1. PLAN DESCRIPTION

The following is a brief description of the Benchmark Group 401(k) Plan (the "Plan") provided for general informational purposes. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan as permitted under Section 401(k) of the Internal Revenue Code ("IRC"). The Plan is funded by employee and employer contributions and covers all employees of Benchmark Management Corporation and affiliated entities (the "Company") who have attained 18 years of age. The Plan's service requirement requires that employees achieve at least six months of service in order to participate. Employees covered by a collective bargaining agreement, nonresident aliens, and leased employees are not eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions – Participants may elect to defer a specified percentage of compensation as well as make Roth contributions to the Plan, not to exceed 100% of pretax annual compensation, or IRC limitations. The Company matches 50% of the first 6% of the employee's elective deferral. In addition, the Company may make discretionary contributions to the Plan. Contributions are subject to certain limitations. No discretionary contributions were made for the year ended December 31, 2015.

Vesting – Participants are immediately vested in their voluntary contributions and earnings thereon. Employer matching and discretionary contributions and earnings thereon fully vest after three years of service. Regardless of years of service, participants are fully vested upon death or disability.

Notes Receivable from Participants – Participants may borrow from their accounts up to a maximum of the lesser of $50,000 or 50% of their vested account balance. Note terms range from one to five years or up to thirty years for the purchase of a primary residence and are secured by the balance in the participant's account and bear interest commensurate with local prevailing rates. Principal and interest are paid ratably through regular payroll deductions. At December 31, 2015, interest rates ranged from 4.25% to 5.00%, maturing through September 2028.

Participant Accounts – Each participant's account is credited with the participant's contribution and an allocation of the employers' contributions and Plan earnings. Plan earnings are allocated to the participants' accounts based on the performance of the participants' investment selections.

Forfeitures – Participants not fully vested in employers' contributions upon separation from the Company, as defined in the Plan document, forfeit their non-vested balances. Forfeitures are allocated to offset the employers' matching contributions or Plan administrative expenses. During the year ended December 31, 2015, forfeitures were utilized in the amount of $7,686 to offset the employer's matching contributions. Forfeitures available to offset future employer matching contributions or Plan administrative expenses amounted to $11,591 and $13,261 as of December 31, 2015 and 2014, respectively.

1. PLAN DESCRIPTION (continued)

Plan Termination – Although it has not expressed any intent to do so, the Plan Sponsor has the right to terminate the Plan subject to the provisions of ERISA. In the event of termination, participants shall become 100% vested in their accounts at the date of such termination.

Payment of Benefits – Employees are eligible for retirement at age 65. Benefits are determined by the final value of the participant's account at the time of payment. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution. Unless a participant elects otherwise, distributions will be made as soon as practical after a participant's normal retirement date or actual retirement date. Distributions are also permitted in the event of financial hardship, as defined by the Plan, and after the age of 59 1/2.

Participants may receive their accumulated benefits upon termination of employment or elect to keep their account in the Plan until the earlier of normal retirement age, death or disability if their account balance exceeds $5,000. If the participant elects to keep their account in the Plan, the account will continue to receive its respective allocation of plan earnings and expenses.

Administrative Expenses – Administrative expenses are primarily paid by the Plan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The accompanying financial statements have been prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition – The Plan determines the fair value of assets and liabilities which are subject to reporting at fair value based on standards established within generally accepted accounting principles. These standards establish a hierarchy for the determination of fair value, as well as disclosure requirements relative to those assets and liabilities. The hierarchy identifies three levels of input. Level 1 inputs are generally quoted market prices for identical assets or liabilities, which are actively traded on an exchange. Level 2 inputs generally consist of market prices for identical assets which are not actively traded or market prices of similar assets or liabilities which are actively traded on an exchange. Level 3 inputs are referred to as unobservable inputs and consist primarily of information derived by management where Level 1 and Level 2 inputs are not available. These may include such things as present value of expected future cash flows or other valuation methodologies. Under the hierarchy, Level 1 inputs are the most preferred, followed by Level 2, and Level 3 are to be used only where neither Level 1 nor Level 2 inputs are available.

An investment's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value as of December 31, 2015 and 2014:

Mutual funds: Valued based on quoted market prices, which represent the net asset values of the shares held by the Plan.

Common collective trusts: Valued based on the net asset values of units held by the Plan at year end.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan presents in the statement of changes in net assets available for benefits the net depreciation of investments, which includes unrealized and realized gains and losses on investments that were held or sold during the year.

Purchases and sales of securities are recorded on a trade date basis. Dividend income is recognized on the ex-dividend date. Interest income is recorded on the accrual basis.

Payment of Plan Benefits – Benefits are recorded when paid.

Recent Accounting Standards Issued – In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2015-07 "*Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*." ASU 2015-07 removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share ("NAV") practical expedient. It also eliminates certain disclosures for investments eligible to be measured at fair value using the NAV practical expedient. The guidance is effective for fiscal years beginning after December 15, 2015, and requires retrospective presentation. Early adoption of ASU 2015-07 is permitted and these Notes to Financial Statements reflect early adoption.

In July 2015, the FASB issued ASU 2015-12*, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965): Part (I) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient*. This three-part standard simplifies employee benefit plan reporting with respect to fully benefit-responsive investment contracts and plan investment disclosures, and provides for a measurement-date practical expedient. Parts I and II are effective for fiscal years beginning after December 15, 2015, and should be applied retrospectively, with early application permitted. Part III is effective for fiscal years beginning after December 15, 2015, and should be applied prospectively, with early application permitted. The Plan elected early adoption of Part II of ASU 2015-12.

As a result of the retroactive application of ASU 2015-07, the Statements of Net Assets Available for Benefits have been retrospectively adjusted to report the common collective trusts (see Note 3) at the NAV practical expedient within Investments (at fair value). Additionally, these Notes to Financial Statements have been retrospectively adjusted to reflect the simplifications permitted by ASU 2015-12.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of net assets at the date of the financial statements and the reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Risks and Uncertainties – The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest, market and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Subsequent Events – Management has evaluated the effects of all subsequent events through September 20, 2016, the date the financial statements were available to be issued, to determine if events or transactions occurring through that date require potential adjustment or disclosure in the financial statements.

3. FAIR VALUE MEASUREMENTS

The Plan uses fair value measurements to record fair value adjustments to certain assets and to determine fair value disclosures. For additional information on how the Plan measures fair value, refer to Note 2 – Summary of Significant Accounting Policies. The following table sets forth, by level within the fair value hierarchy, the Plan's assets that are measured at fair value as of December 31, with the exception of the common collective trusts, which are measured at fair value using the NAV practical expedient. The fair value for the common collective trusts is provided below to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits. Prior year amounts have been retrospectively adjusted for consistency with this presentation.

	2015	2014
Level 1:		
Mutual funds	$ 10,679,832	$ 10,235,577
Investments measured at net asset value:		
Common collective trusts	1,985,034	1,841,397
Total investments at fair value	$ 12,664,866	$ 12,076,974

4. SUMMARY OF TRUSTEE INFORMATION

The following is a summary of the unaudited information regarding the Plan as of December 31, 2015 and 2014, and for the year ended December 31, 2015, included in the Plan's financial statements and supplemental schedule. The information was prepared by Ascensus, Inc. the recordkeeper of the Plan, as agent for Ascensus Trust Company, the trustee of the Plan, and furnished to the Plan Sponsor. The agent for the trustee has certified that the following information is complete and accurate:

a. Current value of assets held by trustee at December 31:

	2015	2014
Mutual funds	$ 10,679,832	$ 10,235,577
Common collective trusts	1,985,034	1,841,397
Notes receivable from participants	421,068	502,359

4. SUMMARY OF TRUSTEE INFORMATION (continued)

b. Additions (subtractions) to net assets available for plan benefits for the year ended December 31, 2015:

Net depreciation of investments	$ (123,573)
Interest and dividends	145,345
Interest on notes receivable from participants	17,914

c. Schedule of Assets (Held at End of Year) See supplemental schedule - page 10

5. INCOME TAX STATUS

The Plan is using a prototype plan developed by Ascensus Inc., which received a favorable determination letter from the Internal Revenue Service stating the Plan is qualified under applicable sections of the IRC, and; therefore, the related trust's net investment income is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualifications. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and therefore, believes that the Plan is qualified and the related trust's net investment income is tax exempt.
