CLAMPCO PRODUCTS, INC.
401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2015 AND 2014

Note 1 - Plan Description:

General:

The Clampco Products, Inc. 401(k) Profit Sharing Plan (the "Plan") sponsored by Clampco Products, Inc. was established effective January 1, 1979 and restated on November 1, 2011 is a defined contribution plan covering all full-time employees who have at least six months of service to participate in the 401(k) portion of the Plan and one year of service to participate in the profit sharing portion of the Plan. The employee must be age 21 or older to participate in either portion of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions:

The participating employees make contributions to the Plan according to their elected salary reduction agreement with the Company, not to exceed limits imposed by IRS Code. Participant contributions may be changed as of each payroll period. The Plan also allows participants to make Roth and rollover contributions. The Company makes matching contributions equal to 100% of the participant's elective deferrals not to exceed 3% of the participant's compensation, plus 50% of the amount of the participant's elective deferrals that exceed 3% of the participant's compensation but not to exceed 5% of the participant's compensation. The Company may make a discretionary contribution in an amount determined by resolution of the Board of Directors on an annual basis.

Participants Accounts:

Participant account balances are maintained to reflect each participant's interest in the Plan's funds. Participant account balances are increased by participant contributions, rollover contributions and Company contributions, an allocated share of investment income, and the net appreciation in the fair value of investments. Account balances are decreased by participant distributions, administrative expenses, and any net depreciation in the fair value of investments.

Vesting:

Participants are immediately vested in their salary deferral contributions, employer matching contributions, employee rollover contributions and related earnings. The employer discretionary contribution is on a six year graded scale based on the employee's years of credited service. Forfeitures of the discretionary contribution are (\$34,028 at December 31, 2015) allocated to the remaining participants in the Plan.

Payment of Benefits:

During their employment, participants may withdraw their employee vested account balances in the event of financial hardship as permitted by IRS guidelines. The balance in an employee's account not previously withdrawn may be paid to the participants or their designated beneficiary in the event of death, permanent disability, retirement, or other termination of employment with the Company. Participants with a vested interest in their accounts of \$5,000 or more may elect to receive a lump sum distribution, roll over the amount into another qualified plan or leave the funds invested in the Plan.

CLAMPCO PRODUCTS, INC.
401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2015 AND 2014

Note 1 - Description of Plan (Continued):

Payment of Benefits (Continued):

Participants with a vested interest in their account of \$5,000 or less who do not contact the plan sponsor will have benefits paid in a lump sum or have an individual IRA account created and the participant's funds will be rolled over into the new IRA account.

Withdrawals:

Withdrawals are not permitted before age 65, except in the event of death, disability, termination of employment, or reasons of proven financial hardship. In service withdrawals are also permitted if the participant has attained the age of 65.

Plan Termination:

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested and the custodian shall distribute account balances in accordance with the Plan.

The foregoing description of the Plan provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

Note 2 - Summary of Accounting Policies:

Basis of Accounting:

The Plan's policy is to prepare its financial statements and supplemental schedule in accordance with accounting principles generally accepted in the United States of America. Specifically, benefits and expenses are recorded when incurred rather than when paid. Additionally, contributions and income are recorded when withheld from payroll for employee contributions or when declared for discretionary Company contributions rather than when received.

Investment Valuation:

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for discussion of fair value measurement.

CLAMPCO PRODUCTS, INC.
401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2015 AND 2014

Note 2 - Summary of Accounting Policies (Continued):

Investment Valuation (Continued):

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year and is reflected in the statements of changes in net assets available for benefits.

Plan investments held in the Reliance Trust Company Stable Value Fund, which consists primarily of registered investment companies, are stated at fair value. Fair value of shares of registered investment companies represents the net asset value of such shares as of the close of business at the end of the period.

Administrative Expenses:

Certain administrative costs and investment management fees are paid by the Plan and totaled \$16,586 and \$13,759 in 2015 and 2014, respectively.

Use of Estimates:

The preparation of financial statements in conformity with the accrual basis of accounting requires the plan sponsor to make estimates and assumptions that affect certain amounts and disclosures. While actual results could differ from those estimates, the plan sponsor does not expect those differences to be significant to the financial statements.

Risks and Uncertainties:

The Plan provides for various investment options in any combination of investments securities. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

Subsequent Events:

The plan administrator has evaluated subsequent events through June 22, 2016 the date the financial statements were available to be issued. There were no matters that came to the attention of the plan administrator that would require adjustments to or disclosure in the financial statements.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2015 AND 2014

Note 5 - Income Tax Status:

The Plan uses a prototype plan document sponsored by Noble Davis Consulting Inc.(Noble Davis). Noble Davis received an opinion letter from the IRS dated March 31, 2008, which states that the prototype document satisfies the applicable provisions of the Internal Revenue Code. The Plan itself has not obtained a determination letter from the Internal Revenue Service. However, management of the plan sponsor believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and has no income subject to unrelated business income tax. Therefore, no provision for income tax has been included in the Plan's financial statements.

The Plan accounts for uncertainties in income taxes, which provides for financial statements recognition and measurement of tax positions taken or expected to be taken in tax returns that have a greater than 50% chance of not being allowed under examination. No such positions have been recorded in the December 31, 2015 and 2014 financial statements.

The Plan is subject to routine audits by the Internal Revenue Service; however, there currently are no audits for any tax period in progress. As of December 31, 2015 the Plan's federal informational returns are no longer subject to examination by the Internal Revenue Service for the tax years prior to 2012.

Note 6 -Fair Value Measurements:

The Plan measures its assets in accordance with the Financial Accounting Standards Board's (FASB) framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date.

Level 2 - Inputs to the valuation methodology includes: 1) quoted prices for similar assets or liabilities in active markets; 2) quoted prices for identical or similar assets or liabilities in inactive markets; 3) inputs other than quoted prices that are observable for the asset or liability; 4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or the liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Note 6 - Fair Value Measurements (Continued):

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015.

Common/Collective Trusts and Registered Investment Company:

The fair value of the investments are determined by using the net asset value (NAV) provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The participation unit value is adjusted periodically, usually each business day, to reflect investment results under the separate account. The NAV is classified within Level 2 of the valuation hierarchy based on the ability to redeem the fund's investment on a daily basis, as this is considered indicative of a Level 2 observable input.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair value. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014:

Common/Collective Trusts and Registered Investment Company:
