Cornerstone LTAC 401(k) Retirement Savings Plan

Notes to Financial Statements

Note 1. Description of the Plan

The following description of the Cornerstone LTAC 401(k) Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General and eligibility: The Cornerstone LTAC 401(k) Retirement Savings Plan (the Plan) is a defined contribution profit sharing 401(k) salary deferred plan covering all eligible employees of, and sponsored by, Cornerstone Healthcare Group Holding, Inc. (the Company) who have completed one month of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Change in trustee and custodian: The Plan changed its trustee to Matrix Trust Company, its custodian to John Hancock Life Insurance Company (U.S.A), and its record keeper to TravisWolff, LLP effective June 11, 2016.

Contributions: Participants may elect to contribute, on a tax deferred basis, up to 60% of their eligible compensation, subject to certain limitations under the Internal Revenue Code (IRC). In addition, the Company may make discretionary matching contributions in an amount subject to determination on an annual basis by the Board of Directors of the Company. Participants must be employed on the last day of the plan year to be eligible to receive any Company contributions. During the year ended December 31, 2015, the Company made discretionary matching contributions on participant contributions of 25% up to the first 6% of compensation. The Company may also make discretionary profit sharing contributions for each eligible participant in an amount subject to determination on an annual basis by the Board of Directors of the Company.

Participant accounts: Each participant's account is credited with (a) the participant's contribution, (b) Employer matching contributions and profit sharing contributions, if applicable, and (c) an allocation of Plan earnings and administrative expenses based on account balances, as defined by the Plan. Plan earnings are allocated based on the number of shares in each participant's account in each investment fund.

Vesting: Participant contributions and actual earnings thereon are fully vested at all times. Vesting of employer contributions and actual earnings thereon are based upon the participant's years of service with the Company as listed below. Participants will become fully vested in all contributions upon death, disability, or normal retirement age. Below is the Plan's vesting table:

Years of Service	Vesting Percentage
1 year	25%
2 years	50%
3 years	75%
4 years	100%

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to 50% of their vested interest. Participants are allowed to have no more than one loan outstanding at any time. The repayment period for participant loans cannot exceed five years, except for loans used for the purchase of a participant's primary residence, which must be paid back within ten years. Principal and interest are paid ratably through payroll deductions. These loans are secured by the balance in the participant's account. Interest rates on outstanding loans as of December 31, 2015 ranged from 4.25% to 6.75% with various dates of maturity through June 2024.

Cornerstone LTAC 401(k) Retirement Savings Plan

Notes to Financial Statements

Note 1. Description of the Plan (Continued)

Rollovers: Rollovers represent transfers of account balances of certain participant contributions into certain investments of the Plan from other qualified plans or individual retirement accounts.

Payment of benefits: Benefits in the form of a lump sum payment may be distributed to a participant or a participant's beneficiary upon retirement, the participant's reaching the age of 59-1/2, death, disability, hardship or termination of employment. If a participant's vested balance is less than \$5,000, benefits shall be distributed to the participant through a lump sum distribution, or, if no election has been made by the participant, through a direct rollover into an Individual Retirement Account (IRA).

Administrative expenses: The administrative expenses of the Plan are paid by the Plan, unless paid by the Company, at its discretion. Administrative expenses include participant based transaction expenses such as distribution and loan fees as well as Plan related expenses. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

Forfeited accounts: Forfeited balances of terminated participants' non-vested accounts are used to reduce future employer contributions. At December 31, 2015 and 2014, forfeitures available to reduce future employer contributions totaled approximately \$10,000 and \$31,000, respectively. During 2015, amounts forfeited were approximately \$38,000 and the Plan used approximately \$59,000 in forfeitures to reduce employer contributions.

Note 2. Summary of Significant Accounting Policies

Basis of presentation: The accompanying financial statements have been prepared on the accrual basis of accounting.

Investment valuation and income recognition: Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchase and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Fully benefit-responsive investment contracts: The Plan maintains an investment in a John Hancock Stable Value Fund, a fully benefit-responsive common collective trust. The fund invests primarily in investment contracts such as guaranteed investment contracts (GICs) and entered into wrapper contracts with underlying securities to create synthetic GICs. The contract value is generally equal to the principal amounts invested in the underlying investments, plus interest accrued at a crediting interest rate established under the contract, less any adjustments for withdrawals and any applicable administrative expenses. An investment contract is generally valued at contract value, rather than fair value, to the extent it is fully benefit-responsive.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are recorded as distributions based on the terms of the Plan document. There was no allowance at December 31, 2015 or 2014 as the loans are fully collateralized by the participants' accounts.

Cornerstone LTAC 401(k) Retirement Savings Plan

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

Use of estimates: The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect the reported amounts or net assets available for benefits and changes therein and disclosures of contingent assets and liabilities. Actual results may differ from those estimates.

Contributions and contribution receivables: Contributions are recorded on the accrual method of accounting. Contribution receivables are obligations arising from amounts owed to the Plan from the participants or the Employer that have not been included in the Plan's investments at year end. Contribution receivables are recorded at cost, which approximates their fair value. There were no contribution receivables at December 31, 2015 and \$118,632 contribution receivables at December 31, 2014.

Payment of benefits: Benefits are recorded when paid.

Recent accounting pronouncements: In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2015-07, Fair Value Measurement (Topic 820): *Disclosures for Investments in Certain Entities That Calculate Net Asset Value (NAV) per Share (Or Its Equivalent)*. The amendments in this update remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the NAV per share practical expedient. However, sufficient information must be provided to permit reconciliation of the fair value of assets categorized within the fair value hierarchy to the amounts presented in the statement of financial position. The amendments also remove the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. The amendments in this update are effective for fiscal years beginning after December 31, 2016. The Plan adopted this update for the 2015 plan year and it was retrospectively applied to the year ending December 31, 2014. Prior year disclosures have been revised to reflect the retrospective application of this update. The impact of adopting this update is reflected in Note 4.

In July 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965) – (I) Fully Benefit-Responsive Investment Contracts, (II) Plan Investment Disclosures, and (III) Measurement Date Practical Expedient (a consensus of the FASB Emerging Issues Task Force)*. The purpose of this update is to simplify plan accounting.

- The amendments in Part I of this update designate contract value as the only required measure for direct investments in fully benefit-responsive investment contracts. Fully benefit responsive investment contracts will be presented at contract value; accordingly there will no longer be an adjustment from fair value to contract value on the face of the financial statements.
- The amendments in Part II of this update will eliminate the requirements for plans to disclose (1) individual investments that represent 5% or more of net assets available for benefits and (2) the net appreciation or depreciation for investments by general type for both participant-directed investments and nonparticipant-directed investments. The net appreciation or depreciation in investments for the period will still be required to be presented in the aggregate. The amendments in Part II of this update will also require that investments (both participant directed and nonparticipant-directed investments) of employee benefit plans be grouped only by general type, eliminating the need to disaggregate the investments in multiple ways. In addition, if an investment is measured using the net asset value per share (or its equivalent) practical expedient in Topic 820 and that investment is in a fund that files a U.S. Department of Labor Form 5500, *Annual Return/Report of Employee Benefit Plan*, as a direct filing entity, disclosure of that investment's strategy will no longer be required.

Note 2. Summary of Significant Accounting Policies (Continued)

- The amendments in Part III of this update reduce complexity in employee benefit plan accounting by providing a practical expedient that permits plans to measure investments and investment related accounts as of a month-end date that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with month-end.

The Update may be adopted in whole or by part (I, II and III), as applicable. The amendments in this Update are effective for fiscal years beginning after December 15, 2015. Early adoption is permitted. Upon adoption, the amendments in Parts I and II shall be applied retrospectively to all periods presented; the amendments in Part III shall be applied prospectively. The Plan adopted amendments in Part II of this Update for the 2015 plan year, and the amendments in Part II were retrospectively applied to prior plan year ended December 31, 2014. Prior year disclosures in Note 4 have been revised to reflect the retrospective application. The impact of adopting these amendments is reflected in the financial statements.

Subsequent events: The Plan Administrator has evaluated events or transactions for potential recognition or disclosure through September 16, 2016, the date on which the financial statements were available to be issued.

Note 3. Information Certified or Provided by State Street Bank and Trust Company and John Hancock Life Insurance Company (U.S.A.)

The following is a summary of the Plan's asset and income information as of December 31, 2015 and 2014, and for the year ended December 31, 2015, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by John Hancock Life Insurance Company (U.S.A.), the current custodian of the Plan, and State Street Bank and Trust Company, the former custodian of the Plan, and furnished to the Plan Administrator. The Plan Administrator has obtained a certification from the current custodian as of and for the period from June 11, 2015 to December 31, 2015, and the former custodian from January 1, 2015 to June 10, 2015, and as of December 31, 2014, that the information provided to the Plan Administrator by the custodians is complete and accurate to the best of their knowledge. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information which appears throughout the financial statements and the supplemental schedule related to the following assets:

	2015	2014
Investments, at fair value:		
Pooled separate accounts	\$ 19,668,654	\$ -
Mutual funds	-	16,715,649
Investments, at contract value:		
Common collective trust	1,671,734	1,229,285
Notes receivable from participants	914,621	643,998

The custodians also certified to the completeness and accuracy of \$313,044 of net depreciation of investments, \$42,199 of interest and dividend income and \$30,980 of interest income on notes receivable from participants for the year ended December 31, 2015.

Note 4. Fair Value Measurements

ASC 820, Fair Value Measurements and Disclosures, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014 and there were no transfers between levels during the year ended December 31, 2015.

- **Collective investment trust:** The collective investment trust is made up of a stable value fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the NAV of units of the bank collective trust. The NAV is used as a practical expedient to estimate fair value.
- **Pooled separate accounts:** Valued based on the net asset value (NAV) of shares held by the Plan based on the market value of its underlying investments as determined by John Hancock Life Insurance Company (U.S.A). The NAV is used as a practical expedient to estimate fair value.
- **Mutual funds:** Valued based on quoted market prices in the active markets in which they are traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4. Fair Value Measurements (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2015 and 2014:

	Level 1	Level 2	Level 3	Total
2015:				
Mutual funds	\$ -	\$ -	\$ -	-
Collective investment trust measured at NAV (i)				1,671,734
Pooled separate accounts measured at NAV (i)				19,668,654
				<u>\$ 21,340,388</u>
2014:				
Mutual funds	\$ 16,715,649	\$ -	\$ -	\$ 16,715,649
Collective investment trust measured at NAV (i)				1,229,285
				<u>\$ 17,944,934</u>

- (i) In accordance with ASC 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the items presented in the statement of net assets available for benefits.

Plan management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2015, there were no transfers between levels.

The following table sets forth additional disclosures of the Plan's investments, whose fair value is estimated using NAV per share (or its equivalent) as a practical expedient as of December 31, 2015 and 2014:

	Fair Value		Unfunded	Redemption	Redemption
	2015	2014	Commitment	Frequency	Notice Period
Common collective trust	\$ 1,671,734	\$ 1,229,285	-	Daily	None
Pooled separate accounts	19,668,654	-	-	Daily	None
	<u>\$ 21,340,388</u>	<u>\$ 1,229,285</u>			

Note 5. Parties-In-Interest

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering services to the Plan, the employer, and certain others. As such, transactions conducted with John Hancock Life Insurance Company (U.S.A.) and the Plan Sponsor qualify as party-in-interest transactions.

Note 6. Plan Termination

Although it has not expressed such intent, the Company reserves the right to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

Note 7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 8. Tax Status

The Plan has adopted a Volume Submitter Profit Sharing Plan with CODA, where it has received an opinion letter dated March 31, 2014 from the Internal Revenue Service as to the volume submitter plan's qualified status. The volume submitter plan opinion letter has been relied upon by this Plan. The Plan has been amended since receiving the opinion letter. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

Note 9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

	2015	2014
Net assets available for benefits per the financial statements	\$ 22,203,841	\$ 18,664,661

Excess contribution refundable	61,514	42,903
Net assets available for benefits per the Form 5500	<u>\$ 22,265,355</u>	<u>\$ 18,623,721</u>

The following is a reconciliation of the changes in net assets available for benefits per the financial statements to the Form 5500:
