DECEMBER 31, 2015 AND 2014

1. DESCRIPTION OF THE PLAN

The following description of the Lerner, Sampson & Rothfuss Co., L.P.A. Profit Sharing 401(k) Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan with a cash or deferred arrangement covering substantially all employees who have completed one (1) year of service and have attained the age of twenty-one (21). The Plan allows for any other entity to participate in the Plan as a "Participating Employer" with approval of the Primary Employer and Trustee. The Primary Employer and Trustee approved the participation of Legalex, Inc., Intitle Agency, Inc., and MCA Center, LLC, affiliates of the Primary Employer, as Participating Employers in the Plan. The Plan was adopted on April 1, 1975 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective January 1, 2015, custodian responsibilities for the Plan were transferred from Bank of America, N.A. to Charles Schwab Bank. Effective January 1, 2015, third party administrator responsibilities for the Plan were transferred from Bank of America, N.A. to Pension Corporation of America. As a result of this change, all Plan assets were transferred to Charles Schwab Bank during January, 2015.

Contributions

Participants in the Plan may elect to defer a portion of their compensation each year instead of receiving that amount in cash. The contributions are limited to the maximum amount deductible under the applicable provisions of the Internal Revenue Code of 1986, as amended. Employers are permitted to make matching contributions equal to a discretionary percentage, not to exceed fifty percent (50%) of the first six percent (6%) of the participants' qualifying compensation deferred into the Plan. During the years ended December 31, 2015 and 2014, the Employer and the Participating Employers elected to make matching contributions of fifty percent (50%) of the first six percent (6%) of participants' qualifying compensation deferred into the Plan. Employees who were credited with 1,000 hours of service and were employed as of the last day of the Plan year, were on leave of absence on the last day of the Plan year, or who died, became disabled or retired after attaining normal or early retirement age during the Plan year are eligible for the matching contribution.

1. DESCRIPTION OF THE PLAN (Continued)

Rollovers

The Plan may permit participants to transfer distributions from other qualified plans into the Plan.

Plan Investment Options

Upon enrollment in the Plan, the participants are able to direct the contributions in any of twenty-four (24) investment options. In addition, participants also had the option to purchase any publicly-traded security through the Plan's self-directed investment program. Except for the MetLife Stable Value Fund, there is no guarantee of principal or earnings when participating in these funds.

As of December 31, 2014, all Plan assets were held in a money market fund pending transfer to the new custodian.

Participant Accounts

Each participant's account is credited with (a) participant contributions, (b) the Employers' contributions, (c) an allocation of Plan earnings and losses, and (d) Plan administrative expenses. Allocations are based on participant earnings or account balances, as defined. The participants direct the investment of their account balances among certain investment options offered by the Plan. The Employers' matching contributions are invested in accordance with the participants' investment selection. Participants also direct the investment of their remaining profit sharing account balances.

Vesting

All participant contributions are immediately vested at the time such contributions are made. Participants become vested in Employers' matching and special discretionary contributions as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Forfeitures

Forfeitures are created when participants terminate employment before becoming fully vested in the Employers' contributions. Forfeited amounts are used to reduce the Employers' contributions and pay Plan administrative expenses. However, all or a portion of forfeited amounts may be allocated to remaining participants based on account balances. At December 31, 2015 and 2014, forfeited nonvested accounts totaled \$32,201 and \$19,643, respectively. Also, for 2015 and 2014, Employers' contributions or Plan expenses were reduced by \$0 and \$317, respectively, from forfeited nonvested accounts.

Payment of Benefits

The benefit to which a plan participant is entitled is the benefit that can be provided by the contributions made and income earned on investments. Upon service or disability retirement, death, or termination, a participant or beneficiary will receive an amount equal to the value of his account, including earnings. The benefit will be paid in either a lump-sum amount or annual installments over the participant's life expectancy. As of December 31, 2015 and 2014, \$0 and \$339,274, respectively, were allocated to participants that have elected to withdraw from the Plan but have not been paid.

Hardship Withdrawals

The Plan allows for hardship withdrawals in the event of immediate and heavy financial need of up to 100% of the participants vested account balance.

Payment of Expenses

All expenses of administration may be paid out of the trust fund unless paid by the Employers. Such expenses shall include any expenses incident to the functioning of the administrator, including, but not limited to, fees of accountants, counsel, and other specialists and their agents, and other costs of administering the Plan. Until paid, the expenses shall constitute a liability of the trust fund. However, the Employers may reimburse the trust fund for any administrative expense incurred. Any administrative expense paid to the trust fund as a reimbursement shall not be considered Employers' contributions. The Employers elected to pay some of the administrative expenses of the Plan during 2015 and 2014, respectively.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (see Note 6).

The Plan presents in the Statements of Changes in Net Assets Available for Benefits net investment gain from common/collective trust and net investment gain from self-directed investments, which consists of interest and dividends, realized gains or losses, and unrealized appreciation (depreciation) on those investments. The Plan presents in the Statements of Changes in Net Assets Available for Benefits net investment gain (loss) from registered investment companies, which consists of realized gains or losses, and unrealized appreciation (depreciation) on those investments. Purchases and sales of securities are reflected on a trade-date basis. Interest and dividends are recorded when earned.

Payment of Benefits

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements, in conformity with accounting principles generally accepted in the United States of America, requires the Plan administrator and Plan management to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Change in Accounting Principle

In July 2015, the FASB issued ASU 2015-12 (Part II), *Plan Accounting (Topics 960, 962, and 965): Plan Investment Disclosures*. This standard simplifies employee benefit plan reporting with respect to plan investment disclosures. The effective date is for fiscal years beginning after December 15, 2015 and should be applied retrospectively, with early application permitted. Management has elected early adoption. Accordingly, the amendments were retrospectively applied resulting in prior-period information that has been adjusted to comply with the amendment.

3. TAX STATUS

The trust established under the Plan to hold the Plan's assets is qualified pursuant to the appropriate section of the Internal Revenue Code, and, accordingly, the trust's net investment income is exempt from income taxes. Since the Plan is established by adopting the Merrill Lynch non-standardized prototype defined contribution plan, a determination letter is not necessary and the Plan may instead rely on the opinion letter issued by the National Office of the Internal Revenue Service. The 2012 through 2014 tax years remain open to potential examination by the taxing authorities.

During 2015, the Employers did not withhold participant contributions and contribute related matching contributions on certain insignificant Plan compensation. The Employers are self-correcting as allowed under Revenue Procedure 2013-12 to preserve the tax favored status of the Plan. Therefore, a provision for income taxes is not required to be included in the Plan's financial statements.

4. PLAN TERMINATION

While the Employers have not expressed any intent to terminate the Plan, they are free to do so at any time. Upon termination of the Plan by the Employers, the accounts of the affected participants shall become fully vested, and assets remaining in the Plan shall be distributed to participants in proportion to their respective account balances.

5. CERTIFIED INVESTMENTS

Certain information related to investments disclosed in the accompanying financial statements and supplementary schedule, including investments held at December 31, 2015 and 2014, and the related dividends, net investment gain from common/collective trust, net investment gain from self-directed investments, and net investment gain (loss) from registered investment companies, was obtained or derived from unaudited information supplied to the Plan administrator and certified as complete and accurate by Charles Schwab Bank and Bank of America N.A. (the Trustees of the Plan).

6. FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying Statements of Net Assets Available for Benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan utilizes a three-level fair value hierarchy that prioritizes the inputs used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities and lowest priority to unobservable inputs. The three levels of inputs used to measure fair value under this accounting standard are described as follows:

- Level 1 - Quoted prices in active markets that are accessible at the measurement date for identical assets or liabilities.
- Level 2 - Observable inputs other than quoted prices included within Level 1. Inputs that are principally derived from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 - Unobservable inputs that are supported by little or no market activity and that are significant to the fair value measurement of the assets or liabilities. These include certain pricing models, discounted cash flow methodologies and similar techniques that use significant unobservable inputs.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies the Plan used for assets measured at fair value.

Registered investment companies (mutual funds) and money market fund: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. Mutual funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

6. FAIR VALUE MEASUREMENTS (Continued)

8. RELATED PARTY TRANSACTIONS

During 2014, the Plan invested in registered investment companies and a common/collective trust managed by Federated Investors Trust Company. Bank of America, N.A. acted as Trustee for only those investments as defined by the Plan. Transactions in such investments qualified as party-in-interest transactions which are exempt from the prohibited transaction rule.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment options. These investment options are exposed to various risks, such as interest rate, credit and market risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

10. SUBSEQUENT EVENTS

Management evaluated the activity of the Plan through September 16, 2016 (the date the financial statements were available to be issued) and concluded that, except as disclosed below, no subsequent events have occurred that would require recognition in the financial statements or disclosure in the notes to the financial statements.

The Plan was amended and restated in its entirety effective January 1, 2016 to adopt the Pension Corporation of America Volume Submitter 401(k)/Profit Sharing non-standardized prototype plan. Additionally, the Plan was amended and restated to incorporate all necessary changes in law to meet the requirements of the Internal Revenue Code of 1986, as amended and ERISA. As a result, certain provisions may be retroactively effective.
