NELSON/NYGAARD PROFIT SHARING & 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

1. Description of Plan

The following description of the Nelson/Nygaard Profit Sharing & 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan was adopted by Nelson/Nygaard Inc. (the “Company” and/or “Plan Sponsor”) on January 1, 1992 and was most recently amended and restated on October 15, 2015. The Plan is defined as a contribution retirement plan containing a cash or deferred arrangement described in Internal Revenue Code (“IRC”) Section 401(a). All full time employees of the Company age 18 and older who have completed six months of service with the Company are eligible to participate in the Plan upon employment, providing they are not an excluded class per the Plan document. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”) and certain provisions of the IRC.

Amendment

The Plan was amended and restated effective October 15, 2015 to bring the Plan into compliance with recent ERISA standards.

Plan Administration

The Company has appointed a Retirement Plan Committee (the “Committee”) to manage the operation and administration of the Plan. Fidelity Management Trust Company (“Fidelity”) is the appointed trustee of the Plan, and acts at the direction of the Plan’s administrator.

Contributions

Participants may elect to have up to 80% of their eligible compensation contributed to the Plan on a before-tax or after-tax (“Roth”) basis pursuant to IRC section 401(k) and may contribute up to the limits imposed by the Plan document and Section 402(g) and 415 of the IRC. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan provides for a discretionary nonelective employer contribution equal to 3% of eligible participants compensation. For 2015, Safe Harbor contributions were approximately \$822,400. Profit sharing contributions may also be made at the discretion of the Company. The Company did not make or approve any profit sharing contributions for 2015.

Participant Accounts

Each participant’s account is credited with the participant’s contributions, Plan earnings or losses, and rollovers from other qualified plans. Plan earnings or losses are allocated based upon each participant’s account balance. Certain fees are charged to the fund investments and are offset against Plan investment income and loss as presented on the statement of changes in net assets available for benefits. Participants should refer to the prospectuses of these funds for details on the various types and amounts of investment fees charged to the Plan and their individual accounts.

Vesting

Participant contributions, rollovers, and net earnings on these contributions, are fully vested when made or earned. The discretionary profit sharing contribution vests as follows:

<u>Years of Service</u>	<u>Vesting Percentage</u>
2 years	20%
3 years	50%
4 years	100%

Participant Notes Receivable

Participants are allowed one loan at any time and may borrow from their fund accounts a minimum of \$1,000 up to 50% of the value of their vested account balance, or \$50,000, whichever is less. Loans must be repaid within a five year period, except for loans used to purchase a primary residence, which have a maximum term of ten years. Participant loans are secured by no more than 50% of the vested balance in the participant's account and bear interest at a rate commensurate with local prevailing rates at the time the loan originates, currently prime plus 2%. The interest rate on participant loans at December 31, 2015 was 5.25%, per annum. Principal and interest are paid in equal installments through regular payroll deductions.

Payment of Benefits

When participants leave the Company, upon normal retirement (age 65) or for any other reason, those participants (or their beneficiaries) may receive the full value of their salary deferrals, rollovers, and the net earnings thereon in a single lump-sum, installment payments, or partial payments. In-service withdrawals are permitted at age 59½ and for certain immediate financial need (hardship) as defined by the Plan document.

In order to receive distributions, participants (or their beneficiaries) are required to file the appropriate forms with the Plan administrator. Account values will be determined as of the day the distribution is made. The Plan allows for the automatic lump-sum distribution of participant vested account balances that do not exceed \$1,000.

Distributions under the Plan shall generally be made as soon as possible after the date of retirement, date of death, or termination of employment. In the event of a mandatory distribution greater than \$1,000 if the participant does not elect to have such distribution paid directly to an eligible retirement plan specified by the participant in a direct rollover or to receive the distribution directly, then the Plan administrator will pay the distribution in a direct rollover to an individual retirement account designated by the Plan administrator.

Investment Options

Investments of the Plan are held by Fidelity. Upon enrollment in the Plan, a participant may direct his or her contributions in percentage increments into a series of mutual funds, a money market fund, or brokeragelink accounts offered by the Plan. Participants may change their investment options at any time.

NOTES TO FINANCIAL STATEMENTS

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Investment Valuation and Income Recognition

All investments are recorded at fair value based upon active market values determined by investment advisors as required under ERISA regulations.

Investments in securities traded on a national securities exchange are valued at the last reported sales price on the last business day of the valuation period. In accordance with the policy of stating investments at fair value, net realized and unrealized appreciation (depreciation) for the year is reflected in the statement of changes in net assets available for benefits.

Purchases and sales of securities are reflected on a trade date basis. Interest is recorded as earned on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, disclosure of contingent assets and liabilities and changes in net assets available for benefits. Actual results may differ from those estimates.

Recent Accounting Pronouncements

In July 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans* (Topic 960), *Defined Contribution Pension Plans* (Topic 962), *Health and Welfare Benefit Plans* (Topic 965): (Part I) *Fully Benefit-Responsive Investment Contracts*, (Part II) *Plan Investment Disclosures*, and (Part III) *Measurement Date Practical Expedient* (consensuses of the FASB Emerging Issues Task Force). Under Part I of the new ASU, fully benefit-responsive investment contracts are to be measured, presented, and disclosed at contract value only. Part II of the ASU eliminates the disclosure requirements for 1) individual investments that represent 5 percent or more of net assets available for benefits and 2) the net appreciation or depreciation for investment by general type (disclosure in the aggregate is still required), for both participant-directed investments and nonparticipant-directed investments. Part III of the ASU permits the election of a practical expedient to measure investments and investment-related accounts as of a month-end date that is closest to the Plan's fiscal year-end, when the fiscal period does not coincide with the month-end. Any significant contribution, distribution or other event that occurs between these two measurement dates is required to be disclosed. The amendments in all three parts of the ASU take effect for fiscal years beginning after December 15, 2015, with earlier application permitted. Parts I and II are required to be presented retrospectively for all periods presented, while Part III is to be applied prospectively. The adoption had no effect on the Plan's net asset available for investments or changes therein.

NOTES TO FINANCIAL STATEMENTS

2. Summary of Significant Accounting Policies, continued

Participant Notes Receivable

Participant notes receivable are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2015 and 2014, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the Plan Administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Recognition of Benefit Payments

Benefit payments are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments. The Company paid the majority of all necessary and proper expenses incurred in the administration of the Plan. Such expenses were primarily comprised of legal fees, auditing fees and expenses related to the maintenance of the Plan's records.

3. Information Prepared and Certified by Trustee (Unaudited)

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described below:

- Level 1: inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly. Level 2 inputs include: quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, or inputs other than quoted prices that are observable for the asset or liability, or inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- Level 3: inputs are unobservable inputs for the asset or liability.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014:

Assets at Fair Value as of December 31, 2015				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 7,870,293	\$ -	\$ -	\$ 7,870,293
Brokeragelink accounts	1,072,162	-	-	1,072,162
Money market fund	94,530	-	-	94,530
	<u>\$ 9,036,985</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 9,036,985</u>

Assets at Fair Value as of December 31, 2014 (Compiled)				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 7,367,442	\$ -	\$ -	\$ 7,367,442
Brokeragelink accounts	1,255,747	-	-	1,255,747
Money market fund	634	-	-	634
	<u>\$ 8,623,823</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 8,623,823</u>

The Plan's valuation methodology used to measure the fair values of mutual, money market funds and brokeragelink accounts was derived from quoted market prices as all of these instruments have active markets.

5. Related Party Transactions and Party-in-Interest Transactions

Certain Plan investments are managed by Fidelity, the trustee of the Plan. Any purchases and sales of these funds are performed in the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

NELSON/NYGAARD PROFIT SHARING & 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

6. Tax Status

The Plan adopted a prototype plan document that has received an opinion letter dated March 31, 2014, in which the Internal Revenue Service stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the IRC.

The Plan has been amended since receiving its opinion letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan is qualified and its related trust is exempt from income taxes.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of termination, the full value of each participant's account shall become fully vested and shall be held by the trustee until a method of distribution is elected (see Note 10).

8. Risks and Uncertainties

The Plan provides for various investment securities. Investment securities are exposed to various risks such as interest rate, market fluctuation, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for Plan benefits per the financial statements at December 31, 2015 and 2014 to the Form 5500:

10. Subsequent Events

During May 2016, the Plan Sponsor merged with Perkins & Will. It is the new Plan Sponsor's intentions to terminate the Plan and disburse Plan assets to participants in 2017.

In accordance with accounting standards affecting disclosures of subsequent events, the Plan evaluated subsequent events for recognition and disclosure through September 30, 2016, the date which these financial statements were available to be issued. Management concluded that no material subsequent events have occurred, other than listed above, since December 31, 2015 that require recognition or disclosure in such financial statements.
