Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified or provided by Reliance Trust Company, the trustee of the Plan in 2014, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's assets and executes transactions. Report of Independent Auditors, continued

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Emphasis of Matter

As discussed in Note 2 to the financial statements, the Plan adopted new accounting guidance which removed the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient and which simplified various investment disclosures. Our opinion is not modified with respect to these matters.

Other Matter

The supplemental schedule as of December 31, 2015, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purposes of additional analysis and is not a required part of the financial statements. The supplemental schedule is the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified or provided by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

MAPI USA, INC RETIREMENT PLAN

Notes to the Financial Statements

1. Description of Plan

The following description of the Mapi USA, Inc Retirement Plan (the Plan) provides only general information. Participants should refer to the *Summary Plan Description* for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution retirement plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), and became effective April 1, 1993 and was restated effective January 1, 2009. The Plan covers all eligible employees of Mapi USA, Inc. (the Plan Sponsor and Administrator).

Effective March 1, 2014, the Plan was restated in its entirety and the Plan name was changed to Mapi USA, Inc. Retirement Plan. Additionally, two plans sponsored by related entities, Mapi Consultancy, Inc. 401(k) Plan and Mapi USA Retirement Plan, were merged into this Plan effective February 21, 2014 and February 19, 2014, respectively.

Eligibility

Employees become eligible to make contributions on their own behalf on the first day of the month following their date of hire.

Contributions

The Plan is funded by employee deferral, Plan Sponsor match, rollover, and discretionary Plan Sponsor contributions. Each employee is permitted to contribute a percentage of their annual compensation to their individual accounts on a pre-tax or post-tax basis, in a range from 1% to 80% of their eligible compensation. The Plan Sponsor matches 50% of the participant's elective contributions, up to 6% of gross wages and may make a discretionary contribution. The Plan Sponsor did not make a discretionary contribution in 2015.

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution and the Plan Sponsor's contributions, an allocation of Plan earnings or losses, and administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan document. Administrative expenses are charged to each participant's account when a benefit distribution is processed. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

MAPI USA, INC RETIREMENT PLAN

Notes to the Financial Statements, continued

1. Description of Plan, continued

Vesting

Participants are 100% vested in the portion of their accounts attributable to employee salary deferrals. The employer portion of participant balances are subject to a progressive vesting schedule ranging from 25% on the December following a participant's date of hire to 100% upon reaching the fourth December after a participant's date of hire. The Plan provides for 100% vesting for any participant whose termination is attributable to death, normal retirement, or permanent disability. The method for crediting vesting service is based on hours of service with 190 hours of service credited for each month in which an hour of service is credited.

Due to Automatic Data Processing Inc (ADP), the custodian, creating an error on the Plan document during 2014, all participants of the Plan became 100% vested in their employer contributions. There was a legal settlement between ADP and the Plan Sponsor for the error. The original vesting schedule was reintroduced for all employees hired after January 1, 2015, leaving all participants from December 31, 2014 and before that date fully vested.

Participant Loans

Participants may borrow from their fund accounts a minimum of \$500 and up to a maximum equal to the lesser of \$50,000 reduced by the highest outstanding loan balance in the preceding twelve month period. Loans must be fully repaid within five years unless the loan is used to purchase a primary residence, upon which it may be repaid within no more than thirty years. The loans are secured by the balance in the participant's account and bear interest at a rate of prime plus two percent. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Upon termination of service, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account.

Forfeited Accounts

All forfeitures are applied to safe harbor contributions and Plan expenses. As of December 31, 2015 and 2014, forfeited nonvested accounts totaled \$10. Forfeited accounts may be applied to employer contributions and Plan expenses. Forfeitures of \$12,892 were reallocated during 2015.

Risk and Uncertainties

The Plan provides for participant directed investment options in various securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

MAPI USA, INC RETIREMENT PLAN

Notes to the Financial Statements, continued

1. Description of Plan, continued

Administrative Expenses

Certain administrative expenses of the Plan are paid by the Plan as provided in the Plan document. All other administrative expenses are paid by the Plan Sponsor.

Plan Amendment

The Plan was amended and restated as of January 1, 2015, permitting Roth elective deferrals under the Plan.

2. Summary of Significant Accounting Policies

The financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) which require management to make estimates and assumptions that affect the reported amounts and disclosures in the financial statements. Actual results could differ from those estimates. The following is a summary of the significant accounting policies consistently followed by the Plan in the preparation of its financial statements:

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains or losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based on the terms of the Plan document.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Recent Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or its Equivalent)*. The amendments in this ASU remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value (NAV) per share practical expedient. However, sufficient information must be provided to permit reconciliation of the fair value of assets categorized within the fair value hierarchy to the amounts presented in the statement of financial position. The amendments also remove the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. The plan early adopted this ASU for the 2015 Plan year as permitted and applied retrospectively to December 31, 2014, as required.

MAPI USA, INC RETIREMENT PLAN

Notes to the Financial Statements, continued

2. Summary of Significant Accounting Policies, continued

In July 2015, FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): Part I Fully Benefit-Responsive Investment Contracts, Part II Plan Investment Disclosures, and Part III Measurement Date Practical Expedient* to reduce complexity in employee benefit plan accounting. The Plan early adopted this ASU for the 2015 Plan year as permitted and applied retrospectively to December 31, 2014, as required.

Subsequent Events

The Plan's management has evaluated subsequent events for accounting and disclosure requirements through September 12, 2016, the date that the financial statements were available to be issued.

3. Investments Certified and Provided by Trustee

The Plan's investment information included in this note and throughout the Plan's financial statements and supplemental schedule was prepared by or derived from information provided by Reliance Trust Company (Reliance), the trustee of the Plan, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that investment information provided to the Plan Administrator by the trustee related to the investment information is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to investment information in this note and which appears throughout the financial statements and the supplemental schedule.

Reliance also certified to the completeness and accuracy of the net appreciation (depreciation) in the fair value of investments (including gains and losses on investments bought and sold, as well as held during the year) and interest and dividends related to the aforementioned assets for the year ended December 31, 2015. The net appreciation (depreciation) is composed of the following for the year ended December 31, 2015:

Net realized and unrealized depreciation in fair value	\$ (649,023)
Dividends	454,354
Interest income on notes receivable from participants	9,095

4. Fair Value Measurement

The Plan classifies its investments based on a hierarchy consisting of: Level 1 (valued using quoted prices from active markets for identical assets), Level 2 (not traded on an active market but for which observable market inputs are readily available), and Level 3 (valued based on significant unobservable inputs). The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value on a recurring basis:

MAPI USA, INC RETIREMENT PLAN

Notes to the Financial Statements, continued

4. Fair Value Measurement, continued

Registered investment companies: Valued at the closing price reported on the active market on which the individual securities are traded.

Common/collective trust: Valued at the net asset value (NAV) of shares held by the plan at year end.

There have been no changes in the valuation methodologies used at December 31, 2015 and 2014.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan Administrator believes the valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
<u>2015</u>				
Registered investment companies	\$ 5,333,445	\$ 2,408,014	\$ -	\$ 7,741,459
Common/collective trusts	<u>-</u>	<u>337,781</u>	<u>-</u>	<u>337,781</u>
Total investments	<u>\$ 5,333,445</u>	<u>\$ 2,745,795</u>	<u>\$ -</u>	<u>\$ 8,079,240</u>
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
<u>2014</u>				
Registered investment companies	\$ 4,395,756	\$ 2,253,884	\$ -	\$ 6,649,640
Common/collective trusts	<u>-</u>	<u>428,389</u>	<u>-</u>	<u>428,389</u>
Total investments	<u>\$ 4,395,756</u>	<u>\$ 2,682,273</u>	<u>\$ -</u>	<u>\$ 7,078,029</u>

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. Plan management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2015, there were no significant transfers in or out of Level 3.

MAPI USA, INC RETIREMENT PLAN

Notes to the Financial Statements, continued

5. Exempt Party-in-Interest Transactions

The Plan has a benefit-responsive investment contract with ADP, the custodian. The transactions involving the benefit-responsive investment contract qualify as exempt party-in-interest transactions. Administrative expenses of \$8,221 for the year ended December 31, 2015 are comprised of fees paid by the Plan to ADP for investment management services and withdrawal charges.

Additionally, indirect fees are paid to Reliance based on investment account values. These fees range from 0.11% to 1.56% of the investment account value. The fees reduce net appreciation (depreciation) in fair value of investments on the statement of changes in net assets available for benefits.

6. Tax Status

The Plan uses a prototype Plan document sponsored by Reliance. ADP processes payroll for the Plan. ADP received an opinion letter from the Internal Revenue Service (IRS), dated July 8, 2014, which states that the prototype document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

7. Reconciliation to Form 5500

A reconciliation of the net increase in net assets available for benefits per the financial statements to the net income per Form 5500 for the year ended December 31, 2015 is as follows:

	<u>2015</u>
Net increase in net assets available for benefits for the financial statements	\$ 1,088,713
Participant contribution receivables:	
Less participant contribution receivable per financial statements	(38,178)
Employer contribution receivables:	
Less employer contribution receivable per financial statements	<u>(12,767)</u>
Net income per Form 5500	\$ <u>1,037,768</u>
