NORTH COAST LOGISTICS, INC. EMPLOYEE SALARY SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2015 AND 2014

NOTE 1 – DESCRIPTION OF PLAN

The following description of the North Coast Logistics, Inc. Employee Salary Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a profit sharing and 401(k) plan that provides retirement income for the non-union employees of North Coast Logistics, Inc. (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan's assets consist of a group annuity contract (the "Contract") issued by John Hancock Life Insurance Company (U.S.A.) ("John Hancock"), custodian of the Plan's assets. Through the Contract, contributions made into the Plan are invested in a pooled separate account with sub-accounts which invest solely in underlying mutual funds and a stable value fund. Amounts allocated to a pooled separate account are credited to a participant's account in the form of accumulation units.

Administration: The Plan is administered by the Company.

Eligibility: To be eligible to participate in the Plan, an employee must have completed at least six months of service and be 21 years of age or older. Employees may enter the Plan on the first day of the quarter following completion of the eligibility requirements.

Contributions: Participants may contribute up to 100% of their pre-tax annual compensation, as defined by the Plan, into their self-directed accounts subject to Internal Revenue Service limitations. Participants who have attained age 50 before the close of the calendar year are eligible to make catch-up contributions. The Plan also permits rollover contributions from other qualified pre-tax retirement plans. Participants direct the investment of contributions into various investment options offered by the Plan. The Company may elect to make qualified non-elective contributions and qualified matching contributions to the Plan on behalf of all qualified participants. Discretionary qualified non-elective contributions are determined annually, contributed on a per pay basis, and are allocated using a flat dollar formula. Under this formula, all eligible employees will receive the same dollar amount each pay. Discretionary qualified matching contributions are determined annually and are equal to a specified percentage of the elective deferral of each contributing participant. There were no qualified non-elective contributions made during 2015. During 2015, the Company matched 50% of the first 6% of a participant's contributions.

In addition to the qualified non-elective contributions and qualified matching contributions, the Company may also make discretionary profit-sharing contributions. Profit-sharing contributions, if any, will be allocated to each eligible employee who is employed on the last day of the Plan year. Profit-sharing contributions will be made regardless of whether the employee has made a salary deferral and are allocated as a percentage of participant compensation to all eligible participants, as defined. There were no discretionary profit-sharing contributions during 2015.

Participant accounts: Each participant's account is credited with the participant's contribution, an allocation of the Company's contributions, if any, plan earnings, and charged with an allocation of the Plan's administrative expenses. Allocations are based on account balances or as an equal dollar amount based on the number of participants in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Each participant is immediately vested in their voluntary salary deferral contributions and Company qualified non-elective contributions, plus actual earnings thereon. Vesting in discretionary qualified matching contributions and employer profit sharing contributions is based on years of service with the Company, based on the following schedule:

<u>Years of Service</u>	<u>Vesting</u>
0-1	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Participant notes receivable: The Plan allows participants to obtain up to two outstanding loans at the same time from the Plan. These loans are subject to the following general provisions: the maximum amount of loans outstanding is equal to the lesser of \$50,000 or 50% of the participant's vested account balance with a minimum of \$1,000; the term of any loan may not exceed five years unless the purpose of the loan is to purchase the participant's primary residence; the loans are secured by 50% of the participant's account with interest charged at a rate set by the administrator. The administrator will determine a reasonable rate of interest by reviewing the interest rates charged for similar types of loans by other lenders. The interest rate will be fixed for the duration of the loan. Principal and interest are paid ratably through payroll deductions.

If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Payment of benefits: Upon termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. If a participant's vested account balance is \$5,000 or less at the time of termination of service, the participant's account balance is automatically distributed. Actively employed participants may begin receiving distributions at age 59½. In the case of hardship, a participant may apply for a distribution as described in the Plan agreement.

Forfeited accounts: There were no forfeited non-vested accounts as of December 31, 2015 and 2014. Forfeited accounts totaling \$5,353 were used to reduce employer matching contributions during 2015.

Administrative expenses: Certain administrative expenses of the Plan are paid by the Company and are not included in the statement of changes in net assets available for benefits

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of presentation: The financial statements are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Participant notes receivable: Participant notes receivable are recorded at their unpaid principal balance plus any accrued but unpaid interest.

Investment valuation and income recognition: The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3, *Fair Value Measurements*, for discussion of fair value measurements.

Purchases and sales of investments, including gains or losses, are recorded on a trade-date basis. Interest income is recorded when earned, and dividends are recorded on the ex-dividend date. Capital gain distributions are included in dividend income. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the period.

Benefit payments: Benefit payments to participants are recorded when paid.

New accounting pronouncements: In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or its Equivalent)*, which exempts investments measured using the net asset value (NAV) practical expedient in ASC 820, *Fair Value Measurement*, from categorization within the fair value hierarchy. The guidance requires retrospective application and is effective for fiscal years, and interim periods within those years, beginning after December 15, 2016. Early adoption is permitted. Management elected to early adopt the provisions of this new standard in 2015. Accordingly, the Plan retrospectively modified its fair value disclosures. The adoption has been reflected in Note 3 and did not have a material effect on the financial statements.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965): Part (I) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient*. This three-part standard simplifies employee benefit plan reporting with respect to fully benefit-responsive investment contracts and plan investment disclosures, and provides for a measurement date practical expedient. Parts I and II are effective for fiscal years beginning after December 15, 2015 and must be applied retrospectively, with early application permitted. Part III is effective for fiscal years beginning after December 15, 2015 and should be applied prospectively, with early application permitted.

Management has elected to adopt Parts I and II for the Plan year ended December 31, 2015. Accordingly, the Plan retrospectively modified its investment disclosures as described above. The adoption has been reflected in Note 3 and did not have a material effect on the financial statements. Part III is not applicable to this Plan.

Subsequent events: In preparing these financial statements, Plan management has evaluated events and transactions for potential recognition or disclosure through July 29, 2016, the date the financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

Level 1 - inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - inputs to the valuation methodology include:

- a) Quoted prices for similar assets or liabilities in active markets;
- b) Quoted prices for identical or similar assets or liabilities in inactive markets;
- c) Inputs other than quoted prices that are observable for the asset or liability;
- d) Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015, and 2014.

Pooled-separate accounts: Valued at the net asset value of the units held by the Plan at year end. The net asset value as provided by the custodian is used as a practical expedient to estimate fair value. The pooled-separate accounts do not have finite lives, unfunded commitments relating to those types of investments, or significant restriction on redemptions.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

Description	Assets at Fair Value as of December 31, 2015			
	Level 1	Level 2	Level 3	Total
Pooled-separate accounts ^(a)	\$ -	\$ -	\$ -	\$ 1,495,464
Total	\$ -	\$ -	\$ -	\$ 1,495,464

Description	Assets at Fair Value as of December 31, 2014			
	Level 1	Level 2	Level 3	Total
Pooled-separate accounts ^(a)	\$ -	\$ -	\$ -	\$ 1,427,458
Total	\$ -	\$ -	\$ -	\$ 1,427,458

- (a) In accordance with Subtopic 820-10, certain investments that are measured at net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to amounts presented in the statements of net assets available for benefits.

There were no Level 3 assets and no transfers between Levels 1 and 2 in 2015 and 2014.

NOTE 4 – INCOME TAX STATUS

The trust established under the Plan, which holds the Plan's assets, is qualified pursuant to the appropriate section of the Internal Revenue Code, and accordingly, the trust's net investment income is exempt from income taxes. The Plan has adopted an Internal Revenue Service approved prototype plan. The prototype plan has received a favorable opinion letter from the IRS that it qualifies under IRS Code section 401(a), provided all terms of the plan are followed. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 5 – INFORMATION CERTIFIED BY CUSTODIAN

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by the custodian to the plan:

	2015	2014
Investments, at fair value:		
Investments, at fair value	\$ 1,495,464	\$ 1,427,458
Participant notes receivable	88,435	64,963
	<u>\$ 1,583,899</u>	<u>\$ 1,492,421</u>
Net assets available for benefits		
Changes in net assets:		
Net depreciation in fair value of investments	\$ (29,724)	
Interest income on participant notes receivable	<u>2,863</u>	
	<u>\$ 26,861</u>	

NOTE 6 – RELATED PARTIES

Plan investments are units of a group annuity contract pooled-separate accounts managed by John Hancock National Life Insurance Company (U.S.A). John Hancock National Life Insurance Company (U.S.A) is the custodian of the Plan's assets, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

A shareholder of the Company is the trustee of the Plan, as defined in the Plan document.

The Plan issues loans to participants, which are secured by the balances in the participants' accounts. These transactions qualify as party-in-interest transactions.

NOTE 7 – RISKS AND UNCERTAINTIES

The participants direct the Plan to invest in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for benefits.

NOTE 8 – PLAN TERMINATION

Although the Plan's management has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.
