INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of the
METCO TREATING & DEVELOPMENT COMPANY
401(k) and PROFIT SHARING PLAN
Chicago, Illinois

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Metco Treating & Development Company 401(k) and Profit Sharing Plan, which comprise the statements of net assets available for benefits as of December 31, 2014 and 2013, and the related statement of changes in net assets available for benefits for the year ended December 31, 2014, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note D, which was certified by Fidelity Management Trust Company, the Custodian of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan Administrator that the Custodian holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the Custodian as of December 31, 2014 and 2013 and for the year ended December 31, 2014, that the information provided to the Plan Administrator by the Custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at Year End) as of December 31, 2014 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report of Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE A--DESCRIPTION OF PLAN

The following brief description of the Metco Treating & Development Company 401(k) & Profit Sharing Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is sponsored by Metco Treating & Development Company (the "Company") for employees that meet specific eligibility requirements. The Plan, designated as a defined contribution plan, was originally established on October 27, 1964. Effective September 1, 2009, the Plan was restated as a result of Fidelity Management Trust Company updating its volume submitter defined contribution plan document. The Plan provides for contributions to be made under salary deferral agreements pursuant to Section 401(k) of the Internal Revenue Code (the "Code"). Eligible employees of the Company may participate on the next January 1 or July 1 following their completion of six months of service as defined in the Plan. The Plan is subject to the provisions of the Employee Retirement Security Act of 1974 ("ERISA"). The Plan Administrator and Plan Trustees are responsible for oversight of the Plan, determine the appropriateness of investment offerings, and monitor investment performance.

Contributions

Eligible participants may elect to contribute pre-tax or after-tax (Roth) annual compensation, as defined in the Plan, by means of a salary deferral agreement of not less than one percent or more than the maximum percentage permitted by law. Contributions are subject to limitations as provided in the Code and as described in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans in accordance with Plan provisions. Salary deferral contributions are funded proximate to the withholding date. Participants direct the investment of their contributions into various investment options offered by the Plan.

Unless a newly eligible employee affirmatively elects otherwise, their eligible compensation will be reduced by 2%, the "Automatic Enrollment Rate." For each payroll period in which they are an active participant, the Company will make a pre-tax deferral contribution in such amount on the participant's behalf, which is subject to an annual increase in accordance with Plan provisions.

The Company may make discretionary matching contributions in accordance with Plan provisions. Additional profit sharing amounts may be contributed at the option of the Company's board of directors to be invested as directed by the participants. Company contributions are funded annually after the close of the Plan year and within statutory time frames. All contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's discretionary contributions, if any (b) Plan earnings or losses (c) forfeitures of terminated participants' nonvested accounts, and (d) charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant account balances or compensation, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE A--DESCRIPTION OF PLAN-continued

Investment Options

Upon enrollment in the Plan, participants may direct employee contributions in a self-directed brokerage account, and/or in one or more of the investment options offered by the Plan. The current investment choices are more fully described in the Plan's literature. Participants may change their investment options at any time in accordance with Plan provisions. During any period in which there is no participant direction on file with the Custodian as to the investment of a participant's account, 100% of that participant's account will be invested in the investment fund designated from time to time by the Plan Trustees as the default investment. The Plan currently offers various mutual funds, a money market fund and an investment contract as investment options for participants.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's discretionary contribution portion of their accounts plus earnings thereon is based on years of credited service. A participant is 100% vested after six years of credited service and seven years for certain employees (applicable to the Company's discretionary profit sharing contribution) as defined in the Plan. Participants who attain normal retirement age of 65, or who terminate employment due to death or disability are 100 percent vested in their account balances.

Payment of Benefits

Upon termination of employment due to death, disability, retirement or Plan termination, a participant is entitled to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum amount or installment distributions in accordance with Plan provisions. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum and / or installment distribution in accordance with Plan provisions.

Participants may elect to receive hardship withdrawals prior to termination of employment from their deferral contribution account, or an amount equal to the value of the participant's vested interest in his or her employer profit sharing contribution account, if the participant has completed as least five years of Plan participation.

Certain participants who have attained age 59 1/2 may also receive in-service withdrawals for all vested account balances, subject to Plan provisions.

Forfeited Accounts

At December 31, 2014 and 2013, forfeited non-vested accounts totaled $10,863 and $10,618, respectively. These accounts will first be used to pay administrative expenses under the Plan, as directed by the employer. Any remaining amounts will be used to reduce future employer contributions. No amounts were used during the year ended December 31, 2014 to pay administrative expenses or reduce Company contributions.

NOTE A--DESCRIPTION OF PLAN-continued

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance reduced by the highest outstanding loan balance in their account during the prior 12 month period. The loans are secured by the participant's vested account balance. The loans bear a reasonable rate of interest (4.0% to 7.75% at December 31, 2014 and 2013), commensurate with local prevailing rates as determined by the Plan Administrator. Loans are for a period not to exceed five years unless for the purchase of the participant's principal residence, in which case the loan may not exceed ten years. Principal and interest shall be repaid ratably at least quarterly by participants.

NOTE B--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate withdrawals or other permitted transactions under the terms of the Plan. The Statements of Net Assets Available for Benefits presents the fair value of the fully benefit-responsive investment contract as well as its adjustment from fair value to contract value at December 31, 2014 and 2013. The Statement of Changes in Net Assets Available for Benefits is thus prepared on the contract value basis.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan's Administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, except for a stable value fund. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Administrator and Trustees determines the Plan's valuation policies utilizing information provided by the investment advisors, custodian and insurance company. See note C for discussion of fair value measurements.

The Fidelity Advisor Stable Value Portfolio – Class II (the "fund") is fully benefit-responsive and is stated at fair value on the last day of the Plan year and then adjusted to its contract value on the statements of net assets available for benefits. Contract value is considered the relevant measurement used in the calculation of participant withdrawals or other permitted transactions under the terms of the Plan. Contract value represents the accumulated contributions plus accrued net earnings less distributions. See note E.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends, as applicable, are recorded on the ex-dividend date. Net appreciation includes the Plan's gain and losses on investments bought and sold as well as held during the year.

NOTE B--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES-continued

Accounting Pronouncement

The Plan has early adopted FASB Accounting Standards Update 2015-07 which retrospectively removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. The amendment also removes the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. Rather, those disclosures are limited to investments for which the entity has elected to measure the fair value using that practical expedient. There was no impact on the Plan's changes in net assets available for benefit or net assets available for benefit upon adoption of the new standard.

In July 2015, the FASB issued Accounting Standards Update 2015-12 Plan Accounting: Defined Benefit Pension Plans (Topic 960) Defined Contribution Plans (Topic 962) Health and Welfare Benefit Plans (Topic 965), which was issued to reduce complexity in employee benefit plan accounting. The new standard is effective for Plan years beginning after December 15, 2015 and early adoption is permitted. Plan management is currently evaluating the effect that implementation of the new standard will have on its statements of net assets available for benefits and statement of changes in net assets available for benefits.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2014 and 2013. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events

Subsequent events were evaluated by management through October 6, 2015, which is the date the financial statements were available to be issued.

NOTE C--FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for Plan assets measured at fair value on a recurring basis. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Common stocks: Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective investment trust fund: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the Custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

NOTE C--FAIR VALUE MEASUREMENTS-continued

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value as of December 31, 2014 and 2013.

* Fair value of investments representing greater than 5% of the Plan's net assets as of December 31, 2014 and 2013.

During the year ended December 31, 2014, the Plan's investments (including gains and losses on investments bought, sold and held during the year), had a net depreciation in value of $52,915, overall. Of this total, mutual funds depreciated $43,165 and common stocks depreciated $9,750. During the year ended December 31, 2014, the Plan's investments earned interest and dividends of $158,110. Of this total, mutual funds earned income of $155,485; common stocks earned income of $130; and, the collective investment trust earned income of $2,495.

NOTE E--STABLE VALUE INVESTMENT CONTRACT

The Plan has entered into a fully benefit-responsive investment contract with the Custodian that includes, as one investment option, the Fidelity Advisor Stable Value Portfolio Class II Fund (the "Fund"). This collective investment trust is credited with the accumulation of contributions, plus earnings on the underlying investments at a guaranteed rate, and less for participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to repay the principal at a specified interest rate that is guaranteed to the Plan.

The Fund is included with investments on the statement of net assets available for benefits at fair value with an adjustment to contract value in arriving at net assets available for benefits. Contract value, as reported and certified to the Plan by the Custodian, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The fair value of the investment contract at December 31, 2014 and 2013 was $285,003 and $291,245, respectively.

The average yields in the interest rates of the collective investment trust during calendar years 2014 and 2013 were 1.69% and 1.70%, respectively. The crediting interest rates were 1.06% and 0.92% at December 31, 2014 and 2013, respectively. Interest is credited to a participant's account daily, based on its daily balance at the established effective rate of interest that reflects the performance of the underlying portfolio. The fund is priced daily according to a mil-rate which is a blend of the underlying contracts' rate of return and the liquidity component of the daily mil-rate. The contracts' rate of return is typically reset on a quarterly basis.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their accounts at contract value for allowed events. These events include transfers to other Plan investment options, and payments because of retirement, termination of employment, disability, death and in-service withdrawals as permitted by the Plan. If the fund was to be discontinued, the value to be disposed would be determined in accordance with contract provisions, which may include an interest component.

NOTE E--STABLE VALUE INVESTMENT CONTRACT-continued

There are no reserves for credit risk of the contract issuer or otherwise. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

NOTE F--RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500 at December 31, 2014 and 2013:

	2014	2013
Net assets available for benefits per the financial statements	$ 4,471,369	$ 4,341,641

Net assets available for benefits per Form 5500 - Schedule H	$ 4,476,340	$ 4,347,185

The following is a reconciliation of net increase per the financial statements to Schedule H of Form 5500 at December 31, 2014:

	2014
Net increase per the financial statements	$ 129,728
Adjustment to net assets from contract value to fair value for fully benefit-responsive contracts	(573)
Net increase per Form 5500 - Schedule H	$ 129,155

At December 31, 2014 and 2013, respectively, there were no vested benefits pending distribution to participants.

NOTE G--RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds and a collective investment trust managed by affiliates of Fidelity Management Trust Company, the Custodian; and therefore, qualify as party-in-interest transactions. Fidelity Management Trust Company also performs administrative and recordkeeping services for the Plan. Fees incurred by the Plan for the investment management services are included in net appreciation/depreciation in the fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. The Plan made a direct payment to the record keeper of $1,100 for the year ended December 31, 2014 that was not covered by revenue sharing. Fees paid by the Company to Fidelity Management Trust Company and other service providers are not material to the financial statements.

Certain employees of the Company provide administrative services for the Plan and are not reimbursed for their services. Certain other administrative expenses are paid by the Company on behalf of the Plan. These amounts are not material to the financial statements.

NOTE H--PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE I--TAX STATUS

On March 31, 2008, the Internal Revenue Service stated that the prototype plan document, subsequently adopted by the Plan, as then designed, qualified under section 401(k) of the Internal Revenue Code (the "IRC"). The Plan has been amended since receiving the determination letter. The Plan has not received a determination letter specific to the Plan itself; however, the Plan administrator and the Plan's legal counsel believe that the Plan is currently designed and in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and to recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

NOTE J--RISKS AND UNCERTAINTIES

The Plan's assets are invested directly and indirectly in various investment securities which are purchased or managed by the Custodian. The investments are exposed to various risks such as interest rate, market, and credit risks. The Plan's assets are subject to the changes in value of these underlying investments, including the potential for bankruptcy of one or more of the companies in which they are invested.

The Plan also invests in securities which may have contractual cash flows that may include asset backed securities, collateralized mortgage obligations, commercial mortgage backed securities or subprime mortgage loans. The value, liquidity and related income of these securities are sensitive to changes in economic conditions, changes in value, delinquencies or defaults. Shifts in the market's perception of the issuers and changes in interest rates may affect these investments adversely.

Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The participants who have borrowed from the Plan are all employees of the Company in the Chicago area, and their ability to repay the notes could be affected by the economic conditions in the industry in general, the economic conditions in the Chicago metropolitan area or the economic condition of the Company itself.

NOTE K--PLAN AMENDMENT AND RESTATEMENT

Effective August 1, 2014, the Plan was amended to include Roth deferrals and eligible rollover employee contributions.

Effective February 9, 2015, the Plan was restated as part of a prototype plan restatement cycle in order to comply with applicable laws.
