GASTROENTEROLOGY CENTER OF THE MIDSOUTH, P.C. PROFIT SHARING PLAN

NOTES TO THE FINANCIAL STATEMENTS

December 31, 2015 and 2014

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Gastroenterology Center of the MidSouth, P.C. Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution and profit sharing plan covering all employees of Gastroenterology Center of the MidSouth, P.C. (the "Company") who are twenty-one years of age or older and have completed one year of service, defined as the completion of 1,000 hours of service within a 12-month period. Voya Life Insurance and Annuity Company ("Voya") serves as the custodian of the Plan. The Plan is subject to provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Participants may contribute 1% to 100% of pretax annual compensation as defined in the Plan document, subject to certain Internal Revenue Code ("IRC") limitations. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans and certain individual retirement accounts. The Plan also allows participants to make Roth 401(k) contributions.

The Company provides a safe harbor matching contribution of 100% on the first 3% of participant deferrals and 50% on the next 2% of participant deferrals. Total safe harbor matching contributions for 2015 were \$1,309,723. The Company also makes a profit sharing contribution to the Plan in an amount decided upon by the Company's board of directors. The profit sharing contribution for 2015 was \$1,390,756.

Forfeitures

If an employee terminates before his or her matching and profit sharing contribution accounts have become fully vested, such portions are forfeited. Participant forfeitures may be used to pay any administrative expenses and to reduce the Company's contributions. For the year ended December 31, 2015, forfeitures in the amount of \$11,038 were used to reduce the Company's contributions and plan expenses. As of December 31, 2015, accumulated forfeitures totaled \$39,217.

Participant Accounts

Participants direct the investment of their contributions into various investment options offered by the Plan. Company contributions are invested in the funds selected by the participant. The plan

currently offers pooled separate accounts and a guaranteed investment contract as investment options for participants. Each participant's account is credited with the participant's contributions and allocations of the Company's safe harbor matching and profit sharing contributions and Plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions and the Company's safe harbor matching contributions, plus actual earnings thereon. Participants' vesting in the discretionary profit sharing contribution is based on the years of continuous service as follows:

<u>Years of Service</u>	<u>Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Payment of Benefits

Upon termination of service, due to death, disability, or retirements, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount of various installment and annuity options provided by the Plan. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the plan sponsor and are excluded from these financial statements. Recordkeeping and related administrative fees may be charged to participant accounts and are separately disclosed in the accompanying financial statements. Investment related expenses are included in net depreciation of fair value of investments. Additional fees are charged to participants based on their use of certain plan features.

Implementation of Recent Accounting Standards Update

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements disclose individual investments that represent 5 percent of more of net assets available for benefits and the net appreciation or depreciation in fair

value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Parts I and III are not applicable to the Plan. Parts I and II are to be applied retrospectively. Management has elected to adopt Part II early.

Date of Managements Review

The plan sponsor evaluated the Plan's December 31, 2015 financial statements for subsequent events through August 5, 2016, the date the financial statements were available to be issued. The Plan is not aware of any subsequent event which would require recognition or disclosure in the financial statements.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Plan are prepared using the accrual basis of accounting.

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

The Plan's investments are stated at fair market value, as defined by generally accepted accounting principles. See Note 3 for disclosure of fair value measurement.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

The Plan presents in the statement of changes in net assets available for benefits the net appreciation (depreciation) in the fair value of its investments which consists of realized gains (losses) and the unrealized appreciation (depreciation) on investments.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as deemed loan distributions based upon the terms of the Plan document.

Benefits are recorded when paid.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritized the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements)

and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under Topic 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value.

Pooled separate accounts: Fair values of shares of an underlying fund equals the number of shares of the respective underlying fund multiplied by the closing net asset value per share quoted by that fund.

Guaranteed investment contract: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations, considering the credit-worthiness of the issuer.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014.

Assets at Fair Value as of December 31, 2015				
	Level 1	Level 2	Level 3	Total

Total assets at fair value	\$ -	\$ 23,934,772	\$ -	\$ 23,934,772

NOTE 4 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of assets available for benefits.

NOTE 5 – SEPARATED PARTICIPANTS

At December 31, 2015, the Plan's assets included \$2,658,952 of benefits allocated to participant accounts of former employees of the Company. No additional contributions to these accounts are allowed, nor do the separated participants continue to increase the vested portion of their account.

NOTE 6 – TAX STATUS

The Internal Revenue Service issued a determination letter dated March 31, 2014 stating that the Volume Submitter Profit Sharing Plan, which the Plan adopted, was designed in accordance with applicable IRC requirements. The Plan has not requested a determination letter of its own. However, the plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. The plan administrator believes that the Plan has not generated any taxable income and no federal or state income tax returns have been filed. Federal and state taxing authorities could request an examination of the financial records of the Plan to ascertain if any such taxable income exists, but no such examination has occurred or is pending.

NOTE 7 – RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Voya, the custodian and therefore, qualify as party-in-interest transactions. In addition, certain Plan expenses paid by the Company qualify as party-in-interest transactions. These transactions are exempt from the prohibited transactions provisions of ERISA and the Internal Revenue Code.

NOTE 8 – SUMMARY OF INFORMATION CERTIFIED BY ASSET CUSTODIAN

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the asset custodian has certified that the following data included in the accompanying financial statements and supplemental information is complete and accurate:

- Investments as shown in the statements available for benefits as of December 31, 2015 and 2014
- Investment activity, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2015
- The schedule of assets (held at end of year) as of December 31, 2015

The Plan's independent accounts did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental information.

NOTE 9 – PLAN TERMINATION

Although it has not expressed intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all amounts credited to participant accounts will become 100 percent vested in their accounts and Plan assets will be used solely to provide benefits for participants. The net assets of the Plan are to be distributed in accordance with the Plan document in a uniform and nondiscriminatory manner.

NOTE 10 – RECONCILIATION OF FEDERAL FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2015 and 2014 to the Form 5500:

	2015	2014

Net assets available for benefits per the Form 5500	<u>\$ 44,417,229</u>	<u>\$ 24,828,217</u>

The following is a reconciliation of the net change in net assets available for benefits per the financial statements for the year ended December 31, 2015 to the Form 5500:

Net change in net assets available for benefits per the financial statements	\$ 2,930,789

Net change in net assets available for benefits per the Form 5500	<u>\$ 2,653,565</u>

The following is a reconciliation of the net transfers of assets per the financial statements for the year ended December 31, 2015 to the Form 5500:

Transfer of assets per the Form 5500	<u>\$ 16,935,447</u>

The above differences arise from the reclassification of items for financial statement presentation, and the investment contract being reported at fair value on the financial statements.
