Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL's") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the trustee as of December 31, 2015 and 2014, and for the years then ended, that the information provided to the plan administrator by the trustee is complete and accurate.

HUNTON GROUP PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

(1) Description of plan

The following description of the Hunton Group Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan document or Summary Plan Description for a more complete description of the Plan's provisions, which are available from the plan administrator.

General - The Plan is a defined contribution plan sponsored by The Hunton Group (the "Company") for the benefit of its full-time employees, who are not covered under a collective bargaining agreement or independent contractors, who have at least three months of service (amended during 2014 from one year of service with at least 1,000 hours of service) and are age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions - Participants may contribute up to a maximum of 15% of pre-tax annual compensation, as defined in the Plan, up to the allowable amount permitted by law. The Plan also offers a program whereby the contributions of participants who registered for this program will be automatically increased on an annual basis by a percentage determined by the participant. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Additionally, participants age 50 or older, who are making contributions to the Plan, are allowed to make catch-up contributions, as defined in the Plan.

The Company will make a matching contribution in an amount equal to 50% of the participant's pre-tax contributions subject to a maximum of $2,000. The Company may make discretionary profit sharing contributions as determined by the Company for the eligible participants. No additional profit sharing contributions were made for the years ended December 31, 2015 and 2014, respectively. Contributions are subject to certain Internal Revenue Code ("IRC") limitations.

Participant investment account options - All assets of the Plan are self-directed investments. Participants direct the investment of all contributions into various investment options offered by the Plan. The Plan currently offers mutual funds and a self-directed brokerage account as investment options for participants.

Participant accounts - Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants' contributions plus related actual earnings are 100% vested immediately. Employer contributions plus actual earnings on the employer contributions are subject to the following vesting schedule:

Years of Service	Vested %
1	0
2	20
3	40
4	60
5	100

.

(1) Description of plan (continued)

Vesting (continued) - Participants who leave the Company for reasons other than disability or death forfeit their nonvested account balance. This nonvested balance may be restored should the Company rehire the individual and that individual meets certain requirements as outlined in the Plan provisions.

Notes receivable from participants - Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balances. The loans are secured by the vested balance in the participant's account and bear interest at rates ranging from 5.25% to 8.75%, which is commensurate with local prevailing rates as determined quarterly by the plan administrator. Principal and interest are paid ratably through monthly payroll deductions.

Payment of benefits - On termination of service due to death, disability or retirement, a participant or his or her beneficiary(ies) may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or annual installments. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution. Upon termination, participants with a vested balance of less than $5,000 will receive an automatic cash distribution.

Forfeited accounts - As of December 31, 2015 and 2014, forfeited nonvested accounts totaled $15,485 and $24,900, respectively. These accounts will be used to reduce administrative expenses and employer contributions. For the years ended December 31, 2015 and 2014, administrative expenses were reduced by $1,225 and $5,005, respectively, from forfeited nonvested accounts. For the years ended December 31, 2015 and 2014, employer contributions were reduced by $10,000 and $16,000, respectively, from forfeited nonvested accounts.

(2) Summary of significant accounting policies

Basis of accounting - The financial statements of the Plan are prepared under the accrual method of accounting.

New accounting pronouncements - In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2015-07, "Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)." The ASU removes the requirement to categorize within the fair value hierarchy investments for which fair values are estimated using the net asset value per share as a practical expedient provided by FASB Accounting Standards Codification ("ASC") Topic 820, "Fair Value Measurements and Disclosures." Disclosures about investments in certain entities that calculate net asset value per share are limited under this ASU to investments for which the entity has elected to estimate the fair value using the net asset value practical expedient. The guidance requires retrospective application and is effective for public business entities for fiscal years, and interim periods within those years, beginning after December 15, 2015. For all other entities, the guidance is effective for fiscal years, and interim periods within those years, beginning after December 15, 2016. Early adoption is permitted. Management elected to early adopt the provisions of this new standard. The adoption has been reflected in Note 5 to the financial statements.

(2) Summary of significant accounting policies (continued)

New accounting pronouncements (continued) - In July 2015, the FASB issued ASU 2015-12, "Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part Ill) Measurement Date Practical Expedient." Part I of the ASU eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II of this ASU eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. It also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics, and risk. Further, the disclosure of information about fair value measurements shall be provided by general type of plan. Part III of this ASU allows a plan with a fiscal year-end that does not coincide with the end of a calendar month to measure its investments and investment-related accounts using the month-end closest to its fiscal year-end. The guidance is effective for fiscal years beginning after December 15, 2015, and early adoption is permitted. The guidance on fully benefit-responsive investment contracts and plan investment disclosures must be applied retrospectively. The guidance on measurement date practical expedient must be applied prospectively. Plan management has elected to early adopt ASU 2015-12 Part II. The statements of changes in net assets available for benefits of the Plan were not affected by the adoption of the new guidance. Parts I and III are not applicable to this Plan.

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires plan management to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussions of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of benefits - Benefits are recorded when paid.

Administrative expenses - Certain expenses of the Plan are paid by the Company and are not included in the statements of changes in net assets available for benefits.

(3) Investments

During 2015 and 2014, the Plan's investments in mutual funds (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value by ($663,691) and $465,803, respectively.

Interest and dividends earned on the Plan's investments for the years ended December 31, 2015 and 2014, were $820,410 and $1,032,286, respectively.

(4) Information prepared and certified by the trustee

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company ("Fidelity"), the trustee of the Plan, has certified that the following data included in the accompanying 2015 and 2014 financial statements and supplemental schedule is complete and accurate with respect to the following:

- Investments at fair value
- Notes receivable from participants
- Net appreciation (depreciation) in fair value of investments
- Interest and dividends
- Interest income on notes receivable from participants
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

(5) Fair value measurements

FASB ASC Topic 820, "Fair Value Measurements and Disclosures," provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

(5) Fair value measurements (continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Plan assets consist of mutual funds, a money market fund, and a self-directed brokerage account; therefore, the valuation methodology used for these assets is the net asset value (NAV) of shares held by the Plan at year-end. There has been no change in the methodology used as of December 31, 2015 and 2014.

The preceding method described may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2015 and 2014:

December 31, 2015

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 17,136,118	$ -	$ -	$ 17,136,118
Self-directed	77,732	-	-	77,732
Total investments in the fair value hierarchy	$ 17,213,850	$ -	$ -	$ 17,213,850

December 31, 2014

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 16,379,194	$ -	$ -	$ 16,379,194
Money market	2,292,213	-	-	2,292,213
Total investments in the fair value hierarchy	$ 18,671,407	$ -	$ -	$ 18,671,407

(6) Related-party transactions and party-in-interest transactions

Certain Plan investments are shares of mutual funds and a money market fund managed by Fidelity. Fidelity is the trustee as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan (net of forfeitures) for the Fidelity investment management services were $37,303 and $10,240 for the years ended December 31, 2015 and 2014, respectively.

(7) Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

(8) Reconciliation of financial statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500:

	December 31, 2015	December 31, 2014
Net assets available for benefits per the financial statements	$ 17,897,567	$ 19,300,222

Net assets available for benefits per Schedule H of the Form 5500	$ 17,660,312	$ 19,063,579

The following is a reconciliation of changes in net assets available for benefits per the financial statements to Schedule H of Form 5500:

	Years Ended December 31, 2015	Years Ended December 31, 2014
Net increase (decrease) in net assets available for benefits per the financial statements	$ (1,402,655)	$ 1,291,177
Decrease (increase) in contributions receivable		
Employer	(613)	12,036
Participants	-	31,914
Less rounding	1	-
Net increase (decrease) in net assets available for benefits per Schedule H of the Form 5500	$ (1,403,267)	$ 1,335,127

(9) Tax status

The Plan obtained its latest determination letter on March 31, 2008, in which the Internal Revenue Service ("IRS") stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the determination letter. However, the plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2012.

(10) Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(11) Subsequent events

The Plan has evaluated subsequent events through June 30, 2016, which is the date the financial statements were available to be issued.

Effective January 1, 2016, the Plan made the following amendments: 1) Participants may contribute up to a maximum of 60% of pre-tax annual compensation, as defined in the Plan, up to the allowable amount permitted by law, 2) Unless an eligible employee elects otherwise, each eligible employee will be automatically enrolled in the Plan with an initial pre-tax deferral of 5% of eligible compensation, as defined by the Plan, and 3) Unless an eligible employee affirmatively elects otherwise after receiving appropriate notice, deferral contributions for each active participant having automatic enrollment contributions made on their behalf shall be increased annually by 1%.
