Contributions

Participants may contribute up to 75 % of their annual compensation to the Plan not to exceed the limits of the Internal Revenue Code (IRC). All newly hired eligible employees are automatically enrolled in the Plan beginning with a deferral rate of 3%. The elective deferral rate will increase annually by 1% until the participant reaches a rate of 6%. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Plan also allows a catch-up provision for those employees who have attained age 50. Discretionary employer contributions may be contributed at the option of the Company's board of directors. During 2015 and 2014, the Company provided a match up to 20% of the first 5% of the participant's deferral.

Participant's Accounts

Each participant's account is credited with the participant's and Company's contribution and allocations of Plan earnings and charged with an allocation of administrative expenses and Plan losses. Allocations are based on participant wages or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and employer discretionary contributions plus actual earnings (losses) thereon.

Notes Receivable from Participants

Participants may borrow from their vested fund accounts a minimum of \$1,000 up to a maximum amount equal to the lesser of \$50,000 or 50 percent of their vested account balance; as well, a participant may not have more than one loan outstanding at any time. The repayment will be made in equal installments for a term that shall not be greater than five years, with the exception of a home loan for which the repayment may not exceed ten years. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with current rates charged under similar circumstances by financial institutions. Principal and interest payments are made through monthly payroll deductions.

Payment of Benefits

Benefits are typically paid as soon as practicable after a participant terminates, retires, dies or becomes disabled. Benefits are payable in the form of a lump sum distribution or installments over a fixed period of years. If the terminating employee's balance is more than \$1,000 but less than \$5,000, the distribution will automatically be rolled into an IRA provided by OneAmerica Retirement Services LLC. If a terminating employee's balance is less than \$1,000, distributions must be in the form of a lump sum payment. Participants experiencing financial hardship or upon attaining age 59 1/2 may withdraw a portion of their vested fund accounts as defined by the Plan document.

NOTE B - SIGNIFICANT ACCOUNTING POLICIES

The Plan's significant accounting policies consistently applied in the preparation of the accompanying financial statements follow.

Basis of Accounting

The accompanying financial statements have been prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of the financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment securities are exposed to various risks including, but not limited to, interest rate, market and credit risks. Due to the level of risks associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2015 and 2014. Delinquent participant loans are reclassified as distributions based upon terms of the Plan document.

Payment of Benefits

Benefits paid to participants are recorded upon distribution.

Administrative Expenses

With the exception of loan, mutual fund and collective trust fund fees, all other administrative expenses of the Plan are paid by the Company.

New Accounting Pronouncement

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value Per Share (or its Equivalent)*, which exempts investments measured using the net asset value (NAV) practical expedient in Accounting Standards Codification 820, *Fair Value Measurement*, from categorization within the fair value hierarchy. The guidance requires retrospective application and is effective for public business entities for fiscal years, and interim periods within those years, beginning after December 15, 2015. For all other entities, the guidance is effective for fiscal years, and interim periods within those years, beginning after December 15, 2016. Early adoption is permitted. Management elected to early adopt the provisions of this new standard. Accordingly, the amendment was retrospectively applied resulting in the removal of the Plan's investment for which fair value is measured using the NAV per share practical expedient from the fair value hierarchy. The amount of investments measured at NAV (or its equivalent) is disclosed so that total investments in the fair value hierarchy can be reconciled to total investments measured at fair value on the statement of net assets available for benefits.

In July 2015, the FASB issued ASU No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965): Part (I) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient*. This three-part standard simplifies employee benefit plan reporting with respect to fully benefit-responsive investment contracts and plan investment disclosures, and provides for a measurement-date practical expedient. Part I and Part II are effective for fiscal years beginning after December 15, 2015, and should be applied retrospectively, with early application permitted. Part III is effective for fiscal years beginning after December 15, 2015, and should be applied prospectively, with early application permitted.

Part I and III are not applicable to the Plan, but management has elected to adopt Part II early. Accordingly, the amendments were retrospectively applied, resulting in the disclosures of individual investments that represent 5% or more of net assets available for benefits, the net appreciation or depreciation in fair value of investments by general type and the investment strategy for the Plan's investment measured at NAV have been removed, and the level of disaggregation of investments that are measured at fair value has been simplified by disaggregating investments by general type versus disaggregating by nature, characteristics and risks.

NOTE C - FAIR VALUE MEASUREMENTS

Generally accepted accounting principles include a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or

Phillips Plastics Corporation Retirement Savings Plan
NOTES TO FINANCIAL STATEMENTS - CONTINUED
December 31, 2015 and 2014

liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three Levels of the fair value hierarchy are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Collective trust funds - Valued based on information reported by the investment advisor using the audited financial statements and NAV of the collective trust at year-end. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value.

Mutual funds - Valued at quoted market prices at year end.

The methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

(a) No redemption notice period is required at the individual participant level and there is a 12-month redemption notice period at the Plan level. There are no unfunded commitments.

NOTE D - INCOME TAX STATUS

The Plan has adopted the BMO Defined Contribution Volume Submitter Plan and Trust Basic Plan Document, which received a favorable opinion letter from the Internal Revenue Service (IRS), dated March 31, 2008, stating that it is qualified under the applicable requirements of the IRC and is, therefore, not subject to tax under present income tax laws. The Plan has been amended since receiving the opinion letter. However, the Plan administrator believes the Plan is designed and is currently being operated in compliance, in all material respects, with the applicable IRC requirements.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015 and 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2012.

NOTE E - PARTY-IN-INTEREST TRANSACTIONS

Notes receivable from participants are considered party in interest transactions.

Certain investments are managed by BMO Harris Bank N.A. BMO Retirement Services, a subsidiary of BMO Harris Bank N.A. that handled recordkeeping for the Plan was acquired by OneAmerica Retirement Services LLC (OneAmerica) on September 30, 2015, and is no longer a part of BMO Harris Bank N.A. or its affiliates. Subsequent to the sale, OneAmerica serves as the recordkeeper of the Plan. BMO Harris Bank N.A. is the trustee as defined by the Plan; therefore, these transactions qualify as party in interest. These transactions are not, however, considered prohibited transactions under 29 CFR 408(b) of the ERISA regulations.

NOTE F - INFORMATION CERTIFIED BY TRUSTEE

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee has certified that the following data included in the financial statements and supplemental schedule are complete and accurate:

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE G - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE H - RECONCILIATION BETWEEN FINANCIAL AND TAX REPORTING
