**THINGS REMEMBERED 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS**

1. DESCRIPTION OF THE PLAN

The following description of the Things Remembered 401(k) Plan (the Plan) is provided for general information purposes. Participants should refer to the plan document for more complete information.

Things Remembered, Inc., (the Company) is the plan sponsor and established the Plan effective September 30, 2006. The Plan is a defined contribution plan covering all eligible hourly and salaried employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participation

Any employee of the Company who is not covered by a collective bargaining agreement is eligible to participate in the Plan on the first day of the month following the attainment of age 21 and completion of 90 days of service. Employees are automatically enrolled in the Plan at a deferral rate of 6% when they become eligible to participate in the Plan. The employer discretionary matching contribution has a one year service requirement.

Participant Accounts and Contributions

Each participant's account is credited with the participant's contribution, the Company's discretionary matching contribution and net investment income earned on the account balances. Plan participants may contribute 1% to 60% of gross compensation up to the maximum amount allowed, which will not cause the Plan to violate any of its provisions or any limits imposed by the Internal Revenue Code (IRC). The Company made no discretionary matching contribution for the year ended December 31, 2015. The Company's discretionary matching contribution for the year ended December 31, 2014 was 25% of the salary reduction up to 4% of compensation for all participants. Participants are also eligible for qualified non-elective contributions.

Rollover Contributions

Distributions from another qualified plan may be transferred into the Plan.

Investment Options

Participants may direct the manner in which their contributions are to be allocated among the investment options available under the Plan. The Company contributions are allocated based upon the participant investment elections.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in Company contributions and any earnings thereon occurs ratably over four years of service.

Forfeitures

Forfeitures shall first be used to pay administrative expenses. Any remaining forfeitures are used to reduce Company matching contributions. Forfeitures of \$36,899 and \$20,799 were used to pay administrative expenses during the years ended December 31, 2015 and 2014, respectively. Unallocated forfeitures were \$13,279 and \$16,207 as of December 31, 2015 and 2014, respectively.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from 1 to 5 years or may exceed 5 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at the current prime rate plus 1% at the time of issuance. The interest rate on loans outstanding at December 31, 2015 was 4.25%.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon the terms of the plan document.

Benefit Payments

Upon service or disability retirement, death, termination or financial hardship, the participant or beneficiary may elect to receive a benefit payment of the vested balance in accordance with the provisions of the Plan. Benefits are recorded when paid.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all amounts credited to participant accounts shall become fully vested.

2. SIGNIFICANT ACCOUNTING POLICIES**Basis of Financial Statements**

The financial statements are prepared on the accrual basis of accounting.

Plan Expenses

The Plan pays certain administrative fees to Fidelity Management Trust Company, the trustee, as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan amounted to \$86,980 and \$66,047 for the periods ended December 31, 2015 and 2014, respectively.

Party-in-Interest Transactions

The Plan participates in a revenue sharing arrangement whereby the Plan receives funds to pay certain administrative expenses. These funds totaled approximately \$46,400 and \$45,500 for the years ended December 31, 2015 and 2014, respectively. These amounts are recorded within administrative expenses on the statements of changes in net assets available for benefits.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles (US GAAP) requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investments

The net investment gain (loss) on the accompanying statements of changes in net assets available for benefits reflects the gains and losses on investments bought and sold, as well as held during the period, and represents the net appreciation in the various mutual fund investments. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

In July 2015, the Financial Accounting Standards Board issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965): Part (I) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient*. This three-part standard simplifies employee benefit plan reporting with respect to fully benefit-responsive investment contracts and plan investment disclosures, and provides for a measurement-date practical expedient. Parts I and II are effective for fiscal years beginning after December 15, 2015 and should be applied retrospectively, with early application permitted. Part III is effective for fiscal years beginning after December 15, 2015 and should be applied prospectively, with early application permitted. Management has elected to adopt Part II early. Parts I and III are not applicable to this Plan.

3. INFORMATION CERTIFIED BY TRUSTEE

Fidelity Management Trust Company certified the information presented in the financial statements as of and for the years ended December 31, 2015 and 2014, respectively.

The custodian has certified to the completeness and accuracy of the amounts reported as investments, notes receivable from participants, net investment loss and interest and dividends on the Plan's financial statements and the accompanying supplemental schedule of assets (held at end of year).

4. FAIR VALUE MEASUREMENTS

Accounting Standard Codification (ASC) 820 *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Mutual Funds: Valued at the net asset values of shares held by the Plan at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

All of the Plan's assets measured at fair value are classified within level 1 of the fair value hierarchy as of December 31, 2015 and 2014.

5. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

In order for the Plan to satisfy the non-discrimination tests required under Section 401(k) of the Code, certain participants were entitled to refunds of contributions made and earnings on those contributions totaling \$38,897 and \$29,717 at December 31, 2015 and 2014, respectively. These refunds have been recorded as a liability in the accompanying financial statements, but are reflected on the Form 5500 when paid.

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

	<u>2015</u>	<u>2014</u>
Net assets available for benefits per the financial statements	\$ 15,531,983	\$ 15,503,879
Refunds due of participant contributions	<u>38,897</u>	<u>29,717</u>
Net assets available for benefits per the Form 5500	<u>\$ 15,570,880</u>	<u>\$ 15,533,596</u>

The following is a reconciliation of benefit payments per the financial statements to the Form 5500:

	<u>2015</u>
Benefit payments per the financial statements	\$ 2,473,760
Change in refunds due of participant contributions	<u>(9,180)</u>
Benefits paid and other distributions per the Form 5500	<u>\$ 2,464,580</u>

6. INCOME TAX STATUS

On March 31, 2014, the Internal Revenue Service (IRS) stated that the prototype plan adopted by the Plan, as then designed, qualifies under Section 401(a) of the IRC. The Plan has not received a determination letter specific to the Plan itself; however, the Plan administrator believes that the Plan was designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

US GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015 and 2014, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by the IRS; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2012.

7. SUBSEQUENT EVENTS

Plan management evaluated subsequent events through August 25, 2016, the date which the financial statements were available to be issued. There were no material subsequent events that required recognition or additional disclosure in these financial statements.

This representation letter is provided in connection with your audits of the financial statements and supplemental schedule of the Things Remembered 401(k) Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements, for the purpose of expressing an opinion as to whether the financial statements are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States (U.S. GAAP) and whether the supplemental schedule is fairly stated in all material respects in relation to the financial statements as a whole. As permitted by Regulation 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), we have instructed you not to perform any auditing procedures with respect to information prepared and certified to by Fidelity Management Trust Company, the trustee, in accordance with DOL Regulation 2520.103-5, except for comparing the information with the related information included in the financial statements and supplemental schedule. Because of the significance of the information which you did not audit, we understand that you will not express an opinion on the financial statements and supplemental schedule taken as a whole. We understand that the form and content of the information in the financial statements and supplemental schedule, other than that derived from the information certified by Fidelity Management Trust Company, has been audited by you in accordance with auditing standards generally accepted in the United States of America, and was subjected to tests of our accounting records and other procedures you considered necessary to enable you to express an opinion as to whether they are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Certain representations in this letter are described as being limited to matters that are material. Items are considered material, regardless of size, if they involve an omission or misstatement of accounting information that, in light of surrounding circumstances, makes it probable that the judgment of a reasonable person relying on the information would be changed or influenced by the omission or misstatement. An omission or misstatement that is monetarily small in amount could be considered material as a result of qualitative factors.

We confirm, to the best of our knowledge and belief, as of August 25, 2016, the following representations made to you during your audits.
