Catholic Health Initiatives 401(k) Retirement Savings Plan

Notes to Financial Statements

December 31, 2015

1. Description of the Plan

The following description of the Catholic Health Initiatives 401(k) Retirement Savings Plan, formerly Catholic Health Initiatives 401(k) Plan (the Plan) provides general information. Participants should refer to the plan document for a complete description of the Plan's provisions.

General

The Plan, effective as of July 1, 1998, is a participant-directed, defined contribution plan covering employees of adopting employers (the Employers) of Catholic Health Initiatives (the Plan Sponsor or CHI). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

On January 1, 2011, the Plan changed service providers from Great-West Retirement Services (Great-West), as record-keeper and agent of Wells Fargo Bank, N.A., as custodian, to Fidelity Management Trust Company (Fidelity), as record-keeper and trustee. As a result, all plan balances were transferred to Fidelity, with the exception of certain participant balances held in the Great-West Guaranteed Fixed Fund (the Guaranteed Fixed Fund). As discussed further in Note 2, pursuant to the contract, the Guaranteed Fixed Fund is being liquidated over a five-year period.

Effective January 1, 2014, the Plan was amended and restated to include substantial changes in plan design, and was renamed the Catholic Health Initiatives 401(k) Retirement Savings Plan. As part of these changes, CHI has closed the Catholic Health Initiatives Retirement Plan for For-Profit Entities to all future contributions effective December 31, 2014.

Effective January 1, 2015, the St. Luke's Episcopal Health System 401(k) Plan was merged into the Plan. Approximately \$1,600,000 of participant account balances were transferred into the Plan in accordance with the merger.

Effective April 1, 2015, the QCA Employees 401(k) Plan was merged into the Plan. Approximately \$6,500,000 of participant account balances were transferred into the Plan in accordance with the merger.

1. Description of the Plan (continued)

Contributions

Participants may contribute up to 80% of pretax annual compensation as defined in the Plan. Contributions are limited by the Internal Revenue Code (the Code) annual limit or by plan limits. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also make Roth contributions to the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). The Plan includes an automatic enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate. Automatically enrolled participants have their deferral rate set at 4% of eligible compensation and their contributions invested in a designated fund (Fidelity Freedom Fund) until changed by the participant. The automatic enrollment feature takes effect 60 days following the participant's date of hire. The automatic percentage increases 1% annually until the percentage reaches 10%.

Matching contributions are made to the Plan by substantially all participating employers on a pay-period basis. Matching contribution amounts are based on employment status. Certain participating employers provide a match of 100% up to 1% of compensation, plus 50% in excess of 1% up to 6% of compensation. Other participating employers provide a match of 50% up to 6% of compensation. Certain employees at Consolidated Health Services, Inc. (CHS) (PRN (i.e., on-call or necessary employees) and temporary) are excluded from the matching provisions of the Plan. The Plan provides for a "true-up" contribution to be made subsequent to December 31 to ensure that participants have received their full match as calculated on an annual basis. To be eligible for the true-up contribution, the participant must have worked 1,000 hours and be employed on December 31. Non-elective contributions can be made based on the discretion of the participating employer. Such amounts equal 2.5% of compensation (\$1,000 minimum) or 1% of compensation dependent upon the employment status of the participant. CHS employees receive 1% compensation with no annual minimum non-elective contribution.

All investments in participant accounts are participant directed.

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Participant Accounts

Each participant's account is credited with the participant's contributions and with allocations of (i) employer contributions and (ii) plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account. The fixed administrative fee is charged only one time (on a quarterly basis) even if a participant has multiple CHI plan accounts administered at Fidelity.

Vesting

Participants are immediately vested in all employee contributions plus actual earnings thereon. Employer contributions made to the Plan prior to January 1, 2014, plus actual earnings thereon are also 100% vested. Matching and non-elective contributions made to the Plan after January 1, 2014, are subject to a three-year cliff vesting schedule.

At December 31, 2015 and 2014, forfeited non-vested accounts totaled approximately \$3,957,057 and \$1,651,000, respectively. These accounts will be used first to pay administrative expenses and then to reduce employer contributions. During 2015, the Plan used approximately \$166,000 to pay administrative expenses and \$1.3 million to reduce employer contributions.

Participant Loans

Notes receivable from participants represent participant loans. Participants may borrow from their fund accounts up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from 1 to 5 years or up to 15 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest in an amount equal to the prime rate published in *The Wall Street Journal* as of the first day of the month preceding the date the loan was initiated, plus 1%. Principal and interest are paid ratably through payroll deductions. Any participant who has defaulted on a prior loan is not allowed to take a new loan, unless the first loan has been repaid.

Payment of Benefits

Upon termination of service, retirement, disability, or death, participants (or their beneficiaries) may receive a lump-sum amount equal to the vested value of their accounts.

Catholic Health Initiatives 401(k) Retirement Savings Plan

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Plan Expenses

Certain administrative expenses necessary to administer the Plan are paid by CHI. Participants with account balances greater than \$1,500 are charged an \$8.50 per quarter administrative fee. The fee for this plan is waived for participants who also actively participate in another CHI plan.

Plan Termination

Although they have not expressed any intent to do so, CHI has the right to terminate the Plan subject to the provisions of ERISA. In the event the Plan terminates, participants will become 100% vested in their employer contributions made to the Plan after January 1, 2014.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Benefits Paid to Participants

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements using the accrual basis of accounting requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

New Accounting Pronouncements

In July 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Part I of the ASU eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II of the ASU eliminates the requirements to disclose individual investments that represent 5% or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. It also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics, and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III of the ASU is not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015. Parts I and II are to be applied retrospectively. Management has elected to adopt Parts I and II early and the impact is reflected in the notes herein as of December 31, 2015 and 2014.

Investment Valuation and Income Recognition

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company. See Note 4 for further discussion and disclosures related to fair value measurement.

In accordance with Accounting Standards Codification 820, *Fair Value Measurement*, assets and liabilities measured at fair value are categorized into the following fair value hierarchy:

Level 1: Quoted prices (unadjusted) in active markets that are accessible at the measurement date for assets or liabilities. The fair value hierarchy gives the highest priority to Level 1 inputs.

Level 2: Observable prices that are based on inputs not quoted on active markets but corroborated by market data.

Level 3: Unobservable inputs are used when little or no market data is available. Therefore, fair value is based on prices or valuation techniques that require inputs that are both significant to the fair value measurement and observable. These inputs reflect management's

Catholic Health Initiatives 401(k) Retirement Savings Plan

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

judgments about the assumptions that a market participant would use in pricing the investment and are based on the best available information, some of which may be internally developed. The fair value hierarchy gives the lowest priority to Level 3 inputs.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2015 or 2014.

Money Market Funds: Money market funds are valued at the closing price reported on the active market on which the individual securities are traded.

Mutual Funds: Mutual funds, including mutual funds invested in self-directed brokerage accounts, are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end.

Guaranteed Fixed Fund: The Guaranteed Fixed Fund is valued at contract value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investment Contract With Insurance Company

The Plan had a Group Annuity Contract (GAC) with Great-West Life and Annuity Insurance Company (GWL). The GAC consisted of a guaranteed interest rate account (the Guaranteed Fixed Fund) and pooled separate accounts. During 2011, the pooled separate accounts were liquidated when the Plan's service provider changed from Great-West to Fidelity. However, the Guaranteed Fixed Fund remained at Great-West due to limitations on the amount that could be withdrawn annually. Beginning in 2011, 20% of the December 31, 2010, Guaranteed Fixed Fund balance was liquidated. During 2015, 20% of the Guaranteed Fixed Fund was liquidated. The fund was fully liquidated in 2015.

Catholic Health Initiatives 401(k) Retirement Savings Plan

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

The Guaranteed Fixed Fund was credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. GWL was contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Contract value, as reported to the Plan by GWL, represents contributions made under the contract prior to 2011, plus earnings, less participant withdrawals and administrative expenses. Participants could ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Concentration of Market and Credit Risk

The Plan's exposure to credit loss in the event of nonperformance of investments, including self-directed brokerage accounts, is limited to the carrying value of such instruments. The Plan's concentrations of credit risk and market risk are dictated by the Plan's provisions, as well as those of ERISA and the participants' investment preferences. Due to the level of risk associated with certain investment securities, and the level of uncertainty related to changes in the value of these investments, it is at least reasonably possible that changes in risks in the near term could materially affect participant account balances and the amounts reported in the financial statements.

Notes Receivable From Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015 or 2014. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Catholic Health Initiatives 401(k) Retirement Savings Plan

Notes to Financial Statements (continued)

3. Investments

All investment information disclosed in the accompanying financial statements, footnotes, and supplemental schedule, including investments held and notes receivable from participants at December 31, 2015 and 2014, and net depreciation in fair value of investments, interest, dividends, and interest from notes receivable from participants for the year ended December 31, 2015, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity.

4. Fair Value Measurements

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 1,203,727,736	\$ —	\$ —	\$ 1,203,727,736

Catholic Health Initiatives 401(k) Retirement Savings Plan

Notes to Financial Statements (continued)

5. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

6. Related-Party Transactions

The Plan invests in certain Fidelity funds managed by Fidelity, the custodian of the Plan. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transactions rules under ERISA.

7. Income Tax Status

The Plan has received a determination letter from the IRS dated January 23, 2012, stating that the Plan is qualified under Section 401(a) of the Code and therefore, the related trust is exempt from taxation. Subsequent to this determination by the IRS, the Plan was amended and restated. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and therefore, believes the Plan, as amended and restated, is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States require plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2015, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2012.

8. Subsequent Events

Plan management has evaluated subsequent events for the Plan through July 20, 2016, the date the accompanying financial statements were available to be issued.
