NOTE 1 – DESCRIPTION OF PLAN

The following description of the Electronic Recyclers International, Inc. ("Company") 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering all employees of the Company who have one month of service and are age eighteen or older. Employees who have completed a minimum of 1,000 hours of services are eligible for employer discretionary matching contributions. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Change in accounting principles - In May 2015, the FASB issued ASU 2015-7, Fair Value Measurement (Topic 820): Disclosures for investments in Certain Entities That Calculate Net Asset Value per Share (or its equivalent), which exempts investments measured using the net asset value (NAV) practical expedient in ASC 820, Fair Value Measurement, from categorization within the fair value hierarchy. The guidance requires retrospective application and is effective for public business entities for fiscal years, and interim periods within those years, beginning after December 15, 2015. For all other entities, the guidance is effective for fiscal years, and interim periods within those years, beginning after December 15, 2016. Early adoption is permitted. Management elected to early adopt the provisions of this new standard. Accordingly, the amendment was retrospectively applied resulting in no changes to the Plan.

In July 2015, the FASB issued ASU 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965): Part 1 Fully Benefit-Responsive Investment Contracts, Part II Investment Disclosures, Part III Measurement Date Practical Expedient. This three-part standard simplifies employee benefit plan reporting with respect to fully benefit-responsive investment contracts and plan investment disclosures, and provides for a measurement-date practical expedient. Parts I and II are effective for fiscal years beginning after December 15, 2015 and should be applied retrospectively, with early application permitted. Part III is effective for fiscal years beginning after December 15, 2015 and should be applied prospectively, with early adoption permitted. Parts I and III are not applicable to this Plan.

Contributions - Participants' contributions to the Plan are elective deferrals, wholly vested in, and invested in accordance with the participants' instructions. Participants may elect to make salary deferrals up to the maximum dollar amount allowed annually as defined by the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution Plans (rollovers). Employer discretionary contributions are determined annually by the Company's Board of Directors.

Participant accounts - Separate accounts are maintained for each participant. Each participant's account is credited with their contribution, the Company's matching contribution, forfeitures of terminated participant's non-vested account balance, and the actual income or loss on investments. The benefit to which a participant is entitled is the amount that can be provided from the participant's account.

NOTE 1 – DESCRIPTION OF PLAN (continued)

Vesting - Participants are fully (100%) vested in elective deferral contributions, rollover contribution, and earnings and losses credited to their account. The participant's vested account is non-forfeitable. At the end of six years, participants are fully (100%) vested in employer discretionary contributions as follows:

Years of Service	Vested Percentage
0 – 1 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

Notes receivable, participant loans - Provided a participant qualifies, a loan may be granted for up to 50% of a participant's vested account balance, not to exceed $50,000, and no less than $1,000. All loans will bear an interest rate equal to 2% above the USA Today prime rate. Principal and interest may be repaid over a period of up to five years, except for the purchase of a principle residence. Delinquent loans are reclassified as distributions based on the terms of the plan document.

Payment of benefits - Upon termination of service, retirement, disability, or death, a qualified participant with a vested account balance will receive the entire balance in a lump sum payment. Participants whose vested account balance exceeds $5,000 and who are subject to lifetime RMD may receive installments payable in monthly, quarterly or annual installments equal to or exceeding the annual RMD amount. In addition, a participant may elect to receive a hardship or an in service distribution when certain criteria are met as outlined in the Plan document.

Administrative costs - The Plan is administered by the Company and administrative expenses of the Plan are paid principally by the Company. Investment management fees related to the administration of the Plan are paid directly by the Plan. Participants are responsible for any distribution and loan expenses.

Forfeited accounts - Forfeited non-vested accounts may be applied first to payment of the plan administration expenses with any remaining amounts available for use towards matching contributions.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting - The financial statements of the Plan are prepared using the accrual method of accounting.

Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investment valuation and income recognition - The Plan's investments are stated at fair value. Quoted market prices are used to value investments. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year-end. Participant loans are valued at their outstanding balances, which approximate fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis.

Fair value of financial instruments - The carrying value of the Plan's investments approximates fair value. The Plan estimates the fair value of its participant loans based on the current rates available to them for loans of the same remaining maturities. The estimated fair values of the Plan's participant loans approximate their recorded values at December 31, 2015.

Payments of benefits - Benefits are recorded when paid.

NOTE 3 - INVESTMENTS

The December 31, 2015 Statement of Net Assets Available for Benefits, the investment activities included on the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2015 and the accompanying notes to the financial statements were prepared in part or entirely from information certified by the Trustee in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The information certified includes total assets of $767,340 (less contributions receivable $10,460) and $592,861 (less contributions receivable $14,935) at December 31, 2015 and 2014, respectively, and related decrease in value of $20,479 for the year ended December 31, 2015. In addition interest, dividends and participant loan activity has been certified.

NOTE 4 - DELINQUENT CONTRIBUTIONS

During plan year ended December 31, 2014, an inadvertent data transmittal error occurred resulting in a delayed participant contribution funding in the amount of $7,148. John Hancock, custodian of the plan, subsequently refunded the contributions back to the Company. John Hancock reported the funds at December 31, 2014 as a suspended allocation. On August 21, 2015, before conclusion of the December 31, 2014 audit, the delinquent participant contributions were transmitted by the Company to the Plan custodian, John Hancock.

NOTE 5 – CONTRIBUTIONS RECEIVABLE

NOTE 6 - RECONCILIATION TO FORM 5500

	2015
Changes in net assets available for benefits in the financial statements	$ 174,479

Adjustment from cash basis to accrual basis, current year - contributions receivable	(10,460)
Changes in net assets available for benefits on Form 5500	$ 171,853

NOTE 7 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 8 - TAX STATUS

The plan is maintained as a prototype profit sharing plan and is managed by John Hancock. The Plan received a favorable determination letter dated June 28, 2012 from the Internal Revenue Service, which states that the document qualifies under the applicable provisions of the Internal Revenue Code. The Company believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements. However, the Plan is subject to examination; generally for a period of three years from filing its Form 5500.

The Company follows the provisions of uncertain tax positions as addressed in FASB Accounting Standards Codification 740-10-65-1. The Company recognized no increase in the liability for unrecognized tax benefits. The Company has no tax position at December 31, 2015 for which the ultimate deductibility is highly certain but for which there is uncertainty about the timing of such deductibility.

NOTE 9 - CONCENTRATION OF CREDIT RISK

The plan maintains its cash account with an investment broker located in Fresno, California. Accounts are not guaranteed by the Federal Deposit Insurance Corporation (FDIC), or any other government agency.

NOTE 10 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 11 – FAIR VALUE OF FINANCIAL INSTRUMENTS

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The framework establishes a three-tier fair value hierarchy that prioritizes the inputs used in measuring fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). These tiers include:

- Level 1, defined as observable inputs such as quoted prices for identical instruments in active markets;
- Level 2, defined as inputs other than quoted prices in active markets that are directly or indirectly observable such as quoted prices for similar instruments in active markets or quoted prices for identical or similar instruments or similar instruments in markets that are not active; and
- Level 3, defined as unobservable inputs in which little or no market data exists, therefore requiring an entity to develop its own assumptions, such as valuations derived from valuation techniques in which one or more significant value drivers are observable.

We measured certain financial instruments at fair value on a recurring basis. Financial liabilities measured at fair value on a recurring basis are as follows as of December 31, 2015 and 2014:

	2015	2014
Investments- level 1		
Mutual funds	$ 743,761	$ 567,176
Investments- level 2		
Stable value fund	4,464	2,690
Investments- level 3	-	-
	$ 748,225	$ 569,866

NOTE 12 - SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through August 25, 2016 the date which the financial statements were available to be issued.
