Report on the Financial Statements

We have audited the accompanying financial statements of Dayton-Granger, Inc. Thrift and Profit Sharing Plan and Trust, which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Dayton-Granger, Inc. Thrift and Profit Sharing Plan and Trust as of December 31, 2015 and 2014, and the changes in its net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Report of Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets held for investment purposes as of December 31, 2015 is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information require by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. This supplemental schedule has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements taken as a whole.

DAYTON-GRANGER, INC. THRIFT AND PROFIT SHARING PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015 and 2014

1. Description of the Plan

The Plan, which initially became effective January 1, 1985 and restated effective January 1, 2012, is a profit sharing plan as defined by Section 401(a) of the Internal Revenue Code of 1986, as amended (IRC) and contains a provision for salary reduction contributions under Section 401(k) of the IRC. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). Dayton-Granger, Inc. (the Company) is the designated administrator of the Plan. Voya Retirement Insurance and Annuity Company is the trustee of the Plan. The purpose of the Plan is to reward eligible employees for long and loyal service by providing them with retirement benefits. It may also provide some additional benefits in the event of death, disability, or other termination of employment. The following is a brief description of the Plan, which provides only general information. Participants should refer to the plan documents for more complete information.

There were no significant amendments made to the plan for the year ended 2015.

a) Eligibility Requirements

Any employee who was employed on January 1, 1985, was automatically a member of the Plan as of that date. Any employee hired after January 1, 1985 becomes eligible to participate after completion of one-half year of service and upon reaching their twenty-first birthday.

b) Contributions

1) By Participants

Participants may elect to defer a percentage of their annual covered compensation (as defined), not to exceed the limitations prescribed by law, as a contribution to the Plan.

Participants are also allowed to make rollover contributions of amounts received from other tax-qualified employer-sponsored retirement plan. Such contributions are deposited in the appropriate investment funds in accordance with the participant's direction and the plan provisions.

2) By the Company

Each year the Company shall determine the amount of any profit sharing contribution to be made to the plan. This discretionary amount may match up to one half of the participant's salary reductions as defined by the Plan, not to exceed 3% of the annual covered compensation.

c) Vesting

Plan participants are fully vested in that portion of their account balance representing voluntary salary contributions adjusted for any investment gains or losses. Participants are only partially vested in Company matching contributions and the related income, losses or appreciation until attaining six years of service; however, participants are fully vested at retirement age, which is their sixty-fifth birthday.

1. Description of the Plan (continued)

c) Vesting (continued)

Years of Service	Percentage
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

d) Notes Receivable from Participants

Under the terms of the Plan, no loan to any participant can be made to the extent such loan when added to the outstanding balance of all other loans to the participant would exceed the lesser of (a) $50,000 reduced by the excess (if any) of the highest outstanding balance of loans during the one-year period ending on the day before the loan is made, over the outstanding balance of loans from the Plan on the date the loan is made, or (b) 50% of the present value of the non-forfeitable individual account of the participant or, if greater, the total individual account up to $10,000. Notes are secured by the balance in the participant's account and are interest bearing (prime rate plus one percent) calculated at each payroll cycle and deducted from net pay. At termination, any outstanding balance and accrued interest not repaid is treated as a distribution. Note terms range from one to five years unless such loan is used to acquire a principal residence. The loan for acquiring a principal residence is to be repaid within a reasonable time (determined at the time the loan is made).

e) Payment of Benefits

Participants or their designated beneficiaries are entitled to receive 100% of their account balance upon retirement, disability or death. Normal retirement date is the anniversary date (December 31) following a participant's sixty-fifth birthday. If a participant leaves the employ of the company before retirement, disability or death, he or she is only entitled to receive the vested portion of the account balance. Participants who terminate employment during the plan year shall not share in the matching contributions made by the employer for the year of termination without regard to the hours of service credited, unless terminating for reasons of death, total and permanent disability or retirement.

f) Termination of the Plan

While the Company has not expressed any intent to discontinue its contributions or to terminate the Plan subject to the provisions of ERISA, it may do so at any time. The Plan provides that at termination all amounts credited to the affected participants' accounts shall become 100% vested and all unallocated amounts shall be allocated to the accounts of all participants.

g) Forfeited Accounts

At December 31, 2015 and 2014, forfeited non vested accounts totaled $431 and $2,944. During 2015, $431 of the forfeiture balance was used to reduce plan expenses. The forfeiture balance at December 31, 2015 was $0.

2. Summary of Significant Accounting Policies

a) Basis of Accounting

The accompanying financial statements of Dayton-Granger, Inc. Thrift and Profit Sharing Plan and Trust have been prepared on the accrual basis of accounting in accordance with the U.S. generally accepted accounting principles (GAAP).

Investment contracts held by a defined-contribution plan are considered to be non-fully benefit responsive and are required to be reported at fair value.

b) Investment Valuation and Income Recognition

The Plan's investments are presented at fair value. Fair market value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Participant loans are recorded at their outstanding loan balances, which approximate fair value. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the investment advisors, custodian and insurance company. See Note 3 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Appreciation and depreciation in the fair values of investments are recognized in the financial statements in the periods in which the changes occur.

c) Administrative Expenses

The Plan provides that administrative expenses may be borne by the plan sponsor, Dayton-Granger, Inc. Dayton-Granger, Inc., on behalf of the Plan, has paid certain expenses in connection with the administration of the Plan for 2015 and 2014, and are excluded from these financial statements. Fees related to administration of notes receivable from participants are charged directly to the participant's account and are included in administration expenses. Investment related expenses are included in net appreciation of fair value of investments.

d) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

e) Benefits

Benefits are recorded when paid.

2. Summary of Significant Accounting Policies (continued)

f) Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015 or 2014. If the participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

3. Fair Value Measurement

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). Inputs refer broadly to the assumptions that market participants would use in pricing the asset or liability, including assumptions about risk, for example, the risk inherent in a particular valuation technique used to measure fair value (such as a pricing model) and/or the risk inherent in the inputs to the valuation technique. Inputs may be observable or unobservable. Observable inputs are inputs that reflect the assumptions market participants would use in pricing the asset or liability and are developed based on market data obtained from sources independent of the reporting entity. Unobservable inputs are inputs that reflect the reporting entity's own assumptions about the assumptions market participants would use in pricing the asset or liability and are developed based on the best information available in the circumstances. The three-tier levels of the fair value hierarchy under FASB ASC 820 are described below.

Level 1 – quoted prices (unadjusted) in active markets for identical investments

Level 2 – other significant observable inputs (including quoted prices for similar investments, interest rates, prepayment speeds, credit risk, etc.)

Level 3 – significant unobservable inputs (including the Funds own assumptions in determining the fair value of investments)

Changes in valuation techniques may result in transfers in or out of an investment's assigned level within the hierarchy. The inputs or methodology used for valuing investments are not necessarily an indication of the risk associated with investing in those investments.

The availability of observable inputs can vary from security to security and is affected by a wide variety of factors, including, for example, the type of security, whether the security is new and not yet established in the marketplace, the liquidity of markets and other characteristics particular to the security. To the extent that valuation is based on models or inputs that are less observable or unobservable in the market, the determination of fair value requires more judgment. Accordingly, the degree of judgment exercised in determining fair value is greatest for instruments categorized in Level 3.

3. Fair Value Measurement (continued)

In certain cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, for disclosure purposes the level in the fair value hierarchy within which the fair value measurement falls in its entirety is determined based on the lowest level input that is significant to the fair value measurement in its entirely.

Fair Value Measurements of Invested Securities

The Plan's investments during 2015 and 2014 consisted of two types of investment vehicles: a guaranteed investment contract and pooled separate accounts.

A description of the valuation techniques applied to the Funds' major categories of assets and liabilities measured at fair value on a recurring basis follows.

Guaranteed investment contract: Guaranteed investment contracts are valued at fair value by the insurance company by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer. Because the participants transact at contract value, fair value is determined annually for financial statement purposes only. In determining the reasonableness of the methodology, the Investment Committee evaluates a variety of factors including review of existing contracts, economic conditions, industry and market developments, and overall credit ratings. Inputs are assessed through review of contract terms (for example, duration or payout date) whereas others are substantiated utilizing available market data (for example, swap curve rate). The appropriate level classification is Level 2.

Pooled separate account: A pooled separate account is maintained by an insurance carrier, which is regulated, supervised, and subject to periodic examination by a state agency for the collective investment and reinvestment of assets contributed thereto from employee benefit plans maintained by more than one employer of controlled group of corporations. They are similar to mutual funds except that they are issued by insurance companies and are not publicly traded like mutual funds. Each plan's share of a PSA is determined on an accumulation unit value (AUV). AUV is determined based on a combination of the fund net asset value and separate account changes. Level 2 is the appropriate classification.

3. Fair Value Measurement (continued)

The following is the aggregate value by input level as of December 31, 2015 for the Plan's investments:

Asset Valuation Inputs

	Level 1 – Quoted Prices	Level 2 – Other Significant Observable Inputs	Level 3 – Significant Unobservable Inputs	Total

Notes Receivable – Participants	$ -	$ 118,002	$ -	$ 118,002

There were no transfers into or out of level 2 or 3 during 2014.

4. Excess participant contributions payable

The plan did not pass the discrimination test for the year ended December 31, 2015. As a result, excess contributions amounting to $11,868 are recorded as a liability in the accompanying statement of net assets available for benefits and as a reduction of participant-directed contributions for the year. The plan expects to reimburse these excess contributions to its participants during 2016.

5. Investment Contracts

The VOYA Fixed Account guarantees principal and a minimum guaranteed interest rate for the life of the product as well as featuring two declared interest rates: a current rate, determined at least monthly, and a guaranteed minimum floor rate declared for a defined period – currently one calendar year. The guaranteed minimum floor rate may change after the defined period, but it will never be lower than the minimum guaranteed interest rate. The current rate, the guaranteed minimum floor rate and the minimum guaranteed interest rate are expressed as annual effective yields. Taken the effect of compounding into account, the interest credited to your account daily yields the then current credited rate.

VRIAC's determination of credited interest rates reflects a number of factors, including mortality and expense risks, interest rate guarantees, the investment income earned on invested assets and the amortization of any capital gains and/or losses realized on the sale of invested assets. Under this option, VRIAC assumes the risk of investment gain or loss by guaranteeing the principal amount you allocate to this option and promising a minimum interest rate during the accumulation period and also throughout the annuity payout period, if applicable.

The average yields earned by the guaranteed investment contract are as follows:

	2015	2014
Based on actual earnings	1.90%	1.95 %
Based on interest rate credited to participants	1.90%	1.95 %

6. Investments

Investments that represent 5 percent or more of the Plan's net assets consist of the following:

Name of Investment	2015 Total Fair Value	2014 Total Fair Value
Franklin Rising Dividends Fund	$ 737,684	$ 780,141
VOYA Fixed Account	1,487,743	1,225,116
VOYA JPMorgan Small Cap Core Equity	516,752	555,993
VOYA Large Cap Growth	515,734	484,340
VOYA MidCap Opportunities Portfolio	643,430	662,518
VOYA U.S. Stock Index Portfolio	635,807	658,029
RidgeWorth Total Return Bond Fund	745,100	1,044,439
T Rowe Price Retirement 2030	345,118	-
All other funds	1,328,767	1,530,601
	$6,956,135	$6,941,177

During 2015, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) depreciated in value by $(26,254) as follows:

Pooled separate accounts	$(15,927)
Guaranteed investment account	(10,327)
	$(26,254)

7. Income Tax Status

Effective January 1, 2012, the Plan executed an adoption agreement which allowed the Plan to rely on the favorable IRS letter issued by the National office of the Internal Revenue Service to the Volume Submitter Sponsor as evidence that the Plan is qualified under IRC Section 401, to the extent provided in Rev. Proc. 2005-16.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2012.

The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the financial statements.

8. Risks and Uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes could materially affect the amounts reported in the statement of net assets available for benefits.

9. Reconciliation of financial statements to Form 5500

	2015	2014
Net assets available for benefits per the financial statements	$7,273,004	$7,094,585
	-	-
Net assets available for benefits per Form 5500	$7,273,004	$7,094,585

10. Subsequent events

The Plan has evaluated subsequent events through July 28, 2016, the date the financial statements were available to be issued.

The Plan adopted a new Volume Submitter plan document that amends and restates the Plan, effective January 1, 2016. The Plan relies on a favorable IRS letter issued by the Internal Revenue Service to the Volume Submitter sponsor as evidence that the Plan is qualified under IRC Section 401.
