1. DESCRIPTION OF PLAN:

The following description of the Agriland Farming Company, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

a. General:

The Plan is a defined contribution plan covering all employees of Agriland Farming Company, Inc. (the Employer). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Trustee is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Trustee.

b. Eligibility:

An employee of Agriland Farming Company, Inc. normally becomes eligible to participate in the Plan after completing one year of service with the Employer and after attaining age eighteen. An eligible employee becomes a participant in the Plan on the first day of the quarter following completion of all eligibility requirements.

The above age and service requirements were effectively applied to all employees at the Plan's inception on April 1, 2014. All employees meeting the eligibility requirements on the inception date were able to elect to enter the Plan on that date.

c. Contributions:

Both Plan participants and the Employer make contributions to the Plan as follows:

Each year, participants may make elective contributions on a pre-tax basis up to the maximum amount allowable under Internal Revenue Service limits, as defined in the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans, classified as rollover contributions. Participants direct the investments of all contributions into various investment options offered by the Plan.

The Employer may make a matching contribution equal to a discretionary percentage, to be determined by the Employer, of the participant's elective deferrals.

Contributions are subject to certain IRS limitations.

1. **DESCRIPTION OF PLAN, continued:**

d. Participant accounts:

Each participant's account is credited with the participant's contributions, the Employer's contributions, an allocation of Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

e. Vesting:

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Employer's contributions plus earnings is based on years of continuous service. A participant is fully vested after six years of credited service and is determined in accordance with the following schedule:

Plan Participation	Vesting %
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years or more	100%

In the event of death or total and permanent disability, a participant's interest in employer contributions becomes fully vested.

f. Payment of benefits:

On termination of service due to death, disability, retirement, or termination of service for other reasons, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account.

g. Forfeited accounts:

At December 31, 2015 and 2014, forfeited nonvested accounts totaled $351 and $215, respectively. These accounts will be used to pay administrative expenses or to reduce future Employer contributions. In 2015 and 2014, employer contributions were not reduced by forfeited nonvested accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

a. Basis of accounting:

The financial statements of the Plan are prepared using the accrual basis of accounting.

b. Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

c. Investment valuation and income recognition:

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the custodian. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

d. Payment of benefits:

Benefits are recorded when paid.

e. Expenses:

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Employer. Expenses that are paid by the Employer are excluded from these financial statements. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued:

f. Early Adoption of New Accounting Policy:

In July 2015, FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965): Part (I) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient*. This three-part standard simplifies employee benefit plan reporting with respect to fully benefit-responsive investment contracts and plan investment disclosures, and provides for a measurement-date practical expedient. Parts I and II are effective for fiscal years beginning after December 15, 2015 and should be applied retrospectively, with early application permitted. Part III is effective for fiscal years beginning after December 15, 2015 and should be applied prospectively, with early application permitted. The Plan's management has elected to adopt Part II of ASU 2015-12 early. Parts I and III are not applicable to this Plan.

g. Reclassifications:

Certain accounts in the prior-year financial statements have been reclassified for comparative purposes to conform to the presentation in the current-year financial statements.

h. Subsequent events:

The Plan has evaluated subsequent events through August 30, 2016, the date which the financial statements were available to be issued.

3. INVESTMENTS:

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2015 and 2014, and net depreciation in fair value of investments, interest and dividends for the year ended December 31, 2015, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Massachusetts Mutual Life Insurance Company (MassMutual).

The Plan provides that contributions to the Plan will be invested in certain individual investments offered by MassMutual at December 31, 2015 and 2014 as directed by participants. Participants may change investment options at any time.

4. CORRECTIVE QUALIFIED NON-ELECTIVE CONTRIBUTION:

During 2015, the Employer determinted that they miscalculated certain qualified non-elective contributions to the Plan. An Employer corrective qualified non-elective contribution has been calculated in the amount of $2,961 for the Plan period ended December 31, 2014 and is included in receivables, employer corrective qualified non-elective contributions. The Employer recalculated the contribution and funded the amount plus any lost income associated with the missed contributions during the year ended December 31, 2015. The Employer also filed Form 5330 with the IRS and has paid any corresponding excise tax.

5. FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under current accounting standards are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

5. FAIR VALUE MEASUREMENTS, continued:

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Money market: Valued at the net asset value (NAV) of shares held by the Plan at year-end.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be activity traded.

Bonds: Valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing value on yields currently available on comparable securities of issuers with similar credit ratings.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014:

	Assets at Fair Value as of December 31, 2015			
	Level 1	Level 2	Level 3	Total
Money market	$ 47,755	$ -	$ -	$ 47,755
Bonds	844	-	-	844
Mutual funds	267,763	-	-	267,763
Total assets at fair value	$ 316,362	$ -	$ -	$ 316,362

	Assets at Fair Value as of December 31, 2014			
	Level 1	Level 2	Level 3	Total
Money market	$ 19,656	$ -	$ -	$ 19,656
Bonds	1,488	-	-	1,488
Mutual funds	102,392	-	-	102,392
Total assets at fair value	$ 123,536	$ -	$ -	$ 123,536

6. PARTY-IN-INTEREST TRANSACTIONS:

Certain Plan investments are managed by MassMutual. MassMutual is the asset custodian and recordkeeper for the Plan and, therefore, these transactions qualify as party-in-interest transactions. At December 31, 2015 and 2014, the Plan had investments in related funds of $316,362 and $123,536, respectively. The administrative expenses paid by the plan for the investment management services amounted to $60 for the year and period ended December 31, 2015 and 2014.

During 2014, the Plan sponsor did not remit certain employer and participant contributions to the Plan in a timely manner, as defined by ERISA. The Plan sponsor corrected these instances during 2015. These contributions are considered non-exempt party-in-interest transactions. These non-exempt transactions do not affect the tax status determination of the Plan.

7. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become one hundred percent vested in their Employer contributions.

8. TAX STATUS:

The Internal Revenue Service has determined and informed the Employer by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded as of December 31, 2015 and 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

10. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500:

The following is a reconciliation of contributions per the financial statements to the Form 5500 for the period ended December 31, 2015:

Contributions per the financial statements	$ 204,033
Add: Employer corrective qualified non-elective contributions receivable as of December 31, 2014	2,961
