General

The Plan is a defined contribution retirement plan covering employees of SSP Fittings Corp (the Company). The Plan covers all employees of the Company and its affiliates who meet the minimum service requirements, with the exception of those employees covered by a collective bargaining agreement. Employees who have attained the age of 18 and have completed 6 months of service are eligible to participate in the Plan on the first day of the month following the date of eligibility. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

A participant may voluntarily contribute a minimum of 1% to a maximum of 100% of their compensation on a pre-tax basis. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Total annual contributions made to the Plan on behalf of any participant are subject to limitations imposed under the Internal Revenue Code (IRC).

The Company may, at its discretion, match a portion of participants' voluntary contributions. For the years ended December 31, 2015 and 2014, the Company elected to match 50% of each dollar of pre-tax contributions up to 4% of participants' compensation. Company discretionary matching contributions totaled \$151,448 and \$136,789 for the years ended December 31, 2015 and 2014, respectively. The Company may also make additional discretionary contributions to the Plan. All eligible U.S. employees, as defined, may receive these discretionary contributions, but must be actively employed as of December 31 and have completed a minimum 1,000 service hours in the Plan year. No additional discretionary contributions were made to the Plan during the years ended December 31, 2015 and 2014.

The Plan also permits rollover contributions from other qualified retirement plans.

Participant Accounts

Each participant's account is credited with the participant's elective deferrals, the employer matching contributions, and an allocation of the employer discretionary contribution, and any earnings thereon, and charged with an allocation of administrative expenses. Discretionary contributions are allocated pro rata based on employee compensation. Allocations of the earnings and expenses are based on the participants' account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTES TO THE FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN (continued)

Vesting

Participants are immediately vested in their elective deferrals, employer matching contributions, rollover contributions, and the actual earnings thereon. Vesting in the discretionary employer contribution portion of their accounts is based on years of continuous service. Participants are 100% vested after 3 years of credited service.

Forfeitures

Forfeitures are created when participants terminate employment prior to becoming entitled to full benefits. Forfeitures may be used to reduce employer matching contributions, employer discretionary contributions, or for the payment of Plan expenses. As of December 31, 2015 and 2014, there were no forfeited non-vested accounts. The Company used \$0 and \$1,276 of forfeitures to offset employer contributions during the years ended December 31, 2015 and 2014, respectively.

Payment of Benefits

Upon termination of service due to death, disability, retirement, or separation of service from the Company, the participant may elect to receive his or her account balance as a lump-sum payment, in periodic installments sufficient to satisfy the required minimum distribution, or as an annuity contract. The Plan administrator may automatically make a lump-sum distribution for account balances less than \$5,000. Terminated participants are entitled to receive their benefits as soon as administratively feasible. A participant may also receive an in-service distribution if he or she experiences undue financial hardship or upon attainment of age requirements, as defined by the Plan document. In-service distributions due to undue financial hardship are limited to the participant's elective deferrals.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the participant's total vested account balance. Loan terms range from one to five years, or up to 15 years for the purchase of a primary residence. The loans are secured by the balance in the participant's vested account and bear interest at 1% over the prime rate at the time of issuance. Principal and interest are paid ratably through payroll deductions. Interest income of \$9,404 and \$7,692 for 2015 and 2014, respectively, has been recorded as other income in the accompanying Statements of Changes in Net Assets Available for Benefits.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit responsive investment contracts. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in a fund that holds a group annuity contract. This fund meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value, as reported to the Plan by Great West Life & Annuity Insurance Company, the trustee of the Plan, represents contributions, plus earnings, less participant withdrawals, wrapper fees, and administrative expenses.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Administrative and other Plan expenses are paid by the Plan, or by the Company, at the option of the Company.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles (GAAP) requires management to make estimates and assumptions that affect certain reported amounts of net assets available for benefits and the changes therein. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

NOTES TO THE FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investment Valuation and Income Recognition (continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on the investments purchased and sold, as well as held, during the year.

Group Annuity Contract

The Plan has a group annuity contract that is fully benefit-responsive and is recorded at contract value. Earnings on the contract are based on interest calculated at a specified rate. The crediting interest rates as of December 31, 2015 and 2014 were 1.20% and 1.25%, respectively. Crediting interest rates are determined daily by dividing earned income for the day by the new contract value. There are no events that may limit the ability of the Plan to transact at contract value. The investment advisor or the contract owner may terminate the group annuity contract with 60 days advance written notice to the other party.

Subsequent Events

The Company evaluated subsequent events through August 31, 2016, the date these financial statements were available to be issued. There were no material subsequent events that require recognition or additional disclosure in these financial statements.

3. INVESTMENTS

The following table presents the fair value of investments at December 31, 2015 and 2014. The investments and investment activity have been certified as complete and accurate by Great West Life & Annuity Insurance Company, the trustee, and have not been audited by the independent auditors.

	<u>2015</u>	<u>2014</u>
Registered investment companies	\$ 6,448,974	\$ 6,288,199
Group annuity contract *	<u>870,609</u>	<u>1,040,752</u>
	<u>\$ 7,319,583</u>	<u>\$ 7,328,951</u>

*This amount represents contract value for the investment, which approximates fair value.

During 2015 and 2014, the Plan's investments (including investments purchased, sold, as well as held during the year) depreciated in value by \$398,998 and \$172,760, respectively.

4. FAIR VALUE MEASUREMENTS

GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. It applies to fair value measurements already required or permitted by existing standards. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under GAAP are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Quoted prices for similar assets or liabilities in active markets or quoted prices for identical or similar assets or liabilities in inactive markets. Level 2 inputs include those other than quoted prices that are observable for the asset or liability. Level 2 inputs are derived principally from, or corroborated by, observable market data by correlation or other means. If the asset or liability has a specified term, the Level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used should maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Registered investment companies - Valued at the closing price reported on the active market on which the individual securities are traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015:

	<u>Level 1</u>	<u>Total</u>
Registered investment companies	<u>\$ 6,448,974</u>	<u>\$ 6,448,974</u>
Total assets at fair value	<u>\$ 6,448,974</u>	<u>\$ 6,448,974</u>

4. FAIR VALUE MEASUREMENTS (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014:

	<u>Level 1</u>	<u>Total</u>
Registered investment companies	<u>\$ 6,288,199</u>	<u>\$ 6,288,199</u>
Total assets at fair value	<u>\$ 6,288,199</u>	<u>\$ 6,288,199</u>

5. TAX STATUS

The Company adopted a Prototype Standardized Profit Sharing Plan with a cash or deferral arrangement. The Plan received its latest favorable opinion letter on March 31, 2014, in which the Internal Revenue Service (IRS) stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Additionally, prior to March 31, 2014, the Plan was operating under a favorable opinion letter dated November 27, 2001. Therefore, no provision for income taxes has been included in the Plan's financial statements.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all participants will become 100% vested in their accounts.

7. PARTY-IN-INTEREST

Certain Plan investments at December 31, 2015 and 2014 are invested in funds issued by Great West Life & Annuity Insurance Company. Great West Life & Annuity Insurance Company is the Plan's trustee and, therefore, these transactions are considered party-in-interest transactions.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

9. CHANGE IN ACCOUNTING PRINCIPLE

For the year ended December 31, 2015, Plan management has elected to adopt the provisions of *ASU No. 2015-12 – Plan Accounting: Defined Contribution Plans (Topic 962)*, which reduces the complexity of Plan investment disclosures. Under the update, the Plan may present investments measured using fair value aggregated by general type, rather than present detailed categories under each general type. In addition, the Plan is no longer required to separately present those investments that represent 5% or more of Plan net assets. The updated disclosures have been applied as of and for the years ended December 31, 2015 and 2014 and have no effect on the changes in net assets as previously reported.
