INDEPENDENT AUDITOR'S REPORT

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of 618 Main Clothing Corp 401K Plan, which comprise the statement of net assets available for benefits - modified cash basis as of December 31, 2014, the statement of net assets available for benefits – in liquidation as of December 31, 2015 and the related statement of changes in net assets available for benefits - in liquidation for the year ended December 31, 2015, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by State Street Bank and Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2015 and 2014, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule of Assets (Held at End of Year) (Schedule H, Line 4i of Form 5500) as of the year ended December 31, 2015 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Basis of Accounting

As described in Note 2 to the financial statements, the governing body of 618 Main Clothing Corp 401K Plan approved a plan of liquidation on December 29, 2015, and management determined liquidation is imminent. As a result, the Plan has changed its basis of accounting from the modified cash basis, which is a basis of accounting other than accounting principles generally accepted in the United States of America, used in presenting the 2014 financial statements to the liquidation basis used in presenting the 2015 financial statements. Our opinion is not modified with respect to this matter.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

401K PLAN**

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN

The following description of the 618 Main Clothing Corp 401K Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined-contribution 401(k) plan covering all eligible employees, as defined, of 618 Main Clothing Corp and its affiliated companies (dba 10 Spot Plus and Madrag Stores) (Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Trustee is responsible for oversight of the Plan. Plan management determines the appropriateness of the Plan's investment offerings and monitors investment performance.

As a result of low enrollment, the governing board determined it was in the best interests of the participants to dissolve and wind up operations of the Plan and approve a plan of liquidation effective December 29, 2015. Accordingly, the Plan is in the process of liquidation and has been actively liquidating its assets. The Plan ceased new investment activity and does not intend to make any new investments.

Plan of Liquidation

The Plan plans to distribute its investments to the participants. The Plan expects to complete its liquidation over the ensuing twelve months.

Contributions

Each year, participants may contribute up to 90% of pretax annual compensation, as defined in the Plan, not to exceed \$18,000 for 2015. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions as permitted under the Internal Revenue Code. Participants may also contribute amounts representing distributions from other qualified plans (rollover). The Company may also make discretionary contributions. Forfeited balances of unvested participant accounts are used to reduce future contributions from the Company. Participants direct the investments in their account into various investment options offered by the Plan. The Plan currently offers nineteen mutual funds and three common collective trusts.

NOTES TO FINANCIAL STATEMENTS

Participant Accounts

Each participant's account is credited with the participants' contributions, their share of the Company's discretionary contributions, if any, net earnings (loss) on their account and charged with an allocation of administrative/investment expenses. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions, plus actual earnings thereon. Vesting in the Company's discretionary contribution portion of their accounts and earnings thereon is based on years of service and is determined as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Upon reaching normal retirement, disability or death, participant accounts also become fully vested.

Notes Receivable from Participants

Participants may borrow a minimum of \$1,000 and up to a maximum equal to the lesser of 50% of their vested account balance, as adjusted, or \$50,000. Loans are payable over no more than five years, except for loans to acquire a principal residence, are secured by the participant's account, and bear interest at a rate to be determined by the plan administrator (currently 5.25%). Principal and interest is paid ratably through monthly payroll deductions.

Payment of Benefits

Upon normal retirement, disability, death, separation from service or obtaining the age of 59 ½, participants receive their vested benefit in a lump-sum or partial payments, as defined.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

As a result of the governing board's resolution to dissolve and wind up operations of the Plan, the Plan changed its basis of accounting from the modified cash basis of accounting, a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America, to the liquidation basis of accounting effective from December 29, 2015. The liquidation basis of accounting is required when liquidation is deemed imminent. Under the liquidation basis of accounting, assets are measured and presented at their net realizable values, which is the amount expected to be collected in settling or disposing the assets. Liabilities are stated at their estimated settlement amounts. Estimates for future costs expected to be incurred during the liquidation period, including costs to dispose of assets have been accrued. In addition, any income, including dividends and interest, expected to be earned and collected on investments during the liquidation period has been recorded. The conversion from the modified cash basis of accounting to the liquidation basis of accounting requires management to make significant estimates and judgments.

The 2014 financial statements of the Plan were prepared on the modified cash basis of accounting, a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Under the modified cash basis of accounting used by the Plan, contributions and interest and dividends are recognized when received rather than when they are earned and benefits and expenses are recognized when paid rather than when the obligation is incurred; however, investments are presented at fair value.

Use of Estimates

The preparation of financial statements in conformity with the basis of accounting described in the preceding paragraph requires the Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTES TO FINANCIAL STATEMENTS

Significant Methods and Assumptions for Measuring Assets and Liabilities

The Plan has determined that the fair value of investments approximates the estimated net realizable value at December 29, 2015 (the liquidation date) and at December 31, 2015. Since the financial statements already reflected the fair value of investments at the liquidation date, no other adjustments to the valuation of investments were required to change from the modified cash basis to a liquidation basis of accounting. It is anticipated that during the liquidation period the fair value of the remaining investments will fluctuate and expenses will be incurred which may have not yet been accrued for. Accordingly, estimated assets and liabilities on the accompanying statements of net assets available for benefits are subject to change based upon these and other factors that may develop in the liquidation process.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest and dividend income is recorded on the modified cash basis. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the modified cash basis. Related fees are recorded as administrative expenses and are expensed when they are paid. No allowance for credit losses has been recorded as of December 31, 2015 and 2014. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation in fair value of investments.

4. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- | | |
|---------|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | <p>Inputs to the valuation methodology include:</p> <ul style="list-style-type: none">• quoted prices for similar assets or liabilities in active markets;• quoted prices for identical or similar assets or liabilities in inactive markets;• inputs other than quoted prices that are observable for the asset or liability;• inputs that are derived principally from or corroborated by observable market data by correlation or other means. <p>If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.</p> |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

NOTES TO FINANCIAL STATEMENTS

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trust (CCT): Valued at fair value by discounting the related cash flow based on current yields of similar instruments with comparable durations. The CCT's are priced daily. This mil rate is a blend of the contracts' rate of return and the liquidity component's daily mil rate. The contracts' rate of return is typically reset on a quarterly basis. The CCT's daily value is calculated based on the contract value which is based on the provisions of the contract.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014:

Assets at fair value as of December 31, 2015				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

5. TAX STATUS

The Internal Revenue Service has determined and informed the trustee by a letter dated March 27, 2012 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, Plan management and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. All tax returns filed by the Plan are still subject to inspection.

**6. RELATED PARTY TRANSACTIONS AND PARTIES IN INTEREST
TRANSACTIONS**

Certain Plan investments are shares of mutual funds managed by State Street Bank and Trust Company. State Street Bank and Trust Company is the trustee, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Notes receivable from participants also qualify as party-in-interest transactions. Fees paid by the Plan for investment management services amounted to \$100 and \$125 for the plan years December 31, 2015 and 2014, respectively. Additionally, indirect fees are charged by the following funds at rates ranging from 0.0015 to 0.0063 of the average daily assets for accounts invested in American Century Investment Service, Franklin Templeton Distributors, Inc., State Street Corporation, and T. Rowe Price funds. Direct and indirect fees and commissions are included in net depreciation in fair value of the investments through revenue sharing rather than direct payment.

The Company provides certain accounting and administrative services to the Plan for which no fees are charged.

7. RISKS AND UNCERTANTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
