NOTE 1 - DESCRIPTION OF PLAN

The following description of Gables Engineering, Inc. 401(k) Plan (the "Plan"), provides general information only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined-contribution profit sharing plan covering substantially all employees of Gables Engineering, Inc. (the "Company" or "Employer"), upon hiring, who are at least 18 years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Plan Administration

The Plan is administered by the Company and the Plan's assets are maintained by State Street Bank and Trust Company (the "Trustee").

Plan Amendments

Effective April 1, 2016, the Plan was amended to comply with the Pension Protection Act and HEART Act. The Plan was also amended to allow for installment payments for participant distributions.

Contributions

Participants may make pretax contributions of varying percentages from eligible compensation, subject to certain other limitations as described in the Plan document. The maximum contribution allowed in 2015 was $18,000 and an additional $6,000 in catch up contributions for participants who have reached or are expected to reach age 50 during the plan year. The Plan also allows for rollover contributions from other non-affiliated qualified retirement savings plans or Individual Retirement Accounts ("IRA").

Upon enrollment, a participant may contribute at least one percent of their pre-tax annual compensation to any of the Plan's investment options.

The Company may make discretionary matching contributions to the Plan, subject to certain limitations as described in the Plan document. In addition, the Company may also make discretionary profit sharing contributions on an annual basis. In order to be eligible to receive the employer's matching or profit sharing contributions, participants must work one month during which at least one hour of service is completed. For the year ended December 31, 2015, the Company made discretionary matching contributions of $981,809. No discretionary profit sharing contributions were made during 2015.

(continued)

NOTE 1 - DESCRIPTION OF PLAN - Continued

Participant Accounts

Each participant's account is credited with the participant's contribution, any discretionary Company contributions and allocations of investment earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their voluntary contributions plus actual earnings thereon as well as employer matching contributions upon enrollment in the Plan.

Investment Options

Participants direct the investment of their contributions plus actual earnings thereon into various investment options offered by the Plan. Participants may change their investment options daily.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 and up to a maximum equal to the lesser of 50% of the vested value of the participant's account or $50,000 and may not exceed more than two loans at any time. Loan terms range from one to five years or up to fifteen years for the purchase of a primary residence. The loans are secured by the balances in the participant's account. The interest charged on loans is a fixed interest rate of 1% over the prime interest rate. The interest rates charged on all participant loans outstanding ranged from 4.25% to 6.00% and 4.25% to 6.17% for the years ended December 31, 2015 and 2014, respectively. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Participants may withdraw any portion of their vested account balance once they have reached the age of 59½ years and continue to work. Participants may also obtain a hardship withdrawal of their vested account balance if the participants have demonstrated that they have a serious financial hardship due to (a) non-reimbursed medical expenses, (b) purchase of primary residence, (c) post-secondary tuition and related educational fees payments, (d) payments for the prevention of eviction or foreclosure on a mortgage, (e) payments for burial or funeral expenses for employee's deceased parents, spouse, children, or dependent, or (f) payments for principal residence repair of damage expenses that qualifies for the casualty deduction. A hardship withdrawal cannot exceed the amount of the participants' financial need.

(continued)

NOTE 1 - DESCRIPTION OF PLAN - Continued

Payments of Benefits - Continued

In the event of a participant's termination of employment, total and permanent disability as determined by the Social Security Administration, normal retirement (age 65) or death, the participant or the participant's beneficiary may elect to receive a lump-sum distribution of his/her account balance. If a participant does not elect to take a partial or full payment, or rollover some or all of his/her vested account balance when he/she terminates employment with the Company, his/her vested account balance will remain in the Plan with no future employee or employer contributions. Benefit payments are recorded as deductions from net assets available for benefits when paid.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Adoption of New Accounting Rules

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value Per Share (or Its Equivalent),* which exempts investments measured using the net asset value (NAV) practical expedient in Accounting Standards Codification 820, Fair Value Measurement, from categorization within the fair value hierarchy. The guidance requires retrospective application and is effective for public business entities for fiscal years, and interim periods within those years, beginning after December 15, 2015. For all other entities, the guidance is effective for fiscal years, and interim periods within those years, beginning after December 15, 2016. Early adoption is permitted. Management elected to early adopt the provisions of this new standard. Accordingly, the amendment was retrospectively applied resulting in the removal of the Plan's investment for which fair value is measured using the NAV per share practical expedient from the fair value hierarchy. The amount of investments measured at NAV (or its equivalent) is disclosed so that total investments in the fair value hierarchy can be reconciled to total investments measured at fair value on the statement of net assets available for benefits.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and welfare Benefit Plans (Topic 965): Part (I) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient.* This three-part standard simplifies employee benefit plan reporting with respect to fully benefit-responsive investment contracts and plan investment disclosures, and provides for a measurement-date practical expedient.

(continued)

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES - Continued

Adoption of New Accounting Rules - continued

Parts I and II are effective for fiscal years beginning after December 15, 2015 and should be applied retrospectively, with early application permitted. Part III is effective for fiscal years beginning after December 15, 2015 and should be applied prospectively, with early application permitted.

Part III is not applicable to the Plan, but management has elected to adopt Parts I and II early. Accordingly, the disclosures of individual investments that represent 5% or more of net assets available for benefits, the net appreciation or depreciation in fair value of investments by general type and investment strategy for the Plan's investment measured at NAV as a practical expedient have been removed, and the level disaggregation of investments that are measured at fair value has been simplified by disaggregating investments by general type versus disaggregating by nature, characteristics, and risks.

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from these estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date.

Net Depreciation in Fair Value of Investments

Net realized and unrealized depreciation of investments is recorded in the accompanying statement of changes in net assets available for benefits as net depreciation in fair value of investments and includes gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses have been recorded as of December 31, 2015 and 2014.

(continued)

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES – Continued

Risks and Uncertainties

The Plan provides for investment options in a variety of investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, market volatility, and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Administration of Plan

Certain administrative functions are performed by officers or employees of the Company. No such officers or employees receive compensation from the Plan. The Company pays most administrative expenses associated with the Plan. Expenses relating to Plan investments are paid by the Plan and borne on a pro-rata basis by each participant an included in the net depreciation in fair value of investments.

NOTE 3 - FAIR VALUE MEASUREMENTS

FASB Accounting Standards Codification (ASC) 820, *Fair Value Measurement* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

(continued)

NOTE 3 - FAIR VALUE MEASUREMENTS - Continued

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds – Valued at the net asset value ("NAV") of shares held by the Plan at year-end. The mutual funds provide for daily redemptions by the Plan at reported NAVs with no advance notice requirement.

Self-directed brokerage accounts – Common stock and preferred stock, mutual funds, and exchange traded funds traded in active markets on national and international securities exchanges are valued at closing prices on the last business day of each period presented. Money market mutual funds are valued using the amortized cost as permitted by Rule 2a-7 under the Investment Company Act of 1940, which approximates their fair value.

Collective Trust – The Plan holds an interest in a collective investment trust (Wells Fargo Stable Value Fund W), valued at NAV of units held, to maintain a portion of the Plan contributions in guaranteed investment contracts, synthetic guaranteed investments contracts, and separate account investment contracts. The NAV is used as a practical expedient to estimate fair value. The account is credited with contributions and earnings on the underlying investments and charges for participant withdrawals and administrative expenses charged by the trustee of the collective investment trust. The guaranteed investment contract issuers are contractually obligated to repay the principal and a specific interest rate that is guaranteed to the Plan. There are no participant redemption restrictions or unfunded commitments. Redemption can occur daily.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different estimate of fair value at the reporting date.

(continued)

NOTE 3 - FAIR VALUE MEASUREMENTS - Continued

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015:

	Level 1	Level 2	Level 3	Total

NOTE 4 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions and to terminate the Plan, subject to the provisions of ERISA.

NOTE 5 - TAX STATUS

The Internal Revenue Service has determined and informed the Company, by a letter dated January 1, 2016, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan has been amended since the receipt of the determination letter. The Plan Administrator believes that the Plan is being operated in compliance with the applicable requirements of the IRC.

(continued)

NOTE 5 - TAX STATUS - Continued

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of both December 31, 2015 and 2014, there were no uncertain positions taken or expected to be taken that required recognition of a liability (or asset) or disclosure in the financial statements. The Plan will recognize interest and penalties accrued on any unrecognized tax benefits as a component of income tax expense. As of December 31, 2015 and 2014, the Plan has not accrued interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to tax examinations for years prior to 2012.

NOTE 6 - INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee certified that the following data included in the financial statements and supplemental schedules is complete and accurate.

a. Investments and notes receivable from participants, shown in the accompanying statements of net assets available for benefits as of December 31, 2015 and 2014.

b. Net investment income and interest income on notes receivable from participants, as shown in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2015.

c. Schedule H, Line 4i - Schedule of Assets (Held at End of Year), December 31, 2015.

The Plan's independent certified public accountants did not perform auditing procedures with respect to this information, except for comparing such information certified by the Trustee to the related information included in the financial statements and supplemental schedules.

NOTE 7 - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Plan investments include a collective trust fund managed by Diversified Investment Advisors, a related party to Transamerica Retirement Solutions, the recordkeeper. These transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management and administrative services were $7,953 for the year ended December 31, 2015. Administrative expenses incurred by the Company on behalf of the Plan were $76,289 for 2015.

NOTE 8 - PROHIBITED TRANSACTIONS

During 2015, the Company failed to deposit approximately $81,000 of participant contributions within the required timeframe established by the United States Department of Labor ("DOL"). The DOL considers late deposits to be prohibited transactions. The amount of lost earnings on the late deposits was immaterial to the financial statements for the year ended December 31, 2015.
