July 14, 2016

To the Trustees of
Texas Bank 401K Plan:

We have conducted a Department of Labor (DOL) limited-scope audit of the financial statements of the Texas Bank 401K Plan (the Plan) for the year ended December 31, 2015 and have issued our report thereon dated July 14, 2016. As permitted by 29 CR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3 to those financial statements. Because of the significance of the information that we did not audit, we are unable to, and have not, expressed an opinion on those financial statements and supplemental schedule taken as a whole. We did, however, audit the form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, in accordance with the auditing standards generally accepted in the United States of America and found them to be presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosures under ERISA. Professional standards require that we provide you with the following information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated November 3, 2015. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The accounting policies used by the Plan are described in Note 2 to the financial statements. As described in Note 2, the Plan changed accounting policies related to investment disclosures by adopting Accounting Standards Update No. 2015-12, Plan Accounting, in 2015. Accordingly, the accounting change has been retrospectively applied to prior periods presented as if the policy had always been used. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimate affecting the financial statements was:

> We believe that the estimate of the fair value of investments is a particularly sensitive accounting estimate. Management's estimate is based on information obtained from a third party. We evaluated third party information concerning the fair value of investments in determining that it is reasonable in relation to the financial statements taken as a whole.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosure affecting the financial statements was:

> Tax Status – The IRS has determined and informed Texas Bank by a letter dated March 31, 2008, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified.

The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. No misstatements were noted in the audit of the financial statements.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated July 14, 2016.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

This information is intended solely for the use of the Trustees and management of the Plan and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,

INDEPENDENT AUDITOR'S REPORT

To the Trustees of
Texas Bank 401K Plan:

Report on the Financial Statements
We were engaged to audit the accompanying financial statements of the Texas Bank 401K Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility
Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion
As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by American United Life Insurance Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2015 and 2014, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion
Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule of Assets Held at End of Year as of December 31, 2015, is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosures under the Employee Retirement Income Security Act of 1974, and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion Paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, is presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1: DESCRIPTION OF PLAN

The following description of the Texas Bank 401K Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution benefit plan covering all eligible employees of Texas Bank Brownwood (the Company) who are over the age of 21 and have three months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Trustees is responsible for oversight of the Plan. The plan administrator determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Board of Trustees.

Contributions

Each year, participants in the Plan may elect to contribute any amount up to 100% of their compensation, as defined by the Plan, subject to certain maximum limitations imposed by the Internal Revenue Code (IRC). Employees who are eligible to make elective deferrals under the Plan and who have attained the age of fifty before the close of the Plan year are also eligible to make catch-up contributions subject to the maximum limitation imposed by the IRC. Participants may also contribute amounts representing distribution from other qualified benefit plans.

The Company's matching contribution is equal to 100% of the participant's contribution, up to a maximum of 5% of the participant's compensation. In addition, the Company may also make discretionary profit sharing contributions. There were no discretionary profit sharing contributions made during the years ended December 31, 2015 or 2014.

Participant Accounts

Each participant's account is credited with the participant's voluntary contributions, and the Company's matching contributions and an allocation of (a) the Company's discretionary contributions, and (b) Plan earnings. Discretionary contributions are allocated to all eligible participants based on compensation. Earnings are allocated to the participants' accounts based upon investment elections. Earnings on amounts invested in guaranteed interest accounts are credited daily at the composite guaranteed rate as defined in the Plan document. Earnings on amounts invested in pooled separate accounts are determined based upon number of units held by the individual participants and the unit value at the valuation date.

Note 1: DESCRIPTION OF PLAN – continued

Vesting

Participants are vested immediately in their salary deferral contributions and rollover contributions plus actual earnings thereon. Vesting in the Company's contributions of their accounts is based on years of continuous service, noted as follows:

Less than 1 year	0%
1 year	20%
2 years	40%
3 years	60%
4 years	80%
5 or more years	100%

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 and up to a maximum equal to 50% of their vested account balance, not to exceed $50,000 less the highest outstanding loan balance in any 12 month period. Loans to participants are made at the discretion of the plan administrator based on the Plan provisions. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined quarterly by the plan administrator. Principal and interest are paid ratably through payroll deductions over a period not extending beyond five years from the date of the loan. A participant may be granted one loan during any one year period and only one loan may be outstanding at a time.

Payment of Benefits

Benefits are recorded when paid.

On termination of service due to death, disability or retirement, a participant may elect to receive benefits as either a lump sum amount equal to the value of the participant's vested interest in his or her account, annual installment payments over a fixed number of years, or may purchase a qualified annuity. For termination of services due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited Accounts

Forfeitures may first be applied to pay administrative expenses under the Plan which would otherwise be paid by the Company. Any other forfeitures which have not been used to pay administrative expenses shall be applied to reduce employer contributions.

Note 2: SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting. Accordingly, revenue is recognized when earned and expenses are recognized when incurred.

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The plan administrator determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and the trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expenses when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015 or 2014.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events

The plan sponsor has evaluated all subsequent events through July 14, 2016, the date the financial statements were available to be issued.

Note 2: SUMMARY OF ACCOUNTING POLICIES – continued

Recent Accounting Pronouncements

In July 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update No. 2015-12, Plan Accounting. This amendment clarifies that contract value is the relevant measure for fully benefit-responsive investment contracts (FBRICs), therefore eliminating the requirement to measure fair value and present related fair value measurement disclosures but, instead, present FBRICs at contract value. This amendment also simplifies the level of disaggregation for investments measured using fair value, eliminates the requirement to disclose the net appreciation or depreciation in fair value of investments by general type and eliminates the requirement to disclose individual investments with a value equal to or greater than 5% of net assets available for benefits. This new amendment will be effective for fiscal years beginning after December 15, 2015. However, early adoption is permitted and the Plan early adopted this amendment in 2015 and applied it retrospectively to years ended December 31, 2015 and 2014. This guidance did not have a significant impact to the Plan's financial statements.

Note 3: CERTIFIED INVESTMENTS

Other than contributions receivable, certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2015 and 2014, and net appreciation in fair value of investments and interest for the years ended December 31, 2015 and 2014, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by American United Life Insurance Company (the trustee of the Plan).

Note 4: FAIR VALUE MEASUREMENTS

The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Note 4: FAIR VALUE MEASUREMENTS – continued

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Common stocks: Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014:

	Assets at Fair Value as of December 31, 2015			
	Level 1 Inputs	Level 2 Inputs	Level 3 Inputs	Total Fair Value
Mutual funds	$ 5,735,852	$ -	$ -	$ 5,735,852
Self directed brokerage account	342,362	-	-	342,362
Total Assets at Fair Value	$ 6,078,214	$ -	$ -	$ 6,078,214

	Assets at Fair Value as of December 31, 2014			
	Level 1 Inputs	Level 2 Inputs	Level 3 Inputs	Total Fair Value
Mutual funds	$ 5,540,798	$ -	$ -	$ 5,540,798
Self directed brokerage account	335,825	-	-	335,825
Total Assets at Fair Value	$ 5,876,623	$ -	$ -	$ 5,876,623

Note 5: GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan holds investments in a fully benefit-responsive insurance contract with American United Life Insurance Company (AUL). AUL maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The insurance contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. The crediting interest rates were 1.0% and 1.5% at December 31, 2015 and 2014, respectively. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provision, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibition transaction exemption under ERISA. The plan administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are probable of not occurring.

Note 6: RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by American United Life Insurance Company, the custodian of the Plan's assets. Any purchases and sales of these funds are performed in the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

Note 7: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

Note 8: TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated March 31, 2008, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and tax exempt.

Note 9: RISKS AND UNCERTANTIES

The Plan provides for various investment options in any combination of mutual funds and other investment securities offered by the Plan. Investment securities are exposed to various risks, such as interest rate risk, market fluctuations, and credit risks. Due to the level or risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Revenue Sharing Formula:

The investment options of the Plan include various portfolios within an AUL separate account. The separate account in turn invests in investment portfolios of certain open-end management investment companies. AUL receives indirect compensation from these investment companies for the services provided by AUL.

The compensation received by AUL is computed by each investment company by multiplying the daily account balance of the AUL separate account's interest in a particular portfolio by a predetermined percentage rate negotiated with the investment company. This indirect compensation is not charged to the plan or participants accounts but is paid directly by the investment company.

The investment company, the underlying investment portfolio, and the annual compensation percentages are shown below.

July 14, 2016

To the Trustees of
Texas Bank 401K Plan:

We have conducted a Department of Labor (DOL) limited-scope audit of the financial statements of the Texas Bank 401K Plan (the Plan) for the year ended December 31, 2015 and have issued our report thereon dated July 14, 2016. As permitted by 29 CR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3 to those financial statements. Because of the significance of the information that we did not audit, we are unable to, and have not, expressed an opinion on those financial statements and supplemental schedule taken as a whole. We did, however, audit the form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, in accordance with the auditing standards generally accepted in the United States of America and found them to be presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosures under ERISA. Professional standards require that we provide you with the following information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated November 3, 2015. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The accounting policies used by the Plan are described in Note 2 to the financial statements. As described in Note 2, the Plan changed accounting policies related to investment disclosures by adopting Accounting Standards Update No. 2015-12, Plan Accounting, in 2015. Accordingly, the accounting change has been retrospectively applied to prior periods presented as if the policy had always been used. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimate affecting the financial statements was:

> We believe that the estimate of the fair value of investments is a particularly sensitive accounting estimate. Management's estimate is based on information obtained from a third party. We evaluated third party information concerning the fair value of investments in determining that it is reasonable in relation to the financial statements taken as a whole.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosure affecting the financial statements was:

> Tax Status – The IRS has determined and informed Texas Bank by a letter dated March 31, 2008, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified.

The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. No misstatements were noted in the audit of the financial statements.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated July 14, 2016.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

This information is intended solely for the use of the Trustees and management of the Plan and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,

Damis Kinard & Co. PC

INDEPENDENT AUDITOR'S REPORT

To the Trustees of
Texas Bank 401K Plan:

Report on the Financial Statements
We were engaged to audit the accompanying financial statements of the Texas Bank 401K Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility
Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion
As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by American United Life Insurance Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2015 and 2014, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion
Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule of Assets Held at End of Year as of December 31, 2015, is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosures under the Employee Retirement Income Security Act of 1974, and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion Paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, is presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1: DESCRIPTION OF PLAN

The following description of the Texas Bank 401K Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution benefit plan covering all eligible employees of Texas Bank Brownwood (the Company) who are over the age of 21 and have three months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Trustees is responsible for oversight of the Plan. The plan administrator determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Board of Trustees.

Contributions

Each year, participants in the Plan may elect to contribute any amount up to 100% of their compensation, as defined by the Plan, subject to certain maximum limitations imposed by the Internal Revenue Code (IRC). Employees who are eligible to make elective deferrals under the Plan and who have attained the age of fifty before the close of the Plan year are also eligible to make catch-up contributions subject to the maximum limitation imposed by the IRC. Participants may also contribute amounts representing distribution from other qualified benefit plans.

The Company's matching contribution is equal to 100% of the participant's contribution, up to a maximum of 5% of the participant's compensation. In addition, the Company may also make discretionary profit sharing contributions. There were no discretionary profit sharing contributions made during the years ended December 31, 2015 or 2014.

Participant Accounts

Each participant's account is credited with the participant's voluntary contributions, and the Company's matching contributions and an allocation of (a) the Company's discretionary contributions, and (b) Plan earnings. Discretionary contributions are allocated to all eligible participants based on compensation. Earnings are allocated to the participants' accounts based upon investment elections. Earnings on amounts invested in guaranteed interest accounts are credited daily at the composite guaranteed rate as defined in the Plan document. Earnings on amounts invested in pooled separate accounts are determined based upon number of units held by the individual participants and the unit value at the valuation date.

Note 1: DESCRIPTION OF PLAN – continued

Vesting

Participants are vested immediately in their salary deferral contributions and rollover contributions plus actual earnings thereon. Vesting in the Company's contributions of their accounts is based on years of continuous service, noted as follows:

Less than 1 year	0%
1 year	20%
2 years	40%
3 years	60%
4 years	80%
5 or more years	100%

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 and up to a maximum equal to 50% of their vested account balance, not to exceed $50,000 less the highest outstanding loan balance in any 12 month period. Loans to participants are made at the discretion of the plan administrator based on the Plan provisions. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined quarterly by the plan administrator. Principal and interest are paid ratably through payroll deductions over a period not extending beyond five years from the date of the loan. A participant may be granted one loan during any one year period and only one loan may be outstanding at a time.

Payment of Benefits

Benefits are recorded when paid.

On termination of service due to death, disability or retirement, a participant may elect to receive benefits as either a lump sum amount equal to the value of the participant's vested interest in his or her account, annual installment payments over a fixed number of years, or may purchase a qualified annuity. For termination of services due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited Accounts

Forfeitures may first be applied to pay administrative expenses under the Plan which would otherwise be paid by the Company. Any other forfeitures which have not been used to pay administrative expenses shall be applied to reduce employer contributions.

Note 2: SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting. Accordingly, revenue is recognized when earned and expenses are recognized when incurred.

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The plan administrator determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and the trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expenses when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015 or 2014.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events

The plan sponsor has evaluated all subsequent events through July 14, 2016, the date the financial statements were available to be issued.

Note 2: SUMMARY OF ACCOUNTING POLICIES – continued

Recent Accounting Pronouncements

In July 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update No. 2015-12, Plan Accounting. This amendment clarifies that contract value is the relevant measure for fully benefit-responsive investment contracts (FBRICs), therefore eliminating the requirement to measure fair value and present related fair value measurement disclosures but, instead, present FBRICs at contract value. This amendment also simplifies the level of disaggregation for investments measured using fair value, eliminates the requirement to disclose the net appreciation or depreciation in fair value of investments by general type and eliminates the requirement to disclose individual investments with a value equal to or greater than 5% of net assets available for benefits. This new amendment will be effective for fiscal years beginning after December 15, 2015. However, early adoption is permitted and the Plan early adopted this amendment in 2015 and applied it retrospectively to years ended December 31, 2015 and 2014. This guidance did not have a significant impact to the Plan's financial statements.

Note 3: CERTIFIED INVESTMENTS

Other than contributions receivable, certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2015 and 2014, and net appreciation in fair value of investments and interest for the years ended December 31, 2015 and 2014, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by American United Life Insurance Company (the trustee of the Plan).

Note 4: FAIR VALUE MEASUREMENTS

The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Note 4: FAIR VALUE MEASUREMENTS – continued

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Common stocks: Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014:

	Assets at Fair Value as of December 31, 2015			
	Level 1 Inputs	Level 2 Inputs	Level 3 Inputs	Total Fair Value
Mutual funds	$ 5,735,852	$ -	$ -	$ 5,735,852
Self directed brokerage account	342,362	-	-	342,362
Total Assets at Fair Value	$ 6,078,214	$ -	$ -	$ 6,078,214

	Assets at Fair Value as of December 31, 2014			
	Level 1 Inputs	Level 2 Inputs	Level 3 Inputs	Total Fair Value
Mutual funds	$ 5,540,798	$ -	$ -	$ 5,540,798
Self directed brokerage account	335,825	-	-	335,825
Total Assets at Fair Value	$ 5,876,623	$ -	$ -	$ 5,876,623

Note 5: GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan holds investments in a fully benefit-responsive insurance contract with American United Life Insurance Company (AUL). AUL maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The insurance contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. The crediting interest rates were 1.0% and 1.5% at December 31, 2015 and 2014, respectively. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provision, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibition transaction exemption under ERISA. The plan administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are probable of not occurring.

Note 6: RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by American United Life Insurance Company, the custodian of the Plan's assets. Any purchases and sales of these funds are performed in the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

Note 7: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

Note 8: TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated March 31, 2008, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and tax exempt.

Note 9: RISKS AND UNCERTANTIES

The Plan provides for various investment options in any combination of mutual funds and other investment securities offered by the Plan. Investment securities are exposed to various risks, such as interest rate risk, market fluctuations, and credit risks. Due to the level or risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
