Note 1 - Description of Plan

The following description of the Island International Industries Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan, which was established on September 1, 1995, is a defined contribution plan covering all full-time employees of Island International Industries Inc. (the "Sponsor") who have completed three months of service and are age 18 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Plan's Trustee is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Trustee.

Investments of the Plan are held by a trust established under the Plan with Fidelity Management Trust Company, trustee of the Plan. Fidelity Investments is the record keeper of the Plan and the Sponsor is the Plan administrator.

Contributions

Participants may contribute up to 100% of pre-tax annual compensation, as defined in the Plan, subject to certain Internal Revenue Code ("IRC") limitations. Participants' tax-free contributions per Section 402(g) of the IRC for the year ended December 31, 2015 were limited to $18,000, and participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also make rollover contributions representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

Each year the Sponsor may contribute, at its discretion, a matched percentage of participant contributions to the Plan. The matching Sponsor contribution is invested as directed by each participant. Additional profit sharing amounts may also be contributed at the option of the Sponsor's trustees and are invested in a portfolio of investments as directed by the Sponsor. During the year ended December 31, 2015, the Sponsor did not make any matching or profit sharing contributions to the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions and the Sponsor's matching contributions, as well as allocations of the Sponsor's profit sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1 - Description of Plan (cont'd.)

Vesting

Participants are vested immediately in their own contributions plus actual earnings thereon. Vesting in the portion of their accounts related to the Sponsor's matching contributions and profit sharing contributions is based on years of service as follows:

Years of Service	Vesting Percentage
Less than 2	0%
At least 2 but less than 3	33%
At least 3 but less than 4	66%
4 or more years	100%

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account. The loans are secured by the balance in the participant's account, and must be repaid over a five-year period unless it is for the purchase of a principal residence, in which case the loan repayment period may not exceed a term of 10 years. Interest on the loans is determined by the Plan administrator based on prevailing interest rates charged by persons in the business of lending money for loans which would be made under similar circumstances. Principal and interest are paid ratably through monthly payroll deductions.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant or beneficiary may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a 10-year period. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

Forfeitures

At December 31, 2015 and 2014, forfeited nonvested accounts totaled $1,434 and $3,884, respectively. These accounts will be used to reduce future employer contributions and Plan expenses. In 2015, the Plan expenses were reduced by $2,450 from forfeited nonvested accounts.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements are prepared on the accrual method of accounting.

Note 2 - Summary of Significant Accounting Policies (cont'd.)

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance of credit losses has been recorded at December 31, 2015 and 2014.

Payments of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Sponsor. Expenses that are paid by the Sponsor are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation in fair value of investments.

Reclassification

Certain amounts in the statement of net assets available for benefits as of December 31, 2014 have been reclassified to conform to the current year's presentation.

Note 2 - Summary of Significant Accounting Policies (cont'd.)

Change in Accounting Principle

In July 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965): Part (I) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient*. This three-part standard simplifies employee benefit plan reporting with respect to fully benefit-responsive investment contracts and plan investment disclosures, and provides for a measurement-date practical expedient. Parts I and II are effective for fiscal years beginning after December 15, 2015 and should be applied retrospectively, with early application permitted. Part III is effective for fiscal years beginning after December 15, 2015 and should be applied prospectively, with early application permitted.

Management has elected to adopt Part II early. Accordingly, the amendments were applied retrospectively to all periods presented, resulting in changes to the prior-period disclosures to eliminate the disclosure of: (1) individual investments that represent 5% or more of net assets available for benefits, and (2) the net appreciation or depreciation for investments by general type. Parts I and III are not applicable to this Plan.

New Accounting Pronouncements

In May 2015, the FASB issued ASU No. 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*, which exempts investments measured using the net asset value ("NAV") practical expedient in Accounting Standards Codification ("ASC") 820, *Fair Value Measurement*, from categorization within the fair value hierarchy. The guidance requires retrospective application and is effective for public business entities for fiscal years, and interim periods within those years, beginning after December 15, 2015. For all other entities, the guidance is effective for fiscal years, and interim periods within those years, beginning after December 15, 2016. Early adoption is permitted. Management is still evaluating the effects of the ASU and has not adopted as of December 31, 2015.

Note 3 - Information Prepared and Certified By Trustee

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements, including investments and notes receivable from participants held at December 31, 2015 and 2014, and net depreciation in fair value of investments, and interest and dividends for the year ended December 31, 2015, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Fidelity Management Trust Company, the trustee of the Plan. This information has not been audited by the independent auditors.

	2015	2014
Investments in mutual funds, at fair value	$ 1,937,269	$ 1,941,584
Notes receivable from participants	$ 99,412	$ 71,027
Interest and dividend income	$ 94,706	
Interest on notes receivable from participants	$ 2,270	
Net depreciation in fair value of investments in mutual funds	$ (109,130)	

Note 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC Topic 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Note 4 - Fair Value Measurements (cont'd.)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2015 and 2014.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission ("SEC"). These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value on a recurring basis at December 31, 2015 and 2014:

	Investments at Fair Value at December 31, 2015			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 1,937,269	$ -	$ -	$ 1,937,269
Total Investments at Fair Value	$ 1,937,269	$ -	$ -	$ 1,937,269

	Investments at Fair Value at December 31, 2014			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 1,941,584	$ -	$ -	$ 1,941,584
Total Investments at Fair Value	$ 1,941,584	$ -	$ -	$ 1,941,584

Note 5 - Related Party Transactions and Party-In-Interest Transactions

Certain Plan investments are managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee and Fidelity Investments is the recordkeeper for the Plan, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment services amounted to $3,650 for the year ended December 31, 2015.

Notes receivable from participants also quality as party-in-interest transactions.

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer matching and profit sharing contributions.

Note 7 - Income Tax Status

The Internal Revenue Service ("IRS") has determined and informed the Sponsor by a letter dated March 31, 2008 that the form of the volume submitter plan adopted by the Sponsor is acceptable under the appropriate sections of the IRC. The Plan has been amended since receiving the determination letter; however, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes that the Plan was qualified and the related trust was tax-exempt at the financial statement date.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2012.

Note 8 - Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9 - Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2015 and 2014 to the Form 5500:

	2015	2014

Net assets available for benefits per the Form 5500	$2,031,337	$2,012,611

The following is a reconciliation of changes in net assets per the financial statements for the year ended December 31, 2015 to the Form 5500:

Net increase in net assets available for benefits per the financial statements	$ 19,632
Changes in participants' contributions receivable	4,438
Changes in deemed distributions of notes receivable from participants	(5,344)
Net increase in net assets available for benefits per the Form 5500	$ 18,726

Note 10 - Subsequent Events

The Plan administrator has evaluated all events and transactions that occurred after December 31, 2015 through the date of these financial statements, which is the date that the financial statements were available to be issued. During this period, there were no material subsequent events requiring disclosure.
