1 - DESCRIPTION OF PLAN

Effective December 1, 1986, West Side Foods, Inc. established the West Side Foods, Inc. Savings and Protection Plan (the "Plan") as a defined contribution plan for employees of West Side Foods, Inc. and its participating employers. Participating employers include companies owned by common ownership: RMX Foods, Inc. and Subsidiaries and Interstate Foods, Inc. (collectively, referred to as the "Company" or the "Plan Sponsor"). The Plan was restated on December 1, 2014 for compliance with the Pension Protection Act of 2006.

The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

a. ***General*** - The Plan is a 401(k) defined contribution plan. Employees of the Company not covered by a collective bargaining agreement are eligible to participate in the Plan on the first day of the first and seventh month of the plan year coinciding with or following the completion of six months of service, and the attainment of age 18. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

b. ***Contributions*** - Plan contributions consist of compensation reduction elections of participants (401(k) contributions), rollovers, and employer matching contributions. Under the terms of the Plan, the Company will match up to 100% of the employee elective deferrals for eligible employees, but not to exceed 5% of the participant's eligible compensation. Under the terms of the Plan, the employer matching contributions are determined based on the employees' elective deferral and eligible compensation for each calendar month. Eligible compensation excludes bonuses. Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

   All investments are participant-directed. Participants direct the investment of the contributions into a variety of mutual funds and a common collective trust as offered through Capital Bank and Trust Company (the "Custodian").

c. ***Participant Accounts*** - Each participant's account is credited with the participant's contributions, the Company's contributions to the Plan on behalf of the participant, and allocations of Plan earnings or losses. Allocations of Plan earnings or losses are based upon actual performance of each participant's investment elections. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

d. ***Vesting*** - Participants are immediately vested in their elective contributions, the rollover portion of their account balances, the Company's matching contribution portion of their accounts, and the earnings thereon.

e. ***Notes Receivable from Participants*** - Participants may borrow from their Plan accounts a minimum of $1,000 up to a maximum equal to the lesser of: $50,000 reduced by the participant's highest outstanding note balance to the Plan during the one-year period ending on the day before the date on which the note is made; or 50% of their vested account balance, less current outstanding note balances. All notes, other than those used to purchase a principal residence, must be repaid within five years. Notes used to purchase a principal residence can have repayment terms of up to ten years or longer where commercial lenders permit longer repayment terms for similar notes. Interest rates are set by the Plan administrator at issuance based on comparable rates offered by local commercial lenders. At November 30, 2015, interest rates on outstanding notes, maturing through August 2020, range from 5.25% to 5.50%. Principal and interest are

paid ratably through periodic payroll deductions. Loan repayments may be suspended for up to 12 months for any period during which a participant is on unpaid leave of absence, and for any period during which a participant is on military leave. Participant notes are due and payable on the date the participant terminates employment with the Company.

f. ***Payment of Benefits*** - Participants are eligible to receive a distribution of their benefits upon retirement, termination of employment, or in the event of death of the participant. Normal retirement age is 65. Participants who have vested benefits in excess of $5,000 and are eligible to receive distributions may elect to receive either a lump-sum amount equal to the participant's vested interest in his or her account or installment payments over a period of years that does not exceed the life expectancy of the participant or, if applicable, the beneficiary. Participants who have vested balances less than $5,000 and are eligible to receive distributions will receive a single lump-sum distribution.

g. ***Forfeitures*** - At November 30, 2015 and 2014, forfeited nonvested accounts totaled $5,823 and $520 respectively. As participants are immediately vested in the Company's matching contribution, the forfeited nonvested accounts relate to excess matching contributions. These accounts will be used to reduce future Company contributions and/or pay plan expenses. During the year ended November 30, 2015, $3,081 of forfeitures were used to reduce the Company contributions.

h. ***Excess Matching Contributions*** - There were approximately $4,900 of excess employer match contributions for the year ended November 30, 2014, which were forfeited in the year ended November 30, 2015, and $5,538 of excess employer match contributions for the year ended November 30, 2015, which will be forfeited in the year ended November 30, 2016.

2 - Summary of Significant Accounting Policies

A summary of the significant accounting policies of the Plan follows:

a. ***Basis of Accounting*** - The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The *statements of net assets available for benefits* presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The *statement of changes in net assets available for benefits* is prepared using the contract value basis for fully benefit-responsive investment contracts.

b. ***Use of Estimates*** - The preparation of financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results may differ from those estimates.

c. ***Investment Valuation and Income Recognition*** - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

d. ***Notes Receivable from Participants*** - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a deemed distribution is recorded. During the year ended December 31, 2015, no participants ceased to make loan repayments.

e. ***Payments of Benefits*** - Benefits are recorded when paid.

f. ***Expenses*** - Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in the administrative expenses. Investment-related expenses are included in *net depreciation in fair value of investments.*

3 - Information Certified by the Custodian (Unaudited)

The Plan invests in a common collective trust and various mutual funds that are being held by Capital Bank and Trust Company, as Custodian. Investment information related to those investments as of November 30, 2015 and 2014 and for the year ended November 30, 2015, included in this note, the accompanying financial statements, and supplemental schedules, is based on information supplied and certified by the Custodian in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

The fair value of investments is summarized as follows:

	November 30,	
	2015	*2014*
Mutual Funds	**$ 11,902,954**	$ 10,885,346
Common Collective Trust	**2,919,163**	2,927,479
	$ 14,822,117	$ 13,812,825

Investments that represent 5% or more of the Plan's net assets are as follows:

Continued

During the year ended November 30, 2015, the Plan's investments in mutual funds and a common collective trust (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value as follows:

Mutual Funds	$ (650,269)
Common Collective Trust	30,754
	$ (619,515)

Dividend income on mutual funds amounted to $700,603.

4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under the Financial Accounting Standards Board's guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at November 30, 2015 and 2014.

Mutual Funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at the price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trust Fund - Valued at the NAV of units of a bank collective trust. The NAV, as provided by the Custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund, less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure the securities liquidations will be carried out in an orderly business manner.

The Plan's policy is to recognize transfers into and out of Level 3 as of the date of the event or the change in circumstances that caused the transfer. For the years ended November 30, 2015 and 2014, there were no transfers into or out of Level 3.

The common collective trust fund is reported as a Level 2 investment with a reported NAV per share and may be redeemed on a daily basis. The redemption notice period for the common collective trust fund is 30 days. There are no unfunded commitments or other redemption restrictions.

5 - Common Collective Trust Fund

The Plan's investment in a common collective trust fund is entirely invested in the Invesco Stable Value Trust Fund (the "Stable Value Fund"). The Stable Value Fund invests in fully benefit-responsive investment contracts with insurance companies and other financial institutions.

9 - Risk and Uncertainties

The Plan invests in various investment securities. Such securities are subject to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of these investments, it is at least reasonably possible that changes in market conditions in the near term could materially affect participants' account balances and the amounts reported in the *statements of net assets available for benefits.*
