HOUZZ 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015 AND 2014 (See Independent Auditors' Report)

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Houzz 401(k) Plan ("the Plan") provides only general information. Participants should refer to the Plan documents for a more complete description of the Plan's provisions.

General **-** The Plan is a defined contribution plan that was established on January 1, 2013 by Houzz, Inc. ("the Company" or "Plan Administrator") covering all eligible employees of the Company. There is no minimum age or service limitation to enter the Plan. Eligible employees are allowed to enter the plan on the first date of the month following their date of hire. Employees covered by a collective bargaining agreement, leased employees and nonresident alien employees with no United States source income from the Company are excluded from plan participation. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). A Plan Committee ("the Committee") manages the operation and administration of the Plan, including the appropriateness of the Plan's investment offerings and investment performance. The Company has contracted with Verisight Trust Company ("Verisight") to act as trustee, custodian, and record-keeper and to process and maintain certain records of participant data.

Contributions - Each year, participants may contribute up to 100% of their eligible pretax annual compensation, as defined in the Plan document, not to exceed the maximum statutory amount. The Plan allows for ROTH 401(k) deferrals. Participants who are age 50 or older can elect to make catch-up contributions to the Plan, not to exceed the maximum statutory amount. Participants may also contribute amounts representing distributions from other qualified eligible plans.

The Company may make discretionary matching and/or discretionary nonelective contributions to the Plan. For the year ended December 31, 2015, the Company did not make a discretionary matching or a discretionary nonelective contribution to the Plan.

Participant Accounts - Each participant's account is credited or charged with the participant's contribution, the Company's discretionary matching contribution, if any, the Company's discretionary nonelective contribution, if any, and an allocation of plan earnings or losses and expenses. The discretionary matching contribution is based on compensation deferral. Allocation of the Company's discretionary nonelective contribution is based on participant compensation. The discretionary matching and/or discretionary nonelective contributions are subject to certain employment requirements. Allocations of plan earnings or losses are based on individual participant investment choices. All contributions/investments

are participant directed. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Certain investment and fund fees are charged to the funds and are included in plan investment income and losses and charged to participant accounts. Participants should refer to the funds' prospectuses for further information on these fees.

Vesting - Participants are fully vested in their contributions, rollover contributions and actual earnings thereon. Company discretionary matching and discretionary nonelective contributions are subject to vesting over a four year period at a rate of twenty-five percent per year of credited service. Participants are fully vested after four years of credited service. Participants fully vest in the event of death, disability, retirement and plan termination.

Forfeitures - Forfeited participants' amounts can be used to pay plan expenses, any remaining amount will be used to reduce Company's discretionary matching and/or discretionary nonelective contributions. There are no forfeiture amounts relating to the discretionary matching or the discretionary nonelective contributions as of December 31, 2015 and 2014.

Notes Receivable from Participants - Participants may borrow from their fund accounts a minimum of $500 up to a maximum of $50,000 or 50% of their vested account balance, whichever is less. One outstanding note per participant is permitted at any given time. The notes are secured by the balance in the participant's account and bear interest at a rate of 5.25% as of December 31, 2015 and 2014. Interest rates are commensurate with prevailing rates as determined by the Plan Administrator. Principal and interest is paid ratably through payroll deductions. The notes must be repaid within a five-year period, unless it is used for the purchase of a principal residence in which case the maximum repayment period may be longer. The Plan Administrator establishes the specific terms and conditions of such notes.

Payment of Benefits - Upon the satisfaction of certain distributable events, participants or beneficiaries may elect to receive their vested account balance and are paid in accordance with plan provisions. The Plan allows for automatic distribution of terminated participant balances between $1,000 and $5,000 to an individual retirement account designated by the Plan Administrator for the benefit of the participant.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Committee determines the Plan's valuation policies utilizing information provided by Verisight. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants - Notes receivable from participants in the financial statements are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015 and 2014.

Excess Contributions Payable - Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Code ("IRC") and the Internal Revenue Service ("IRS") are recorded as a liability.

As of December 31, 2015 and 2014, excess contributions payable and related earnings in the amount of $52,215 and $25,303, respectively were refunded to certain participants on March 14, 2016 and March 13, 2015. For the 2015 and 2014 year, refunds of participants' contributions were required in order for the Plan to satisfy certain non-discrimination tests.

Plan Expenses - Substantially all expenses incurred for administering the Plan are paid by the Company. Participant note, loan set-up and distribution fees are paid by participants and charged to their accounts as applicable.

Payment of Benefits - Benefits are recorded when paid.

Accounting change - The Plan elected to early implement certain provisions of Financial Accounting Standards Board ("FASB") Accounting Standards Update ("ASU") 2015-12 - Plan Accounting: Defined Contribution Pension Plans (Topic 962) that was issued in July 2015. Under FASB ASU 2015-12, employee benefit plans are allowed to simplify certain disclosures about plan investments. The early adoption of ASU 2015-12 removed the requirement to disclose individual investments held which exceed 5% of net assets available for benefits, removed the requirement to disclose net depreciation in fair value of investments by type of investment held, and removed the requirement to disaggregate investments reported in the fair value hierarchy table by class of investment.

The Plan elected to adopt FASB ASU 2015-12 for the 2015 plan year; however, the retrospective approach requires that the prior year be presented in accordance with FASB ASU 2015-12 as applicable.

NOTE 3 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 4 - CERTIFIED INFORMATION

In accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, information certified by Verisight regarding the current value of assets held as of December 31, 2015 and 2014, and transactions entered into during the year ended December 31, 2015, was used in the preparation of the accompanying financial statements and supplemental schedule.

NOTE 5 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset of liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs that are unobservable inputs for the asset or liability.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or

assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015, and 2014. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	Investments at Fair Value as of December 31, 2015			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 3,527,928	$ -	$ -	$ 3,527,928
Investments at fair value	$ 3,527,928	$ -	$ -	$ 3,527,928

	Investments at Fair Value as of December 31, 2014			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 1,721,933	$ -	$ -	$ 1,721,933
Investments at fair value	$ 1,721,933	$ -	$ -	$ 1,721,933

NOTE 6 - PARTY-IN-INTEREST AND RELATED PARTY TRANSACTIONS

The Plan has a number of service providers. Such providers are parties-in-interest under ERISA regulations but are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

NOTE 7 - PLAN TERMINATION AND/OR MODIFICATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 8 - TAX STATUS

The Plan has adopted the Verisight, Inc. Volume Submitter 401(k) Profit Sharing Plan, which has received an opinion letter dated July 17, 2012, from the IRS. The Plan has been amended since, however, the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is qualified, and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by various taxing authorities and government agencies. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9 - RECONCILIATION OF FINANCIAL STATEMENTS TO THE FORM 5500

The differences between the information reported on the financial statements and the information reported on the Form 5500 arise primarily from the accounting for excess contributions payable as presented on the financial statements and the Form 5500.

The following is a reconciliation of the 2015 financial statements to the 2015 Form 5500:

Net assets available for benefits as of December 31, 2015 per the financial statements	$3,545,792
Add: Excess contributions payable as of December 31, 2015	52,215
Net assets available for benefits per the Form 5500	$3,598,007
Net assets available for benefits as of December 31, 2014 per the financial statements	$1,787,917
Add: Excess contributions payable as of December 31, 2014	25,303
Net assets available for benefits per the Form 5500	$1,813,220
Total participants' contributions per the financial statements	$1,713,294
Add: Excess contributions payable as of December 31, 2015	52,215
Total contributions from participants per the Form 5500	$1,765,509
Benefits paid to participants per the financial statements	$137,180
Add: Excess contributions payable as of December 31, 2014	25,303
Benefit payments to participants per the Form 5500	$162,483

NOTE 10 - SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through September 23, 2016, the date the financial statements were available to be issued.

In 2016 Verisight Trust Company changed its name to Newport Trust Company.

In January 2016, the Plan was amended and restated for certain legislative and regulatory changes. Participants should refer to the plan documents for specific changes made to the Plan.
