PENTON MEDIA, INC. RETIREMENT AND SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of Plan

The following description of the Penton Media, Inc. Retirement and Savings Plan (the "Plan") provides general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

Participation

The Plan is a defined contribution plan established to provide benefits to qualified domestic employees of the Plan sponsor, Penton Media Inc. ("Penton" or the "Company"), and certain of its affiliates. The Plan allows participants to make pre-tax and after-tax Roth contributions in accordance with the provisions of Section 401(k) of the Internal Revenue Code. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. Employees of the Company become eligible to participate in the Plan on the first day of the following month in which the employee begins employment with the Company.

During 2015, the Company acquired an entity that had previously participated in another plan. Upon acquisition, employees became eligible to participate in the Plan and were granted prior service credit for time under the acquired entity. Their respective balances were transferred into the Plan totaling \$471,672.

Contributions

Participants may contribute up to 50% of their compensation to the Plan subject to limitations contained in the Internal Revenue Code on a pre-tax and after-tax Roth 401(k) basis. The Company may make discretionary matching or non-elective contributions, as determined by its Board of Directors. No discretionary matching or non-elective contributions were made during 2015. The Plan also provides for the investment of qualified rollover contributions and catch-up contributions for participants age 50 or over.

Participants' Accounts

Fidelity Investments Institutional Operations Company, Inc., the record keeper of the Plan, maintains an individual account for each participant. These accounts are credited with participants' contributions, Company contributions, and an allocation of earnings and expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. Employees elect to allocate their contributions and any Company contributions to various investment options in one-quarter percent increments as specified in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are at all times vested in their elective contributions and earnings thereon. Participants become fully vested in the Company's contributions based on a graduated vesting scale whereby a participant becomes 20% vested after one year of service and continues vesting at a rate of 20% for each additional year of service until the participant becomes fully vested after five years of service. Participants who are former participants in the Farm Progress Plan are 100% vested after three years of service.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 1. Description of Plan (Continued)**Notes Receivable From Participants**

Participants are permitted to borrow against the value of their account balance a minimum of \$1,000 up to, but not to exceed, the lesser of \$50,000 or 50% of the participant's vested account balance. Note terms may not exceed five years unless for the purchase of a principal residence. Repayments of principal and interest are credited to the participants' separate accounts within the funds as elected by the participants. The notes are secured by the balance in the participants' vested accounts and carry an interest rate as determined by the Plan on the date of the loan. The interest rates on existing notes range from 3.25% to 5.00% during 2015 and 2014. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

A participant, upon retirement, termination, disability, or the attainment of age 59½ or a participant's beneficiary, upon the participant's death, may elect to receive either a lump sum payment, a series of installment payments over a period of time as determined by the Plan, or a combination of the two. The Plan also allows hardship withdrawals if requirements are met as outlined in the Plan document.

Forfeitures

Forfeitures are used to offset Company contributions. In 2015, \$1,079 of forfeitures were applied to offset a correction related to the 2014 discretionary Company contribution. Unallocated forfeitures at December 31, 2015 and 2014 totaled \$99,428 and \$60,945, respectively.

Termination Provision

Although it has not expressed any intent to do so, the Company has the right to amend, modify, suspend, or terminate the Plan subject to the provisions of ERISA. No amendment, modification, suspension, or termination of the Plan shall have the effect of providing that any amounts then held under the Plan may be used or diverted to any purpose other than for the exclusive benefit of participants or their beneficiaries. In the event of Plan termination, participants will become 100% vested in their accounts. The Company also has the right under the Plan to discontinue its contributions at any time.

Note 2. Summary of Significant Accounting Policies**Basis of Accounting**

The financial statements of the Plan have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

New Accounting Pronouncement

In July 2015, the FASB issued ASU No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965)*. The Plan elected early adoption of this pronouncement, which changed certain investment disclosure requirements. As such, the Plan is no longer required to (1) disclose individual investments that represent 5% or more of net assets available for benefits; (2) disclose the net appreciation or depreciation for investments by general type; or (3) disaggregate investments by anything other than general type within the fair value hierarchy. These changes have been applied retrospectively to the financial statements.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 2. Summary of Significant Accounting Policies (Continued)

Subsequent Events

The Company has evaluated subsequent events through September 12, 2016, which is the date the financial statements were available to be issued.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividend income is accrued on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan holds various investment options in combinations of investment securities. Investment securities are exposed to various risks, such as interest rates, market, and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Payment of Benefits

Benefits are recorded when paid by the Plan.

Administrative Expenses

The costs to administer the Plan are paid by the Company with the exception of the loan setup and maintenance fees and distribution fees, which are paid by the affected participant.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 2. Summary of Significant Accounting Policies (Continued)

Revenue Credit

During 2015, the plan entered into a revenue credit agreement with Fidelity Management Trust Company ("Fidelity"), the Trustee of the Plan. The revenue credits received by the Plan are to be used to offset administrative expenses of the Plan or may be allocated to participant accounts.

Reclassifications

Certain reclassifications to prior year amounts were made to conform to current year presentation.

Note 3. Unaudited Information

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified to the completeness and accuracy of all investments and notes receivable from participants reflected in the statements of net assets available for benefits at December 31, 2015 and 2014, the supplemental schedule at December 31, 2015, the related investment and loan interest activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2015, and investment related information in the accompanying notes to the financial statements. This information is unaudited by independent accountants.

Note 4. Fair Value Measurements

The Plan estimates the fair value of financial instruments using available market information and other generally accepted valuation methodologies. The inputs used to measure fair value are classified into three levels:

- Level 1 – Quoted market prices in active markets for identical assets and liabilities
- Level 2 – Observable market-based inputs or unobservable inputs that are corroborated by market data
- Level 3 – Unobservable inputs in which little or no market data exists

The following is a description of the valuation methodologies used for plan assets measured at fair value:

- *Registered investment companies:* Valued at the closing market prices in active markets for identical investment and are classified as Level 1.
- *Common stocks:* Valued at the closing price reported in the active market in which the individual securities are traded and are classified as Level 1.
- *Government and Corporate bonds:* Valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing value on yields currently available on comparable securities of issues with similar credit ratings and are classified as Level 2.

PENTON MEDIA, INC. RETIREMENT AND SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 4. Fair Value Measurements (Continued)

- *Common/collective trust fund (which include fully benefit-responsive investment contracts):* Valued at its closing net asset value as a practical expedient to estimate fair value since this value is the probable selling price of the investment. There are no redemption restrictions on this investment. The net asset value is based primarily on quoted prices of the actual underlying assets or similar assets and is classified as Level 2.
- *Cash:* Interest bearing cash is classified as Level 1.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. There have been no changes in the methodologies used from 2014 to 2015. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level the Plan's assets at fair value as of December 31, 2015:

	Assets at Fair Value as of December 31, 2015

Therefore, no provision for income taxes has been included in the Plan's financial statements.

The plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2015, there are no uncertain positions taken or expected to be taken that would require such recognition or disclosure in the financial statements.

Note 6. Party-in-Interest Transactions

Certain plan investments are shares of investments managed by an affiliate of Fidelity Management Trust Company ("Fidelity"), the Trustee of the Plan; therefore, these transactions qualify as party-in-interest transactions. NOTES TO FINANCIAL STATEMENTS

Note 1. Description of Plan

The following description of the Penton Media, Inc. Retirement and Savings Plan (the "Plan") provides general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

Participation

The Plan is a defined contribution plan established to provide benefits to qualified domestic employees of the Plan sponsor, Penton Media Inc. ("Penton" or the "Company"), and certain of its affiliates. The Plan allows participants to make pre-tax and after-tax Roth contributions in accordance with the provisions of Section 401(k) of the Internal Revenue Code. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. Employees of the Company become eligible to participate in the Plan on the first day of the following month in which the employee begins employment with the Company.

During 2015, the Company acquired an entity that had previously participated in another plan. Upon acquisition, employees became eligible to participate in the Plan and were granted prior service credit for time under the acquired entity. Their respective balances were transferred into the Plan totaling \$471,672.

Contributions

Participants may contribute up to 50% of their compensation to the Plan subject to limitations contained in the Internal Revenue Code on a pre-tax and after-tax Roth 401(k) basis. The Company may make discretionary matching or non-elective contributions, as determined by its Board of Directors. No discretionary matching or non-elective contributions were made during 2015. The Plan also provides for the investment of qualified rollover contributions and catch-up contributions for participants age 50 or over.

Participants' Accounts

Fidelity Investments Institutional Operations Company, Inc., the record keeper of the Plan, maintains an individual account for each participant. These accounts are credited with participants' contributions, Company contributions, and an allocation of earnings and expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. Employees elect to allocate their contributions and any Company contributions to various investment options in one-quarter percent increments as specified in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are at all times vested in their elective contributions and earnings thereon. Participants become fully vested in the Company's contributions based on a graduated vesting scale whereby a participant becomes 20% vested after one year of service and continues vesting at a rate of 20% for each additional year of service until the participant becomes fully vested after five years of service. Participants who are former participants in the Farm Progress Plan are 100% vested after three years of service.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 1. Description of Plan (Continued)**Notes Receivable From Participants**

Participants are permitted to borrow against the value of their account balance a minimum of \$1,000 up to, but not to exceed, the lesser of \$50,000 or 50% of the participant's vested account balance. Note terms may not exceed five years unless for the purchase of a principal residence. Repayments of principal and interest are credited to the participants' separate accounts within the funds as elected by the participants. The notes are secured by the balance in the participants' vested accounts and carry an interest rate as determined by the Plan on the date of the loan. The interest rates on existing notes range from 3.25% to 5.00% during 2015 and 2014. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

A participant, upon retirement, termination, disability, or the attainment of age 59½ or a participant's beneficiary, upon the participant's death, may elect to receive either a lump sum payment, a series of installment payments over a period of time as determined by the Plan, or a combination of the two. The Plan also allows hardship withdrawals if requirements are met as outlined in the Plan document.

Forfeitures

Forfeitures are used to offset Company contributions. In 2015, \$1,079 of forfeitures were applied to offset a correction related to the 2014 discretionary Company contribution. Unallocated forfeitures at December 31, 2015 and 2014 totaled \$99,428 and \$60,945, respectively.

Termination Provision

Although it has not expressed any intent to do so, the Company has the right to amend, modify, suspend, or terminate the Plan subject to the provisions of ERISA. No amendment, modification, suspension, or termination of the Plan shall have the effect of providing that any amounts then held under the Plan may be used or diverted to any purpose other than for the exclusive benefit of participants or their beneficiaries. In the event of Plan termination, participants will become 100% vested in their accounts. The Company also has the right under the Plan to discontinue its contributions at any time.

Note 2. Summary of Significant Accounting Policies**Basis of Accounting**

The financial statements of the Plan have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

New Accounting Pronouncement

In July 2015, the FASB issued ASU No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965)*. The Plan elected early adoption of this pronouncement, which changed certain investment disclosure requirements. As such, the Plan is no longer required to (1) disclose individual investments that represent 5% or more of net assets available for benefits; (2) disclose the net appreciation or depreciation for investments by general type; or (3) disaggregate investments by anything other than general type within the fair value hierarchy. These changes have been applied retrospectively to the financial statements.

PENTON MEDIA, INC. RETIREMENT AND SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 2. Summary of Significant Accounting Policies (Continued)

Subsequent Events

The Company has evaluated subsequent events through September 12, 2016, which is the date the financial statements were available to be issued.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividend income is accrued on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan holds various investment options in combinations of investment securities. Investment securities are exposed to various risks, such as interest rates, market, and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Payment of Benefits

Benefits are recorded when paid by the Plan.

Administrative Expenses

The costs to administer the Plan are paid by the Company with the exception of the loan setup and maintenance fees and distribution fees, which are paid by the affected participant.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 2. Summary of Significant Accounting Policies (Continued)

Revenue Credit

During 2015, the plan entered into a revenue credit agreement with Fidelity Management Trust Company ("Fidelity"), the Trustee of the Plan. The revenue credits received by the Plan are to be used to offset administrative expenses of the Plan or may be allocated to participant accounts.

Reclassifications

Certain reclassifications to prior year amounts were made to conform to current year presentation.

Note 3. Unaudited Information

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified to the completeness and accuracy of all investments and notes receivable from participants reflected in the statements of net assets available for benefits at December 31, 2015 and 2014, the supplemental schedule at December 31, 2015, the related investment and loan interest activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2015, and investment related information in the accompanying notes to the financial statements. This information is unaudited by independent accountants.

Note 4. Fair Value Measurements

The Plan estimates the fair value of financial instruments using available market information and other generally accepted valuation methodologies. The inputs used to measure fair value are classified into three levels:

- Level 1 – Quoted market prices in active markets for identical assets and liabilities
- Level 2 – Observable market-based inputs or unobservable inputs that are corroborated by market data
- Level 3 – Unobservable inputs in which little or no market data exists

The following is a description of the valuation methodologies used for plan assets measured at fair value:

- *Registered investment companies:* Valued at the closing market prices in active markets for identical investment and are classified as Level 1.
- *Common stocks:* Valued at the closing price reported in the active market in which the individual securities are traded and are classified as Level 1.
- *Government and Corporate bonds:* Valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing value on yields currently available on comparable securities of issues with similar credit ratings and are classified as Level 2.

PENTON MEDIA, INC. RETIREMENT AND SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 4. Fair Value Measurements (Continued)

- *Common/collective trust fund (which include fully benefit-responsive investment contracts):* Valued at its closing net asset value as a practical expedient to estimate fair value since this value is the probable selling price of the investment. There are no redemption restrictions on this investment. The net asset value is based primarily on quoted prices of the actual underlying assets or similar assets and is classified as Level 2.
- *Cash:* Interest bearing cash is classified as Level 1.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. There have been no changes in the methodologies used from 2014 to 2015. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level the Plan's assets at fair value as of December 31, 2015:

Note 5. Income Tax Status

The Internal Revenue Service has determined and informed the Plan by a letter that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2015, there are no uncertain positions taken or expected to be taken that would require such recognition or disclosure in the financial statements.

Note 6. Party-in-Interest Transactions

Certain plan investments are shares of investments managed by an affiliate of Fidelity Management Trust Company ("Fidelity"), the Trustee of the Plan; therefore, these transactions qualify as party-in-interest transactions.
