MULTISORB TECHNOLOGIES, INC. 401(k) AND PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

FOR THE YEARS ENDED DECEMBER 31, 2015 AND 2014

1. DESCRIPTION OF PLAN AND MAJOR PLAN PROVISIONS

The Multisorb Technologies, Inc. 401(k) and Profit Sharing Plan (the “Plan”) was established effective August 1, 1981, as a profit sharing plan. The Plan was amended and restated effective January 1, 1997.

The Plan is a defined contribution plan intended to conform to the requirements of Employee Retirement Income Security Act of 1974 (“ERISA”) and subsequent legislation when applicable.

Information about the Plan agreement and its provisions is contained in the Multisorb Technologies, Inc. 401(k) and Profit Sharing Plan Summary Plan Description. Copies of this pamphlet are available from the Plan Administrator. A summary of major Plan provisions is as follows:

Participation – All employees of Multisorb Technologies, Inc. (the “Company”) who have attained age 18 and completed six months of service are eligible for participation in the Plan.

Contributions – Participants may elect to defer a specified percentage of compensation, up to 100% of eligible compensation, subject to Internal Revenue Code limitations. The Company matches 100% of the first 3% of the employee’s elective deferral, and 50% of the next 2% of the employee’s elective deferral. In addition, the Company may make discretionary contributions to the Plan. Discretionary contributions amounted to \$208,000 and \$393,000 for the years ended December 31, 2015 and 2014, respectively.

Vesting – Participant elective deferral contributions and the employer’s matching contributions are 100% vested upon contribution. A year of vesting service is defined as 1,000 hours in a given year. Participants become vested in the employer discretionary contributions, as defined by the Plan, according to the following vesting schedule:

<u>Vesting Service</u> <u>(whole years)</u>	<u>Vesting</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Payment of Benefits – On termination of service, a participant may elect to receive either a lump-sum amount equal to the value of his or her vested account, or the account balance may be rolled-over into another qualified plan. Additionally, a participant undergoing certain types of financial hardship, as defined by the Plan, may request the plan administrator to distribute all or a portion of his or her elective deferral contributions. Benefit payments to participants or their beneficiaries are made directly by the trustees from the funds accumulated in the respective participant’s account. Such events are more fully outlined in the Plan document.

1. DESCRIPTION OF PLAN AND MAJOR PLAN PROVISIONS (continued)

Plan Termination – The Company intends to continue the Plan indefinitely, but reserves the right to terminate the Plan at any time subject to the provisions of ERISA. In the event of termination of the Plan, all participants affected by the termination shall have a fully vested and non-forfeitable right to the amount credited to their accounts at the date of such termination.

Participant Accounts – Each participant's account is credited with the participant's contributions and allocations of employer matching contributions and earnings. Allocations of earnings are based on participant account balances.

Discretionary Contribution Allocation – The amount allocated to each participant is equal to the employer's discretionary contributions plus any forfeitures, multiplied by the ratio of the participant's benefit factor to the total of such factors for all eligible persons. The benefit factor is based upon the participant's compensation and years remaining until retirement.

Forfeitures – Participants who leave the Company with less than six years of service forfeit the non-vested portion of the Company's discretionary contributions. Forfeitures may first be applied to offset administrative expenses and then allocated to each participant. For the years ended December 31, 2015 and 2014, no forfeitures were used for administrative expenses nor allocated to participants. Forfeitures available for future use amounted to \$52,508 and \$27,204 at December 31, 2015 and 2014, respectively.

Administrative Expenses – A substantial portion of the Plan administration expenses are paid by the Company.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The financial statements of the Plan are prepared under the accrual method of accounting.

Investment Valuation and Income Recognition – The Plan determines the fair value of assets and liabilities, which are subject to be reported at fair value based on Accounting Principles Generally Accepted in the United States of America. The standard establishes a hierarchy for the determination of fair value, as well as disclosure requirements relative to those assets and liabilities. The hierarchy identifies three levels of input. Level 1 inputs are generally quoted market prices for identical assets or liabilities, which are actively traded, on an exchange. Level 2 inputs generally consist of market prices for identical assets, which are not actively traded, or market prices of similar assets or liabilities, which are actively traded, on an exchange. Level 3 inputs are referred to as unobservable inputs and consist primarily of information derived by management where Level 1 and Level 2 inputs are not available. These may include such things as present value of expected future cash flows or other valuation methodologies. Under the hierarchy, Level 1 inputs are the most preferred followed by Level 2, and Level 3. Level 3 inputs are to be used when neither Level 1 nor Level 2 inputs are available.

An investment's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Following is a description of the valuation methodologies used for investments measured at fair value:

Mutual funds: Valued based on quoted market prices available on an active market, which represent the net asset values of the shares held by the Plan at year end.

Common collective trust: Valued based on the net asset value of units held by the Plan at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan presents in the statements of changes in net assets available for benefits the net depreciation in fair value of investments, which includes unrealized and realized gains and losses on investments that were held or sold during the year.

Purchases and sales are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Recent Accounting Standards Issued – In May 2015, the Financial Accounting Standards Board (“FASB”) issued Accounting Standards Update (“ASU”) 2015-07 “*Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*.” ASU 2015-07 removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share (“NAV”) practical expedient. It also eliminates certain disclosures for investments eligible to be measured at fair value using the NAV practical expedient. The guidance is effective for fiscal years beginning after December 15, 2015, and requires retrospective presentation. Early adoption of ASU 2015-07 is permitted and these Notes to Financial Statements reflect early adoption.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965): Part (I) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient*. This three-part standard simplifies employee benefit plan reporting with respect to fully benefit-responsive investment contracts and plan investment disclosures, and provides for a measurement-date practical expedient. Parts I and II are effective for fiscal years beginning after December 15, 2015 and should be applied retrospectively, with early application permitted. Part III is effective for fiscal years beginning after December 15, 2015 and should be applied prospectively, with early application permitted.

The Plan elected early adoption of Parts I and II of ASU 2015-12. As a result of the retroactive application of Parts I and II, the Statements of Net Assets Available for Benefits have been retrospectively adjusted to report the fully benefit-responsive common collective trust (see Note 3) within Investments (at fair value). Additionally, these Notes to Financial Statements have been retrospectively adjusted to reflect the simplifications permitted by ASU 2015-12.

Payment of Benefits – Benefits are recorded when paid.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Subsequent Events – Management of the Plan has evaluated the effects of all subsequent events through September 1, 2016, the date which the financial statements were available to be issued, to determine if events or transactions occurring through that date require potential adjustment or disclosure in the financial statements.

3. FAIR VALUE MEASUREMENTS

The Plan uses fair value measurements to record fair value adjustments to certain assets and to determine fair value disclosures (as discussed in Note 2). The following table sets forth, by level within the fair value hierarchy, the Plan's assets that are measured at fair value as of December 31, with the exception of the common collective trust, which is measured at fair value using the NAV practical expedient. The fair value for the common collective trust is provided below to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits. Prior year amounts have been retrospectively adjusted for consistency with this presentation.

	2015	2014
<i>Level 1:</i>		
Mutual funds	\$ 26,598,280	\$ 25,581,396
<i>Investments measured at net asset value:</i>		
Common collective trust	<u>1,690,552</u>	<u>1,759,668</u>
Total investments at fair value	<u>\$ 28,288,832</u>	<u>\$ 27,341,064</u>

4. PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are units of mutual funds that are managed by Fidelity Investment Group. As Fidelity Management Trust Company, the Plan trustee as defined in the Plan document, is a member of the Fidelity Investment Group, these transactions qualify as party in interest transactions.

5. TAX STATUS

The Plan is using a prototype plan developed by Fidelity Management Research Corporation which received a favorable determination letter from the Internal Revenue Service ("IRS") stating the Plan is qualified under applicable sections of the Internal Revenue Code ("IRC"), and, therefore, the related trust total investment income (loss) is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualifications. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and therefore, believes that the Plan is qualified and the related trust total investment income (loss) is tax exempt.

6. SUMMARY OF TRUSTEE INFORMATION

The following is a summary of unaudited information regarding the Plan, which is included in the Plan's financial statements and supplemental schedule on page 11. To the Administrative Committee
Multisorb Technologies, Inc. 401(k) and Profit Sharing Plan
Buffalo, New York

We have conducted a DOL limited-scope audit of the financial statements of the Multisorb Technologies, Inc. 401(k) and Profit Sharing Plan (the "Plan") as of December 31, 2015 and 2014, and for the years then ended and have issued our report thereon dated September 1, 2016. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6 to those financial statements. Because of the significance of the information that we did not audit, we are unable to, and have not, expressed an opinion on those financial statements and supplemental schedule as a whole. We did, however, audit the form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, in accordance with auditing standards generally accepted in the United States of America and found them to be presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated June 24, 2016. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Note 2 to the financial statements. As described in Note 2, the Plan changed accounting policies related to the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient by adopting Accounting Standards Update ("ASU") 2015-07 "*Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*" in 2015. Also, the Plan changed accounting policies relating to the reporting of its indirect investment in fully benefit-responsive investment contracts and the simplification of investment plan disclosures by adopting Parts I and II of ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965): Part (I) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient* in 2015. Accordingly, the accounting changes have been retrospectively applied to prior periods presented as if the policy had always been used.

We noted no transactions entered into by the plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events.

Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimate affecting the financial statements was management's estimate of the fair value of investments. We evaluated the key factors and assumptions used to develop the amount of these estimates in determining that they are reasonable in relation to the financial statements taken as a whole.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosure affecting the financial statements was the disclosure of the fair value measurements of investments in Note 3 to the financial statements due to the overall materiality of the investments balances within the financial statements. The investments balance represents the assets of those employees who are participating in the Plan.

The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. There were no such misstatements identified.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditors' report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated September 1, 2016.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditors' opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention. We noted the following during our audit procedures:

Forfeiture Account:

During our audit procedures it was noted that the forfeiture account accumulated during the current year and was not used nor allocated in the plan year incurred. The forfeiture account has a balance of \$52,508 as of December 31, 2015. The Code does not authorize forfeiture suspense accounts to hold unallocated monies beyond the plan year in which they arise. Internal Revenue Service Revenue Ruling 80-155 states that a defined contribution plan will not be qualified unless all funds are allocated to participants' accounts. To comply with this Ruling, for those plans that use forfeitures to reduce plan expenses or employer contributions, there should be plan language and administrative procedures to ensure that current year forfeitures will be used up promptly in the year in which they occurred or in appropriate situations no later than immediately succeeding plan year.

Generally, this can be corrected by reallocating all forfeitures in the plan's forfeiture suspense account to all plan participants who should have received them had the forfeitures been allocated on time. We recommend the Plan Sponsor corrects this by using the Employee Plans Compliance Resolution System as outlined in Revenue Procedure 2008-50.

Other Matters

With respect to the supplementary information accompanying the financial statements, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

This information is intended solely for the use of the Plan Administrator and management of Multisorb Technologies, Inc. and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,
