreased by .5% for each 12 months by which commencement is past the Participant's attainment of age 65, and then increased by .7% for each 12 months the Spouse's age exceeds the Participant's age or decreased by .7% for each 12 months the Participant's age exceeds the Spouse's age.

The lump sum value is calculated using the IRS Lump Sum Mortality Table and the segment rates published for October of the prior plan year.

Contributions

The employer pays the total cost of the plan.

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Strippit, Inc. Pension Plan for Salaried Employees, which comprise the statements of net assets available for plan benefits as of November 30, 2015 and 2014, and the related statements of changes in net assets available for plan benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Vanguard Fiduciary Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended November 30, 2015 and 2014, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets held for investment purposes as of November 30, 2015 is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

1. Description of Plan

The following description of the Strippit, Inc. Pension Plan for Salaried Employees ("the Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a non-contributory defined benefit pension plan sponsored by Strippit, Inc. ("the Company"). Prior to August, 1998, the Company was a division of IDEX Corporation. The Plan was formed on December 21, 1998 at which time certain assets of the IDEX Corporation Retirement Plan ("the IDEX Plan") were transferred to the Plan and the Plan was frozen. No new participants are permitted to enter the plan. All full-time salaried employees of the Company who were participants of, and had accrued benefits in, the IDEX Plan participate in the Plan, although they no longer accrue benefits. The Plan will remain in existence as long as necessary to pay previously accrued benefits. The Plan is subject to the Employee Retirement Income Security Act of 1974 ("ERISA").

Administration

The Company is responsible for the general administration of the Plan and carrying out the Plan's provisions. Vanguard Fiduciary Trust Company ("the Trustee") serves as the trustee and the custodian of the Plan's assets. The Company pays certain administrative expenses of the Plan.

Eligibility

Each salaried employee who participated in the IDEX plan on August 25, 1998 is a participant in the Plan. No other employees are eligible to participate.

Vesting

All participants are 100% vested.

Payment of benefits

Under the Plan, a participant is eligible for normal retirement benefits upon attaining age 65. The Plan also has provisions for early retirement benefits. The Plan provides for early and disability retirement benefits at reduced levels upon completion of certain age and service requirements. Benefits are payable in the form of joint and survivor annuity, single life annuity, or a lump sum payment.

Funding policy

Employees are neither required nor permitted to contribute to the Plan. The Company makes contributions to the Plan as determined by its actuary to be required under accepted actuarial principles in order to meet the minimum funding requirements of ERISA. Contributions of $136,000 and $306,000 were required for the years ended November 30, 2015 and 2014, respectively.

1. Description of the Plan (Continued)

Administrative expenses

The plan sponsor has elected to pay certain administrative fees of the Plan. For 2015 and 2014, administrative expenses consisted of the following:

	2015	2014
Total administrative expenses	$ 52,337	$ 40,663
Less: Expenses paid by plan sponsor	-	(4,450)
	$ 52,337	$ 36,213

2. Summary of Significant Accounting Policies

Basis of accounting

The accompanying financial statements have been prepared on the accrual basis and present the net assets available for plan benefits and changes in those net assets.

Cash and cash equivalents

The Company considers all highly liquid investments with a maturity of three months or less to be cash and cash equivalents.

Investments

The Strippit, Inc. Master Trust ("the Trust") was established for the investment of the Plan's assets and the assets of an additional employee benefit plan sponsored by the Company. Both plans have an undivided interest in the Trust. The Trustee holds the assets of the Trust. The Plan's investments are stated at fair market value. Shares of registered investment companies are valued at quoted market prices which represent the net asset value of shares held by the Plan at year end. Investment income and administrative expenses are allocated to the individual plans based upon average monthly balances invested by each plan.

The fair value of the Plan's interest in the Trust is based on the beginning of year value of the Plan's interest in the Trust plus actual contributions (if any) and allocated investment income less actual distributions and allocated administrative expenses. At November 30, 2015 and 2014, the Plan's interest in the Trust was 45.6%.

Revenue recognition

Purchases and sales of securities are recorded on the trade date basis. Interest and dividends are recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

2. Summary of Significant Accounting Policies (Continued)

Payment of benefits

Benefits are recorded when paid.

Use of estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Actuarial present value of accumulated plan benefits

Accumulated plan benefits are those future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to services rendered by employees through December 21, 1998, at which time participants stopped accruing benefits. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died and (c) present employees or their beneficiaries. Benefits payable under all circumstances (retirement, death, disability and termination of employment) are included to the extent they are deemed attributable to employee service rendered through December 21, 1998.

Fair value measurements

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 820, *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC Topic 820 are described below:

Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 — Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;

2. Summary of Significant Accounting Policies (Continued)

Fair value measurements (Continued)

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at November 30, 2015 and 2014.

Cash equivalents: Includes money market accounts, certificates of deposit and all highly-liquid debt instruments purchased with an original maturity date of three months or less.

Corporate bonds and common stocks: Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual funds: Valued at the net asset value ("NAV") of shares held by the Plan at the end of the year.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Plan management's review of subsequent events

The Plan administrator evaluated events occurring between the end of the most recent fiscal year and September 8, 2016, the date the financial statements were available to be issued.

2. Summary of Significant Accounting Policies (Continued)

Risks and uncertainties

Contributions to the Plan and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates and demographics. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the changing nature of these assumptions and the level of risk associated with investment securities, it is at least reasonably possible that changes in these assumptions and in the values of investment securities will occur in the near term. Additionally, such changes could materially affect accumulated benefit obligations and the amounts reported in the statements of net assets available for plan benefits.

Income taxes

The Plan evaluates income tax positions for uncertainty to determine any tax positions that may not be fully sustained upon examination by taxing authorities, despite the belief that the underlying tax positions are fully supportable. Tax positions are reviewed on an ongoing basis and are analyzed in light of changing facts and circumstances, including progress of tax audits, developments in case law, and closing of statute of limitations. The Plan administrator has determined that the Plan has no uncertain tax positions.

New accounting pronouncements

In July, 2015 the FASB issued Accounting Standards Update ("ASU") No. 2015-12, Defined Benefit Pension Plans (Topic 960), which provides new methods for employee benefit plan reporting and disclosures. The guidance is effective for annual periods beginning after December 15, 2015 with early application permitted. Effective December 1, 2014, the Plan has implemented this accounting pronouncement (see **Investments**).

3. Accumulated Plan Benefits

The actuarial present value of accumulated plan benefits is determined by an actuary and is that amount which results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, termination or retirement) between the valuation date and the expected date of payment.

3. Accumulated Plan Benefits (Continued)

The significant assumptions used in calculating the actuarial present value of the accumulated plan benefits as of December 1, 2014 and 2013 were as follows:

Interest rate	6.47% and 6.67%, respectively
Employee turnover	None
Retirement age	Normal retirement age is 63
Mortality rate	Combined RP-2014 and Scale MP-2014 projected 7 years for annuitants and 15 years for non-annuitants and Combined RP-2000 Mortality Table Projected to 2015, respectively
Investment rate of return	6.99% and 7.16%, compounded annually, respectively

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. If the Plan were to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of the accumulated plan benefits.

The actuarial present value of accumulated plan benefits consisted of the following at December 1:

	2014	2013
Vested benefits:		
Participants currently receiving benefits	$ 3,547,712	$ 3,278,077
Active participants	1,811,396	1,565,297
Other participants	3,098,860	2,980,939
	$ 8,457,968	$ 7,824,313

The change in actuarial present value of accumulated plan benefits consisted of the following for the years ended December 1:

	2014	2013
Accumulated plan benefits - beginning of year	$ 7,824,313	$ 7,700,881
Actuarial losses	(4,751)	(2,079)
Benefits paid and annuities purchased	(450,190)	(399,795)
Interest	532,212	525,306
Change in mortality rate assumption	556,384	-
	633,655	123,432
Accumulated plan benefits - end of year	$ 8,457,968	$ 7,824,313

4. Financial Information Certified by the Trustee

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Vanguard Fiduciary Trust Company, the trustee of the Plan, has certified the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for plan benefits and the schedule of assets held for investment purposes and the related investment income reflected in the statements of changes in net assets available for plan benefits.

5. Investments

Effective December 1, 2014, the Plan adopted FASB ASU 2015-12 and has elected not to disclose individual investments that represent 5% or more of net assets and the net appreciation (depreciation) by investment type for both participant directed and nonparticipant directed investments. The adoption of FASB ASU 2015-12 is retrospectively applied to the year ended November 30, 2014.

The following information was certified by the Trustee and is included in the financial statements and supplemental schedule:

	2015	2014
Plan interest in Strippit, Inc. Master Trust	$ 19,482	$ 19,608
Plan interest in Strippit, Inc. Master Trust income	$ 1,628	$ 2,255
Schedule of Assets Held for Investment Purposes	Schedule H	

The fair market value of the investments of the Strippit, Inc. Master Trust were as follows at November 30:

	2015	2014
Accrued interest and dividends	$ 16,293	$ 14,519
Cash and cash equivalents	1,241	1,240
Corporate bonds	24,196	25,844
Common stock	993	1,397
	$ 42,723	$ 43,000

6. Fair Value Measurements

The fair value of investments determined to be level 1 assets as of November 30, 2015 and 2014 consisted of:

	2015	2014
Cash and cash equivalents	$ 2,892,217	$ 2,666,404
Mutual funds	6,035,483	6,345,857
	$ 8,927,700	$ 9,012,261

The Plan's interest in the underlying assets of the Strippit, Inc. Master Trust were all determined to be level 1 assets as of November 30, 2015 and 2014 and consisted of:

	2015	2014
Accrued interest and dividends	$ 7,430	$ 6,621
Cash and cash equivalents	566	565
Corporate bonds	11,033	11,785
Common stock	453	637
	$ 19,482	$ 19,608

7. Related Party Transactions

The Plan invests in shares of mutual funds managed by affiliates of Vanguard Fiduciary Trust Company. Vanguard Fiduciary Trust Company acted as the trustee for only those investments as defined by the Plan. Transactions in such investments qualified as party-in-interest transactions which were exempt from prohibited transactions rules. Administrative fees paid to Vanguard Fiduciary Trust Company amounted to $14,219 and $9,807 for the years ended November 30, 2015 and 2014, respectively.

8. Tax Status

The Plan obtained its latest determination letter on May 8, 2002 in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable provisions of the Internal Revenue Code (IRC). Therefore, no provision for income taxes has been included in the Plan's financial statements. The Plan has been amended since receiving this determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

9. Plan Termination

Although it has not expressed any intent to do so, the Company reserves the right under the Plan to terminate the Plan subject to the provisions set forth in the Plan and ERISA.

In the event that the Plan is terminated, the net assets of the Plan will be allocated for payment of benefits to the participants in the order of priority as determined in accordance with ERISA, applicable regulations thereunder and the plan document, as follows:

a) Benefits former employees or their beneficiaries have been receiving, or that employees eligible to retire would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority is limited to individuals in pay status, or eligible to be in pay status as of three years prior to the plan termination date. The amount is further limited to the lowest benefit that would be payable under plan provisions in effect at any time during the three years preceding plan termination.

b) Other benefits guaranteed under Title IV of ERISA.

c) All other nonforfeitable benefits.

d) All other benefits.

e) Funding in excess of vested benefits reverts back to the respective employer.

Certain benefits under the Plan are insured by the Pension Benefit Guaranty Corporation ("PBGC") if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination, subject to a statutory ceiling on the amount of an individual's monthly benefit.

Whether all participants receive their benefits should the Plan be terminated at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide those benefits, the priority of those benefits to be paid and the level and type of benefits guaranteed by the PBGC at that time. Some benefits may be fully or partially provided for by the then existing assets and the PBGC guarantee while other benefits may not be provided for at all.
