INDEPENDENT AUDITORS' REPORT

To the Trustees
NCL Graphic Specialties, Inc. 401(k) Salary Savings Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of NCL GRAPHIC SPECIALTIES, INC. 401(K) SALARY SAVINGS PLAN, which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014 and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by Charles Schwab Bank, the agent of the plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the agent holds the plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the agent as of and for the years ended December 31, 2015 and 2014, that the information provided to the plan administrator by the agent is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Change in Accounting Principle

As discussed in Note 1 to the financial statements, management has elected to adopt new accounting guidance issued under Accounting Standards Update 2015-12. The new accounting guidance impacts the presentation and disclosure of certain investment information. Management retrospectively applied this change in accounting principle to the 2014 financial statements. Our opinion is not modified with respect to that matter.

Other Matter

The supplemental schedule of assets (held at end of year) as of December 31, 2015 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance With Department of Labor's Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the agent, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2015 AND 2014

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Method of accounting - The plan follows the accrual method of accounting wherein additions and deductions are reflected in the period earned or incurred.

Accounting estimates - The preparation of financial statements requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Subsequent events - The preparation of financial statements in accordance with accounting principles general accepted in the United States of America ("GAAP") includes the plan administrator's evaluation of the events and transactions occurring subsequent to December 31, 2015 through September 19, 2016, which is the date the financial statements were available to be issued.

Risks and uncertainties - The plan invests in various investments. Investments are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Key parties of the plan - NCL Graphic Specialties, Inc. is the plan sponsor/employer and the plan administrator. Alliance Benefit Group is the third party administrator that maintains participant records, performs various compliance tests and acts as tax counsel. Charles Schwab Bank ("Schwab") is the asset custodian and agent. Bronfman E.L. Rothschild LP is the plan's investment advisor. Three board members of NCL Graphic Specialties, Inc. are trustees.

Investments - The plan sponsor/employer determines the investments available to plan participants. The participants allocate their contributions and transfer existing balances among the available investment options. The net appreciation (depreciation) in fair value of investments bought, sold and held during the years is reflected in the statements of changes in net assets available for benefits. Participants should refer to the prospectuses and annual reports of the investments for more information.

Participants have seven "models" as investment options. These models allocate a fixed percentage of contributions to the available common/collective trust fund and mutual funds. Participants should refer to the plan sponsor for a summary of the models and the allocation percentages. Participants may also invest directly in investments without use of the models.

Change in accounting principle - In July 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts ("FBRICs"), (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Part I establishes contract value as the only required measurement for FBRICs and also clarifies that indirect investments in FBRICs, such as common/collective trusts, should no longer be reflected as FBRICs and, therefore should be reported at fair value. Part II eliminates requirements to disclose individual investments that represent 5% or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Part III is not applicable to the plan. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted, to be applied

retrospectively. Management has elected to early adopt the ASU for the 2015 financial statements and apply it retrospectively to the 2014 financial statements.

As part of adopting the new ASU, the common/collective trust balance previously presented by the plan at contract value is now presented by the plan at fair value. Net asset value is used as a practical expedient to estimate the fair value and is equal to contract value. This change has no effect on the total net assets available for benefits as previously reported on the 2014 statement of net assets available for benefits.

Fair value measurements - GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical investments (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows.

Level 1 - Valuation is based upon quoted prices in active markets for identical investments.

Level 2 - Valuation is based upon other significant observable inputs (including quoted prices for similar investments).

Level 3 - Valuation is based upon significant unobservable inputs (including the plan's assumptions in determining the fair value of investments).

Following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds - Valued at the daily quoted market prices as reported by the funds. The mutual funds held by the plan are registered with the U.S. Securities and Exchange Commission, are required to publish their daily net asset value and are deemed to be actively traded.

Common/collective trust fund - The plan invests in a Wells Fargo stable return fund which is 100% invested in the Wells Fargo Stable Return Fund C, a fund that invest primarily in fully benefit-responsive investment contracts and security-backed contracts. The Wells Fargo stable return fund is valued at net asset value based on the underlying unit value as reported by the Wells Fargo Stable Return Fund C. The net asset value is used as a practical expedient to estimate fair value. The practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the plan initiates a full redemption of the collective trust, the issues reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The plan administrator determines by level, within the fair value hierarchy, the plan's investments at fair value as set forth below.

	Investments at fair value as of December 31, 2015			
	Level 1	Level 2	Level 3	Total
Mutual funds	$5,788,092	$ -	$ -	$5,788,092
Total assets in the fair value hierarchy	5,788,092	-	-	5,788,092
Investments measured at net asset value (a)	-	-	-	727,129
Total investments at fair value	$5,788,092	$ -	$ -	$6,515,221

	Investments at fair value as of December 31, 2014			
	Level 1	Level 2	Level 3	Total
Mutual funds	$6,396,855	$ -	$ -	$6,396,855
Total assets in the fair value hierarchy	6,396,855	-	-	6,396,855
Investments measured at net asset value (a)	-	-	-	696,272
Total investments at fair value	$6,396,855	$ -	$ -	$7,093,127

(a) In accordance with GAAP, certain investments that are measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in the above table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2015 and 2014. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the plan.

December 31, 2015	Fair value	Unfunded commitments	Redemption frequency	Redemption notice period
Common/collective trust	$727,129	n/a	daily	12 months

December 31, 2014	Fair value	Unfunded commitments	Redemption frequency	Redemption notice period
Common/collective trust	$696,272	n/a	daily	12 months

2. DESCRIPTION OF PLAN

The following brief description of the plan is provided for general information purposes only. Participants should refer to the plan documents for more complete information.

General - The plan was established as a defined contribution plan on January 1, 1990. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and subsequent amendments.

Eligibility - Employees are eligible once they have completed three months of service and have reached age eighteen. An employee can enter the plan on the first day of the month immediately following the date the plan's eligibility requirements are met.

Contributions - Contributions to the plan can be made in the following ways:

a. Participants may contribute a percentage of their compensation subject to certain limitations (employee elective deferral contributions). The plan also permits Roth elective deferrals.

b. Rollover contributions are accepted by the plan from other qualified plans.

c. The employer may make matching contributions equal to a discretionary percentage of the employee's elective deferral contributions. The employer elected to make a matching contribution equal to 25% of the first 6% of the employee's compensation contributed to the plan as employee elective deferral contributions in 2015 and 2014.

d. A profit sharing contribution may be made at the employer's discretion. Participants are required to work 1000 hours during the plan year and be employed on the last day of the plan year to be eligible for a profit sharing contribution. No such contributions were made in 2015 or 2014.

Participant accounts - Each participant's account is credited with the employee's elective deferral contributions, rollover contributions and an allocation of the employer's contributions. Earnings, including the appreciation or depreciation, are allocated to participant accounts on a daily basis based upon the performance of the investment options selected. Participants are allowed to transfer funds between the various investment options daily and change their deferral percentage on a monthly basis.

Vesting - Participants are always 100% vested in their elective deferral and rollover contributions and related earnings. Participants begin vesting in employer matching and profit sharing contributions and related earnings upon two full years of service, at which time they are 20% vested. The participant then vests at the rate of 20% for each year thereafter. Upon death, disability or qualified retirement participants become 100% vested.

Forfeitures - Forfeited nonvested accounts are either allocated to remaining participants or used to reduce the amount of the employer's matching and profit sharing contributions. Forfeitures of $6,100 and $1,400 were used to reduce employer contributions in 2015 and 2014. Unapplied forfeitures were $4,300 and $3,800 as of December 31, 2015 and 2014.

Payment of benefits - Benefit payments may commence upon termination of employment, death, disability or attainment of normal retirement age. Distributions may be in the form of a single lump sum or installment payments if in accordance with required minimum distributions. In addition, hardship withdrawals are permitted under the plan. In-service withdrawals of fully vested accounts may commence upon attaining the age of 59 1/2.

Administrative fees - Certain administrative fees of the plan are paid by the employer.

Notes receivable from participants - Participants can take out loans against their accounts with the approval of the plan administrator. The minimum loan amount is $1,000 and the maximum amount is the lesser of one-half of the participant's vested account balance, or $50,000. Participants may only have two loans outstanding at any given time. The repayment term generally cannot exceed five years except when the loan is for the purchase of a principal residence. As of December 31, 2015, loans outstanding had various repayment schedules through December 2044 and interest rates ranging from 4.25% to 9.50%. The notes receivable from participants are valued at their unpaid principal balances plus any accrued but unpaid interest, which approximates fair value.

3. RELATED PARTY TRANSACTIONS

Certain plan investments are managed by Schwab. Schwab is the agent and custodian as defined by the plan and therefore, these transactions qualify as party-in-interest transactions. In addition, indirect fees paid by the plan to Schwab were included as a reduction of the return earned on the investments. All of these party-in-interest transactions are exempt from prohibited transaction rules of ERISA.

4. TERMINATION OF PLAN

Although it has not expressed any intent to do so, the plan sponsor has the right to terminate the plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions and retained earnings.

5. INCOME TAX STATUS

The Internal Revenue Service has ruled that the form of the related volume submitter profit sharing plan with CODA is acceptable under Section 401 of the Internal Revenue Code for use by employers for the benefit of their employees. As a result, the plan administrator has not obtained a separate Internal Revenue Service determination letter for the plan. The plan administrator and tax counsel believe that the plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress.

6. INFORMATION CERTIFIED BY AGENT

Schwab serves as agent for the plan and in that capacity, holds substantially all of the plan's investment assets and executes transactions in those assets. The agent has certified the information as set forth below to be complete and accurate.

a. Investments held by the agent for the plan and the fair values of such as of December 31, 2015 and 2014;

b. Investment income and net appreciation (depreciation) for the years ended December 31, 2015 and 2014;

c. Purchases and sales of investments for the years ended December 31, 2015 and 2014; and

d. Contributions to, investment income credited to, benefits paid from and transfers between investment accounts for the years ended December 31, 2015 and 2014.

As allowed by Department of Labor regulations, the investments and investment activity have been excluded from the scope of the independent auditors' auditing procedures. All noninvestment activity for the plan, including contributions, benefit payments and participant account activity, has been subject to the independent auditors' auditing procedures. See the independent auditors' report.
