1. Description of Plan

The following description of the Eye Specialists of Mid-Florida, P. A. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more comprehensive description of the Plan's provisions.

General

The Plan is a 401(k) defined contribution plan covering substantially all full-time employees of Eye Specialists of Mid-Florida, P. A. (the "Company") who have completed one year of service, as defined. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Each year participants may contribute up to 100% of eligible compensation, as defined by the Plan, subject to certain limitations under the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Company contributes 100% of the first 3% and 50% of the next 2% of compensation that a participant contributes to the Plan. Additional profit sharing amounts may be contributed at the discretion of the Company's Board of Directors. The amount of profit sharing contributions for Plan year 2015 was $350,024. In general, in order to share in the allocation of the profit sharing contributions, the participant must be employed by the Company on the last day of the Plan year and have completed at least 1,000 hours of service during the Plan year.

Investment Options

Participants direct the investment of their contributions and the Company's contribution into various investment options offered by the Plan. The Plan currently offers various mutual funds as investment options for participants. Participants may change their investment options at any time via the telephone or internet.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocation of (a) the Company's matching and discretionary contribution and (b) Plan earnings, and charged with benefit payments and an allocation of Plan losses and administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions and the Company's matching contributions, plus actual earnings thereon. Vesting in the Company's discretionary contribution portion of their accounts is based on years of continuous service. A participant does not begin to vest until year two (20%) and increases ratably until fully vested in year six or upon the events of death, disability or attaining normal retirement age with five years of credited service. Normal retirement age is 55.

Payment of Benefits

On termination of service due to death, disability, retirement, or termination of employment, a participant may elect to receive a single lump sum amount equal to the value of the participant's vested interest in his or her account or installments over a fixed period of time, not more than the participant's assumed life expectancy. Participants may make withdrawals from voluntary contributions upon attaining age 59½ or may make hardship withdrawals from voluntary contributions upon demonstrating immediate and extreme financial need.

Forfeited Accounts

Any non-vested amounts remaining after distribution of a terminated participant's vested account balance are forfeited. Forfeitures may be used to reduce employer contributions and/or pay Plan expenses. In 2015, forfeitures of $8,486 were used to pay Plan expenses. At December 31, 2015 and 2014, forfeited non-vested accounts totaled $4,876 and $6,524, respectively.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual method of accounting except for benefit payments, which are reported on a cash basis in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Revenue Sharing

The Plan has entered into a revenue sharing agreement with American Funds (part of The Capital Group Companies), a party-in-interest of the Plan. Under the terms of the agreement, the Plan will earn revenue credits based upon the Plan's investment holdings that American Funds will fund to the Plan quarterly. The Plan administrator has directed American Funds to use amounts held in the revenue credit account to pay for fees and expenses associated with services provided to the Plan. For the 2015 and 2014 Plan years, American Funds contributed $5,089 and $4,133, respectively, in revenue sharing credits to the Plan. During 2015 and 2014, the Plan used $5,089 and $4,133, respectively, of these credits to offset administrative expenses of the Plan.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the Plan document. Any costs associated with the transaction fees are paid through the Plan by the participants who incur such fees.

3. Information Prepared and Certified by the Trustee

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the auditor not to perform any auditing procedures with respect to the information certified by the trustee, except for comparing such information to the related information included in the financial statements and supplemental schedule. The Plan administrator has obtained a certification from the trustee that the information provided to the Plan administrator by the trustee as of December 31, 2015 and 2014 and for the year ended December 31, 2015, is complete and accurate. Such information includes all investments, investment dividends and interest, investment gains and losses, other income and the information in the supplemental schedule of assets held at the end of year.

4. Fair Value Measurements

The Plan measures and reports its financial assets and liabilities using a three-tier hierarchy, which prioritizes the inputs used in measuring fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 – Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2 – Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;

Level 3 – Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Mutual funds: Valued at the net asset value (NAV) of shares held by the Plan at year end. The mutual funds held by the Plan are deemed to be actively traded.

The preceding method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2015 and 2014:

5. Party-in-Interest Transactions

American Funds (part of The Capital Group Companies) is the trustee of the Plan's investments. Plan investments include shares of mutual funds within the American Funds portfolio of funds. Therefore, these transactions qualify as party-in-interest transactions. These investments represent 85% and 86% of the Plan's net assets at December 31, 2015 and 2014, respectively. Fees paid for administration and distributions amounted to $2,935 for 2015.

Matthews Benefit Group, Inc. ("MBG") is the Plan's third party administrator and qualifies as a party-in-interest. No fees were paid to MBG in 2015 from the Plan, as the 2015 MBG fees were paid by the Plan's sponsor.

The Plan's audit firms qualify as a parties-in-interest. Fees paid to the Plans audit firms amounted to $13,275 for 2015.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer discretionary contributions.

7. Income Tax Status

The Plan adopted the Volume Submitter prototype non-standardized 401(k) profit sharing plan which received a favorable opinion letter dated July 7, 2010 from the Internal Revenue Service (the "IRS"). The opinion letter stated that the Plan is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The prototype plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service and/or Department of Labor. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015 there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. Subsequent Events

The Company has evaluated events and transactions occurring subsequent to December 31, 2015 as of September 6, 2016, which is the date the financial statements were available to be issued. No material events have occurred since December 31, 2015, that requires recognition or disclosure in the financial statements.
