Independent Auditor's Report

Administrative Retirement Committee
SHS 403(b) Plan
Williamsport, Pennsylvania

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of SHS 403(b) Plan (Plan), which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting our audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the *Employee Retirement Income Security Act of 1974*, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in *Note 3*, which was certified by State Street Bank and Trust Company and Transamerica Financial Life Insurance Company, Inc., the trustee and custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee and custodian hold the Plan's investment assets and notes receivable from participants and execute transactions related to these assets. The plan administrator has obtained certifications from the trustee and custodian as of and for the years ended December 31, 2015 and 2014, that the information provided to the plan administrator by the trustee and custodian is complete and accurate to the best of their knowledge and belief.

Praxity MEMBER GLOBAL ALLIANCE OF INDEPENDENT FIRMS

As described in *Note 11*, the Plan has excluded from investments in the accompanying statements of net assets available for benefits certain annuity and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistant Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. If the identified contracts, as reported by the custodians, were included, net assets available for benefits would increase by $6,115,084 and $6,248,578 as of December 31, 2015 and 2014, respectively. Further, investment income of $107,572 and $289,202, rollover contributions of $173,178 and $0 and benefit payments and administrative expenses of $428,407 and $722,647 related to such accounts, as identified by the custodians, have also been excluded from the accompanying statements of changes in net assets available for benefits for the years ended December 31, 2015 and 2014, respectively. Accounting principles generally accepted in the United States of America require that these custodial accounts and the related income and distributions be included in the accompanying 2015 and 2014 financial statements.

Disclaimer of Opinion

Because of the significance of the matters described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Emphasis of Matter

As discussed in *Note 4* to the financial statements, in 2015 the Plan adopted new accounting guidance for fully benefit-responsive investment contracts. Our opinion is not modified with respect to this matter.

Other Matter

The supplemental schedule listed in the table of contents is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the *Employee Retirement Income Security Act of 1974* and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matters described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplemental schedule.

Report of Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodians, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the *Employee Retirement Income Security Act of 1974.*

SHS 403(b) Plan
Notes to Financial Statements
December 31, 2015 and 2014

Note 1: Description of the Plan

The following description of SHS 403(b) Plan (Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by Susquehanna Health System (System) for the benefit of its employees. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). State Street Bank and Trust Company serves as trustee of the Plan and Transamerica Retirement Solutions Corporation (Transamerica) serves as the record keeper.

Contributions

The Plan permits eligible employees through a salary deferral election to have the System make annual contributions of up to 100% of eligible compensation. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Employee rollover contributions are also permitted. Contributions are subject to certain limitations.

Effective January 1, 2014, the Plan was amended and the System may make a discretionary contribution of no less than 3% of each participant's compensation for the plan year, provided the participant has worked at least 1,000 hours and was employed on the last day of the plan year. For 2015 and 2014, the System made a discretionary contribution of 3% of participant's compensation. Moreover, if a participant was employed as of June 22, 1994, and attained at least age 30 as of January 1, 1996, an additional contribution is made to the Plan. This additional contribution is calculated using a percentage of the participant's compensation based upon a sliding scale determined by the age of the participant as of January 1, 1996.

In addition, the System makes matching contributions provided that a participant of the Plan enters into a salary reduction agreement. The System will make matching contributions of 100% of the participant's deferrals up to the lesser of $2,000 or 3% of the participant's compensation, for participants who have worked at least 1,000 hours and were employed on the last day of the plan year. Contributions are subject to certain limitations.

	2015	2014
Employer Contributions		
Matching contributions	$ 4,494,578	$ 4,017,470
Retirement income contributions	6,488,760	5,830,344
Additional retirement income contributions	400,777	424,212

Less: advanced employer expense applied	(22,353)	-
Total	$ 11,170,509	$ 10,169,926

Participant Investment Account Options

Investment account options available include various funds. Each participant has the option of directing his contributions into any of the separate investment accounts and may change the allocation daily.

The plan document also includes an automatic deferral feature whereby a participant is treated as electing to defer 3% of eligible compensation unless the participant made an affirmative election otherwise. If an employee was hired before April 15, 2010, however, they were enrolled automatically only if they were hired to work a 0.5 full-time equivalent (FTE) schedule or more.

The Plan also was amended as of January 1, 2014, to implement an auto-escalation of employee deferrals by 1% per year up to a maximum of 10% of compensation, while allowing participants to opt out. This increase will occur on the first pay period beginning in January of each plan year.

Participant Accounts

Each participant's account is credited with the participant's contribution and plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefits to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participant

The plan document includes provisions authorizing loans from the Plan to active eligible participants. The minimum amount of a loan shall be $1,000. The maximum amount of a participant's loans is determined by the available loan balance restricted to the lesser of $50,000 or 50% of the participant's vested account balance. The loans are secured by the balance in the participant's account. The loans bear interest at 1% over the prime rate as published in the *Wall Street Journal* and are payable over a term not to exceed five years unless the loan is for the purchase of a primary residence, in which case, it is payable over a term not to exceed 20 years. Loan payments are due quarterly by money order, certified check or bank check.

Vesting

Participants are immediately vested in their voluntary contributions plus earnings thereon. Vesting in the System's contribution portion of their accounts plus earnings thereon is based on years of credited service. A participant is fully vested after three years of credited service. The nonvested balance is forfeited upon termination of service. Forfeitures are used to reduce System contributions.

Payment of Benefits

Upon termination of service, participants with account balances that do not exceed $1,000 will receive a lump-sum distribution. Participants with account balances exceeding $1,000 but less than $5,000 will have their balance directly rolled over to an individual retirement account as designated by the plan administrator, unless the participant elects a direct distribution or other eligible direct rollover. Participants with account balances exceeding $5,000 may elect to receive either a lump-sum amount equal to the value of his account or periodic installments, not to exceed the life expectancy of the participant or the participant's beneficiary.

A participant may elect a hardship distribution under certain circumstances as defined by the Plan.

Forfeited Accounts

At December 31, 2015 and 2014, forfeited nonvested accounts totaled $195,300 and $102,100, respectively. This account will be used to reduce future employer contributions. For 2015 and 2014, employer contributions were reduced by $191,253 and $102,100, respectively, from forfeited nonvested accounts.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit responsive investment contracts. Contract value is the relevant measurement for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts, because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

SHS 403(b) Plan
Notes to Financial Statements
December 31, 2015 and 2014

Investment Valuation and Income Recognition

Investments are reported at fair value (except fully benefit-responsive investment contracts, which are reported at contract value). Quoted market prices, if available, are used to value investments. Mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year end.

The Plan's interest in the guaranteed pooled fund is valued based on information reported by the insurance company using the audited financial statements of the guaranteed pooled fund at year end.

Fully benefit-responsive investment contracts are valued at contract value. The contract value of guaranteed investment contracts are calculated by the sum of the deposits made plus interest, less any withdrawals.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are reported at amortized principal balance plus accrued but unpaid interest. Loans are considered in default and treated as a deemed taxable distribution if the borrower does not make a loan payment by the end of the calendar quarter following the quarter in which such payment was due. A participant who terminates employment with the System is still permitted to continue making loan payments, however, no distribution shall be made to a participant or their beneficiary unless and until all unpaid loans, including accrued interest thereon, have been paid.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative expenses may be paid by the System or the Plan, at the System's discretion.

The Plan has a nonallocated expense budget account held in a noninterest-bearing cash account. The purpose of this account is to pay necessary and reasonable plan related expenses in accordance with the Department of Labor's guidance. The System is responsible for determining what expenses the third-party administrator will reimburse from the account. All funds utilized from this account are treated as administrative expenses on the statement of changes in net assets available for benefits. Additions to the expense budget account were $245,285 and $181,108 for 2015 and 2014, respectively. Expense budget account funds utilized amounted to $198,851 and $115,217 during 2015 and 2014, respectively. The account's balance at December 31, 2015 and 2014, was $212,141 and $165,707, respectively.

Note 3: Certification of Plan Custodian

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, State Street Bank and Trust Company, as agent for Transamerica Retirement Solutions Corporation, the custodian of the Plan and Transamerica Financial Life Insurance Company, the custodian for the general asset account, have certified the following information included in the accompanying financial statements and supplemental schedule is complete and accurate to the best of their knowledge and belief:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits and related disclosures as of December 31, 2015 and 2014.
- Investment income and interest income from notes receivable from participants as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2015 and 2014.
- Investment information and notes receivable from participants included in the accompanying schedule of assets (held at year end) as of December 31, 2015.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 4: Change in Accounting Principle

In 2015, the Plan changed its method of accounting for fully benefit-responsive investment contracts by adopting the provisions of ASU 2015-12, *Plan Accounting (Topics 962 and 965): Part I: Fully Benefit-Responsive Investment Contracts.* The accounting provided for in ASU 2015-12 allows plans to measure, present and disclose fully benefit-responsive investment contracts at contract value. The effect of the adoption of the ASU is to eliminate the requirement to measure fair value of fully benefit-responsive contracts and to present the reconciliation from fair value to contract value on the statement of net assets available for benefits. This change was applied retrospectively to all periods presented.

Also in 2015, the Plan changed its accounting policy on plan accounting disclosures by adopting the provisions of ASU 2015-12, *Plan Accounting (Topics 960, 962 and 965): Part II: Plan Investment Disclosures*. The accounting policy change provided for in ASU 2015-12 changes the Plan's disclosure requirements to eliminate and/or modify certain investment-related disclosures. This change was applied retrospectively for all periods presented.

Note 6: Fair Value Measurements

Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

Level 1 Quoted prices in active markets for identical assets.

Level 2 Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets.

Level 3 Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets.

Recurring Measurements

The following tables present the fair value measurements of assets recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2015 and 2014:

		Fair Value Measurements Using		
	Fair Value	Level 1	Level 2	Level 3
December 31, 2015				
Mutual funds	$ 219,437,110	$ 219,437,110	$ -	$ -
December 31, 2014				
Mutual funds	$ 138,989,198	$ 138,989,198	$ -	$ -
Guaranteed Pooled Fund	17,088,978	-	17,088,978	-
	$ 156,078,176	$ 138,989,198	$ 17,088,978	$ -

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the year ended December 31, 2015. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis.

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. If quoted market prices are not available, then fair values are estimated by using quoted prices of securities with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections and cash flows. Such securities are classified in Level 2 of the valuation hierarchy. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy.

Note 7: Investment Contract with Insurance Company

Insurance Company/General Account

The Plan entered into an investment contract with Transamerica Financial Life Insurance Company (TFLIC), in which employer contributions to the Plan and forfeitures from participant accounts as well as contributions into the employer expense account starting in 2015 are credited to an unallocated fund established under a group annuity contract. Funds deposited into this account will earn interest from the date they are deposited until the date they are allocated to the participants' accounts at a rate predetermined by TFLIC.

The guaranteed investment contract is fully benefit responsive; therefore, contract value is the relevant measurement. Contract value, as reported to the Plan by TFLIC, represents contributions made under the contract, plus earnings, less withdrawals and administrative expenses. Participants may ordinarily direct withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against the contract value for credit risk of the contract issuer or otherwise.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Standard Stable Asset Fund I

In 2015, the Plan entered into a fully benefit-responsive investment contract with Standard Insurance Company (Standard). Standard maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate guaranteed to the Plan.

The guaranteed investment contract is fully benefit responsive; therefore, contract value is the relevant measurement. Contract value, as reported to the Plan by Standard, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against the contract value for credit risk of the contract issuer or otherwise.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The following represents the contract value by investment contract held by the Plan:

	2015	2014
Insurance Company/General Account	$ 429,744	$ 7,346,792
Standard Stable Asset Fund I	25,867,478	-
	$ 26,297,222	$ 7,346,792

Note 8: Related-Party and Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association, or relatives of such persons.

State Street Bank and Trust Company holds certain plan assets. Transamerica is the record keeper and affiliated with the issuer of the annuity contract. The System provides certain administrative services at no cost to the Plan.

Note 9: Plan Merger

Effective January 1, 2014, the Plan was amended and restated to merge the Laurel Health System Tax Deferred Annuity 403(b) Plan into the Plan, transferring $40,690,481 in assets. The conversion initiated a "Black Out" period beginning December 27, 2013, and continued through January 16, 2014, with the majority of the funds being transferred into the Plan on January 2, 2014. During this period, funds could not be applied to the employee-selected funds with the Trustee or withdrawn from the Plan until the Trustee had time to accurately complete the conversion. At the end of the Black Out period, these funds were invested in funds as requested by each participant.

Note 10: Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2015 and 2014, to Form 5500:

	2015	2014
Net assets available for benefits per the financial statements	$258,822,588	$168,028,237
Less: Notes receivable from participants deemed distributed	(478,682)	(375,977)
Net assets available for benefits per Form 5500	$258,343,906	$167,652,260

The following is a reconciliation of benefits paid to participants per the financial statements for the years ended December 31, 2015 and 2014, to Form 5500:

	2015	2014
Benefits paid to participants per the financial statements	$ 19,997,422	$ 13,111,466
Add: Notes receivable from participants deemed distributed	102,705	15,156
Benefits paid to participants per Form 5500	$ 20,100,127	$ 13,126,622

Note 11: Custodial Accounts Excluded from Financial Statements

As permitted by the Department of Labor's Field Assistant Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans* (FAB 2009-02), the plan administrator has elected to exclude certain contracts and custodial accounts from the Plan's financial statements. These contracts and custodial accounts were limited to employee contributions held under a voluntary 403(b) plan arrangement prior to January 1, 2009. The excluded contracts and custodial accounts consisted of the following as of December 31, 2015 and 2014, and for the years then ended:

	2015	2014
Investments, at fair value	$ 6,115,084	$ 6,248,578
Notes receivable from participants	64,105	76,097
Investment income	107,572	289,202
Benefit payments and administrative expenses	428,407	722,647
Rollover contributions	173,178	-

The plan administrator has concluded that the contracts and custodial accounts have met the criteria required under FAB 2009-02 and as such, have been excluded for the Plan's financial statements.

Note 12: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 13: Plan Termination

Although it has not expressed any intent to do so, the System has the right under the Plan to no longer allow contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 14: Tax Status

The Plan, together with the investment vehicles, is intended to be a tax-sheltered annuity plan under Section 403(b) of the Internal Revenue Code of 1986, as amended. The Plan has not requested or obtained a determination letter, as the Internal Revenue Service is not currently issuing letters for 403(b) plans. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and not subject to tax.

Note 15: Subsequent Events

Subsequent events have been evaluated through the date of the Independent Auditor's Report, which is the date the financial statements were available to be issued.
