INDEPENDENT AUDITOR'S REPORT

Plan Trustees and Administrators
DSI Holding USA, Inc.
Profit Sharing and Retirement Plan
Bolingbrook, Illinois

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of **DSI Holding USA, Inc. Profit Sharing and Retirement Plan** (Plan), which comprise the statement of net assets available for benefits as of December 31, 2015, and the related statement of changes in net assets available for benefits for the year ended December 31, 2015, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3 to the financial statements, which was certified by American United Life Insurance Company, the custodian of the Plan, except for comparing such information with the related information included in the 2015 financial statements. We have been informed by the Plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the custodian as of December 31, 2015, and for the year then ended, that the information provided to the Plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2015 financial statements. Accordingly, we do not express an opinion on the 2015 financial statements.

Other Matter

The supplemental schedule of assets held for investment purposes at the end of the year – Schedule H, Line 4i as of December 31, 2015, and the schedule of delinquent participant contributions at the end of the year – Schedule H, Line 4a as of December 31, 2015 are required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, and are presented for the purposes of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on these supplemental schedules.

Prior Period Financial Statements

The financial statements of the Plan as of December 31, 2014, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by the custodian. Their report, dated August 11, 2016, indicated that (*a*) because of the significance of the information that they did not audit, they were not able to obtain sufficient evidence to provide a basis for an audit opinion and, accordingly, they did not express an opinion on the financial statements, and (*b*) the form and content of the information included in the financial statements other than that derived from the certified investment information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As discussed in Note 2 to the financial statements, the Plan has adjusted its 2014 financial statements to retrospectively apply the adoption of ASU 2015-12. The other auditors reported on the financial statements before the retrospective adjustment.

As part of our audit of the 2015 financial statements, we also audited adjustments described in Note 2 that were applied to restate the 2014 statement of net assets available for benefits. In our opinion, such adjustments are appropriate and have been properly applied. We are not engaged to audit, review or apply any procedures to the 2014 statement of net assets available for benefits of the Plan other than with respect to the adjustments and accordingly, we do not express an opinion or any other form of assurance on the 2014 statement of net assets available for benefits as a whole.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the 2015 financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. Description of Plan

The following brief description of the DSI Holding USA, Inc. Profit Sharing and Retirement Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution 401(k) plan with salary deferral provisions which was established on July 1, 1991. The Plan's participating employers are DSI Holding USA, Inc., DYWIDAG-Systems International, USA, Inc., and DSI Underground System, Inc. (collectively known as the Company). The Plan covers all employees of the Company who have one year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective March 1, 2016, DSI Underground System, Inc. ceased to be a participating employer in the Plan and DSI Tunneling LLC became a participating employer.

Contributions – Each year, participants may make pretax deferred savings contributions in the form of salary reductions, up to the maximum amount allowed by law. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company makes a safe harbor contribution equal to 3% of compensation for all eligible employees. In addition, the Company makes a matching contribution equal to 100% of the first 2% of a participant's tax deferred savings contribution, not to exceed 2% of eligible compensation. The Company may also make an annual discretionary profit sharing contribution in an amount determined by its Board of Directors. The Company did not make a discretionary profit sharing contribution in 2015.

Participant Accounts – Each participant's account is credited with the participant's contribution, Company safe harbor and matching contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options – The Plan is funded with a group annuity contract (the Contract) issued by American United Life Insurance Company (AUL). Participants can select from a fixed interest investment option and variable investment options through an AUL pooled separate account that reflect their individual investment style and risk tolerance. Under the Contract, it is possible to make transfers between the various options and to redirect the investment of future contributions as specified by the governing Plan document and Contract provisions. The Plan administrator may add additional investment funds or change the investment emphasis within a fund at any time, as deemed appropriate.

1. **Description of Plan** (cont'd)

Vesting – Participants are vested immediately in their contributions and Company safe harbor, match and discretionary profit sharing contributions, plus actual earnings thereon.

Notes Receivable from Participants – Participants may borrow from their fund accounts for safe harbor hardship reasons only. The loan must be a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at a rate of 4.25%, which is commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits – A participant's account balance may be withdrawn upon retirement, death, disability, or termination of employment as defined by the Plan. Benefits are payable in either lump-sum amounts equal to the value of the participant's account, or in installments for required minimum distributions. In-service withdrawals from transfer accounts, distributions after age 59-1/2 and hardship distributions are also allowed by the Plan.

Plan Termination – Although the Company has not expressed any intent to terminate the Plan, it may do so at any time. The termination of the Plan is subject to the provisions of ERISA. In the event of Plan termination, all account balances as of the date of termination shall be payable to the participants and beneficiaries.

2. **Summary of Significant Accounting Policies**

Basis of Accounting – The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – Investments are recorded at fair value, except for the fully benefit-responsive investment contract, which is reported at contract value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

2. **Summary of Significant Accounting Policies** (cont'd)

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015 or 2014. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits – Benefits are recorded when paid.

Expenses – Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Fees related to optional educational and fund selection services are charge charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation in fair value of investments.

New Accounting Pronouncements – In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient.* Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts (FBRICs) and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III is not applicable to the Plan. Management has elected to adopt Part I and II early as of December 31, 2015, with retrospective presentation for 2014. As a result, the fully benefit-responsive investment contract is reported separately from investments at fair value and recognized at contract value. There was no change to the net assets available for benefits.

Subsequent Events – The Plan has evaluated subsequent events through September 1, 2016, the date the financial statements were available to be issued.

3. **Information Prepared and Certified by Custodian**

The following information included in the accompanying financial statements and supplemental schedules were obtained from data that has been prepared and certified as complete and accurate by American United Life Insurance Company, the Plan's custodian as of December 31, 2015:

4. **Fair Value Measurements**

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, "Fair Value Measurements and Disclosures," provides the framework for measuring fair value. That framework provides a three level valuation hierarchy that prioritizes the inputs to valuation techniques used to measure fair value as follows:

Level 1 – Valuations are based on unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date.

Level 2 – Valuations are based on quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in markets that are not active; and model-derived valuations whose significant inputs are observable.

Level 3 – Valuations are based on unobservable inputs for the asset or liability that reflect the reporting entity's own data and assumptions that market participants would use in pricing the asset or liability. These unobservable inputs are significant to the fair value measurement.

Following is a description of valuation methodologies used for investments measured at fair value on the statement of net assets available for plan benefits, and the classification of such investments pursuant to the valuation hierarchy.

Amounts allocated to a variable investment account within an AUL pooled separate account are credited to a participant's account in the form of accumulation units. The value of an accumulation unit of any investment account is determined at the close of each business day and is directly related to the net asset value of the shares of the underlying investment adjusted for any dividends or distributions received by AUL and the daily equivalent of any fee charged by AUL pursuant to the contract.

4. **Fair Value Measurements** (cont'd)

Each investment account is invested by AUL exclusively in shares of a specific mutual fund or other investment entities as directed by the participant. The strategy of each investment aligns with the underlying investment and has been summarized by category in the hierarchy table below. Amounts can be redeemed daily, without prior notice or any other restrictions. The observable inputs include the accumulation of units in the investment account. These assets are categorized in Level 2 of the fair value hierarchy.

At December 31, 2015, the Plan's financial instruments measured at fair value on a recurring basis were categorized as follows:

	Level 1	Level 2	Level 3	**Total**
Pooled separate account				
Balanced funds	**$ -**	$ 1,261,871	$ -	**$ 1,261,871**

At December 31, 2014, the Plan's financial instruments measured at fair value on a recurring basis were categorized as follows:

	Level 1	Level 2	Level 3	Total
Pooled separate account				
Balanced funds	$ -	$ 2,067,238	$ -	$ 2,067,238

	$ -	$ 26,894,567	$ -	$ 26,894,567

5. **Fixed Income Investment Option**

The Plan offers a traditional fully benefit-responsive fixed interest investment option with AUL which is maintained in AUL's general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The fixed interest investment option issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The contract may be subject to a market value adjustment upon contract termination. This traditional investment contract had a balance of $8,921,259 and $7,070,280 at December 31, 2015 and 2014, respectively.

Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by AUL, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary), that cause a significant withdrawal from the plan or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable. The contract does not permit AUL to terminate the agreement prior to the scheduled maturity date.

5. **Tax Status**

The Plan has adopted the American United Life Insurance Company Volume Submitter 401(k) Profit Sharing Plan. The Internal Revenue Service has determined and informed the American United Life Insurance Company by a letter dated March 31, 2014, that the Volume Submitter Profit Sharing Plan acceptably designed in accordance with applicable sections of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by federal and state taxing authorities. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2012.

6. **Related Party and Party-in-Interest Transactions**

The Plan has investments in a fixed interest investment option and a pooled separate investment account managed by American United Life Insurance Company (AUL). As AUL is the custodian and recordkeeper for the Plan, these are party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net depreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment.

As described in Note 2, the Plan paid certain expenses related to plan operations and investment activity, which were not covered by revenue sharing. These payments were made to AUL and ProNvest, Inc., which has provides the optional educational and fund selection services. These are also party-in-interest transactions.

7. **Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Revenue Sharing Formula:

The investment options of the Plan include various portfolios within an AUL separate account. The separate account in turn invests in investment portfolios of certain open-end management investment companies. AUL receives indirect compensation from these investment companies for the services provided by AUL.

The compensation received by AUL is computed by each investment company by multiplying the daily account balance of the AUL separate account's interest in a particular portfolio by a predetermined percentage rate negotiated with the investment company. This indirect compensation is not charged to the plan or participants accounts but is paid directly by the investment company.

The investment company, the underlying investment portfolio, and the annual compensation percentages are shown below.
