FIBER-LINE, INC. SAVINGS & RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

1. PLAN DESCRIPTION:

The following description of the Fiber-Line, Inc. Savings & Retirement Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General -

The Plan is a defined contribution plan that was established by Fiber-Line, LLC (the “Company”) on January 1, 1993 and restated effective January 1, 2009. Employees that are 18 years of age are eligible to immediately participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan was most recently restated effective January 1, 2016, at which time the name of the Plan was changed to the Fiber-Line 401(k) Plan.

Contributions -

Participants’ elected annual salary deferrals are limited to the maximum allowable under the Internal Revenue Code (“IRC”). The Plan permits “catch-up” contributions for participants ages 50 and over. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

Upon completing one year of service, participants are eligible for the Company match of 50% of each participant’s deferral contributions not exceeding 6% of the participant’s compensation. The Company may also make a discretionary contribution to the Plan participants who have completed one year of service. Such contributions are allocated to eligible participants based upon each participant’s pro rata share of total active participants’ eligible compensation for the Plan year. No discretionary contributions were made during the years ended December 31, 2015 and 2014. Effective January 1, 2016, the Company is no longer permitted to make discretionary Company contributions.

In 2015, the Company made a qualified nonelective contribution of \$35,711 for the correction of participant deferrals and related Company match. This amount is presented as an other Company contribution in the statements of changes in net assets available for benefits.

FIBER-LINE, INC. SAVINGS & RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS

Participants' Accounts -

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting -

Participants are immediately vested in their contributions, and actual earnings thereon. Vesting in the Company matching and discretionary contributions is based on years of service, as defined in the Plan document and on the following schedule:

<u>Years of service</u>	<u>Vesting percentage</u>
1 year	40%
2 years	60%
3 years	80%
4 or more years	100%

Forfeited Accounts -

Forfeitures totaled \$4,629 and \$2,929 as of December 31, 2015 and 2014, respectively. Forfeitures may be used to reduce future Company contributions or pay administrative expenses under the Plan, as determined by the Company. The Company used \$2,900 of forfeitures to offset Company contributions for the year ended December 31, 2015. No portion of the forfeiture accounts were used during the year ended December 31, 2014.

Payment of Benefits -

Payment of participant benefits is made upon the participant attaining normal retirement age (65), disability, death, or termination of employment. Benefits are distributed to a participant or their designated beneficiary in a lump sum payment.

Participants may withdraw up to 100% of their elective deferrals, upon request, after establishing financial hardship.

FIBER-LINE, INC. SAVINGS & RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS

Notes Receivable from Participants -

Participants may borrow from their fund accounts up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at rates ranging from 4.16% - 4.49%. Principal and interest is paid ratably through payroll deductions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of Accounting -

The financial statements of the Plan are prepared using the accrual method of accounting.

New Accounting Pronouncements -

In July 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Part II eliminates the requirements to disclose individual investments that represent five percent or more of net assets available for benefits and the net appreciation and depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured at fair value. Plans will continue to disaggregate investments that are measured at fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics, and risks. Further, the disclosure of information about fair value measurements should be provided by general type of plan asset. Part I and III are not applicable to the Plan. ASU 2015-12 is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Part II is to be applied retrospectively. The Plan has elected to early adopt Part II.

Use of Estimates -

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

FIBER-LINE, INC. SAVINGS & RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS

Payment of Benefits -

Benefits are recorded when paid.

Administrative Expenses -

Plan expenses, such as investment advisory, transaction and third-party administration fees for the years ended December 31, 2015 and 2014 were paid by the Plan. The Company provides administrative support services to the Plan without charge.

Investment Valuation and Income Recognition -

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and Uncertainties -

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Notes Receivable from Participants -

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income from notes receivable is recorded using the accrual basis. As of December 31, 2015 and 2014, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the Plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

FIBER-LINE, INC. SAVINGS & RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS

Reclassification -

Certain amounts in the 2014 financial statements have been reclassified to conform with the 2015 presentation. These reclassifications do not affect net assets available for benefits, as previously reported.

Date of Management's Review -

The Company has evaluated subsequent events through August 30, 2016, which is the date the financial statements were available to be issued.

3. FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under the accounting literature are described as follows:

Level 1 - Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- a) Quoted prices for similar assets or liabilities in active markets
- b) Quoted prices for identical or similar assets or liabilities in inactive markets
- c) Inputs other than quoted prices that are observable for the asset or liability
- d) Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs that are unobservable and have the lowest priority.

FIBER-LINE, INC. SAVINGS & RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS

Registered investment companies ("mutual funds") are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

4. INVESTMENTS - CERTIFIED INFORMATION:

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the following information, certified by the custodian to be complete and accurate for the years ended December 31, 2015 and 2014, was relied upon in the preparation of the financial statements and supplemental schedule as of and for the years ended December 31, 2015 and 2014.

- a. Investments, at fair value and notes receivable from participants included in the statements of net assets available for benefits.
- b. Net depreciation in fair value of investments and interest/dividend income included in the statements of changes in net assets available for benefits.

FIBER-LINE, INC. SAVINGS & RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS

5. RELATED-PARTY TRANSACTIONS:

Certain Plan investments are managed by Charles Schwab Bank (“Schwab”). Schwab is the custodian, as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions.

6. TAX STATUS:

The Company adopted the Plan using the KT Administrators, Inc. Master and Prototype (M&P) adoption agreement #01 (the “Plan Document”). An opinion letter from the Internal Revenue Service dated March 31, 2008 states that the Plan Document is qualified under Section 401(a) of the IRC. The Plan Document has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for taxes has been made in the accompanying financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. PLAN TERMINATION:

The Company expects to continue the Plan as defined but nevertheless reserves the right to discontinue or partially terminate the Plan. In the event of such discontinuance resulting in the termination of the Plan, participants will become 100% vested in their account balances.
