Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Mueller, Inc. 401(k) Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Empower Retirement and Lincoln Financial Group Trust Company, Inc. (formerly Wilmington Trust), the trustees of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that Empower Retirement holds the Plan's investment assets and executes investment transactions from July 14, 2015 to December 31, 2015 and that Wilmington Trust held the plan's investment assets and executed investment transactions as of December 31, 2014 and for the period January 1, 2015 to July 13, 2015. The plan administrator has obtained a certification from the trustees as of and for the years ended December 31, 2015 and 2014, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule of Assets Held at End of Year as of December 31, 2015 is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 as is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis of Disclaimer for Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

MUELLER, INC. 401(K) PLAN
Notes to the Financial Statements

Note 1: DESCRIPTION OF PLAN

The following description of the Mueller, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution benefit plan covering all full-time employees of Mueller, Inc. (the Company) who have one year of service and 1,000 hours. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Board of Trustees and executive management is responsible for oversight of the Plan. Executive management determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Board of Trustees.

Contributions

Each year, participants may contribute a percentage of pretax annual compensation, not to exceed a dollar limit which is set by law. Participants who have attained age 50 before the end of the plan year are eligible to make catch up contributions. Participants may also contribute amounts representing distributions from other qualified defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Employer will make a safe harbor non-elective contribution to the account of each "eligible participant" an amount equal to 3% of each eligible participant's compensation for the plan year beginning January 1 or July 1 immediately following satisfaction of eligibility requirements. The Plan may require the Company to make contribution on the participants' behalf which is in addition to its discretionary contribution. This guaranteed minimum contribution is necessary if the Plan is top heavy and the amount of Company contributions and forfeitures allocated to participant accounts for the plan year falls below a certain percentage (usually 3%) of participant compensation for the plan year. If the Plan requires the plan sponsor to make an additional contribution, the plan sponsor will allocate the additional contribution.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company contributions, and related earnings from their investments. Allocations are based on participant earnings or account balances as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are always 100% vested in their Employee and Employer accounts.

Participant Loans

Participant loans are not permitted under the Plan.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive benefits as either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or a direct rollover into an I.R.A. or other qualified employer plan. Benefits are recorded when paid.

MUELLER, INC. 401(K) PLAN

Notes to the Financial Statements

Note 2: SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting. Accordingly, revenue is recognized when earned and expenses are recognized when incurred.

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure attribute for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value (except fully benefit-responsive investment contracts which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's executive management determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events

Management of the Plan has evaluated subsequent events through September 16, 2016, the date the financial statements were available to be issued.

MUELLER, INC. 401(K) PLAN

Notes to the Financial Statements

Note 2: SUMMARY OF ACCOUNTING POLICIES (continued)

Recent Accounting Pronouncements

In July 2015, the FASB issued Accounting Standards Update No. 2015-12, Plan Accounting. This amendment clarifies that contract value is the relevant measure for fully benefit-responsive investment contracts (FBRICs), therefore eliminating the requirement to measure fair value and present related fair value measurement disclosures but, instead, present FBRICs at contract value. This amendment also simplifies the level of disaggregation for investments measured using fair value, eliminates the requirement to disclose the net appreciation or depreciation in fair value of investments by general type and eliminates the requirement to disclose individual investments with a value equal to or greater than 5% of net assets available for benefits. This new amendment will be effective for fiscal years beginning after December 15, 2015. However, early adoption is permitted and the Plan early adopted this amendment in 2015 and applied it retrospectively to years ended December 31, 2015 and 2014. This guidance did not have a significant impact to the Plan's financial statements.

Note 3: INFORMATION CERTIFIED BY TRUSTEE

Other than contributions receivable, certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2015 and 2014, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2015 and 2014, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Empower Retirement and Lincoln Financial Group Trust Company, Inc. (formerly Wilmington Trust) (the trustees of the Plan).

Note 4: FAIR VALUE MEASUREMENTS

The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

MUELLER, INC. 401(K) PLAN
Notes to the Financial Statements

Note 4: FAIR VALUE MEASUREMENTS (continued)

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2015 and 2014.

Mutual Funds - Investments are reported at fair value utilizing Level 1 inputs. For these investments, the Company obtains fair value measurements from an independent pricing service. The fair value measurements consider observable data that may include dealer quotes, market spreads, cash flows, the U. S. Treasury yield curve, live trading levels, trade execution data, market consensus prepayments speeds, credit information and the bond's terms and conditions, among other things.

Common Collective Trust - Valued at the NAV of units of a bank collective trust. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding method may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014:

Assets at Fair Value as of December 31, 2015				
	Level 1 Inputs	Level 2 Inputs	Level 3 Inputs	Total Fair Value
Mutual Funds	\$ 17,370,579	\$ -	\$ -	\$ 17,370,579
Total assets in the fair value hierarchy	17,370,579	-	-	17,370,579
Investments measured at net asset value - common collective trust (a)	-	-	-	2,586,274
Total investments at fair value	\$ 17,370,579	\$ -	\$ -	\$ 19,956,853
Assets at Fair Value as of December 31, 2014				
	Level 1 Inputs	Level 2 Inputs	Level 3 Inputs	Total Fair Value
Mutual Funds	\$ 16,729,978	\$ -	\$ -	\$ 16,729,978
Total assets at fair value	\$ 16,729,978	\$ -	\$ -	\$ 16,729,978

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

MUELLER, INC. 401(K) PLAN

Notes to the Financial Statements

Note 5: GUARANTEED INVESTMENT CONTRACT WITH NATIONAL INSURANCE COMPANY

The Plan entered into a fully benefit-responsive guaranteed investment contract with Empower Retirement. Empower Retirement maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Contract value, as reported to the Plan by Empower Retirement, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, was 1.75% at December 31, 2014, respectively. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the Plan's ability to transact at contract value with Empower Retirement. Such events include but may not be limited to a participant termination of employment due to: (a) removal of a group from plan coverage as a result of temporary absence; (b) change in position or other occurrence qualifying as a temporary break in service under the plan; (c) transfer or other change of position resulting in employment by an entity controlling, controlled by, or under other common control with the employer; (d) cessation of an employment relationship resulting from a reorganization, merger, layoff or the sale of discontinuance of all or any part of the plan sponsor's business; (e) removal from the plan of one or more groups or classifications of participants; (f) partial or complete plan termination; (g) plan disqualification. The plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants are probable or occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date of December 31, 2014.

Note 6: RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments in guaranteed investment contract are managed by Empower Retirement, the investment adviser of the Plan's assets. Any purchases and sales of these funds are performed in the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

Note 7: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

Note 8: TAX STATUS

The IRS has determined and informed the Company by a letter dated March 31, 2014, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and tax exempt.

MUELLER, INC. 401(K) PLAN

Notes to the Financial Statements

Note 9: RISKS AND UNCERTAINTIES

The Plan provides for various investment options in any combination of mutual funds and other investment securities offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market fluctuations and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
