The Plan administrator has obtained a certification from the custodian as of December 31, 2015 and 2014, and for the year ended December 31, 2015, that the information provided to the Plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule (Schedule H, Part IV, Line 4i) as of December 31, 2015 is required by the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. NOTE 1. DESCRIPTION OF PLAN

The Triton Management Services, LLC 401(k) Plan (the "Plan") became effective on January 1, 1994 and is a defined contribution plan sponsored by Triton Management Services, LLC ("TMS"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The following description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan covers all eligible employees of Triton Management Services, LLC as well as the following related adopting employers: Two Jinn, Inc., California Surety Investigations, LLC, Northwest Surety Investigations, LLC, Washington Fugitive Investigations, LLC, Aladdin Bail NV, Inc. and Aladdin Bail Bonds Utah, LLC. Effective February 1, 2015, Aladdin Bail Bonds New Mexico, LLC also joined as a participating employer. TMS and the other related adopting employers are referred to herein as the Company.

Eligibility

Employees are eligible to participate in the Plan as soon as administratively possible after their date of hire. Employees are not eligible to participate in the Plan if they are subject to collective bargaining or are nonresident aliens who have no earned income from sources within the United States.

Participant Contributions

Participants may elect to contribute up to 100% of their eligible earnings on a pre-tax basis as allowed by the Internal Revenue Code ("IRC"). In addition, employees who are age 50 or older can elect to defer additional amounts (called "catch-up contributions") to the Plan up to the maximum allowed by the IRC. Participants may also contribute amounts representing rollover distributions from other qualified sources.

Employer Contributions

Employer contributions include the following components:

a. Discretionary matching contributions

b. Discretionary profit sharing contributions

To qualify for discretionary matching contributions, which are determined each payroll period, an employee must be 21 years of age and have completed one year of eligibility service. For purposes of determining eligibility for the discretionary matching contribution, a year of service is defined as having completed 1,000 hours of service during the one-year period beginning on an employee's date of hire.

To qualify for a discretionary profit sharing contribution at year end, an employee must be 21 years of age, have completed a year of service during the Plan year, and be employed on the last day of the Plan year. For purposes of determining eligibility for the discretionary profit sharing contribution, a year of service is defined as having completed 1,000 hours of service during the applicable Plan year.

During 2015, the discretionary matching contribution (calculated and remitted per payroll period) was equal to 100% of a participant's elective deferral, up to 4% of a participant's compensation during each applicable payroll period. No discretionary profit sharing contributions were made for 2015.

NOTE 1. DESCRIPTION OF PLAN (Continued)

Participant Accounts

Participant accounts are credited with the participant's contribution, the employer's contribution (if any), and allocations of Plan earnings or losses, and are charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. Individual participant accounts are also charged for any loan and distribution fees. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the employer contribution portion of their accounts is based on years of credited service. A participant vests 20% for each year of credited service, beginning at the end of the second year, and is 100% vested after six years of credited service. Participants are credited with a year of service upon reaching 1,000 hours of service in a Plan year.

Forfeitures

Forfeitures may be used to reduce employer contributions or pay administrative expenses. For 2015, forfeitures of $2,109 were used to pay Plan expenses, and $28,520 was used to reduce employer matching contributions (includes $4,843 applied against the employer matching contribution receivable as of December 31, 2015). As of December 31, 2015 and 2014, forfeitures of $1,877 and $63, respectively, remained available for future use.

Notes Receivable from Participants (Participant Loans)

Participants may borrow against their accounts a minimum of $1,000 up to a maximum generally equal to the lesser of $50,000 or 50% of their vested interests in their account balances. Under certain circumstances, participants may have up to two such loans outstanding at a time. Loans are required to be repaid within five years unless the loan is for the purchase of a principal residence of the participant, in which case the repayment period may extend up to ten years. Loans are secured by up to half of the participant’s vested account balance. The loans bear interest at fixed rates determined by the Plan administrator at the time of loan application and at rates similar to those charged by commercial lending institutions. As of December 31, 2015, the interest rate on outstanding notes receivable from participants was 3.25%. Principal and interest are paid regularly through payroll deductions.

Payment of Benefits

Upon termination of service, retirement, death, disability, or attaining age 59½, a participant whose account balance is $5,000 or more generally may elect to receive a lump sum amount equal to the value of his or her vested account balance, or to leave such funds on deposit in the Plan until the later of the April following the calendar year in which the participant reaches age 70½ or retires. Participants with vested account balances between $1,000 and $5,000 may have their accounts rolled over into individual retirement accounts at the discretion of the Plan administrator. The Plan administrator, also at its discretion, may elect to distribute vested balances of less than $1,000.

Investment Options

In accordance with Plan provisions, participants may direct employee and employer contributions to any of the Plan’s investment options.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Adoption of Accounting Standards Update

In July 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965): Part (I) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient.* This three-part standard simplifies employee benefit plan reporting with respect to fully benefit-responsive investment contracts and plan investment disclosures, and provides for a measurement-date practical expedient:

- Part I eliminates the requirement to measure the fair value of fully benefit-responsive investment contracts, designates contract value as the only required measure, and eliminates the need to categorize fully benefit-responsive investment contracts in the fair value hierarchy.
- Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset.
- Part III provides a practical expedient to permit plans to measure investments and investment-related accounts as of the month-end date that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with month-end.

Parts I and II are effective for fiscal years beginning after December 15, 2015 and should be applied retrospectively, with early application permitted. Part III is effective for fiscal years beginning after December 15, 2015 and should be applied prospectively, with early application permitted. Management has elected to early adopt Parts I and II. Accordingly, the provisions of the standard were retrospectively applied resulting in:

- The presentation of the Plan's investment in a fully benefit responsive investment contract (unallocated insurance company general account) at contract value. There were no changes to the amount presented as of December 31, 2014 as the insurance company had determined that the investment's fair value approximated its contract value.
- The elimination of the disaggregation of investments that are measured using fair value by general type only, as well as the removal of certain investment disclosures that are no longer required under Part II. Prior period disclosures have been adjusted to retroactively reflect these changes as of December 31, 2014.

Part III is not applicable to this Plan.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Valuation of Investments and Recognition of Income and Loss

With the exception of the fully benefit-responsive investment contract, which is reported at contract value, investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when earned. Dividends from mutual funds are recorded on the ex-dividend date. Net realized and unrealized appreciation (depreciation) in fair value of mutual funds includes the Plan's gains and losses on investments sold during the year as well as held at year end.

Notes Receivable from Participants (Participant Loans)

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015 and 2014. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (“IRS”) are recorded as a liability with a corresponding reduction in participant contributions. The Plan distributed the 2015 and 2014 excess contributions to the applicable participants in March 2015 and 2016, respectively.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain of the Plan’s administrative expenses, such as custodian/trustee, accounting and legal expenses, are paid by the Company. Other fees, including recordkeeping and other administrative fees are paid by the Plan, as are certain distribution and loan fee expenses, which are paid by the transacting participants.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Income Tax Status

The Company adopted a volume submitter plan which received a favorable opinion letter in which the IRS stated that the Plan, as then designed, was, in its opinion, in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving this letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2015, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in process for any tax periods. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2012.

Subsequent Events

Plan management has evaluated subsequent events through the date of the independent auditors' report, which is the date these financial statements were available to be issued.

NOTE 3. INFORMATION CERTIFIED BY THE CUSTODIAN

All investments are participant-directed and are held by Reliance Trust Company, the custodian of the Plan. All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2015 and 2014, and net appreciation (depreciation) in fair value of mutual funds, and dividend and interest income for the year ended December 31, 2015, was obtained or derived from information provided to the Plan administrator and certified as complete and accurate by Reliance Trust Company.

NOTE 4. FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – inputs are unadjusted, quoted market prices in active markets for identical assets or liabilities at the measurement date.

Level 2 – inputs are either directly or indirectly observable for the asset or liability through correlation with related market data at the measurement date and for the duration of the instrument's anticipated life.

NOTE 4. FAIR VALUE MEASUREMENTS (Continued)

Level 3 – inputs are both unobservable and significant to the overall fair value measurement for the asset or liability at the measurement date. These inputs reflect Plan management's best estimate of what market participants would use in pricing the asset or liability at the measurement date. Consideration is given to the risk inherent in the valuation technique and the risk inherent in the inputs to the model.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the methodologies used at December 31, 2015 and 2014. The following describes the valuation methodologies used for investment measured at fair value at December 31, 2015 and 2014:

Mutual funds: Valued at the daily closing price reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. In addition, although Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2015 and 2014:

	Level 1	Level 2	Level 3	Total Investments at Fair Value
As of December 31, 2015:				
Mutual Funds	$ 15,692,602	$ -	$ -	$ 15,692,602
As of December 31, 2014:				
Mutual Funds	$ 14,604,134	$ -	$ -	$ 14,604,134

There were no transfers between Levels 1 and 2, and no transfers in or out of Level 3 between December 31, 2014 and 2015.

NOTE 5. GROUP ANNUITY CONTRACT WITH STANDARD INSURANCE COMPANY

The Plan has a group annuity contract with Standard Insurance Company ("Standard"), the Standard Stable Asset Fund A. Standard maintains the contributions in an unallocated general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals, contract fees and other administrative expenses. The contract issuer is contractually obligated to repay the principal and any credited interest.

NOTE 5. GROUP ANNUITY CONTRACT WITH STANDARD INSURANCE COMPANY (Continued)

This contract meets the fully benefit-responsive investment contract criteria, and is therefore reported at contract value. Contract value is the relevant measure for financial statement reporting of fully benefit-responsive investment contracts as contract value is the amount received by participants when they initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals and administrative expenses.

The Plan owns a promise to pay interest at crediting rates which are announced in advance and guaranteed for a specified period of time as outlined in the group annuity contract. The Standard Stable Asset Fund A is not considered a guaranteed investment contract, as it has no maturity date or penalty for early withdrawal and there are not any known cash flows that could be discounted, however there is a stated minimum interest rate (floor) of 1.00%. Crediting rates for the contract are declared in advance and are reset quarterly using a process similar to that used by banks or other insurance companies for similar products. The crediting rate is based on the interest rate forecast for the investments underlying the account and considers yield forecasts from the Standard's internal asset advisory group, the margins required for its business, and requires the approval of Standard management. Past crediting rates are not indicative of future rates. During 2015, the average yield and crediting rate was 2.19%.

Certain events may limit the availability of the Plan to transact at contract value with Standard. Such events include termination of the contract, spinoffs, divestitures, corporate relocation, partial or total Plan termination, retirement incentive programs, and the liberalization of Plan withdrawal or transfer rules. Additionally, the Plan sponsor may terminate the contract at any time with 30 days advance written notice. Standard may terminate the contract with 30 days advance notice for reasonable cause including failure of the Company to abide by state and federal law. Standard has determined that it is probable that no events will occur that could limit the ability of the Plan to transact at contract value paid or that allow the issuer to terminate the contract at an amount different than contract value.

NOTE 6. RELATED PARTY TRANSACTIONS

The Company provides administrative services for the Plan at no cost to the Plan and certain costs of the Plan's operating expenses are paid by the Company. In addition, certain Plan investments are managed by an affiliate of the record keeper of the Plan, Standard Retirement Services, Inc. These transactions qualify as exempt party-in-interest transactions.

NOTE 7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their account balances.

NOTE 8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying financial statements.

NOTE 9. EXCESS CONTRIBUTIONS DUE TO PARTICIPANTS

To satisfy certain nondiscrimination provisions of the Plan for the year ended December 31, 2015, $79,435 of excess participant contributions was returned to certain participants subsequent to the Plan year end. This amount is included as a liability on the statement of net assets available for benefits as of December 31, 2015. The excess contribution amounts have been netted against participant contributions in the statement of changes in net assets available for benefits for the year ended December 31, 2015; however, the IRS Form 5500, Schedule H, Part II presents excess contributions of $79,435, as corrective distributions, a separate category of expenses (deductions from net assets), for the year ended December 31, 2015.
